

Amend **CSHB 1**, under the Article II appropriations to the Health and Human Services Commission, by adding the following appropriately numbered rider:

_____. Selective Contracts With Health Care Providers. (a) The Health and Human Services Commission shall, if cost-effective, develop and implement a system of selective contracts with health care providers for the provision of the following services or supplies to recipients of medical assistance:

- (1) hospital services;
- (2) laboratory services;
- (3) durable medical supplies; and
- (4) eyeglass services.

(b) In implementing a system of selective contracts, the department must consider the quality of services provided and the cost of services or supplies provided.
