Committee Report (Substituted)

### **DIGEST AND PURPOSE**

Currently, the The University of Texas at Dallas (UT-Dallas) assesses a recreation fee which is limited to \$40 for each student for a semester of the regular term or a 12-week summer session and \$26.67 for each student for an eight-week summer session. The current fee structure does not address increased utility costs and additional staffing needs based on usage and security demands. Nor does the current fee support a facility expansion. The student senate at UT-Dallas voted to hold an election to authorize the board of regents of The University of Texas System to levy a mandatory recreation fee, not to exceed \$65 for each student for a semester of the regular term or a 12-week or longer summer session, and \$43.33 for each student for a summer session of less than 12 weeks. The UT-Dallas student body voted to approve the measure. C.S.H.B. 2379 authorizes the board of regents of The University of Texas System to impose this fee structure.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
