### **DIGEST AND PURPOSE**

The increasing use of croaker as a bait fish used to catch the spotted sea trout has resulted in fewer croaker of an edible size. Some believe that the decrease of croaker in both size and population need to be addressed. As proposed, S.B. 1790 limits the possession of croaker to 10" or greater to prevent the use of croaker for bait.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
