DIGEST AND PURPOSE

Currently, there is a shortage of foster parents in Texas. The Texas Department of Protective and Regulatory Services' (DPRS) most recent numbers indicate that there are approximately 15,000 children who need homes and only 7,000 eligible foster families. As proposed, S.B. 1489 requires DPRS to develop a program to recruit foster parents from faith-based communities. The program will entail sending DPRS recruiters to encourage families within faith communities to become foster parents.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
