### **DIGEST AND PURPOSE**

Currently, the legislation providing for the creation of Harris County Municipal Utility District No. 387 requires that the creation of the district be confirmed before September 1, 2003; otherwise the legislation will expire on that date. Calling and conducting a confirmation election within the district prior to September 1, 2003, may not be possible. However, the district will be needed in the future to finance, own, and operate essential public water, wastewater, and drainage systems. S.B. 371 extends the date for expiration of the legislation and the conducting of a confirmation election until September 1, 2006.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
