A BILL TO BE ENTITLED

AN ACT

relating to the use of average enrollment for purposes of the public school finance system.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 48.005, Education Code, is amended to read as follows:

Sec. 48.005. AVERAGE ENROLLMENT [~~DAILY ATTENDANCE~~]. (a) In this chapter, average enrollment [~~daily attendance~~] is:

(1) the average number of students enrolled in the school district during a school year [~~quotient of the sum of attendance for each day of the minimum number of days of instruction as described under Section 25.081(a) divided by the minimum number of days of instruction,~~

~~[(2) for a district that operates under a flexible year program under Section 29.0821, the quotient of the sum of attendance for each actual day of instruction as permitted by Section 29.0821(b)(1) divided by the number of actual days of instruction as permitted by Section 29.0821(b)(1),~~

~~[(3) for a district that operates under a flexible school day program under Section 29.0822, the average daily attendance as calculated by the commissioner in accordance with Sections 29.0822(d) and (d-1)]; or~~

(2) [~~(4)~~] for a district that operates a half-day program or a full-day program under Section 29.153(c), one-half of

1 the average enrollment [~~daily attendance~~] calculated under
2 Subdivision (1).

3 (b) A school district that experiences a decline of two
4 percent or more in average enrollment [~~daily attendance~~] shall be
5 funded on the basis of:

6 (1) the actual average enrollment [~~daily attendance~~]
7 of the preceding school year, if the decline is the result of the
8 closing or reduction in personnel of a military base; or

9 (2) subject to Subsection (e), an average enrollment
10 [~~daily attendance~~] not to exceed 98 percent of the actual average
11 enrollment [~~daily attendance~~] of the preceding school year, if the
12 decline is not the result of the closing or reduction in personnel
13 of a military base.

14 (c) The commissioner shall adjust the average enrollment
15 [~~daily attendance~~] of a school district that has a significant
16 percentage of students who are migratory children as defined by 20
17 U.S.C. Section 6399.

18 (d) The commissioner may adjust the average enrollment
19 [~~daily attendance~~] of a school district in which a disaster, flood,
20 extreme weather condition, fuel curtailment, or other calamity has
21 a significant effect on the district's enrollment [~~attendance~~]. In
22 addition to providing the adjustment for the amount of
23 instructional days during the semester in which the calamity first
24 occurred, an adjustment under this section may only be provided
25 based on a particular calamity for an additional amount of
26 instructional days equivalent to one school year. The commissioner
27 may divide the adjustment between two consecutive school years.

1 (e) For each school year, the commissioner shall adjust the
2 average enrollment [~~daily attendance~~] of school districts that are
3 entitled to funding on the basis of an adjusted average enrollment
4 [~~daily attendance~~] under Subsection (b)(2) so that:

5 (1) all districts are funded on the basis of the same
6 percentage of the preceding year's actual average enrollment [~~daily~~
7 ~~attendance~~]; and

8 (2) the total cost to the state does not exceed the
9 amount specifically appropriated for that year for purposes of
10 Subsection (b)(2).

11 (f) An open-enrollment charter school is not entitled to
12 funding based on an adjustment under Subsection (b)(2).

13 (g) If a student may receive course credit toward the
14 student's high school academic requirements and toward the
15 student's higher education academic requirements for a single
16 course, including a course provided under Section 28.009 by a
17 public institution of higher education, the time during which the
18 student attends the course shall be counted as part of the minimum
19 number of instructional hours required for a student to be
20 considered a full-time student in average enrollment [~~daily~~
21 ~~attendance~~] for purposes of this section.

22 [~~(g-1) The commissioner shall adopt rules to calculate~~
23 ~~average daily attendance for students participating in a blended~~
24 ~~learning program in which classroom instruction is supplemented~~
25 ~~with applied workforce learning opportunities, including~~
26 ~~participation of students in internships, externships, and~~
27 ~~apprenticeships.]~~

1 (h) Time [~~Subject to rules adopted by the commissioner under~~
2 ~~Section 48.007(b), time~~] that a student participates in an
3 off-campus instructional program provided by an entity other than a
4 school district or open-enrollment charter school and approved by
5 the commissioner in accordance with commissioner rule [~~under~~
6 ~~Section 48.007(a)~~] shall be counted as part of the minimum number of
7 instructional hours required for a student to be considered a
8 full-time student in average enrollment [~~daily attendance~~] for
9 purposes of this section.

10 (h-1) Subject to rules adopted by the commissioner under
11 Section 48.007(b), time that a student participates in a course or
12 program provided under Section 48.0071(b) shall be counted as part
13 of the minimum number of instructional hours required for a student
14 to be considered a full-time student in average daily attendance
15 for purposes of this section. This subsection expires September 1,
16 2023.

17 (i) A district or a charter school operating under Chapter
18 12 that operates a prekindergarten program is eligible to receive
19 one-half of average enrollment [~~daily attendance~~] under Subsection
20 (a) if the district's or charter school's prekindergarten program
21 provides at least 32,400 minutes of instructional time to students.

22 (j) A district or charter school is eligible to earn full
23 average enrollment [~~daily attendance~~] under Subsection (a) if the
24 district or school provides at least 43,200 minutes of
25 instructional time to students enrolled in:

26 (1) a dropout recovery school or program operating
27 under Section 12.1141(c) or Section 39.0548;

1 (2) an alternative education program operating under
2 Section 37.008;

3 (3) a school program located at a day treatment
4 facility, residential treatment facility, psychiatric hospital, or
5 medical hospital;

6 (4) a school program offered at a correctional
7 facility; or

8 (5) a school operating under Subchapter G, Chapter 12.

9 (k) A charter school operating under a charter granted under
10 Chapter 12 before January 1, 2015, is eligible to earn full average
11 enrollment [~~daily attendance~~] under Subsection (a), as that
12 subsection existed immediately before January 1, 2015, for:

13 (1) all campuses of the charter school operating
14 before January 1, 2015; and

15 (2) any campus or site expansion approved on or after
16 January 1, 2015, provided that the charter school received an
17 academic accountability performance rating of C or higher, and the
18 campus or site expansion is approved by the commissioner.

19 (1) A school district campus or charter school described by
20 Subsection (j) may operate more than one program and be eligible for
21 full average enrollment [~~daily attendance~~] for each program if the
22 programs operated by the district campus or charter school satisfy
23 all applicable state and federal requirements.

24 (m) The commissioner shall adopt rules necessary to
25 implement this section, including rules that:

26 (1) determine the method to calculate the average
27 number of students enrolled in a school district during a school

1 year;

2 (2) establish the minimum amount of instructional time
3 per day that allows a school district or charter school to be
4 eligible for full average enrollment [~~daily attendance~~], which may
5 differ based on the instructional program offered by the district
6 or charter school;

7 (3) [~~(2)~~] establish the requirements necessary for a
8 school district or charter school to be eligible for one-half of
9 average enrollment [~~daily attendance~~], which may differ based on
10 the instructional program offered by the district or charter
11 school;

12 (4) [~~(3)~~] proportionally reduce the average
13 enrollment [~~daily attendance~~] for a school district if any campus
14 or instructional program in the district provides fewer than the
15 required minimum minutes of instruction to students; and

16 (5) [~~(4)~~] allow a grade or course repeated under
17 Section [28.02124](#) to qualify for average enrollment [~~daily~~
18 ~~attendance~~] even if the student previously passed or earned credit
19 for the grade or course, if the grade or course would otherwise be
20 eligible.

21 (m-1) Except for students enrolled in programs or courses
22 offered under Chapter [30A](#) or Section [48.053](#), a school district or
23 open-enrollment charter school may not count for purposes of
24 calculating the district's or school's average daily attendance a
25 student who received virtual or remote instruction for a majority
26 of the instructional days during the preceding school year if the
27 student:

1 (1) did not achieve satisfactory performance or higher
2 or the equivalent in the preceding school year on:

3 (A) each assessment instrument administered to
4 the student under Section 39.023 or 39.025; or

5 (B) if the student was not administered an
6 assessment instrument that was required to be administered to the
7 student under Section 39.023 or 39.025 during the preceding school
8 year, an assessment instrument designed to show grade-level
9 proficiency in the essential knowledge and skills identified under
10 Section 28.002 by the State Board of Education for the student's
11 grade level;

12 (2) had a number of unexcused absences that exceeds 10
13 percent of the number of instructional days in the preceding school
14 year; or

15 (3) did not earn a grade of C or higher or the
16 equivalent in each of the foundation curriculum courses taken
17 virtually or remotely in the preceding school year.

18 (m-2) Subsection (m-1) and this subsection expire September
19 1, 2023.

20 (n) To assist school districts in implementing this section
21 as amended by H.B. 2442, Acts of the 85th Legislature, Regular
22 Session, 2017, the commissioner may waive a requirement of this
23 section or adopt rules to implement this section.

24 SECTION 2. Section 7.062(a), Education Code, is amended to
25 read as follows:

26 (a) In this section, "wealth per student" means a school
27 district's taxable value of property as determined under Subchapter

1 M, Chapter 403, Government Code, or, if applicable, Section 48.258,
2 divided by the district's average enrollment [~~daily attendance~~] as
3 determined under Section 48.005.

4 SECTION 3. Section 11.052(f), Education Code, is amended to
5 read as follows:

6 (f) If single-member trustee districts are adopted or
7 approved as provided by this section, the board shall divide the
8 school district into the appropriate number of trustee districts,
9 based on the number of members of the board that are to be elected
10 from single-member trustee districts, and shall number each trustee
11 district. The trustee districts must be compact and contiguous and
12 must be as nearly as practicable of equal population. In a district
13 with 150,000 or more students in average enrollment [~~daily
14 attendance~~], the boundary of a trustee district may not cross a
15 county election precinct boundary except at a point at which the
16 boundary of the school district crosses the county election
17 precinct boundary. Trustee districts must be drawn not later than
18 the 90th day before the date of the first election of trustees from
19 those districts.

20 SECTION 4. Sections 12.106(a), (a-2), and (d), Education
21 Code, are amended to read as follows:

22 (a) A charter holder is entitled to receive for the
23 open-enrollment charter school funding under Chapter 48 equal to
24 the amount of funding per student in weighted average enrollment
25 [~~daily attendance~~], excluding the adjustment under Section 48.052,
26 the funding under Sections 48.101, 48.110, 48.111, and 48.112, and
27 enrichment funding under Section 48.202(a), to which the charter

1 holder would be entitled for the school under Chapter 48 if the
2 school were a school district without a tier one local share for
3 purposes of Section 48.266.

4 (a-2) In addition to the funding provided by Subsection (a),
5 a charter holder is entitled to receive for the open-enrollment
6 charter school an allotment per student in average enrollment
7 [~~daily attendance~~] in an amount equal to the difference between:

8 (1) the product of:

9 (A) the quotient of:

10 (i) the total amount of funding provided to
11 eligible school districts under Section 48.101(b) or (c); and

12 (ii) the total number of students in
13 average enrollment [~~daily attendance~~] in school districts that
14 receive an allotment under Section 48.101(b) or (c); and

15 (B) the sum of one and the quotient of:

16 (i) the total number of students in average
17 enrollment [~~daily attendance~~] in school districts that receive an
18 allotment under Section 48.101(b) or (c); and

19 (ii) the total number of students in
20 average enrollment [~~daily attendance~~] in school districts
21 statewide; and

22 (2) \$125.

23 (d) Subject to Subsection (e), in addition to other amounts
24 provided by this section, a charter holder is entitled to receive,
25 for the open-enrollment charter school, funding per student in
26 average enrollment [~~daily attendance~~] in an amount equal to the
27 guaranteed level of state and local funds per student per cent of

1 tax effort under Section 46.032(a) multiplied by the lesser of:

2 (1) the state average interest and sinking fund tax
3 rate imposed by school districts for the current year; or

4 (2) a rate that would result in a total amount to which
5 charter schools are entitled under this subsection for the current
6 year equal to \$60 million.

7 SECTION 5. Sections 12.263(a), (b), and (c), Education
8 Code, as effective September 1, 2023, are amended to read as
9 follows:

10 (a) Except as otherwise provided by this section, funding
11 for an adult education program operated under a charter granted
12 under this subchapter is an amount per participant through the
13 Foundation School Program equal to the amount of state funding per
14 student in weighted average enrollment [~~daily attendance~~] that
15 would be allocated under the Foundation School Program for the
16 student's attendance at an open-enrollment charter school in
17 accordance with Section 12.106.

18 (b) For purposes of determining the average enrollment
19 [~~daily attendance~~] of an adult education program operated under a
20 charter granted under this subchapter, a student is considered to
21 be in average enrollment [~~daily attendance, with a 100 percent~~
22 ~~attendance rate,~~] for:

23 (1) all of the instructional days of the school year,
24 if the student is enrolled for at least 75 percent of the school
25 year;

26 (2) half of the instructional days of the school year,
27 if the student is enrolled for at least 50 percent but less than 75

1 percent of the school year;

2 (3) a quarter of the instructional days of the school
3 year, if the student is enrolled for at least 25 percent but less
4 than 50 percent of the school year; or

5 (4) one-tenth of the instructional days of the school
6 year, if the student is enrolled for at least 10 percent but less
7 than 25 percent of the school year.

8 (c) A student enrolled in an adult education program
9 operated under a charter granted under this subchapter for less
10 than 10 percent of a school year may not be counted toward the adult
11 education program's average enrollment [~~daily attendance~~] for that
12 school year.

13 SECTION 6. Section 13.051(c), Education Code, is amended to
14 read as follows:

15 (c) Territory that does not have residents may be detached
16 from a school district and annexed to another school district if:

17 (1) the total taxable value of the property in the
18 territory according to the most recent certified appraisal roll for
19 each school district is not greater than:

20 (A) five percent of the district's taxable value
21 of all property in that district as determined under Subchapter M,
22 Chapter 403, Government Code; and

23 (B) \$5,000 property value per student in average
24 enrollment [~~daily attendance~~] as determined under Section 48.005;
25 and

26 (2) the school district from which the property will
27 be detached does not own any real property located in the territory.

1 SECTION 7. Section 13.102, Education Code, is amended to
2 read as follows:

3 Sec. 13.102. MINIMUM AREA AND ENROLLMENT [~~ATTENDANCE~~]
4 REQUIREMENTS. A new district may not be created with an area of
5 less than nine square miles or fewer than 8,000 students in average
6 enrollment [~~daily attendance~~], and a district may not be reduced to
7 an area of less than nine square miles or fewer than 8,000 students
8 in average enrollment [~~daily attendance~~].

9 SECTION 8. Section 13.283, Education Code, is amended to
10 read as follows:

11 Sec. 13.283. PAYMENTS REDUCED. The incentive aid payments
12 shall be reduced in direct proportion to any reduction in the
13 average enrollment [~~daily attendance~~] as determined under Section
14 48.005 of the reorganized school district for the preceding year.

15 SECTION 9. Section 19.009(d-2), Education Code, is amended
16 to read as follows:

17 (d-2) Beginning with the 2009-2010 school year, the
18 district shall increase the monthly salary of each classroom
19 teacher, full-time speech pathologist, full-time librarian,
20 full-time school counselor certified under Subchapter B, Chapter
21 21, and full-time school nurse employed by the district by the
22 greater of:

23 (1) \$80; or

24 (2) the maximum uniform amount that, when combined
25 with any resulting increases in the amount of contributions made by
26 the district for social security coverage for the specified
27 employees or by the district on behalf of the specified employees

1 under Section 825.405, Government Code, may be provided using an
2 amount equal to the product of \$60 multiplied by the number of
3 students in weighted average enrollment [~~daily attendance~~] in the
4 district during the 2009-2010 school year.

5 SECTION 10. Section 25.038, Education Code, is amended to
6 read as follows:

7 Sec. 25.038. TUITION FEE FOR TRANSFER STUDENTS. The
8 receiving school district may charge a tuition fee to the extent
9 that the district's actual expenditure per student in average
10 enrollment [~~daily attendance~~], as determined by its board of
11 trustees, exceeds the sum the district benefits from state aid
12 sources as provided by Section 25.037. However, unless a tuition
13 fee is prescribed and set out in a transfer agreement before its
14 execution by the parties, an increase in tuition charge may not be
15 made for the year of that transfer that exceeds the tuition charge,
16 if any, of the preceding school year.

17 SECTION 11. Section 25.045(c), Education Code, is amended
18 to read as follows:

19 (c) A student who transfers to another school district under
20 this section may not be charged tuition. The student is included in
21 the average enrollment [~~daily attendance~~] of the district in which
22 the student attends school.

23 SECTION 12. Sections 25.081(e) and (f), Education Code, are
24 amended to read as follows:

25 (e) A school district or education program is exempt from
26 the minimum minutes of operation requirement if the district's or
27 program's average enrollment [~~daily attendance~~] is calculated

1 under Section 48.005(j).

2 (f) The commissioner may proportionally reduce the amount
3 of funding a district receives under Chapter 46, 48, or 49 and the
4 average enrollment [~~daily attendance~~] calculation for the district
5 if the district operates on a calendar that provides fewer minutes
6 of operation than required under Subsection (a).

7 SECTION 13. Section 25.087(d), Education Code, is amended
8 to read as follows:

9 (d) A student whose absence is excused under Subsection (b),
10 (b-1), (b-2), (b-4), (b-5), (b-7), or (c) may not be penalized for
11 that absence and shall be counted as if the student attended school
12 for purposes of funding under Chapter 48 [~~calculating the average~~
13 ~~daily attendance of students in the school district~~]. A student
14 whose absence is excused under Subsection (b), (b-1), (b-2), (b-4),
15 (b-5), (b-7), or (c) shall be allowed a reasonable time to make up
16 school work missed on those days. If the student satisfactorily
17 completes the school work, the day of absence shall be counted as a
18 day of compulsory attendance.

19 SECTION 14. Section 25.111, Education Code, is amended to
20 read as follows:

21 Sec. 25.111. STUDENT/TEACHER RATIOS. Except as provided by
22 Section 25.112, each school district must employ a sufficient
23 number of teachers certified under Subchapter B, Chapter 21, to
24 maintain an average ratio of not less than one teacher for each 20
25 students in average enrollment [~~daily attendance~~].

26 SECTION 15. Sections 25.112(a) and (b), Education Code, are
27 amended to read as follows:

1 (a) Except as otherwise authorized by this section, a school
2 district may not enroll more than 22 students in a prekindergarten,
3 kindergarten, first, second, third, or fourth grade class. That
4 limitation does not apply during:

5 (1) any 12-week period of the school year selected by
6 the district, in the case of a district whose average enrollment
7 [~~daily attendance~~] is adjusted under Section 48.005(c); or

8 (2) the last 12 weeks of any school year in the case of
9 any other district.

10 (b) Not later than the 30th day after the first day of the
11 12-week period for which a district whose average enrollment [~~daily~~
12 ~~attendance~~] is adjusted under Section 48.005(c) is claiming an
13 exemption under Subsection (a), the district shall notify the
14 commissioner in writing that the district is claiming an exemption
15 for the period stated in the notice.

16 SECTION 16. Section 29.008(b), Education Code, is amended
17 to read as follows:

18 (b) Except as provided by Subsection (c), costs of an
19 approved contract for residential placement may be paid from a
20 combination of federal, state, and local funds. The local share of
21 the total contract cost for each student is that portion of the
22 local tax effort that exceeds the district's local fund assignment
23 under Section 48.256, divided by the average enrollment [~~daily~~
24 ~~attendance~~] in the district. If the contract involves a private
25 facility, the state share of the total contract cost is that amount
26 remaining after subtracting the local share. If the contract
27 involves a public facility, the state share is that amount

1 remaining after subtracting the local share from the portion of the
2 contract that involves the costs of instructional and related
3 services. For purposes of this subsection, "local tax effort"
4 means the total amount of money generated by taxes imposed for debt
5 service and maintenance and operation less any amounts paid into a
6 tax increment fund under Chapter 311, Tax Code.

7 SECTION 17. Section 29.014(b), Education Code, is amended
8 to read as follows:

9 (b) A school district to which this section applies may
10 operate an extended year program for a period not to exceed 45 days.
11 ~~[The district's average daily attendance shall be computed for the~~
12 ~~regular school year plus the extended year.]~~

13 SECTION 18. Section 29.081(f), Education Code, is amended
14 to read as follows:

15 (f) The commissioner shall include students enrolled in
16 ~~[attendance in]~~ a program under Subsection (e) in the computation
17 of the district's average enrollment ~~[daily attendance]~~ for funding
18 purposes.

19 SECTION 19. Section 29.0822(d), Education Code, is amended
20 to read as follows:

21 (d) The commissioner may adopt rules for the administration
22 of this section, including rules establishing application
23 requirements. ~~[Subject to Subsection (d-1), the commissioner shall~~
24 ~~calculate average daily attendance for students served under this~~
25 ~~section. The commissioner shall allow accumulations of hours of~~
26 ~~instruction for students whose schedule would not otherwise allow~~
27 ~~full state funding. Funding under this subsection shall be~~

1 ~~determined based on the number of instructional days in the school~~
2 ~~district calendar and a seven-hour school day, but attendance may~~
3 ~~be cumulated over a school year, including any summer or vacation~~
4 ~~session. The attendance of students who accumulate less than the~~
5 ~~number of attendance hours required under this subsection shall be~~
6 ~~proportionately reduced for funding purposes. The commissioner~~
7 ~~may:~~

8 ~~[(1) set maximum funding amounts for an individual~~
9 ~~course under this section; and~~

10 ~~[(2) limit funding for the attendance of a student~~
11 ~~described by Subsection (a)(3) in a course under this section to~~
12 ~~funding only for the attendance necessary for the student to earn~~
13 ~~class credit that, as a result of attendance requirements under~~
14 ~~Section 25.092, the student would not otherwise be able to receive~~
15 ~~without retaking the class.]~~

16 SECTION 20. Section 29.184(b), Education Code, is amended
17 to read as follows:

18 (b) A student who attends career and technology classes at
19 another school under a contract authorized by Subsection (a) is
20 included in the average enrollment [~~daily attendance~~] of the
21 district in which the student is regularly enrolled.

22 SECTION 21. Sections 29.203(a) and (c), Education Code, are
23 amended to read as follows:

24 (a) A student who under this subchapter uses a public
25 education grant to attend a public school in a school district other
26 than the district in which the student resides is included in the
27 average enrollment [~~daily attendance~~] of the district in which the

1 student attends school.

2 (c) A school district is entitled to additional facilities
3 assistance under Section 48.301 if the district agrees to:

4 (1) accept a number of students using public education
5 grants that is at least one percent of the district's average
6 enrollment [~~daily attendance~~] for the preceding school year; and

7 (2) provide services to each student until the student
8 either voluntarily decides to attend a school in a different
9 district or graduates from high school.

10 SECTION 22. Section 29.403(b), Education Code, is amended
11 to read as follows:

12 (b) A student who is enrolled in a program under this
13 subchapter is included in determining the average enrollment [~~daily~~
14 ~~attendance~~] under Section 48.005 of the partnering school district.

15 SECTION 23. Section 29.457(a), Education Code, is amended
16 to read as follows:

17 (a) In addition to other funding to which a school district
18 is entitled under this code, each district in which alleged
19 offender residents attend school is entitled to an annual allotment
20 of \$5,100 for each resident in average enrollment [~~daily~~
21 ~~attendance~~] or a different amount for any year provided by
22 appropriation.

23 SECTION 24. Section 30.003(b), Education Code, is amended

 14 the maximum rate under Subsection (b), to pay the principal of and
 15 interest on eligible bonds issued to construct, acquire, renovate,
 16 or improve an instructional facility. The amount of state support
 17 is determined by the formula:

$$18 \quad \text{FYA} = (\text{FYL} \times \text{AE} [\text{ADA}] \times \text{BTR} \times 100) - (\text{BTR} \times (\text{DPV}/100))$$

20 "FYA" is the guaranteed facilities yield amount of state
 21 funds allocated to the district for the year;

22 "FYL" is the dollar amount guaranteed level of state and

6 100; and

7 "DPV" is the district's taxable value of property as
8 determined under Subchapter M, Chapter 403, Government Code, or, if

16 (1) the amount the actual debt service payments the
17 district makes in the biennium in which the bonds are issued; or

18 (2) the greater of:

9 46.034, is determined by the formula:

$$10 \quad EDA = (EDGL \times \underline{AE} \text{ [ADA]} \times EDTR \times 100) - (EDTR \times (DPV/100))$$

11 where:

12 "EDA" is the amount of state funds to be allocated to the
13 district for assistance with existing debt;

14 "EDGL" is the dollar amount guaranteed level of state and
15 local funds per student per cent of tax effort, which is the lesser
16 of:

17 (1) \$40 or a greater amount for any year provided by
18 appropriation; or

19 (2) the amount that would result in a total additional
20 amount of state funds under this subchapter for the current year
21 equal to \$60 million in excess of the state funds to which school
22 districts would have been entitled under this section if the
23 guaranteed level amount were \$35;

24 "AE" [~~"ADA"~~] is the number of students in average enrollment
25 [~~daily attendance~~], as determined under Section 48.005, in the

2 payment of eligible bonds by the quotient of the district's taxable
3 value of property as determined under Subchapter M, Chapter 403,
4 Government Code, or, if applicable, under Section 48.258, divided
5 by 100; and

6 "DPV" is the district's taxable value of property as

15 (1) provides the minimum number of minutes of
16 operational and instructional time required under Section 25.081
17 and commissioner rules adopted under that section over at least 180

1 additional instructional days of half-day instruction [~~that are~~
2 ~~provided divided by 180~~].

3 SECTION 44. Section 48.006, Education Code, is amended to
4 read as follows:

5 Sec. 48.006. AVERAGE ENROLLMENT [~~DAILY ATTENDANCE~~] FOR

7 average enrollment [~~daily attendance~~] of a school district all or
8 part of which is located in an area declared a disaster area by the
9 governor under Chapter 418, Government Code, if the district
10 experiences a decline in average enrollment [~~daily attendance~~] that
11 is reasonably attributable to the impact of the disaster.

12 (b) The adjustment must be sufficient to ensure that the
13 district receives funding comparable to the funding that the
14 district would have received if the decline in average enrollment
15 [~~daily attendance~~] reasonably attributable to the impact of the
16 disaster had not occurred.

17 (c) The commissioner may make the adjustment under this
18 section for the two-year period following the date of the
19 governor's initial proclamation or executive order declaring the
20 state of disaster.

21 (d) Section 48.005(b)(2) does not apply to a district that
22 receives an adjustment under this section.

23 (e) A district that receives an adjustment under this
24 section may not receive any additional adjustment under Section
25 48.005(d) for the decline in average enrollment [~~daily attendance~~]
26 on which the adjustment under this section is based.

27 (f) For purposes of this title, a district's adjusted

1 average enrollment [~~daily attendance~~] under this section is
2 considered to be the district's average enrollment [~~daily~~
3 ~~attendance~~] as determined under Section 48.005.

4 SECTION 45. Sections 48.010(a) and (b), Education Code, are
5 amended to read as follows:

6 (a) Not later than July 1 of each year, the commissioner
7 shall determine for each school district whether the estimated
8 amount of state and local funding per student in weighted average
9 enrollment [~~daily attendance~~] to be provided to the district under
10 the Foundation School Program for maintenance and operations for
11 the following school year is less than the amount provided to the
12 district for the 2010-2011 school year. If the amount estimated to
13 be provided is less, the commissioner shall certify the percentage
14 decrease in funding to be provided to the district.

15 (b) In making the determinations regarding funding levels
16 required by Subsection (a), the commissioner shall:

17 (1) make adjustments as necessary to reflect changes
18 in a school district's maintenance and operations tax rate;

19 (2) for a district required to reduce its local
20 revenue level under Section 48.257, base the determinations on the
21 district's net funding levels after deducting any amounts required
22 to be expended by the district to comply with Chapter 49; and

23 (3) determine a district's weighted average enrollment
24 [~~daily attendance~~] in accordance with this chapter as it existed on
25 January 1, 2011.

26 SECTION 46. Sections 48.051(a) and (c), Education Code, are
27 amended to read as follows:

1 (a) For each student in average enrollment [~~daily~~
2 ~~attendance~~], not including the time students spend each day in
3 special education programs in an instructional arrangement other
4 than mainstream or career and technology education programs, for
5 which an additional allotment is made under Subchapter C, a
6 district is entitled to an allotment equal to the lesser of \$6,160
7 or the amount that results from the following formula:

8
$$A = \$6,160 \times TR/MCR$$

9 where:

10 "A" is the allotment to which a district is entitled;

11 "TR" is the district's tier one maintenance and operations
12 tax rate, as provided by Section 45.0032; and

13 "MCR" is the district's maximum compressed tax rate, as
14 determined under Section 48.2551.

15 (c) During any school year for which the maximum amount of
16 the basic allotment provided under Subsection (a) or (b) is greater
17 than the maximum amount provided for the preceding school year, a
18 school district must use at least 30 percent of the amount, if the
19 amount is greater than zero, that equals the product of the average
20 enrollment [~~daily attendance~~] of the district multiplied by the
21 amount of the difference between the district's funding under this
22 chapter per student in average enrollment [~~daily attendance~~] for
23 the current school year and the preceding school year to provide
24 compensation increases to full-time district employees other than
25 administrators as follows:

26 (1) 75 percent must be used to increase the
27 compensation paid to classroom teachers, full-time librarians,

1 full-time school counselors certified under Subchapter B, Chapter
2 21, and full-time school nurses, prioritizing differentiated
3 compensation for classroom teachers with more than five years of
4 experience; and

5 (2) 25 percent may be used as determined by the
6 district to increase compensation paid to full-time district
7 employees.

8 SECTION 47. Sections 48.052(a) and (c), Education Code, are
9 amended to read as follows:

10 (a) Notwithstanding Section 48.051, a school district that
11 has fewer than 130 students in average enrollment [~~daily~~
12 ~~attendance~~] shall be provided a basic allotment on the basis of 130
13 students in average enrollment [~~daily attendance~~] if it offers a
14 kindergarten through grade 12 program and has preceding or current
15 year's average enrollment [~~daily attendance~~] of at least 90
16 students or is 30 miles or more by bus route from the nearest high
17 school district. A district offering a kindergarten through grade 8
18 program whose preceding or current year's average enrollment [~~daily~~
19 ~~attendance~~] was at least 50 students or which is 30 miles or more by
20 bus route from the nearest high school district shall be provided a
21 basic allotment on the basis of 75 students in average enrollment
22 [~~daily attendance~~]. An average enrollment [~~daily attendance~~] of 60
23 students shall be the basis of providing the basic allotment if a
24 district offers a kindergarten through grade 6 program and has
25 preceding or current year's average enrollment [~~daily attendance~~]
26 of at least 40 students or is 30 miles or more by bus route from the
27 nearest high school district.

1 (c) Notwithstanding Subsection (a) or Section 48.051, a
2 school district to which this subsection applies, as provided by
3 Subsection (b), that has fewer than 130 students in average
4 enrollment [~~daily attendance~~] shall be provided a basic allotment
5 on the basis of 130 students in average enrollment [~~daily~~
6 ~~attendance~~] if it offers a kindergarten through grade four program
7 and has preceding or current year's average enrollment [~~daily~~
8 ~~attendance~~] of at least 75 students or is 30 miles or more by bus
9 route from the nearest high school district.

10 SECTION 48. Section 48.101, Education Code, is amended to
11 read as follows:

12 Sec. 48.101. SMALL AND MID-SIZED DISTRICT ALLOTMENT. (a)
13 Small and mid-sized districts are entitled to an annual allotment
14 in accordance with this section. In this section:

15 (1) "AA" is the district's annual allotment per
16 student in average enrollment [~~daily attendance~~];

17 (2) "AE" [~~"ADA"~~] is the number of students in average
18 enrollment [~~daily attendance~~] for which the district is entitled to
19 an allotment under Section 48.051; and

20 (3) "BA" is the basic allotment determined under
21 Section 48.051.

22 (b) A school district that has fewer than 1,600 students in
23 average enrollment [~~daily attendance~~] is entitled to an annual
24 allotment for each student in average enrollment [~~daily attendance~~]
25 based on the following formula:

26
$$AA = ((1,600 - \underline{AE} [\del{ADA}]) \times .0004) \times BA$$

27 (c) A school district that offers a kindergarten through

1 grade 12 program and has less than 5,000 students in average
 2 enrollment [~~daily attendance~~] is entitled to an annual allotment
 3 for each student in average enrollment [~~daily attendance~~] based on
 4 the formula, of the following formulas, that results in the
 5 greatest annual allotment:

6 (1) the formula in Subsection (b), if the district is
 7 eligible for that formula; or

8 (2) $AA = ((5,000 - \underline{AE} [ADA]) \times .000025) \times BA$.

9 (d) Instead of the allotment under Subsection (b) or (c)(1),
 10 a school district that has fewer than 300 students in average
 11 enrollment [~~daily attendance~~] and is the only school district
 12 located in and operating in a county is entitled to an annual
 13 allotment for each student in average enrollment [~~daily attendance~~]
 14 based on the following formula:

15 $AA = ((1,600 - \underline{AE} [ADA]) \times .00047) \times BA$

16 SECTION 49. Sections 48.102(a) and (j), Education Code, are
 17 amended to read as follows:

 22 allotment, or, if applicable, the sum of the basic allotment and the
 23 allotment under Section 48.101 to which the district is entitled,
 24 multiplied by 1.15. For each full-time equivalent student in
 25 average enrollment [~~daily attendance~~] in a special education
 26 program under Subchapter A, Chapter 29, in an instructional
 27 arrangement other than a mainstream instructional arrangement, a

1 district is entitled to an annual allotment equal to the basic
2 allotment, or, if applicable, the sum of the basic allotment and the
3 allotment under Section 48.101 to which the district is entitled,

| | | |
|----|---|-----|
| 6 | Homebound | 5.0 |
| 7 | Hospital class | 3.0 |
| 8 | Speech therapy | 5.0 |
| 9 | Resource room | 3.0 |
| 10 | Self-contained, mild and moderate, 11 regular campus | 3.0 |
| 12 | Self-contained, severe, regular campus | 3.0 |
| 13 | Off home campus | 2.7 |
| 14 | Nonpublic day school | 1.7 |
| 15 | Vocational adjustment class | 2.3 |

16 (j) A school district that provides an extended year program
17 required by federal law for special education students who may
18 regress is entitled to receive funds in an amount equal to 75
19 percent, or a lesser percentage determined by the commissioner, of
20 the basic allotment, or, if applicable, the sum of the basic
21 allotment and the allotment under Section 48.101 to which the
22 district is entitled for each full-time equivalent student in
23 average enrollment [~~daily attendance~~], multiplied by the amount
24 designated for the student's instructional arrangement under this
25 section[~~, for each day the program is provided divided by the number~~
26 ~~of days in the minimum school year~~]. The total amount of state
27 funding for extended year services under this section may not

1 exceed \$10 million per year. A school district may use funds
2 received under this section only in providing an extended year
3 program.

4 SECTION 50. Section 48.105(a), Education Code, is amended
5 to read as follows:

6 (a) For each student in average enrollment [~~daily~~
7 ~~attendance~~] in a bilingual education or special language program

9 allotment equal to the basic allotment multiplied by:

10 (1) for an emergent bilingual student, as defined by
11 Section 29.052:

12 (A) 0.1; or

13 (B) 0.15 if the student is in a bilingual
14 education program using a dual language immersion/one-way or
15 two-way program model; and

23 education program in grades 7 through 12, a district is entitled to
24 an annual allotment equal to the basic allotment, or, if
25 applicable, the sum of the basic allotment and the allotment under
26 Section 48.101 to which the district is entitled, multiplied by:

27 (1) 1.1 for a full-time equivalent student in career

1 and technology education courses not in an approved program of
2 study;

3 (2) 1.28 for a full-time equivalent student in levels
4 one and two career and technology education courses in an approved
5 program of study, as identified by the agency; and

7 three and four career and technology education courses in an
8 approved program of study, as identified by the agency.

9 (a-1) In addition to the amounts under Subsection (a), for
10 each student in average enrollment [~~daily attendance~~], a district

17 education.

18 SECTION 52. Section 48.107(a), Education Code, is amended
19 to read as follows:

20 (a) Except as provided by Subsection (b), for each student
21 in average enrollment [~~daily attendance~~] who is using a public

26 weight of 0.1.

27 SECTION 53. Section 48.108(a), Education Code, is amended

1 to read as follows:

2 (a) For each student in average enrollment [~~daily~~
3 ~~attendance~~] in kindergarten through third grade, a school district

16 to read as follows:

17 (a) From funds appropriated for that purpose, the
18 commissioner shall provide to a school district an annual allotment
19 in the amount provided by appropriation for each student in average

26 ~~attendance~~] at the facility. For the second school year in which
27 students attend that instructional facility, a school district is

1 entitled to an allotment of \$1,000 for each additional student in
2 average enrollment [~~daily attendance~~] at the facility.

3 (e) For purposes of this section, the number of additional
4 students in average enrollment [~~daily attendance~~] at a facility is
5 the difference between the number of students in average enrollment
6 [~~daily attendance~~] in the current year at that facility and the
7 number of students in average enrollment [~~daily attendance~~] at that
8 facility in the preceding year.

9 SECTION 57. Section 48.153, Education Code, is amended to

22 per weighted student in state and local funds for each cent of tax
23 effort over that required for the district's local fund assignment
24 up to the maximum level specified in this subchapter. The amount of
25 state support, subject only to the maximum amount under Section
26 48.203, is determined by the formula:

27
$$\text{GYA} = (\text{GL} \times \text{WAE} [\text{WADA}] \times \text{DTR} \times 100) - \text{LR}$$

1 where:

2 "GYA" is the guaranteed yield amount of state funds to be
3 allocated to the district;

4 "GL" is the dollar amount guaranteed level of state and local
5 funds per weighted student per cent of tax effort, which is an
6 amount described by Subsection (a-1) or a greater amount for any
7 year provided by appropriation;

8 "WAE" [~~"WADA"~~] is the number of students in weighted average
9 enrollment [~~daily attendance~~], which is calculated by dividing the
10 sum of the school district's allotments under Subchapters B and C by
11 the basic allotment for the applicable year;

12 "DTR" is the district enrichment tax rate of the school
13 district, which is determined by subtracting the amounts specified
14 by Subsection (b) from the total amount of maintenance and
15 operations taxes collected by the school district for the
16 applicable school year and dividing the difference by the quotient
17 of the district's taxable value of property as determined under
18 Subchapter M, Chapter 403, Government Code, or, if applicable,
19 under Section 48.258 or by the quotient of the value of "DPV" as
20 determined under Section 48.256(d) if that subsection applies to
21 the district, divided by 100; and

22 "LR" is the local revenue, which is determined by multiplying
23 "DTR" by the quotient of the district's taxable value of property as
24 determined under Subchapter M, Chapter 403, Government Code, or, if
25 applicable, under Section 48.258 or by the quotient of the value of
26 "DPV" as determined under Section 48.256(d) if that subsection
27 applies to the district, divided by 100.

1 SECTION 59. Section 48.252(b), Education Code, is amended

4 Chapter 49, a school district subject to this section is entitled to
5 receive for each student in average enrollment [~~daily attendance~~]
6 at the campus or program described by Subsection (a) an amount
7 equivalent to the difference, if the difference results in
8 increased funding, between:

9 (1) the amount described by Section 12.106; and

10 (2) the amount to which the district would be entitled
11 under this chapter.

12 SECTION 60. Section 48.2642(a), Education Code, is amended

18 from high school in the district or school under the Texas First
19 Early High School Completion Program established under Section
20 28.0253 for the period in which the student is enrolled at an
21 eligible institution using state credit awarded under the Texas
22 First Scholarship Program established under Subchapter K-1,
23 Chapter 56, based on a 100 percent attendance rate.

24 SECTION 61. Section 48.273(a)(4), Education Code, is
25 amended to read as follows:

26 (4) "Wealth per student" means the taxable property
27 values reported by the comptroller to the commissioner under

1 Section 48.256 divided by the number of students in average
2 enrollment [~~daily attendance~~].

3 SECTION 62. Section 48.277(a), Education Code, is amended
4 to read as follows:

5 (a) A school district or open-enrollment charter school is
6 entitled to receive an annual allotment for each student in average
7 enrollment [~~daily attendance~~] in the amount equal to the
8 difference, if the difference is greater than zero, that results
9 from subtracting the total maintenance and operations revenue per
10 student in average enrollment [~~daily attendance~~] for the current
11 school year from the lesser of:

12 (1) 103 percent of the district's or school's total
13 maintenance and operations revenue per student in average
14 enrollment [~~daily attendance~~] for the 2019-2020 school year that
15 the district or school would have received under former Chapters 41
16 and 42, as those chapters existed on January 1, 2019; or

17 (2) 128 percent of the statewide average amount of
18 maintenance and operations revenue per student in average
19 enrollment [~~daily attendance~~] that would have been provided for the
20 2019-2020 school year under former Chapters 41 and 42, as those
21 chapters existed on January 1, 2019.

22 SECTION 63. Section 49.001(2), Education Code, is amended
23 to read as follows:

24 (2) "Weighted average enrollment [~~daily attendance~~]"
25 has the meaning assigned by Section 48.202.

26 SECTION 64. Section 49.002, Education Code, is amended to
27 read as follows:

1 Sec. 49.002. OPTIONS TO REDUCE LOCAL REVENUE LEVEL. A
2 district with a local revenue level in excess of entitlement may
3 take any combination of the following actions to reduce the
4 district's revenue level:

5 (1) consolidation with another district as provided by
6 Subchapter B;

7 (2) detachment of territory as provided by Subchapter
8 C;

9 (3) purchase of average enrollment [~~daily attendance~~]
10 credit as provided by Subchapter D;

11 (4) education of nonresident students as provided by
12 Subchapter E; or

13 (5) tax base consolidation with another district as
14 provided by Subchapter F.

15 SECTION 65. Section 49.003, Education Code, is amended to
16 read as follows:

17 Sec. 49.003. INCLUSION OF ATTENDANCE CREDIT AND
18 NONRESIDENTS IN WEIGHTED AVERAGE ENROLLMENT [~~DAILY ATTENDANCE~~]. In
19 determining whether a school district has a local revenue level in
20 excess of entitlement, the commissioner shall use:

21 (1) the district's final weighted average enrollment
22 [~~daily attendance~~]; and

23 (2) the amount of attendance credit a district
24 purchases under Subchapter D or the number of nonresident students
25 a district educates under Subchapter E for a school year.

26 SECTION 66. Section 49.158(a), Education Code, is amended
27 to read as follows:

1 (a) Sections 49.154 and 49.157 apply only to a district
2 that:

3 (1) executes an agreement to purchase attendance
4 credit necessary to reduce the district's local revenue level to
5 the level established under Section 48.257;

6 (2) executes an agreement to purchase attendance
7 credit and an agreement under Subchapter E to contract for the
8 education of nonresident students who transfer to and are educated
9 in the district but who are not charged tuition; or

10 (3) executes an agreement under Subchapter E to
11 contract for the education of nonresident students:

12 (A) to an extent that does not provide more than
13 10 percent of the reduction in local revenue required for the
14 district to achieve a local revenue level that is equal to or less
15 than the level established under Section 48.257; and

16 (B) under which all revenue paid by the district
17 to other districts, in excess of the reduction in state aid that
18 results from counting the weighted average enrollment [~~daily~~
19 ~~attendance~~] of the students served in the contracting district, is
20 required to be used for funding a consortium of at least three
21 districts in a county with a population of less than 40,000 that is
22 formed to support a technology initiative.

23 SECTION 67. Section 49.201, Education Code, is amended to
24 read as follows:

25 Sec. 49.201. AGREEMENT. The board of trustees of a
26 district with a local revenue level in excess of entitlement may
27 execute an agreement to educate the students of another district in

1 a number that, when the weighted average enrollment [~~daily~~
 2 ~~attendance~~] of the students served is added to the weighted average
 3 enrollment [~~daily attendance~~] of the contracting district, is
 4 sufficient, in combination with any other actions taken under this
 5 chapter, to reduce the district's local revenue level to a level
 6 that is equal to or less than the level established under Section
 7 48.257. The agreement is not effective unless the commissioner
 8 certifies that the transfer of weighted average enrollment [~~daily~~
 9 ~~attendance~~] will not result in any of the contracting districts'
 10 local revenue level being greater than the level established under
 11 Section 48.257 and that the agreement requires an expenditure per
 12 student in weighted average enrollment [~~daily attendance~~] that is
 13 at least equal to the amount per student in weighted average
 14 enrollment [~~daily attendance~~] required under Section 49.153.

15 SECTION 68. Section 49.203, Education Code, is amended to
 16 read as follows:

17 Sec. 49.203. WEIGHTED AVERAGE ENROLLMENT [~~WADA~~] COUNT. For
 18 purposes of Chapter 48, students served under an agreement under
 19 this subchapter are counted only in the weighted average enrollment
 20 [~~daily attendance~~] of the district providing the services, except
 21 that students served under an agreement authorized by Section
 22 49.205 are counted in a manner determined by the commissioner.

23 SECTION 69. Section 49.257(b), Education Code, is amended
 24 to read as follows:

25 (b) Each component district shall bear a share of the costs
 26 of assessing and collecting taxes in proportion to the component
 27 district's share of weighted average enrollment [~~daily attendance~~]

1 in the consolidated taxing district.

2 SECTION 70. Section 49.258, Education Code, is amended to
3 read as follows:

4 Sec. 49.258. REVENUE DISTRIBUTION. The consolidated taxing
5 district shall distribute maintenance tax revenue to the component
6 districts on the basis of the number of students in weighted average
7 enrollment [~~daily attendance~~] in the component districts.

8 SECTION 71. Sections 49.305(c) and (d), Education Code, are
9 amended to read as follows:

10 (c) If the detachment of whole parcels or items of property
11 as provided by Subsection (a) would result in a district's local
12 revenue level that is less than the level established under Section
13 48.257 by more than the product of \$10,000 multiplied by weighted
14 average enrollment [~~daily attendance~~], the commissioner may not
15 detach the last parcel or item of property and shall detach the next
16 one or more parcels or items of property in descending order of
17 taxable value that would result in the school district having a
18 local revenue level that is equal to or less than the level
19 established under Section 48.257 by not more than the product of
20 \$10,000 multiplied by weighted average enrollment [~~daily
21 attendance~~].

22 (d) Notwithstanding Subsections (a), (b), and (c), the
23 commissioner may detach only a portion of a parcel or item of
24 property if:

25 (1) it is not possible under this subchapter to reduce
26 the district's local revenue level to a level that is equal to or
27 less than the level established under Section 48.257 unless some or

1 all of the parcel or item of property is detached and the detachment
2 of the whole parcel or item would result in the district from which
3 it is detached having a local revenue level that is less than the
4 level established under Section 48.257 by more than the product of
5 \$10,000 multiplied by weighted average enrollment [~~daily~~
6 ~~attendance~~]; or

7 (2) the commissioner determines that a partial
8 detachment of that parcel or item of property is preferable to the
9 detachment of one or more other parcels or items having a lower
10 taxable value in order to minimize the number of parcels or items of
11 property to be detached consistent with the purposes of this
12 chapter.

13 SECTION 72. Section 49.306(i), Education Code, is amended
14 to read as follows:

15 (i) The commissioner may order the annexation of a portion
16 of a parcel or item of property, including a portion of property
17 treated as a whole parcel or item under Subsection (h), if:

18 (1) the annexation of the whole parcel or item would
19 result in the district eligible to receive it in the appropriate
20 priority order provided by this section having a local revenue
21 level greater than the amount by which the product of \$10,000
22 multiplied by weighted average enrollment [~~daily attendance~~]
23 exceeds the taxable value of property necessary to generate
24 maintenance and operations tax revenue in the amount equal to the
25 district's entitlement under Section 48.202(a-1)(2); or

26 (2) the commissioner determines that annexation of
27 portions of the parcel or item would reduce disparities in district

1 taxable values of property necessary to generate maintenance and
2 operations tax revenue in the amount equal to a district's
3 entitlement under Section 48.202(a-1)(2) more efficiently than
4 would be possible if the parcel or item were annexed as a whole.

5 SECTION 73. Section 49.311, Education Code, is amended to
6 read as follows:

7 Sec. 49.311. STUDENT ATTENDANCE. A student who is a
8 resident of real property detached from a school district may
9 choose to attend school in that district or in the district to which
10 the property is annexed. For purposes of determining average
11 enrollment [~~daily attendance~~] under Section 48.005, the student
12 shall be counted in the district to which the property is annexed.
13 If the student chooses to attend school in the district from which
14 the property is detached, the state shall withhold any foundation
15 school funds from the district to which the property is annexed and
16 shall allocate to the district in which the student is attending
17 school those funds and the amount of funds equal to the difference
18 between the state funds the district is receiving for the student
19 and the district's cost in educating the student.

20 SECTION 74. Section 49.354(e), Education Code, is amended
21 to read as follows:

22 (e) A restored district's proportionate share of fund
23 balances, personal property, or indebtedness is equal to the
24 proportion that the number of students in average enrollment [~~daily
25 attendance~~] in the restored district bears to the number of
26 students in average enrollment [~~daily attendance~~] in the
27 consolidated district.

1 SECTION 75. Section 403.104(d), Government Code, is amended
2 to read as follows:

3 (d) The proportionate share of an independent school
4 district is determined by multiplying the total amount of the
5 payment available for distribution to school districts by the ratio
6 that the average number of [~~daily attendance for~~] students who
7 reside in the county and are enrolled in [~~who attend~~] that school
8 district bears to the average number of [~~daily attendance for~~] all
9 students who reside in the county and are enrolled in [~~who attend~~]
10 any independent school district. However, if there are fewer than
11 10 independent school districts located in whole or part in the
12 county and if an independent school district would receive under
13 this formula less than 10 percent of the total payment available for
14 distribution to independent school districts, the school
15 district's share shall be increased to 10 percent of the total
16 payment and the shares of the school districts that would receive
17 more than 10 percent under the formula shall be reduced
18 proportionately, but not to an amount less than 10 percent of the
19 total payment. [~~Each independent school district shall develop a~~
20 ~~reasonable method for determining the average daily attendance for~~
21 ~~students who reside in the county and who attend the school~~
22 ~~district.~~]
