

BILL ANALYSIS

H.B. 3362

Defense Affairs and State-Federal Relations
Committee Report (Unamended)

BACKGROUND AND PURPOSE

With the changing face of the military since September 11, 2001, the State military forces have taken lead roles in the war on terrorism. The need for that role will continue, and likely increase in the future. This will likely include Texans volunteering to help active duty soldiers as part of the organized state volunteer military forces. HB 3362 codifies the ability of state volunteer military forces to participate in homeland security and community service activities. The bill also clarifies the qualifications of members of the Texas State Guard.

RULEMAKING AUTHORITY

It is the committee's opinion that this bill does not expressly grant any additional rulemaking authority to a state officer, department, agency, or institution.
