(4) applies for an abortion facility license.

(c) For purposes of this section, an abortion facility is operating if the facility is open for any period of time during a day and has on site at the facility or on call a physician available to perform abortions. (d) Subsection (a) does not apply to an abortion facility that began operation before September 1, 2003. An abortion facility does not violate Subsection (a) if the facility is in compliance with that subsection on the date the facility begins operation and a church or school subsequently is located within 1,500 feet of the facility.

SECTION 5. The Texas Department of Health shall prepare the informational materials required by Section 171.014, Health and Safety Code, as added by this Act, and shall have the materials
available for distribution as required by Chapter 171, Health and Safety Code, as added by this Act, not later than December 1, 2003.

SECTION 6. If any provision of this Act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the Act that can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

SECTION 7. This Act takes effect September 1, 2003, and applies only to an abortion that is performed on or after January 1, 2004. An abortion that is performed before January 1, 2004, is governed by the law as it existed immediately before the effective date of this Act, and that law is continued in effect for that purpose.
