SECTION 2. Section 1, Article 3.70-3C, Insurance Code, as added by Chapter 1024, Acts of the 75th Legislature, Regular Session, 1997, is amended by adding Subdivisions (14) and (15) to read as follows:

(14) "Preauthorization" means a determination by an insurer that medical care or health care services proposed to be provided to a patient are medically necessary and appropriate.

(15) "Verification" means a reliable representation

by an insurer to a physician or health care provider that the insurer will pay the physician or provider for proposed medical care or health care services if the physician or provider renders those services to the patient for whom the services are proposed. The term includes precertification, certification, recertification, and any other term that would be a reliable representation by an insurer to a physician or provider.

SECTION 3. Section 3A, Article 3.70-3C, Insurance Code, as added by Chapter 1024, Acts of the 75th Legislature, Regular Session, 1997, is amended to read as follows:

Sec. 3A. PROMPT PAYMENT OF [~~PREFERRED~~] PROVIDERS. (a) In this section, "clean claim" means a [~~completed~~] claim that complies with Section 3C of this article[~~, as determined under department rules, submitted by a preferred provider for medical care or health care services under a health insurance policy~~].

(b) A physician or [~~preferred~~] provider must submit a claim to an insurer not later than the 95th day after the date the physician or provider provides the medical care or health care services for which the claim is made. An insurer shall accept as proof of timely filing a claim filed in compliance with Subsection (c) of this section or information from another insurer or health maintenance organization showing that the physician or provider submitted the claim to the insurer or health maintenance organization in compliance with Subsection (c) of this section. If a physician or provider fails to submit a claim in compliance with this subsection, the physician or provider forfeits the right to payment unless the failure to submit the claim in compliance with

this subsection is a result of a catastrophic event that substantially interferes with the normal business operations of the physician or provider. The period for submitting a claim under this subsection may be extended by contract. A physician or provider may not submit a duplicate claim for payment before the 46th day after the date the original claim was submitted. The commissioner shall adopt rules under which an insurer may determine whether a claim is a duplicate claim [~~for medical care or health care services under a health insurance policy may obtain acknowledgment of receipt of a claim for medical care or health care services under a health care plan by submitting the claim by United States mail, return receipt requested. An insurer or the contracted clearinghouse of an insurer that receives a claim electronically shall acknowledge receipt of the claim by an electronic transmission to the preferred provider and is not required to acknowledge receipt of the claim by the insurer in writing~~].

(c) Except as provided by Article 21.52Z of this code, a physician or provider may, as appropriate:

(1) mail a claim by United States mail, first class, or by overnight delivery service;

(2) submit the claim electronically;

(3) fax the claim; or

(4) hand deliver the claim.

(d) If a claim for medical care or health care services provided to a patient is mailed, the claim is presumed to have been received by the insurer on the fifth day after the date the claim is mailed or, if the claim is mailed using overnight service or return

1 receipt requested, on the date the delivery receipt is signed. If
2 the claim is submitted electronically, the claim is presumed to
3 have been received on the date of the electronic verification of
4 receipt by the insurer or the insurer's clearinghouse. If the
5 insurer or the insurer's clearinghouse does not provide a
6 confirmation within 24 hours of submission by the physician or
7 provider, the physician's or provider's clearinghouse shall provide
8 the confirmation. The physician's or provider's clearinghouse must
9 be able to verify that the filing contained the correct payor
10 identification of the entity to receive the filing. If the claim is
11 faxed, the claim is presumed to have been received on the date of
12 the transmission acknowledgment. If the claim is hand delivered,
13 the claim is presumed to have been received on the date the delivery
14 receipt is signed.
15 (e) Except as provided by Subsection (j) of this section,
16 not [Not] later than the 45th day after the date [that] the insurer
17 receives a clean claim from a preferred provider in a nonelectronic
18 format or the 30th day after the date the insurer receives a clean
19 claim from a preferred provider that is electronically submitted,
20 the insurer shall make a determination of whether the claim is
21 payable and:
22 (1) if the insurer determines the entire claim is
23 payable, pay the total amount of the claim in accordance with the
24 contract between the preferred provider and the insurer;
25 (2) if the insurer determines a portion of the claim is
26 payable, pay the portion of the claim that is not in dispute and
27 notify the preferred provider in writing why the remaining portion

of the claim will not be paid; or

(3) if the insurer determines that the claim is not payable, notify the preferred provider in writing why the claim will not be paid.

(f) Not later than the 21st day after the date an insurer affirmatively adjudicates a pharmacy claim that is electronically submitted, the insurer shall:

(1) pay the total amount of the claim; or

(2) notify the pharmacy provider of the reasons for denying payment of the claim.

(g) The investigation and determination of payment, including any coordination of other payments, does not extend the period for determining whether a claim is payable under Subsection (e) or (f) of this section or for auditing the claim under Subsection (h) of this section [~~(d) If a prescription benefit claim is electronically adjudicated and electronically paid, and the preferred provider or its designated agent authorizes treatment, the claim must be paid not later than the 21st day after the treatment is authorized~~].

(h) Except as provided by Subsection (j) of this section, if [~~(e) If~~] the insurer [~~acknowledges coverage of an insured under the health insurance policy but~~] intends to audit the preferred provider claim, the insurer shall pay the charges submitted at 100 [~~85~~] percent of the contracted rate on the claim not later than the 30th day after the date the insurer receives the claim from the preferred provider if submitted electronically or if submitted nonelectronically not later than the 45th day after the date [~~that~~]

1 the insurer receives the claim from the preferred provider. The
2 insurer shall clearly indicate on the explanation of payment
3 statement in the manner prescribed by the commissioner by rule that
4 the claim is being paid at 100 percent of the contracted rate,
5 subject to completion of the audit. If the insurer requests
6 additional information to complete the audit, the request must
7 describe with specificity the clinical information requested and
8 relate only to information the insurer in good faith can
9 demonstrate is specific to the claim or episode of care. The
10 insurer may not request as a part of the audit information that is
11 not contained in, or is not in the process of being incorporated
12 into, the patient's medical or billing record maintained by a
13 preferred provider. If the preferred provider does not supply
14 information reasonably requested by the insurer in connection with
15 the audit, the insurer may:
16 (1) notify the provider in writing that the provider
17 must provide the information not later than the 45th day after the
18 date of the notice or forfeit the amount of the claim; and
19 (2) if the provider does not provide the information
20 required by this subsection, recover the amount of the claim.
21 (i) The insurer must complete [~~Following completion of~~] the
22 audit on or before the 180th day after the date the clean claim is
23 received by the insurer, and any additional payment due a preferred
24 provider or any refund due the insurer shall be made not later than
25 the 30th day after the completion of the audit. If a preferred
26 provider disagrees with a refund request made by an insurer based on
27 the audit, the insurer shall provide the provider with an

opportunity to appeal, and the insurer may not attempt to recover the payment until all appeal rights are exhausted [~~later of the date that:~~

[~~(1) the preferred provider receives notice of the audit results; or~~

[~~(2) any appeal rights of the insured are exhausted~~].

(j) If an insurer needs additional information from a treating preferred provider to determine payment, the insurer, not later than the 30th calendar day after the date the insurer receives a clean claim, shall request in writing that the preferred provider provide an attachment to the claim that is relevant and necessary for clarification of the claim. The request must describe with specificity the clinical information requested and relate only to information the insurer can demonstrate is specific to the claim or the claim's related episode of care. The preferred provider is not required to provide an attachment that is not contained in, or is not in the process of being incorporated into, the patient's medical or billing record maintained by a preferred provider. An insurer that requests an attachment under this subsection shall determine whether the claim is payable on or before the later of the 15th day after the date the insurer receives the requested attachment or the latest date for determining whether the claim is payable under Subsection (e) or (f) of this section. An insurer may not make more than one request under this subsection in connection with a claim. Subsections (c) and (d) of this section apply to a request for and submission of an attachment under this subsection.

(k) If an insurer requests an attachment or other

information from a person other than the preferred provider who submitted the claim, the insurer shall provide a copy of the request to the preferred provider who submitted the claim. The insurer may not withhold payment pending receipt of an attachment or information requested under this subsection. If on receiving an attachment or information requested under this subsection the insurer determines that there was an error in payment of the claim, the insurer may recover any overpayment under Section 3D of this article.

(l) The commissioner shall adopt rules under which an insurer can easily identify attachments or other information submitted by a physician or provider under Subsection (j) or (k) of this section.

(m) The insurer's claims payment processes shall:

(1) use nationally recognized, generally accepted Current Procedural Terminology codes, notes, and guidelines, including all relevant modifiers; and

(2) be consistent with the nationally recognized, noncommercial system of bundling edits and logic known as the National Correct Coding Initiative and available from the National Technical Information Service or a successor to that system adopted by the commissioner by rule for the purposes of this subsection [~~(f) An insurer that violates Subsection (c) or (e) of this section is liable to a preferred provider for the full amount of billed charges submitted on the claim or the amount payable under the contracted penalty rate, less any amount previously paid or any charge for a service that is not covered by the health insurance~~

~~policy~~].

(n) [~~(g)~~] A preferred provider may recover reasonable attorney's fees and court costs in an action to recover payment under this section.

(o) [~~(h) In addition to any other penalty or remedy authorized by this code or another insurance law of this state, an insurer that violates Subsection (c) or (e) of this section is subject to an administrative penalty under Article 1.10E of this code. The administrative penalty imposed under that article may not exceed $1,000 for each day the claim remains unpaid in violation of Subsection (c) or (e) of this section.~~

[~~(i)~~] The insurer shall provide a preferred provider with copies of all applicable utilization review policies and claim processing policies or procedures[~~, including required data elements and claim formats~~].

(p) [~~(j) An insurer may, by contract with a preferred provider, add or change the data elements that must be submitted with the preferred provider claim.~~

[~~(k) Not later than the 60th day before the date of an addition or change in the data elements that must be submitted with a claim or any other change in an insurer's claim processing and payment procedures, the insurer shall provide written notice of the addition or change to each preferred provider.~~

[~~(l) This section does not apply to a claim made by a preferred provider who is a member of the legislature.~~

[~~(m) This section applies to a person with whom an insurer contracts to process claims or to obtain the services of preferred~~

~~providers to provide medical care or health care to insureds under a health insurance policy.~~

[~~(n)~~] The commissioner of insurance may adopt rules as necessary to implement this section.

(q) Except as provided by Subsection (b) of this section, the provisions of this section may not be waived, voided, or nullified by contract.

SECTION 4. Article 3.70-3C, Insurance Code, as added by Chapter 1024, Acts of the 75th Legislature, Regular Session, 1997, is amended by adding Sections 3C-3J and 10-12 to read as follows:

Sec. 3C. ELEMENTS OF CLEAN CLAIM. (a) A nonelectronic claim by a physician or provider, other than an institutional provider, is a "clean claim" if the claim is submitted using the Centers for Medicare and Medicaid Services Form 1500 or, if adopted by the commissioner by rule, a successor to that form developed by the National Uniform Claim Committee or its successor. An electronic claim by a physician or provider, other than an institutional provider, is a "clean claim" if the claim is submitted using the Professional 837 (ASC X12N 837) format or, if adopted by the commissioner by rule, a successor to that format adopted by the Centers for Medicare and Medicaid Services or its successor.

(b) A nonelectronic claim by an institutional provider is a "clean claim" if the claim is submitted using the Centers for Medicare and Medicaid Services Form UB-92 or, if adopted by the commissioner by rule, a successor to that form developed by the National Uniform Billing Committee or its successor. An electronic

claim by an institutional provider is a "clean claim" if the claim is submitted using the Institutional 837 (ASC X12N 837) format or, if adopted by the commissioner by rule, a successor to that format adopted by the Centers for Medicare and Medicaid Services or its successor.

(c) The commissioner may adopt rules that specify the information that must be entered into the appropriate fields on the applicable claim form for a claim to be a clean claim.

(d) The commissioner may not require any data element that is not required in an electronic transaction set needed to comply with federal law.

(e) An insurer and a physician or provider may agree by contract to use fewer data elements than are required in an electronic transaction set needed to comply with federal law.

(f) A claim submitted by a physician or provider that includes additional fields, data elements, attachments, or other information not required under this section is considered to be a clean claim for the purposes of this article.

(g) Except as provided by Subsection (e) of this section, the provisions of this section may not be waived, voided, or nullified by contract.

Sec. 3D. OVERPAYMENT. (a) An insurer may recover an overpayment to a physician or provider if:

(1) not later than the 180th day after the date the physician or provider receives the payment, the insurer provides written notice of the overpayment to the physician or provider that includes the basis and specific reasons for the request for

1 recovery of funds; and

2 (2) the physician or provider does not make

3 arrangements for repayment of the requested funds on or before the

4 45th day after the date the physician or provider receives the

5 notice.

6 (b) If a physician or provider disagrees with a request for

7 recovery of an overpayment, the insurer shall provide the physician

8 or provider with an opportunity to appeal, and the insurer may not

9 attempt to recover the overpayment until all appeal rights are

10 exhausted.

11 Sec. 3E. VERIFICATION. (a) In this section,

12 "verification" includes preauthorization only when

13 preauthorization is a condition for the verification.

14 (b) On the request of a preferred provider for verification

15 of a particular medical care or health care service the preferred

16 provider proposes to provide to a particular patient, the insurer

17 shall inform the preferred provider without delay whether the

18 service, if provided to that patient, will be paid by the insurer.

19 (c) An insurer shall have appropriate personnel reasonably

20 available at a toll-free telephone number to provide a verification

21 under this section between 6 a.m. and 6 p.m. central time Monday

22 through Friday on each day that is not a legal holiday and between 9

23 a.m. and noon central time on Saturday, Sunday, and legal holidays.

24 An insurer must have a telephone system capable of accepting or

25 recording incoming phone calls for verifications after 6 p.m.

26 central time Monday through Friday and after noon central time on

27 Saturday, Sunday, and legal holidays and responding to each of

1 those calls on or before the second calendar day after the date the
2 call is received.
3 (d) An insurer that declines to provide a verification shall
4 notify the physician or provider who requested the verification of
5 the specific reason the verification was not provided.
6 (e) If an insurer has provided a verification for proposed
7 medical care or health care services, the insurer may not deny or
8 reduce payment to the physician or provider for those medical care
9 or health care services if provided to the insured on or before the
10 30th day after the date the verification was provided unless the
11 physician or provider has materially misrepresented the proposed
12 medical or health care services or has substantially failed to
13 perform the proposed medical or health care services.
14 (f) The provisions of this section may not be waived,
15 voided, or nullified by contract.
16 Sec. 3F. COORDINATION OF PAYMENTS. (a) An insurer may
17 require a physician or provider to retain in the physician's or
18 provider's records updated information concerning other sources of
19 payment and to provide the information to the insurer on the
20 applicable form described by Section 3C of this article. Except as
21 provided by this subsection, an insurer may not require a physician
22 or provider to investigate coordination of payment.
23 (b) Coordination of payment under this section does not
24 extend the period for determining whether a claim is payable under
25 Section 3A(e) or (f) of this article or for auditing a claim under
26 Section 3A(h) of this article.
27 (c) A preferred provider who submits a claim for a

particular medical care or health care service to more than one health maintenance organization or insurer shall provide notice on the claim submitted to each health maintenance organization or insurer with which a claim for the same medical care or health care service will be filed. For the purposes of Sections 3C(a) and (b) of this article, the commissioner by rule may require claim elements to be submitted that would facilitate coordination of payment. A claim electronically submitted by the preferred provider for covered services or benefits for which there is other coverage that contains a coordination of benefits provision shall include the name of the primary payor, adjustment code group, claims adjustment reason, and amount paid as a covered claim by the primary payor. That information is considered to be essential elements of a clean claim for purposes of the secondary payor's processing of the claim. A preferred provider may only file a claim under this section with the secondary payor after the preferred provider has received notice of the disposition of the claim by the primary payor.

(d) An insurer processing an electronic claim as a secondary payor shall rely on the primary payor information submitted on the claim by the preferred provider. If the secondary payor cannot determine liability based on the information provided by the physician or provider, the payor may ask for additional information from any source available, including the physician or provider, the primary payor, or the insured, subject to the requirements for timely payment imposed under Section 3A of this article. Primary payor information may be submitted electronically by the primary

payor to the secondary payor.

(e) If an insurer is a secondary payor and pays a portion of a claim that should have been paid by the insurer or health maintenance organization that is the primary payor, the overpayment must first be pursued from the primary payor. The secondary payor may collect from the preferred provider if:

(1) on or before the 180th day after the date the provider receives the overpayment, the secondary payor provides written notice to the provider of the overpayment and that the overpayment will be pursued from the primary payor; and

(2) the provider does not make arrangements for repayment of the requested funds on or before the 45th day after the date the provider receives notice that the secondary payor is unable to collect from the primary payor.

(f) The provisions of this section may not be waived, voided, or nullified by contract.

Sec. 3G. PREAUTHORIZATION OF MEDICAL AND HEALTH CARE SERVICES. (a) An insurer that uses a preauthorization process for medical care and health care services shall provide to each preferred provider, not later than the 10th business day after the date a request is made, a list of medical care and health care services that require preauthorization and information concerning the preauthorization process.

(b) If proposed medical care or health care services require preauthorization as a condition of the insurer's payment to a preferred provider under a health insurance policy, the insurer shall determine whether the medical care or health care services

1 proposed to be provided to the insured are medically necessary and
2 appropriate.
3 (c) On receipt of a request from a preferred provider for
4 preauthorization, the insurer shall review and issue a
5 determination indicating whether the proposed medical or health
6 care services are preauthorized. The determination must be mailed
7 or otherwise transmitted not later than the third calendar day
8 after the date the request is received by the insurer.
9 (d) If the proposed medical care or health care services
10 involve inpatient care and the insurer requires preauthorization as
11 a condition of payment, the insurer shall review the request and
12 issue a length of stay for the admission into a health care facility
13 based on the recommendation of the patient's physician or provider
14 and the insurer's written medically accepted screening criteria and
15 review procedures. If the proposed medical or health care services
16 are to be provided to a patient who is an inpatient in a health care
17 facility at the time the services are proposed, the insurer shall
18 review the request and issue a determination indicating whether
19 proposed services are preauthorized within 24 hours of the request
20 by the physician or provider.
21 (e) An insurer shall have appropriate personnel reasonably
22 available at a toll-free telephone number to respond to requests
23 for a preauthorization between 6 a.m. and 6 p.m. central time Monday
24 through Friday on each day that is not a legal holiday and between 9
25 a.m. and noon central time on Saturday, Sunday, and legal holidays.
26 An insurer must have a telephone system capable of accepting or
27 recording incoming phone calls for preauthorizations after 6 p.m.

central time Monday through Friday and after noon central time on Saturday, Sunday, and legal holidays and responding to each of those calls not later than 24 hours after the call is received.

(f) If an insurer has preauthorized medical care or health care services, the insurer may not deny or reduce payment to the physician or provider for those services based on medical necessity or appropriateness of care unless the physician or provider has materially misrepresented the proposed medical or health care services or has substantially failed to perform the proposed medical or health care services.

(g) This section applies to an agent or other person with whom an insurer contracts to perform, or to whom the insurer delegates the performance of, preauthorization of proposed medical or health care services.

(h) The provisions of this section may not be waived, voided, or nullified by contract.

Sec. 3H. AVAILABILITY OF CODING GUIDELINES. (a) A contract between an insurer and a physician or provider must provide that:

(1) the physician or provider may request a description and copy of the coding guidelines, including any underlying bundling, recoding, or other payment process and fee schedules applicable to specific procedures that the physician or provider will receive under the contract;

(2) the insurer or the insurer's agent will provide the coding guidelines and fee schedules not later than the 30th day after the date the insurer receives the request;

(3) the insurer or the insurer's agent will provide

1 notice of changes to the coding guidelines and fee schedules that
2 will result in a change of payment to the physician or provider not
3 later than the 90th day before the date the changes take effect and
4 will not make retroactive revisions to the coding guidelines and
5 fee schedules; and
6 (4) the contract may be terminated by the physician or
7 provider on or before the 30th day after the date the physician or
8 provider receives information requested under this subsection
9 without penalty or discrimination in participation in other health
10 care products or plans.
11 (b) A physician or provider who receives information under
12 Subsection (a) of this section may only:
13 (1) use or disclose the information for the purpose of
14 practice management, billing activities, and other business
15 operations; and
16 (2) disclose the information to a governmental agency
17 involved in the regulation of health care or insurance.
18 (c) The insurer shall, on request of the physician or
19 provider, provide the name, edition, and model version of the
20 software that the insurer uses to determine bundling and unbundling
21 of claims.
22 (d) The provisions of this section may not be waived,
23 voided, or nullified by contract.
24 Sec. 3I. VIOLATION OF CLAIMS PAYMENT REQUIREMENTS; PENALTY.
25 (a) Except as provided by this section, if a clean claim submitted
26 to an insurer is payable and the insurer does not determine under
27 Section 3A of this article that the claim is payable and pay the

1 claim on or before the date the insurer is required to make a
2 determination or adjudication of the claim, the insurer shall pay
3 the physician or provider making the claim the contracted rate owed
4 on the claim plus a penalty in the amount of the lesser of:
5 (1) 50 percent of the difference between the billed
6 charges, as submitted on the claim, and the contracted rate; or
7 (2) $100,000.
8 (b) If the claim is paid on or after the 46th day and before
9 the 91st day after the date the insurer is required to make a
10 determination or adjudication of the claim, the insurer shall pay a
11 penalty in the amount of the lesser of:
12 (1) 100 percent of the difference between the billed
13 charges, as submitted on the claim, and the contracted rate; or
14 (2) $200,000.
15 (c) If the claim is paid on or after the 91st day after the
16 date the insurer is required to make a determination or
17 adjudication of the claim, the insurer shall pay a penalty computed
18 under Subsection (b) of this section plus 18 percent annual
19 interest on that amount. Interest under this subsection accrues
20 beginning on the date the insurer was required to pay the claim and
21 ending on the date the claim and the penalty are paid in full.
22 (d) Except as provided by this section, an insurer that
23 determines under Section 3A of this article that a claim is payable,
24 pays only a portion of the amount of the claim on or before the date
25 the insurer is required to make a determination or adjudication of
26 the claim, and pays the balance of the contracted rate owed for the
27 claim after that date shall pay to the physician or provider, in

addition to the contracted amount owed, a penalty on the amount not timely paid in the amount of the lesser of:

(1) 50 percent of the difference between the billed charges for the amount not timely paid, as submitted on the claim, and the contracted rate for the amount not timely paid; or

(2) $100,000.

(e) If the balance of the claim is paid on or after the 46th day and before the 91st day after the date the insurer is required to make a determination or adjudication of the claim, the insurer shall pay a penalty on the balance of the claim in the amount of the lesser of:

(1) 100 percent of the difference between the billed charges for the balance of the claim, as submitted on the claim, and the contracted rate for the balance of the claim; or

(2) $200,000.

(f) If the balance of the claim is paid on or after the 91st day after the date the insurer is required to make a determination or adjudication of the claim, the insurer shall pay a penalty on the balance of the claim computed under Subsection (e) of this section plus 18 percent annual interest on that amount. Interest under this subsection accrues beginning on the date the insurer was required to pay the claim and ending on the date the claim and the penalty are paid in full.

(g) An insurer is not liable for a penalty under this section:

(1) if the failure to pay the claim in accordance with Section 3A of this article is a result of a catastrophic event that

substantially interferes with the normal business operations of the insurer; or

(2) if the claim was paid in accordance with Section 3A of this article, but for less than the contracted rate, and:

(A) the physician or provider notifies the insurer of the underpayment after the 180th day after the date the underpayment was received; and

(B) the insurer pays the balance of the claim on or before the 45th day after the date the insurer receives the notice.

(h) Subsection (g) of this section does not relieve the insurer of the obligation to pay the remaining unpaid contracted rate owed the physician or provider.

(i) An insurer that pays a penalty under this section shall clearly indicate on the explanation of payment statement in the manner prescribed by the commissioner by rule the amount of the contracted rate paid and the amount paid as a penalty.

(j) In addition to any other penalty or remedy authorized by this code, an insurer that violates Section 3A(e), (f), or (h) of this article in processing more than two percent of clean claims submitted to the insurer is subject to an administrative penalty under Chapter 84 of this code. For each day an administrative penalty is imposed under this subsection, the penalty may not exceed $1,000 for each claim that remains unpaid in violation of Section 3A (e), (f), or (h) of this article. In determining whether an insurer has processed physician and provider claims in compliance with Section 3A(e), (f), or (h) of this article, the

commissioner shall consider paid claims, other than claims that have been paid under Section 3A(h) of this article, and shall compute a compliance percentage for physician and provider claims, other than institutional provider claims, and a compliance percentage for institutional provider claims.

Sec. 3J. APPLICABILITY OF ARTICLE TO ENTITIES CONTRACTING WITH INSURER. Sections 3A-3I of this article apply to a person with whom an insurer contracts to:

(1) process claims;

(2) obtain the services of physicians and providers to provide health care services to insureds; or

(3) issue verifications or preauthorizations.

Sec. 10. SERVICES PROVIDED BY CERTAIN PHYSICIANS AND PROVIDERS. The provisions of this article relating to prompt payment by an insurer of a physician or provider and to verification of medical care or health care services apply to a physician or provider who:

(1) is not a preferred provider included in the preferred provider network; and

(2) provides to an insured:

(A) care related to an emergency or its attendant episode of care as required by state or federal law; or

(B) specialty or other medical care or health care services at the request of the insurer or a preferred provider because the services are not reasonably available from a preferred provider who is included in the preferred delivery network.

Sec. 11. IDENTIFICATION CARD. An identification card or

1 other similar document issued by an insurer regulated by this code
2 and subject to this article to an individual insured must display:

1 those services to the patient for whom the services are proposed.
2 The term includes precertification, certification,
3 recertification, and any other term that would be a reliable
4 representation by a health maintenance organization to a physician
5 or provider and includes preauthorization only when
6 preauthorization is a condition for the verification.
7 (b) On the request of a physician or provider for
8 verification of a particular health care service the participating
9 physician or provider proposes to provide to a particular patient,
10 the health maintenance organization shall inform the physician or

5 physician or provider for those health care services if provided to
6 the enrollee on or before the 30th day after the date the

26 medically necessary and appropriate.

If the proposed health care services are to be provided to a patient who is an inpatient in a health care facility at the time the services are proposed, the health maintenance organization shall review the request and issue a determination indicating whether proposed services are preauthorized within 24 hours of the request by the physician or provider.

20 information to the health maintenance organization on the
21 applicable form described by Section 843.336. Except as provided
22 by this section, a health maintenance organization may not require
23 a physician or provider to investigate coordination of other
24 payment.
25 (b) Coordination of other payment under this section does
26 not extend the period for determining whether a claim is payable
27 under Section 843.338 or 843.339 or for auditing a claim under

1 Section 843.340.

2 (c) A participating physician or provider who submits a
3 claim for a particular health care service to more than one health
4 maintenance organization or insurer shall provide notice on the
5 claim submitted to each health maintenance organization or insurer
6 with which a claim for the same health care service will be filed.
7 For the purposes of Sections 843.336(b) and (c), the commissioner
8 by rule may require claim elements to be submitted that would
9 facilitate coordination of payment. A claim electronically
10 submitted by the participating physician or provider for covered
11 services or benefits for which there is other coverage that
12 contains a coordination of benefits provision shall include the
13 name of the primary payor, adjustment code group, claims adjustment
14 reason, and amount paid as a covered claim by the primary payor.
15 That information is considered to be essential elements of a clean
16 claim for purposes of the secondary payor's processing of the
17 claim. A participating physician or provider may only file a claim
18 under this section with the secondary payor after the physician or
19 provider has received notice of the disposition of the claim by the
20 primary payor.

21 (d) A health maintenance organization processing an
22 electronic claim as a secondary payor shall rely on the primary
23 payor information submitted on the claim by the participating
24 physician or provider. If the secondary payor cannot determine
25 liability based on the information provided by the physician or
26 provider, the payor may ask for additional information from any
27 source available, including the physician or provider, the primary

payor, or the enrollee, subject to the requirements for timely payment imposed under this subchapter. Primary payor information may be submitted electronically by the primary payor to the secondary payor.

(e) If a health maintenance organization is a secondary payor and pays a portion of a claim that should have been paid by the insurer or health maintenance organization that is the primary payor, the overpayment must first be pursued from the primary payor. The secondary payor may collect from the participating provider if:

(1) on or before the 180th day after the date the provider receives the overpayment, the secondary payor provides written notice to the provider of the overpayment and that the overpayment will be pursued from the primary payor; and

(2) the provider does not make arrangements for repayment of the requested funds on or before the 45th day after the date the provider receives notice that the secondary payor is unable to collect from the primary payor.

Sec. 843.350. OVERPAYMENT. (a) A health maintenance organization may recover an overpayment to a physician or provider if:

(1) not later than the 180th day after the date the physician or provider receives the payment, the health maintenance organization provides written notice of the overpayment to the physician or provider that includes the basis and specific reasons for the request for recovery of funds; and

(2) the physician or provider does not make

arrangements for repayment of the requested funds on or before the 45th day after the date the physician or provider receives the notice.

(b) If a physician or provider disagrees with a request for recovery of an overpayment, the health maintenance organization shall provide the physician or provider with an opportunity to appeal, and the health maintenance organization may not recover the overpayment until all appeal rights are exhausted.

Sec. 843.351. SERVICES PROVIDED BY CERTAIN PHYSICIANS AND PROVIDERS. The provisions of this subchapter relating to prompt payment by a health maintenance organization of a physician or provider and to verification of health care services apply to a physician or provider who:

(1) is not included in the health maintenance organization delivery network; and

(2) provides to an enrollee:

(A) care related to an emergency or its attendant episode of care as required by state or federal law; or

(B) specialty or other health care services at the request of the health maintenance organization or a physician or provider who is included in the health maintenance organization delivery network because the services are not reasonably available within the network.

Sec. 843.352. CONFLICT WITH OTHER LAW. To the extent of any conflict between this subchapter and Article 21.52C or 21.58A, this subchapter controls.

Sec. 843.353. WAIVER PROHIBITED. Except as provided by

1 Sections 843.336(f) and 843.337(c), the provisions of this
2 subchapter may not be waived, voided, or nullified by contract.
3 SECTION 21. Subchapter E, Chapter 21, Insurance Code, is
4 amended by adding Articles 21.52Y and 21.52Z to read as follows:

16 benefit plans, insurers, health maintenance organizations,
17 preferred provider organizations, electronic clearinghouses,
18 physicians and other health care providers, third-party
