### **DIGEST AND PURPOSE**

Currently, general laws govern and regulate a board of trustees of an independent school district. Additionally, there are special laws that govern the Dallas Independent School District's board of trustees. It has come to the attention of the Dallas Independent School District board of trustees that some of the special laws are in conflict with the general laws, and leave open to interpretation the appropriate laws that apply to certain boards of trustees, specifically regarding trustees' residency requirements, trustees' election requirements upon redistricting, and terms trustees may serve. S.B. 688 specifies which laws apply to which school districts and authorizes certain school districts to adopt rules to govern requirements regarding their board members.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
