This analysis utilizes the Texas Sunset Advisory Commission analysis of S. B. 280 relating to the continuation and functions of the Texas Workforce Commission.

BACKGROUND AND PURPOSE

The Texas Workforce Commission (TWC) was created in 1995 by the 74th Texas Legislature to merge employment and training programs from 10 agencies into a single, locally-controlled workforce system. TWC's two key functions are overseeing employment and job training services provided through local workforce development boards, and operating the state's unemployment insurance system. TWC is subject to the Sunset Act and will be abolished on September 1, 2003, unless continued by the legislature. As a result of its review of TWC, the Sunset Advisory Commission recommended continuation of the agency and several statutory modifications that are contained in this legislation.

RULEMAKING AUTHORITY

Rulemaking authority is expressly delegated to TWC in SECTION 4.02 (Section 302.048, Labor Code); SECTION 7.03 (Section 132.306, Education Code); and SECTION 9.16 (Section 31.028 (b), Human Resources Code) of this bill. In addition, under the general rulemaking authority already granted to the policymaking body, rules may be developed to implement other new provisions found in this bill.
