7 8 (d-1) A license holder may take a credit on a return for the period in which the purchase occurred, and a person who does not 9 10 hold a license may file a refund claim with the comptroller, if the license holder or person paid tax on diesel fuel and the diesel fuel 11 is used in this state by auxiliary power units or power take-off 12 equipment on any motor vehicle. If there is no 19 20 separate metering device or other approved measuring method, the license holder may take the credit and the person who does not hold 21 a license may claim the refund on a percentage of the diesel fuel 22 consumed by each motor vehicle equipped with an auxiliary power 23
