(2) 25 percent of the market value of gas produced and flared or vented in this state by the producer.

SECTION 2. Section 201.053, Tax Code, is amended to read as follows:

Sec. 201.053. GAS NOT TAXED. The tax imposed by this chapter does not apply to gas:

2 SECTION 3. Section 201.054(b), Tax Code, is amended to read  
3 as follows:

7 SECTION 4. Section 201.057(c), Tax Code, is amended to read

15 occurs first. The amount of tax reduction shall be computed by  
16 subtracting from the tax rate imposed by Section 201.052(1)  
17 [~~201.052~~] the product of that tax rate times the ratio of drilling  
18 and completion costs incurred for the well to twice the median  
19 drilling and completion costs for high-cost wells spudded or  
20 completed during the previous state fiscal year, except that the  
21 effective rate of tax may not be reduced below zero.

5 this state by the producer during the calendar year.

6 (c) The comptroller by rule shall provide procedures for a

13 at the mouth of the well for all gas produced and saved in this state  
14 during each month, with no deduction for marketing costs. The
