

Amend CSHB 3015 as follows:

(1) On page 2, between lines 16 and 17, insert the following:

(e) Notwithstanding the other provisions of this section, the governing board of an institution of higher education may not charge a nonresident student tuition under this section in an amount that exceeds an amount computed by multiplying the tuition charged to a similarly situated resident student under this section in the same academic year by a fraction, the numerator of which is the tuition that would have been charged to a similarly situated nonresident student in the 2002-2003 academic year and the denominator of which is the tuition that would have been charged to a similarly situated resident student in the 2002-2003 academic year. For purposes of this subsection, a student is similarly situated to the nonresident student for whom the maximum tuition is being computed if the factors affecting the tuition that would be charged to those students, other than Texas residency status, are the same, including the degree program in which the students are enrolled, whether the students are enrolled in a regular semester or summer term, and the course load for which the students are enrolled.

(2) Beginning on page 2, line 17, reletter the other subsections of amended Section 54.0513, Education Code, accordingly.
