DIGEST AND PURPOSE

Currently, the School Land Board (SLB) does not have the authority to use brokers to market land, charges no reinstatement fee, and allows a purchaser five years to reinstate a claim. H.B. 2249 changes the Permanent School Fund's handling of forfeitures of delinquent property contracts and gives SLB authority to use brokers to market land. This bill also requires a 1.5 percent reinstatement fee for delinquent amounts, changes the time period allowed to reinstate a claim to six months, and deletes references to "asylum land."

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.

(a) Requires the Commissioner of the General Land Office (commissioner), as the public interest may require, to classify or reclassify all public land and requires the commissioner to include a designation of the land, rather than to designate the land, including a certain classification or combination of certain classifications based on the facts in the particular case. Deletes existing text related to the value or revalue of all public school land. Makes conforming and nonsubstantive changes.

(b) Provides that after the classification and determination of market value, rather than appraisement, is entered on the records of the land office, no further action needs to be taken by the commissioner and no notice is required to be given to the county clerk for the classification and determination of market value, rather than appraisement to be effective.

SECTION 6. Amends Section 51.018, Natural Resources Code, to make a conforming change.

SECTION 7. Amends Section 51.052, Natural Resources Code, by amending Subsections (d),

(g), (h), (i), and (j) and by adding Subsection (k), as follows:

(d) Requires the appraiser, rather than the appraisers for the land office, to appraise the land at its market value and file a copy of the appraisal with the commissioner, before the land under this chapter, rather than subchapter, is sold.

(g) and (h) Make conforming changes.

(i) Authorizes the asset management division of the land office to solicit proposals or negotiate a sale, exchange, or lease of the land, rather than property, to any person, if no bid meeting minimum requirements is received for a tract of land offered at a sealed bid sale under Subchapter D, Chapter 32 (Sale and Lease of Land) of this code. Prohibits the sale price from being less than the market, rather than appraised, value. Requires the School Land Board (SLB) to approve any negotiated sale, exchange, or lease of any land under this section. Deletes existing language related to the determination of the asset management division.

(j) Makes a conforming change.
