23 of F.M. Highway 529 to a 5/8-inch iron rod set for southwest corner;  
24 THENCE, North 02°12'21" West, 217.00 feet along a line that is  
25 parallel with and 145.00 feet east of the east right-of-way line of  
26 said Addicks-Satsuma Road to the POINT OF BEGINNING, containing a  
27 computed area of 0.498 acre (21,700 square feet) of land.

1 SECTION 3. Section 1.06, Chapter 414, Acts of the 77th  
2 Legislature, Regular Session, 2001, is amended by amending  
3 Subsection (c) and adding Subsection (f) to read as follows:

4 (c) In addition to the authority granted by Subsection (b)  
5 of this section, regardless of whether the territory is contiguous  
6 to the authority, the authority may annex territory located within  
7 a district or municipality if the district or municipality files  
8 with the authority a petition requesting the annexation signed by a  
9 majority of the governing body of the district or municipality. The  
10 petition must include an accurate legal description of the  
11 boundaries of the territory to be included. If the authority has  
12 bonds, notes, or other obligations outstanding, the authority shall  
13 require the petitioning district or municipality to be obligated to  
14 pay its share of the principal of and interest on the outstanding  
15 bonds, notes, or other obligations, and related costs. The board  
16 may grant the petition and order the territory described in the  
17 petition annexed to the authority if[+]

18 [~~(1)~~] it is feasible, practicable, and to the  
19 advantage of the authority[+, and

20 [~~(2) the authority's system and other improvements are~~  
21 ~~sufficient or will be sufficient to supply surface water and~~  
22 ~~groundwater to the added territory without harming the territory~~  
23 ~~already included in the authority].~~

24 (f) A municipality that annexes territory of the authority  
25 for limited purposes under Subchapter F, Chapter 43, Local  
26 Government Code, does not have the right to:

27 (1) receive notices from the authority under Section

1 4.03(c) of this Act;

2 (2) participate in the appointment of directors under  
3 Article 2 of this Act; or

4 (3) receive information about or have the opportunity  
5 to fund its share of the capital costs of a purchase of water from  
6 another entity under Section 4.04.

7 SECTION 4. Section 2.01(e), Chapter 414, Acts of the 77th  
8 Legislature, Regular Session, 2001, is amended to read as follows:

9 (e) Notwithstanding Subsection (d) of this section, to  
10 serve as director of the authority representing, or to be listed on  
11 a ballot as a candidate for director of the authority representing,  
12 a director precinct under Section 2.02 of this Act that includes any  
13 part of the City of Katy, an individual must:

14 (1) meet the qualifications provided by Subsections  
15 (d)(1)-(3) of this section; and

16 (2) must have served as:

17 (A) the mayor or a member of the city council of  
18 the City of Katy for any period; or

19 (B) a director of one or more districts for a  
20 total of [a district for] four years or more.

21 SECTION 5. Sections 2.02(c) and (e), Chapter 414, Acts of  
22 the 77th Legislature, Regular Session, 2001, are amended to read as  
23 follows:

24 (c) For the appointment of a director for a director  
25 precinct, the board shall determine the number of votes each  
26 district or municipality may cast. The number of votes for a  
27 governing body of a district or municipality within the precinct is

1 equal to the number computed by dividing the total number of units  
2 of water, as determined by the board, used within the precinct by  
3 the district or municipality during the calendar year preceding the  
4 year in which the selection of the director is done by the total  
5 number of units of water used within the precinct by all districts  
6 and municipalities in the precinct, multiplying that quotient by  
7 100, and rounding that result to the nearest tenth. The board shall  
8 exclude water pumped from or used in Fort Bend County from the  
9 calculation of the number of votes in this subsection if the  
10 authority did not charge a fee under Section 4.03(b) on wells in  
11 Fort Bend County during the calendar year preceding the year in  
12 which the selection of the director is made. The board shall  
13 provide the presiding officer of each governing body of a district  
14 or municipality within each director precinct written notice of the  
15 number of votes computed for that governing body to cast.

16 (e) The governing body of each district or municipality in  
17 the authority by resolution may [~~shall~~] nominate one candidate for  
18 the position of director for the director precinct in which the  
19 district or municipality is located. Each district or municipality  
20 shall submit the name of its candidate to the presiding officer of  
21 the authority by February 15 of each even-numbered year. If by  
22 February 15 of each even-numbered year only one candidate's name is  
23 submitted for the position of director for a director precinct, the  
24 board may declare the unopposed candidate elected and may cancel  
25 the director appointment procedures generally required by this  
26 section for that position. If more than one candidate's name is  
27 submitted for the position of director for a director precinct,

1 before [~~Before~~] March 15 of each even-numbered year, the board  
2 shall prepare, for each director precinct, a ballot listing all the  
3 candidates for that director precinct and shall provide a copy of  
4 the ballot to the presiding officer of the governing body of each  
5 district or municipality located within that director precinct. An  
6 individual may not be listed as a candidate on the ballot of more  
7 than one director precinct. If a candidate is nominated in more  
8 than one director precinct, the candidate must choose to be on the  
9 ballot of only one director precinct.

10 SECTION 6. Section 4.03, Chapter 414, Acts of the 77th  
11 Legislature, Regular Session, 2001, is amended by amending  
12 Subsections (a), (c), and (d) and adding Subsection (g) to read as  
13 follows:

14 (a) The authority may establish fees, user fees, rates, and  
15 charges and classifications of fee and ratepayers, as necessary to  
16 enable the authority to fulfill the authority's purposes and  
17 regulatory functions provided by this Act. The authority may  
18 impose fees, user fees, rates, and charges on any person within the  
19 authority, including a local government. If the authority imposes  
20 a fee that is an impact fee, as defined by Section 395.001, Local  
21 Government Code, the authority shall comply with Chapter 395, Local  
22 Government Code. For purposes of this Act, an impact fee does not  
23 include a fee or charge that the authority imposes that is based on  
24 a portion of the costs and expenses incurred by the authority before  
25 January 1, 2003, and that is charged to a person who did not pay any  
26 fees to the authority before January 1, 2003.

27 (c) The board shall make reasonable efforts to send

1 districts and municipalities within the authority written notice of  
2 the date, time, and location of the meeting at which the board  
3 intends to adopt a proposed charge under Subsection (b), and the  
4 amount of the proposed charge. The board's failure to comply with  
5 this subsection does not invalidate a charge adopted by the board  
6 under Subsection (b).

7 (d) For wells located in Harris County or Fort Bend County,  
8 the [~~The~~] board shall exempt from the charge under Subsection (b)  
9 the classes of wells that are not subject to any groundwater  
10 reduction requirement imposed by the Harris-Galveston Coastal  
11 Subsidence District or the Fort Bend Subsidence District, as  
12 appropriate [~~subsidence district~~]. If any of those classes of  
13 wells become subject to a groundwater reduction requirement imposed  
14 by the Harris-Galveston Coastal Subsidence District or the Fort  
15 Bend Subsidence District, as appropriate [~~subsidence district~~],  
16 the authority may impose the charge under Subsection (b) on those  
17 wells [~~classes~~]. For purposes of this subsection, a well is subject  
18 to a groundwater reduction requirement if the Harris-Galveston  
19 Coastal Subsidence District or Fort Bend Subsidence District, as  
20 appropriate, adopts a requirement or regulation that the well  
21 reduce groundwater withdrawals or that the well join with other  
22 wells to collectively reduce groundwater withdrawals, including a  
23 groundwater reduction that is not required until a future date. The  
24 board by rule may exempt any other classes of wells from the charge  
25 under Subsection (b). The board may not apply the charge under  
26 Subsection (b) to a well:

27 (1) with a casing diameter of less than five inches

1 that solely serves a single-family dwelling; or

2 (2) regulated under Chapter 27, Water Code.

3 (g) The authority may impose fees, user fees, or charges for  
4 the importation of water into the authority's boundaries from a  
5 source located outside the authority's boundaries other than a  
6 source located in Waller County that serves a municipality.

7 SECTION 7. Section 4.04, Chapter 414, Acts of the 77th  
8 Legislature, Regular Session, 2001, is amended to read as follows:

9 Sec. 4.04. PURCHASE OF WATER FROM ANOTHER ENTITY. If the  
10 authority purchases water from another entity for resale to local  
11 governments, the authority shall use its best efforts in  
12 negotiating with the entity to determine the amount of capital  
13 costs included in any rates or charges paid by the authority. The  
14 authority shall determine the amount of expected capital costs of  
15 its own system. The authority shall provide each district or  
16 municipality within its boundaries information regarding the share  
17 of the capital costs to be paid by the district or municipality, as  
18 determined by the authority, and shall provide each district or  
19 municipality the opportunity, in a manner and by a procedure  
20 determined by the authority, to fund its share of the capital costs  
21 with proceeds from the sale of bonds or fees and charges collected  
22 by the districts or municipalities. In complying with this  
23 section, the authority may use any reasonable basis to calculate  
24 from time to time the share of the capital costs of a district or  
25 municipality. The authority may calculate the shares of the  
26 capital costs based on the amount of water used within the authority  
27 by the district or municipality during the calendar year preceding

1 the year in which the calculation is made, and the authority may  
2 exclude from the calculation the amount of water used within Fort  
3 Bend County if the authority did not charge a fee under Section  
4 4.03(b) of this Act on wells within Fort Bend County during that  
5 calendar year. A district or municipality may use any lawful source  
6 of revenue, including bond funds, to make payment for any sums due  
7 to the authority. The authority may adopt a procedure by which a  
8 district or municipality may receive a credit from the authority.  
9 The board may adopt any other procedure necessary to accomplish the  
10 goals of this section. This section or any failure to comply with  
11 this section does not limit or impede the authority's ability to  
12 issue bonds or notes.

13 SECTION 8. Section 4.06, Chapter 414, Acts of the 77th  
14 Legislature, Regular Session, 2001, is amended to read as follows:

15 Sec. 4.06. INTEREST AND PENALTIES. The board may require  
16 the payment of interest on any late or unpaid fees, user fees,  
17 rates, charges, and special assessments due the authority, but the  
18 interest rate may not exceed the interest rate permitted by Section  
19 2251.025, Government Code. The board may also impose penalties for  
20 the failure to completely or timely make payment [~~payments~~] to the  
21 authority. In addition, the board may exclude a person, or any  
22 territory or well owned or controlled by a person, from the  
23 authority's groundwater reduction plan for failure to make a  
24 complete or timely payment to the authority.

25 SECTION 9. Section 5.01(i), Chapter 414, Acts of the 77th  
26 Legislature, Regular Session, 2001, is amended to read as follows:

27 (i) Sections 49.153, 49.154, and [~~Section~~] 49.181, Water

1 Code, do [~~does~~] not apply to bonds or notes issued by the authority.  
2 Commission rules regarding bonds or notes do not apply to bonds or  
3 notes issued by the authority.

4 SECTION 10. The change in law made to Section 1.05, Chapter  
5 414, Acts of the 77th Legislature, Regular Session, 2001, by this  
6 Act, does not impair any obligation related to bonds or notes issued  
7 by the West Harris County Regional Water Authority before the  
8 effective date of this Act. All outstanding bonds and notes validly  
9 issued by the authority remain valid, enforceable, and binding and  
10 shall be paid in full, both principal and interest, in accordance  
11 with their terms and from the sources pledged to the payment of the  
12 bonds or notes. An owner of land within the area excluded from the  
13 authority by this Act the taxes on which have been pledged for bonds  
14 issued by the authority remains liable for the owner's pro rata  
15 share of that bond debt and shall continue to pay taxes on that land  
16 until the owner's pro rata share is paid.

17 SECTION 11. This Act takes effect immediately if it  
18 receives a vote of two-thirds of all the members elected to each  
19 house, as provided by Section 39, Article III, Texas Constitution.  
20 If this Act does not receive the vote necessary for immediate  
21 effect, this Act takes effect September 1, 2003.
