### **DIGEST AND PURPOSE**

Currently, Sienna Plantation Levee Improvement District (LID) is in existence, but the LID has no mechanism to finance roads and major thoroughfares in the LID. While municipal utility districts are able to acquire road utility district (RUD) powers through an agency process, LIDs do not have the same opportunity. As proposed, S.B. 1884 grants the Sienna Plantation LID the RUD powers it needs to finance roads and major thoroughfares and allows it to construct long stretches of major roads.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
