

Amend **SJR 30** (House Committee Printing) by striking all below the resolving clause and substituting the following:

SECTION 1. Section 59, Article XVI, Texas Constitution, is amended by amending Subsection (a) and adding Subsection (c-1) to read as follows:

(a) The conservation and development of all of the natural resources of this State, and development of parks and recreational facilities, including the control, storing, preservation and distribution of its storm and flood waters, the waters of its rivers and streams, for irrigation, power and all other useful purposes, the reclamation and irrigation of its arid, semi-arid and other lands needing irrigation, the reclamation and drainage of its overflowed lands, and other lands needing drainage, the conservation and development of its forests, water and hydro-electric power, the navigation of its inland and coastal waters, and the preservation and conservation of all such natural resources of the State are each and all hereby declared public rights and duties; and the Legislature shall pass all such laws as may be appropriate thereto.

(c-1) In addition and only as provided by this subsection, the Legislature may authorize conservation and reclamation districts to develop and finance with taxes those types and categories of parks and recreational facilities that were not authorized by this section to be developed and financed with taxes before November 4, 2003. For development of such parks and recreational facilities, the Legislature may authorize indebtedness payable from taxes as may be necessary to provide for improvements and maintenance only for a conservation and reclamation district all or part of which is located in Bexar County, Bastrop County, Waller County, Travis County, Williamson County, Harris County, Galveston County, Brazoria County, Fort Bend County, or Montgomery County, or for the Tarrant Regional Water District, a Water Control and Improvement District located in whole or in part in Tarrant County. All the indebtedness may be evidenced by bonds of the conservation and reclamation district, to be issued under regulations as may be prescribed by law. The Legislature may also authorize the levy and collection within such district of all

taxes, equitably distributed, as may be necessary for the payment of the interest and the creation of a sinking fund for the payment of the bonds and for maintenance of and improvements to such parks and recreational facilities. The indebtedness shall be a lien on the property assessed for the payment of the bonds. The Legislature may not authorize the issuance of bonds or provide for indebtedness under this subsection against a conservation and reclamation district unless a proposition is first submitted to the qualified voters of the district and the proposition is adopted. This subsection expands the authority of the Legislature with respect to certain conservation and reclamation districts and is not a limitation on the authority of the Legislature with respect to conservation and reclamation districts and parks and recreational facilities pursuant to this section as that authority existed before November 4, 2003.

SECTION 2. The legislature intends by the amendment proposed by Section 1 of this resolution to expand the authority of the legislature with regard to certain conservation and reclamation districts. The proposed amendment should not be construed as a limitation on the powers of the legislature or of a district with respect to parks and recreational facilities as those powers exist immediately before the amendment takes effect.

SECTION 3. This proposed constitutional amendment shall be submitted to the voters at an election to be held November 4, 2003. The ballot shall be printed to permit voting for or against the proposition: "The constitutional amendment relating to the provision of parks and recreational facilities by certain conservation and reclamation districts."
