

Amend CSSB 270 (page 14, lines 14-18) by striking the existing subsection (g) and replacing it with the following:

(g) The commission shall adopt rules establishing a limit on the amount of operating capital that a licensed authorized organization may retain in the organization's bingo account according to the licensed authorized organization's class designation, as provided under Section 2001.104(a). The amount of retained operating capital allowed under this subsection shall not be less than the licensed authorized organization's actual average bingo occasion expenses, less prizes paid, based on the preceding four quarters multiplied by the average number of occasions per quarter, and can be no greater than \$50,000.
