SECTION 2.11. (a) Subchapter B, Chapter 531, Government Code, is amended by adding Section 531.070 to read as follows:

Sec. 531.070. SUPPLEMENTAL REBATES. (a) In this section:

(1) "Labeler" means a person that:

(A) has a labeler code from the United States
(B) receives prescription drugs from a manufacturer or wholesaler and repackages those drugs for later retail sale.

(2) "Manufacturer" means a manufacturer of prescription drugs as defined by 42 U.S.C. Section 1396r-8(k)(5) and its subsequent amendments, including a subsidiary or affiliate of a manufacturer.

(3) "Wholesaler" means a person licensed under Subchapter I, Chapter 431, Health and Safety Code.

(c) The commission may enter into a written agreement with a manufacturer to accept certain program benefits in lieu of supplemental rebates, as defined by this section, only if:

(1) the program benefit yields savings that are at least equal to the amount the manufacturer would have provided under a state supplemental rebate agreement during the current biennium as determined by the written agreement;

(2) the manufacturer posts a performance bond guaranteeing savings to the state, and agrees that if the savings are not achieved in accordance with the written agreement, the
manufacturer will forfeit the bond to the state less any savings that were achieved; and

(3) the program benefit is in addition to other program benefits currently offered by the manufacturer to recipients of medical assistance or related programs.

(d) For purposes of this section, a program benefit may mean disease management programs authorized under this title, drug product donation programs, drug utilization control programs, prescriber and beneficiary counseling and education, fraud and abuse initiatives, and other services or administrative investments with guaranteed savings to a program operated by a health and human services agency.

(e) Other than as required to satisfy the provisions of this section, the program benefits shall be deemed an alternative to, and not the equivalent of, supplemental rebates and shall be treated in the state's submissions to the federal government (including, as appropriate, waiver requests and quarterly Medicaid claims) so as to maximize the availability of federal matching payments.

(f) Agreements by the commission to accept program benefits as defined by this section:

(1) may not prohibit the commission from entering into similar agreements related to different drug classes with other entities;

(2) shall be limited to a time period expressly determined by the commission; and

(3) may only cover products that have received
approval by the Federal Drug Administration at the time of the agreement, and new products approved after the agreement may be incorporated only under an amendment to the agreement.

(g) For purposes of this section, the commission may consider a monetary contribution or donation to the arrangements described in Subsection (c) for the purpose of offsetting expenditures to other state health care programs, but which funding may not be used to offset expenditures for covered outpatient drugs as defined by 42 U.S.C. Section 1396r-8(k)(2) under the vendor drug program. An arrangement under this subsection may not yield less than the amount the state would have benefited under a supplemental rebate. The commission may consider an arrangement under this section as satisfying the requirements related to Section 531.072(b).

(h) Subject to Subsection (i), the commission shall negotiate with manufacturers and labelers, including generic manufacturers and labelers, to obtain supplemental rebates for prescription drugs provided under:

(1) the Medicaid vendor drug program in excess of the Medicaid rebates required by 42 U.S.C. Section 1396r-8 and its subsequent amendments;

(2) the child health plan program; and

(3) any other state program administered by the commission or a health and human services agency, including community mental health centers and state mental health hospitals.

(2) the child health plan program; and

(3) any other state program administered by the commission or a health and human services agency, including community mental health centers and state mental health hospitals.

(2) any other available information on prescription drug prices or rebates; and

(3) other program benefits as specified in Subsection (c).

(l) Each year the commission shall provide a written report to the legislature and the governor. The report shall cover:

(1) the cost of administering the preferred drug lists adopted under Section 531.072;

(2) an analysis of the utilization trends for medical services provided by the state and any correlation to the preferred
drug lists;

(3) an analysis of the effect on health outcomes and results for recipients; and

(4) statistical information related to the number of approvals granted or denied.

(m) In negotiating terms for a supplemental rebate, the commission shall use the average manufacturer price (AMP), as defined in Section 1396r-8(k)(1) of the Omnibus Budget Reconciliation Act of 1990, as the cost basis for the product.

(b) Not later than January 1, 2004, the Health and Human Services Commission shall implement Section 531.070, Government Code, as added by this section.

SECTION 2.12. Subchapter B, Chapter 531, Government Code, is amended by adding Section 531.071 to read as follows:

complies with applicable state and federal law, the commission

health plan program. The commission may adopt preferred drug lists
for community mental health centers, state mental health hospitals,
and any other state program administered by the commission or a
state health and human services agency.

(b) The preferred drug lists may contain only drugs provided
by a manufacturer or labeler that reaches an agreement with the
commission on supplemental rebates under Section 531.070.

(c) In making a decision regarding the placement of a drug
on each of the preferred drug lists, the commission shall consider:

(1) the recommendations of the Pharmaceutical and

(d) The commission shall provide for the distribution of current copies of the preferred drug lists by posting the list on the Internet. In addition, the commission shall mail copies of the lists to any health care provider on request of that provider.

(e) In this subsection, "labeler" and "manufacturer" have the meanings assigned by Section 531.070. The commission shall ensure that:

   (1) a manufacturer or labeler may submit written evidence supporting the inclusion of a drug on the preferred drug lists before a supplemental agreement is reached with the commission; and

   (2) any drug that has been approved or has had any of its particular uses approved by the United States Food and Drug Administration under a priority review classification will be reviewed by the Pharmaceutical and Therapeutics Committee at the next regularly scheduled meeting of the committee. The commission may require prior authorization for the reimbursement of a drug provided through any other state program administered by the commission or a state health and human services agency, including a community mental health center and a state mental health hospital if the commission adopts preferred drug lists under Section 531.072 that apply to those facilities and the drug is not included in the appropriate list. The commission shall require that the prior authorization be obtained by the prescribing physician or prescribing practitioner.

(a-1) Until the commission has completed a study evaluating the impact of a requirement of prior authorization on recipients of certain drugs, the commission shall delay requiring prior authorization for drugs that are used to treat patients with illnesses that:

2. a detailed description of the procedures to be used in obtaining prior authorization.

(b) The commission shall establish procedures for the prior authorization requirement under the Medicaid vendor drug program to ensure that the requirements of 42 U.S.C. Section 1396r-8(d)(5) and its subsequent amendments are met. Specifically, the procedures must ensure that:

1. a prior authorization requirement is not imposed for a drug before the drug has been considered at a meeting of the Pharmaceutical and Therapeutics Committee established under Section 531.074;
2. there will be a response to a request for prior authorization by telephone or other telecommunications device within 24 hours after receipt of a request for prior authorization; and
3. a 72-hour supply of the drug prescribed will be provided in an emergency or if the commission does not provide a response within the time required by Subdivision (2).

(c) The commission shall ensure that a prescription drug prescribed before implementation of a prior authorization requirement for that drug for a recipient under the child health plan program, the Medicaid program, or another state program administered by the commission or a health and human services...
agency or for a person who becomes eligible under the child health plan program, the Medicaid program, or another state program administered by the commission or a health and human services agency is not subject to any requirement for prior authorization under this section unless the recipient has exhausted all the prescription, including any authorized refills, or a period prescribed by the commission has expired, whichever occurs first.

(a) The commission may grant an award to an individual who reports activity that constitutes fraud or abuse of funds in the state Medicaid program or reports overcharges in the program if the commission determines that the disclosure results in the recovery of an administrative penalty imposed under Section 32.039, Human Resources Code. The commission may not grant an award to an individual in connection with a report if the commission or attorney general had independent knowledge of the activity reported by the individual [overcharge or in the termination of the fraudulent activity or abuse of funds].

A report that occurs before the effective date of this section is governed by the law in effect at the time of the report, and the former law is continued in effect for that purpose.

SECTION 2.19. (a) Section 531.102, Government Code, is amended to read as follows:
Sec. 531.102. [INVESTIGATIONS AND ENFORCEMENT] OFFICE OF INSPECTOR GENERAL. (a) The commission, through the commission's office of inspector general [investigations and enforcement], is responsible for the investigation of fraud and abuse in the provision of health and human services and the enforcement of state law relating to the provision of those services. The commission may obtain any information or technology necessary to enable the office to meet its responsibilities under this subchapter or other law.

(a-1) The governor shall appoint an inspector general to serve as director of the office. The inspector general serves a one-year term that expires on February 1.

(b) The commission, in consultation with the inspector general, shall set clear objectives, priorities, and performance standards for the office that emphasize:

(1) coordinating investigative efforts to aggressively recover money;

(2) allocating resources to cases that have the strongest supportive evidence and the greatest potential for recovery of money; and

(3) maximizing opportunities for referral of cases to the office of the attorney general in accordance with Section 531.103.

(c) The commission shall train office staff to enable the staff to pursue priority Medicaid and other health and human services [welfare] fraud and abuse cases as necessary.

(d) The commission may require employees of health and human services agencies to provide assistance to the office [commission]...
in connection with the office's duties relating to the investigation of fraud and abuse in the provision of health and human services. The office is entitled to access to any information maintained by a health and human services agency, including internal records, relevant to the functions of the office.

(e) The commission, in consultation with the inspector general, by rule shall set specific claims criteria that, when met, require the office to begin an investigation.

(f)(1) If the commission receives a complaint of Medicaid fraud or abuse from any source, the office must conduct an integrity review to determine whether there is sufficient basis to warrant a full investigation. An integrity review must begin not later than the 30th day after the date the commission receives a complaint or has reason to believe that fraud or abuse has occurred. An integrity review shall be completed not later than the 90th day after it began.

(2) If the findings of an integrity review give the office reason to believe that an incident of fraud or abuse involving possible criminal conduct has occurred in the Medicaid program, the office must take the following action, as appropriate, not later than the 30th day after the completion of the integrity review:

(A) if a provider is suspected of fraud or abuse involving criminal conduct, the office must refer the case to the state's Medicaid fraud control unit, provided that the criminal referral does not preclude the office from continuing its investigation of the provider, which investigation may lead to the
imposition of appropriate administrative or civil sanctions; or

(B) if there is reason to believe that a recipient has defrauded the Medicaid program, the office may conduct a full investigation of the suspected fraud.

(g)(1) Whenever the office learns or has reason to suspect that a provider's records are being withheld, concealed, destroyed, fabricated, or in any way falsified, the office shall immediately refer the case to the state's Medicaid fraud control unit. However, such criminal referral does not preclude the office from continuing its investigation of the provider, which investigation may lead to the imposition of appropriate administrative or civil sanctions.

(2) In addition to other instances authorized under state or federal law, the office shall impose without prior notice a hold on payment of claims for reimbursement submitted by a provider to compel production of records or when requested by the state's Medicaid fraud control unit, as applicable. The office must notify the provider of the hold on payment not later than the fifth working day after the date the payment hold is imposed.

(3) On timely written request by a provider subject to a hold on payment under Subdivision (2), other than a hold requested by the state's Medicaid fraud control unit, the office shall file a request with the State Office of Administrative Hearings for an expedited administrative hearing regarding the hold. The provider must request an expedited hearing under this subdivision not later than the 10th day after the date the provider receives notice from the office under Subdivision (2).

(4) The commission shall adopt rules that allow a
provider subject to a hold on payment under Subdivision (2), other
than a hold requested by the state's Medicaid fraud control unit, to
seek an informal resolution of the issues identified by the office
in the notice provided under that subdivision. A provider must seek
an informal resolution under this subdivision not later than the
deadline prescribed by Subdivision (3). A provider's decision to
seek an informal resolution under this subdivision does not extend
the time by which the provider must request an expedited
administrative hearing under Subdivision (3). However, a hearing
initiated under Subdivision (3) shall be stayed at the office's
request until the informal resolution process is completed.

(5) The office shall, in consultation with the state's
Medicaid fraud control unit, establish guidelines under which holds
on payment or program exclusions:

(A) may permissively be imposed on a provider; or
(B) shall automatically be imposed on a provider.

(h) In addition to performing functions and duties
otherwise provided by law, the office may:

(1) assess administrative penalties otherwise
authorized by law on behalf of the commission or a health and human
services agency;

(2) request that the attorney general obtain an
injunction to prevent a person from disposing of an asset
identified by the office as potentially subject to recovery by the
office due to the person's fraud or abuse;

(3) provide for coordination between the office and
special investigative units formed by managed care organizations.
under Section 531.113 or entities with which managed care organizations contract under that section;

(4) audit the use and effectiveness of state or federal funds, including contract and grant funds, administered by a person or state agency receiving the funds from a health and human services agency;

(5) conduct investigations relating to the funds described by Subdivision (4); and

(6) recommend policies promoting economical and efficient administration of the funds described by Subdivision (4) and the prevention and detection of fraud and abuse in administration of those funds.

(i) Notwithstanding any other provision of law, a reference in law or rule to the commission's office of investigations and enforcement means the office of inspector general established under this section.

(b) As soon as possible after the effective date of this section, the governor shall appoint a person to serve as inspector general in accordance with Section 531.102, Government Code, as amended by this section. The initial term of the person appointed in accordance with this subsection expires February 1, 2005.

SECTION 2.20. Subchapter C, Chapter 531, Government Code, is amended by adding Section 531.1021 to read as follows:

Sec. 531.1021. SUBPOENAS. (a) The office of inspector general may request that the commissioner or the commissioner's designee approve the issuance by the office of a subpoena in connection with an investigation conducted by the office. If the
request is approved, the office may issue a subpoena to compel the attendance of a relevant witness or the production, for inspection or copying, of relevant evidence that is in this state.

(b) A subpoena may be served personally or by certified mail.

(c) If a person fails to comply with a subpoena, the office, acting through the attorney general, may file suit to enforce the subpoena in a district court in this state.

(d) On finding that good cause exists for issuing the subpoena, the court shall order the person to comply with the subpoena. The court may punish a person who fails to obey the court order.

(e) The office shall pay a reasonable fee for photocopies subpoenaed under this section in an amount not to exceed the amount the office may charge for copies of its records.

(f) The reimbursement of the expenses of a witness whose attendance is compelled under this section is governed by Section 2001.103.

(g) All information and materials subpoenaed or compiled by the office in connection with an investigation are confidential and not subject to disclosure under Chapter 552, and not subject to disclosure, discovery, subpoena, or other means of legal compulsion for their release to anyone other than the office or its employees or agents involved in the investigation conducted by the office, except that this information may be disclosed to the office of the attorney general and law enforcement agencies.

SECTION 2.21. (a) Section 531.103, Government Code, is
amended to read as follows:

Sec. 531.103. INTERAGENCY COORDINATION. (a) The commission, acting through the commission's office of inspector general, and the office of the attorney general shall enter into a memorandum of understanding to develop and implement joint written procedures for processing cases of suspected fraud, waste, or abuse, as those terms are defined by state or federal law, or other violations of state or federal law under the state Medicaid program or other program administered by the commission or a health and human services agency, including the financial assistance program under Chapter 31, Human Resources Code, a nutritional assistance program under Chapter 33, Human Resources Code, and the child health plan program. The memorandum of understanding shall require:

1. the office of inspector general [commission] and the office of the attorney general to set priorities and guidelines for referring cases to appropriate state agencies for investigation, prosecution, or other disposition to enhance deterrence of fraud, waste, [or abuse, or other violations of state or federal law, including a violation of Chapter 102, Occupations Code, in the programs [program] and maximize the imposition of penalties, the recovery of money, and the successful prosecution of cases;
2. (1-a) the office of inspector general to refer each case of suspected provider fraud, waste, or abuse to the office of the attorney general not later than the 20th business day after the date the office of inspector general determines that the existence
of fraud, waste, or abuse is reasonably indicated;

(1-b) the office of the attorney general to take appropriate action in response to each case referred to the attorney general, which action may include direct initiation of prosecution, with the consent of the appropriate local district or county attorney, direct initiation of civil litigation, referral to an appropriate United States attorney, a district attorney, or a county attorney, or referral to a collections agency for initiation of civil litigation or other appropriate action;

(2) the office of inspector general [commission] to keep detailed records for cases processed by that office [the commission] or the office of the attorney general, including information on the total number of cases processed and, for each case:

(A) the agency and division to which the case is referred for investigation;

(B) the date on which the case is referred; and

(C) the nature of the suspected fraud, waste, or abuse;

(3) the office of inspector general [commission] to notify each appropriate division of the office of the attorney general of each case referred by the office of inspector general [commission];

(7) the office of inspector general [commission] and the office of the attorney general to submit information requested by the comptroller about each resolved case for the comptroller's use in improving fraud detection. 

(b) An exchange of information under this section between the office of the attorney general and the commission, the office of inspector general, or a health and human services agency does not affect whether the information is subject to disclosure under Chapter 552.

(c) The commission and the office of the attorney general shall jointly prepare and submit a semiannual report to the governor, lieutenant governor, [and] speaker of the house of representatives, and comptroller concerning the activities of those agencies in detecting and preventing fraud, waste, and abuse under the state Medicaid program or other program administered by the commission or a health and human services agency. The report may be consolidated with any other report relating to the same subject matter the commission or office of the attorney general is required to submit under other law.

(d) The commission and the office of the attorney general
may not assess or collect investigation and attorney's fees on behalf of any state agency unless the office of the attorney general or other state agency collects a penalty, restitution, or other reimbursement payment to the state.

(e) In addition to the provisions required by Subsection (a), the memorandum of understanding required by this section must also ensure that no barriers to direct fraud referrals to the office of the attorney general's Medicaid fraud control unit or unreasonable impediments to communication between Medicaid agency employees and the Medicaid fraud control unit are imposed, and must include procedures to facilitate the referral of cases directly to the office of the attorney general. [The commission shall refer a case of suspected fraud, waste, or abuse under the state Medicaid program to the appropriate district attorney, county attorney, city attorney, or private collection agency if the attorney general fails to act within 30 days of referral of the case to the office of the attorney general. A failure by the attorney general to act within 30 days constitutes approval by the attorney general under Section 2107.003.]

(f) A district attorney, county attorney, city attorney, or private collection agency may collect and retain costs associated with a case referred to the attorney or agency in accordance with procedures adopted under this section and 20 percent of the amount of the penalty, restitution, or other reimbursement payment collected.

recertification review of a child described by this subsection to
be conducted through a personal interview with a department
representative. Procedures developed under this subsection shall
be based on objective, risk-based factors and conditions and shall

(2) if appropriated funds are available after money is allocated for payment of incentive-based rates under Subdivision (1), providing incentives that incorporate the use of a quality of care index, a customer satisfaction index, and a resolved complaints index developed by the commission.

(i) The Health and Human Services Commission shall ensure that rules governing the incentives program described by Subsection (g)(1):
H.B. No. 2292

nursing home is voluntary;

(2) do not impose on a nursing home not participating
in the program a minimum spending requirement for direct care staff

whether the claim involves fraud or abuse; and

(2) as necessary to perform that review, withhold
payment of the claim for not more than five working days without
notice to the person submitting the claim.

(b) Notwithstanding any other law, the department may
impose a postpayment hold on payment of future claims submitted by a

has committed fraud or wilful misrepresentation regarding a claim
for reimbursement under the medical assistance program. The
department must notify the provider of the postpayment hold not
later than the fifth working day after the date the hold is imposed.

(c) On timely written request by a provider subject to a postpayment hold under Subsection (b), the department shall file a request with the State Office of Administrative Hearings for an expedited administrative hearing regarding the hold. The provider must request an expedited hearing under this subsection not later than the 10th day after the date the provider receives notice from the department under Subsection (b). (d) The department shall adopt rules that allow a provider subject to a postpayment hold under Subsection (b) to seek an informal resolution of the issues identified by the department in the notice provided under that subsection. A provider must seek an informal resolution under this subsection not later than the deadline prescribed by Subsection (c). The department by rule shall require a provider of medical assistance to file with the department a surety bond in a reasonable amount if the department identifies a pattern of suspected fraud or abuse involving criminal conduct relating to the provider's services under the medical assistance program that indicates the need for protection against potential future acts of fraud or abuse.

(b) The bond under Subsection (a) must be payable to the department to compensate the department for damages resulting from or penalties or fines imposed in connection with an act of fraud or abuse committed by the provider under the medical assistance program.

(c) Subject to Subsection (d) or (e), the department by rule may require each provider of medical assistance that establishes a resident's trust fund account to post a surety bond to secure the account. stolen, or otherwise unaccounted for if the provider does not repay any deficiency in a resident's trust fund account to the person legally entitled to receive the funds.

(d) The department may not require the amount of a surety bond posted for a single facility provider under Subsection (c) to exceed the average of the total average monthly balance of all the provider's resident trust fund accounts for the 12-month period preceding the bond issuance or renewal date.

(e) If an employee of a provider of medical assistance is responsible for the loss of funds in a resident's trust fund account, the resident, the resident's family, and the resident's legal representative are not obligated to make any payments to the provider that would have been made out of the trust fund had the loss not occurred.

(b) Not later than January 1, 2004, the Health and Human Services Commission shall submit a report to the clerks of the standing committees of the senate and house of representatives with jurisdiction over the state Medicaid program describing the status of any cost savings generated by purchasing over-the-counter medications and medical supplies as provided by Section 32.0462, Human Resources Code, as added by this section. program for services provided to a person who is eligible for
Medicare and who:

(2) meets other criteria determined by the department.

(f) If the Medicare reimbursement rate for a service
provided to an individual identified under Subsection (a) exceeds
the medical assistance reimbursement rate for a comparable service,

(2) consider for inclusion in the minimum standards:

(A) the practices the Texas Department of Insurance recommends nursing facilities adopt to reduce the likelihood of those lawsuits; and

(B) other standards designed to improve the quality of care;

(3) focus on a minimum number of critical standards necessary to identify nursing facilities with poor quality services that should not be awarded contracts for the delivery of medical assistance; and

Insurance Code, are amended to read as follows:

federal Social Security Act. The term does not include [but
excluding] local mutual aid associations, fraternal benefit
societies or associations, and societies that limit their
membership to one occupation. For purposes of computing the premium
tax under this article, a managed care organization shall be
treated in the same manner as a health maintenance organization.

(c) "Gross premiums" are the total gross amount of all
premiums, membership fees, assessments, dues, and any other
considerations for such insurance received during the taxable year
on each and every kind of such insurance policy or contract covering
persons located in the State of Texas and arising from the types of

returned premiums, any dividends applied to purchase paid-up
additions to insurance or to shorten the endowment or premium
payment period, and excluding those premiums received from
insurance carriers for reinsurance and there shall be no deduction
for premiums paid for reinsurance. For purposes of this article, a

premiums shall not include premiums received from the Treasury of

provisions of Title XVIII of the Human Resources Code, or the
Federal Social Security Act (42 U.S.C. Section 1395c et seq.) and
its subsequent amendments. The gross premiums receipts so reported
shall not include the amount of premiums paid on group health,
accident, and life policies in which the group covered by the policy consists of a single nonprofit trust established to provide coverage primarily for employees of:

The rate of assessment may not exceed .04 percent of the correctly reported gross premiums of life, health, and accident insurance coverages and the gross considerations for annuity and endowment contracts collected by all authorized insurers writing life, health, and accident insurance, annuity, or endowment contracts in this state. The comptroller shall collect the maintenance tax. For purposes of this article, the gross premiums on which an assessment is based may not include premiums received from [this state or] the United States for insurance contracted for by [this state or] the United States [for the purpose of providing welfare benefits to designated welfare recipients or for insurance contracted for by this state or]
the United States] in accordance with or in furtherance of Title XVIII of [2, Human Resources Code, or] the federal Social Security Act (42 U.S.C. Section 1395c et seq.) and its subsequent amendments [(42 U.S.C. Section 301 et seq.)].

The rate of assessment may not exceed $2 for each enrollee. The rate of assessment may differ between basic health care plans, limited health care service plans, and single health care service plans and shall equitably reflect any differences in regulatory resources attributable to each type of plan. The comptroller shall collect the maintenance tax. For purposes of this section, the amount of maintenance tax assessed may not be computed on enrollees who as individual certificate holders or their dependents are covered by a master group policy paid for by revenues received from [this state or] the United States for insurance contracted for by [this state or] the United States [for the purpose of providing welfare benefits to designated welfare recipients or for insurance contracted for by this state or]
the United States in accordance with or in furtherance of Title XVIII of the Human Resources Code, or the federal Social Security Act (42 U.S.C. Section 1395c et seq.) and its subsequent amendments (42 U.S.C. Section 301 et seq.).

SECTION 2.203. Section 533.007, Government Code, is amended by adding Subsections (g), (h), (i), (j), and (k) to read as follows:

(g) To ensure appropriate access to an adequate provider network, each managed care organization that contracts with the commission to provide health care services to recipients in a health care service region shall submit to the commission, in the format and manner prescribed by the commission, a report detailing the number, type, and scope of services provided by out-of-network providers to recipients enrolled in a managed care plan provided by
the managed care organization. If, as determined by the
commission, a managed care organization exceeds maximum limits
established by the commission for out-of-network access to health
care services, or if, based on an investigation by the commission of
a provider complaint regarding reimbursement, the commission
determines that a managed care organization did not reimburse an
out-of-network provider based on a reasonable reimbursement
methodology, the commission shall initiate a corrective action plan
requiring the managed care organization to maintain an adequate
provider network, provide reimbursement to support that network,
and educate recipients enrolled in managed care plans provided by
the managed care organization regarding the proper use of the
provider network under the plan.

(h) The corrective action plan required by Subsection (g)
must include at least one of the following elements:

(1) a requirement that reimbursements paid by the
managed care organization to out-of-network providers for a health
care service provided to a recipient enrolled in a managed care plan
provided by the managed care organization equal the allowable rate
for the service, as determined under Sections 32.028 and 32.0281,
Human Resources Code, for all health care services provided during
the period:

(A) the managed care organization is not in
compliance with the utilization benchmarks determined by the
commission; or

(B) the managed care organization is not
reimbursing out-of-network providers based on a reasonable
methodology, as determined by the commission;

(2) an immediate freeze on the enrollment of additional recipients in a managed care plan provided by the managed care organization, to continue until the commission determines that the provider network under the managed care plan can adequately meet the needs of additional recipients; and

(3) other actions the commission determines are necessary to ensure that recipients enrolled in a managed care plan provided by the managed care organization have access to appropriate health care services and that providers are properly reimbursed for providing medically necessary health care services to those recipients.

(i) Not later than the 60th day after the date a provider files a complaint with the commission regarding reimbursement for or overuse of out-of-network providers by a managed care organization, the commission shall provide to the provider a report regarding the conclusions of the commission's investigation. The report must include:

(1) a description of the corrective action, if any, required of the managed care organization that was the subject of the complaint; and

(2) if applicable, a conclusion regarding the amount of reimbursement owed to an out-of-network provider.

(j) If, after an investigation, the commission determines that additional reimbursement is owed to a provider, the managed care organization shall, not later than the 90th day after the date the provider filed the complaint, pay the additional reimbursement.
or provide to the provider a reimbursement payment plan under which the managed care organization must pay the entire amount of the additional reimbursement not later than the 120th day after the date the provider filed the complaint. If the managed care organization does not pay the entire amount of the additional reimbursement on or before the 90th day after the date the provider filed the complaint, the commission may require the managed care organization to pay interest on the unpaid amount. If required by the commission, interest accrues at a rate of 18 percent simple interest per year on the unpaid amount from the 90th day after the date the provider filed the complaint until the date the entire amount of the additional reimbursement is paid.

(k) The commission shall pursue any appropriate remedy authorized in the contract between the managed care organization and the commission if the managed care organization fails to comply with a corrective action plan under Subsection (g).
