

BILL ANALYSIS

H.B. 60
By: Allen
Government Reform
Committee Report (Unamended)

BACKGROUND AND PURPOSE

Currently, when making appointments to the Texas Parks and Wildlife Commission, the Governor does not have to take into consideration the geographic areas represented by members of the commission, the appropriate balance of members from rural and urban areas, or the interest or knowledge of members in hunting, fishing, wildlife, environmental concerns, land or water use issues, or water quality issues.

HB 60 requires the Governor to take these factors into consideration when contemplating appointments to the Commission.

RULEMAKING AUTHORITY

It is the committee's opinion that this bill does not expressly grant any rulemaking authority to a state officer, department, agency, or institution.

ANALYSIS

HB 60 relates to the composition of the Parks and Wildlife Commission. It requires the Governor, when making appointments, to consider the commission's composition in terms of geographic areas represented by members of the commission and the appropriate balance of members from rural and urban areas. The bill allows the Governor to consider persons having an interest or knowledge in hunting, fishing, wildlife, environmental concerns, land or water use issues, or water quality issues.

The bill specifies that as soon as possible on or after November 1, 2003, the governor shall appoint nine members to the Commission. The bill provides guidelines regarding staggered terms and the expiration of current members' terms.

EFFECTIVE DATE

November 1, 2003.
