

Amend CSSB 155 (Senate committee printing) in SECTION 1 of the bill by striking added Section 90.001(3), Parks and Wildlife Code (page 1, lines 27-30), and substituting the following:

(3) "Protected freshwater area" means that portion of the bed, bottom, or bank of the following rivers or streams where the bed, bottom, or bank of the river or stream is within the gradient boundaries of the river or stream, is at or above tidewater limits, and is 30 feet or greater in width:

- (A) Brazos River;
- (B) Colorado River;
- (C) Cypress Creek;
- (D) Guadalupe River;
- (E) Llano River;
- (F) Neches River;
- (G) Nueces River;
- (H) Pecos River;
- (I) Red River;
- (J) Rio Grande;
- (K) Sabine River;
- (L) San Antonio River;
- (M) San Jacinto River;
- (N) Sulphur River; and
- (O) Trinity River.
