27 (b) A district shall keep a record of the district's rules

1 and provide a copy of the rules to a person on written request.

2 SECTION 3.03. INSPECTIONS AND INVESTIGATIONS. In addition  
3 to the powers provided by Section 49.221, Water Code, a district may  
4 enter public or private property located within the district for  
5 purposes of inspecting and investigating conditions of the property  
6 relating to the district's authorized purposes. The district shall

4 (a) A district is authorized to obtain water appropriation  
5 permits, construction permits, and other water and wastewater  
6 discharge permits from the Texas Commission on Environmental  
7 Quality or from permit owners. The district is authorized to  
8 acquire water or a water supply from a person, firm, corporation,  
9 municipal corporation, or public agency, the state, the United  
10 States, or any agency of the state or the United States. The board  
11 may contract with one or more substantial users of water to acquire  
12 a water supply under an agreed allocation of storage space between  
13 the district and the user or the district may contract for the  
14 district's water supply independently. The district is authorized  
15 to collect, transport, process, dispose of, and control all  
16 domestic, industrial, and communal wastes, whether in fluid, solid,  
17 or composite state. The district is authorized to contract with a  
18 person, firm, corporation, municipal corporation, or public  
19 agency, the state, the United States, or any agency of the state or  
20 the United States for the collection, transportation, processing,  
21 disposition, and control of all domestic, industrial, and communal  
22 wastes. The authority of the district under this subsection  
23 includes the authority to enter into contracts involving  
24 coordinated infrastructure or regional utility plans. The district  
25 may not unilaterally require a person, firm, corporation, municipal  
26 corporation, public agency, or other entity to fund or construct  
27 utility infrastructure for purposes of extending utilities to the

1 district.

2 (b) A district may enter into a contract with the state, a  
3 municipality, an entity created under Section 59, Article XVI,  
4 Texas Constitution, or another entity to supply water or to provide  
5 services relating to domestic, industrial, or commercial waste.  
6 The district is authorized to contract with a person, a  
7 municipality, or an entity created under Section 59, Article XVI,  
8 Texas Constitution, to rent, lease, or operate water production,  
9 water supply, water filtration or purification, and water supply  
10 facilities and facilities to provide services relating to the  
11 wastes of the person, municipality, or entity for a consideration  
12 as agreed to by the district and the person, municipality, or  
13 entity. A contract under this subsection may provide that the  
14 contract continues in effect until specified bonds or notes and  
15 refunding bonds issued in lieu of the bonds or notes are paid. A  
16 municipality or entity described by this subsection is authorized  
17 to enter into a contract with a district to fix, charge, and collect  
18 fees, rates, charges, rentals, or other amounts for a service or  
19 facility provided under a contract with the district and may pledge  
20 amounts that are sufficient to make the payments required under the  
21 contract.

22 (c) For purposes of land use planning, a district shall  
23 encourage owners and developers of land located within the district  
24 to use and develop the land and buildings in compliance with  
25 building, housing, and fire codes, subdivision and zoning  
26 regulations, thoroughfare, water conservation, and land use plans,  
27 and other land development and safety regulations of an adjacent

1 municipality with a population in excess of 300,000, according to  
2 the most recent federal census.

3 SECTION 3.07. FACILITIES. (a) In addition to the authority  
4 provided by Sections 49.218 and 54.201, Water Code, a district may  
5 purchase, construct, acquire, own, lease, operate, maintain,  
6 repair, improve, and extend, at any location within or outside of  
7 the district, land, or an interest in land, a work, an improvement,  
8 a facility, a plant, equipment, or an appliance that is incident,  
9 helpful, or necessary to provide for:

10 (1) the control, storage, preservation, transmission,  
11 treatment, and distribution and use of storm water and floodwater,  
12 the water of rivers and streams, and underground water for  
13 municipal, domestic, industrial, and other beneficial uses; and

14 (2) the collection, transportation, processing,  
15 disposition, and control of domestic, industrial, or commercial  
16 wastes.

17 (b) A district may:

18 (1) enter into a contract with a person, firm,  
19 corporation, municipality, entity created under Section 59,  
20 Article XVI, Texas Constitution, municipal corporation, public  
21 agency, or other political subdivision of the state; and

22 (2) perform any other act consistent with the powers  
23 of the district and necessary to fulfill the purposes of this Act.

24 SECTION 3.08. ACQUISITION AND DISPOSITION OF PROPERTY. A  
25 district may use a public roadway, street, alley, or easement in the  
26 county to accomplish the purposes of the district. The district is  
27 not required to obtain a franchise or other governmental agreement

1 to use a roadway, street, alley, or easement that is owned by a  
2 municipality, with a population in excess of 300,000, according to  
3 the most recent federal census, that is adjacent to any of the  
4 districts if, before using the roadway, street, alley, or easement,  
5 the district obtains written consent of the municipality to the  
6 particular use. The district shall pay a fee to a municipality for  
7 the use of the roadway, street, alley, or easement that equals the  
8 lesser of the district's pro rata share, based on actual area  
9 encumbered, of the fair market value or the initial purchase price  
10 for the roadway, street, alley, or easement.

11 SECTION 3.09. RELOCATION OF FACILITIES. A district may  
12 relocate, raise, reroute, or change the grade of, or alter the  
13 construction of, a highway, railroad, electric transmission line,  
14 pipeline, canal, or drainage ditch, if deemed necessary by the  
15 board. The district shall pay for any relocation, raising,  
16 rerouting, changing, or altering under this section, unless  
17 otherwise agreed in writing by the interested parties. The cost of  
18 replacement is limited to the comparable replacement of any  
19 replaced facility, less the replaced facility's net salvage value.

20 ARTICLE 4. GENERAL FISCAL PROVISIONS

21 SECTION 4.01. DISBURSEMENT OF MONEY. A district may  
22 disburse money only by check, draft, order, or other instrument  
23 signed by a person authorized in the bylaws of the district or by  
24 board resolution.

25 SECTION 4.02. FEES AND CHARGES. A district may establish  
26 fees and charges not to exceed the amounts necessary to enable the  
27 district to fulfill the obligations of the district as provided by

1 this Act.

2 SECTION 4.03. LOANS AND GRANTS. (a) A district may apply  
3 for and receive a loan or grant from the state or the United States,  
4 or any agency of the state or the United States, or from a private  
5 entity, for purposes of exercising the powers of the district.

6 (b) A district may not enter into an agreement under this  
7 section that violates state or federal law.

8 SECTION 4.04. FISCAL YEAR. A board shall establish a fiscal  
9 year for the district.

10 SECTION 4.05. DEPOSITORY BANKS. (a) A board, as provided  
11 by this section, shall designate at least one bank to serve as a  
12 depository for the funds of the district. Subject to Section  
13 49.156, Water Code, the funds of the district shall be deposited in  
14 a depository bank designated under this subsection.

15 (b) Before designating a depository bank, the board shall  
16 publish notice at least once in a newspaper of general circulation  
17 in the district to solicit applications from banks interested in  
18 serving as a depository for the district. The notice shall include  
19 the time and place of the board meeting at which the board proposes  
20 to designate a depository bank. The board shall prescribe the term  
21 of service of a depository bank designated under Subsection (a) of  
22 this section.

23 (c) The board shall review an application received under  
24 Subsection (b) of this section, including examining the management  
25 and condition of each bank submitting an application. In reviewing  
26 an application under this subsection, the board may consider:

27 (1) the terms and conditions proposed by a bank for

1 handling the district's money;

2 (2) the management of the bank; and

3 (3) the ability of the bank to handle the district's  
4 money.

5 (d) A bank is not disqualified from being a depository under  
6 this section because an officer or director of the bank is a member  
7 of the board.

8 (e) An officer or director of a bank is not disqualified  
9 from being a member of the board.

10 (f) If the board does not receive an application under this  
11 section, the board may designate a bank as depository on terms that  
12 the board finds proper.

13 ARTICLE 5. BOND AND TAX PROVISIONS

14 SECTION 5.01. TAXES; REVENUE BONDS. (a) For purposes of  
15 exercising the authority of the district as provided by this Act, a  
16 district may issue bonds or other obligations that are:

17 (1) secured by ad valorem taxes;

18 (2) secured by a pledge of all or part of the revenues  
19 accruing to the district, including revenues received from the sale  
20 of water or other products, the rendition of service, tolls,  
21 charges, and any other source of revenue, other than ad valorem  
22 taxes; and

23 (3) secured by both a pledge of all or part of the  
24 revenues described by Subdivision (2) of this subsection and ad  
25 valorem taxes.

26 (b) An obligation issued by a district shall be authorized  
27 by resolution of the board, issued in the name of the district,

1 signed by the president or vice president, attested to by the  
2 secretary, and bear the seal of the district. The signatures of the  
3 president or vice president and the secretary may be printed or  
4 lithographed on the obligation. The seal of the district may be  
5 impressed, printed, or lithographed on the obligation. An  
6 obligation issued by the district:

7 (1) shall be in a form prescribed by the board;

8 (2) may be in any denomination;

9 (3) shall mature serially or otherwise not later than  
10 50 years from the date of issuance;

11 (4) may bear any interest rate;

12 (5) may be sold at a price and under terms determined  
13 by the board to be the most advantageous available;

14 (6) may, in the discretion of the board, be made  
15 callable before maturity at times and prices as provided in the  
16 obligation;

17 (7) may be made registrable as to principal or  
18 principal and interest; and

19 (8) may be secured by an indenture of trust with a  
20 corporate trustee.

21 (c) An obligation under this section may be issued in more  
22 than one series as required to carry out the purposes of this Act. A  
23 pledge of revenue may reserve the right to issue additional  
24 obligations under conditions specified on the pledge. An  
25 additional obligation is on a parity with or subordinate to the  
26 original obligation.

27 (d) A board resolution authorizing an obligation or a trust

1 indenture under this section may include additional terms to  
2 provide for a corporate trustee or receiver to take possession of  
3 facilities of the district in the event of default by the district  
4 relating to the obligation or trust indenture. The additional  
5 terms, if any, constitute a contract between the district and the  
6 owner of the obligation.

7 (e) A district may not issue bonds that are secured by or  
8 otherwise encumber permanent school fund land located within the  
9 district.

10 SECTION 5.02. BOND ANTICIPATION NOTES. A district may  
11 issue bond anticipation notes for purposes of exercising the powers  
12 of the district. Bond anticipation notes may be secured by a pledge  
13 of all or part of the revenues of the district. The district may  
14 authorize the issuance of bonds to pay the principal of and interest  
15 on bond anticipation notes issued under this section. Bond  
16 anticipation notes shall be secured by a pledge of all or part of  
17 the revenues of the district and may be issued on a parity with or  
18 subordinate to outstanding bonds of the issuer. If the resolution  
19 or trust agreement authorizing the issuance of bond anticipation  
20 notes contains a covenant that the notes are payable from the  
21 proceeds of subsequently issued bonds, the district is not required  
22 to demonstrate that the revenues that may be pledged to the notes  
23 are sufficient to pay the principal of and interest on the notes for  
24 purposes of receiving approval of the attorney general or  
25 registration by the comptroller.

26 SECTION 5.03. REFUNDING BONDS. (a) A district may issue  
27 refunding bonds to refund outstanding bonds and interest as

1 authorized by this Act.

2 (b) Refunding bonds may:

3 (1) be issued to refund one or more series of  
4 outstanding bonds;

5 (2) combine the pledges for the outstanding bonds for  
6 the security of the refunding bonds; or

7 (3) be secured by additional revenues.

8 (c) Refunding bonds may be issued without holding an  
9 election to authorize the issuance of the bonds. The provisions of  
10 this Act relating to the issuance of other bonds by the district,  
11 security for the bonds, approval by the attorney general, and  
12 remedies of the holders of the bonds apply to refunding bonds.

13 (d) Refunding bonds shall be registered by the comptroller  
14 on surrender and cancellation of the bonds to be refunded or, if the  
15 resolution authorizing the issuance of refunding bonds provides  
16 that the bonds shall be sold and the proceeds deposited in the bank  
17 where the bonds to be refunded are payable, the refunding bonds may  
18 be issued in an amount sufficient to pay the principal and interest  
19 of the bonds to be refunded to their option or maturity date. The  
20 comptroller shall register the refunding bonds without concurrent  
21 surrender and cancellation of the bonds to be refunded.

22 SECTION 5.04. APPROVAL AND REGISTRATION OF BONDS. District  
23 bond review and approval is governed by Subchapter F, Chapter 49,  
24 Water Code.

25 SECTION 5.05. BONDS ARE AUTHORIZED INVESTMENTS. All bonds  
26 and notes of a district are legal and authorized investments for  
27 banks, savings banks, trust companies, savings and loan

1 associations, insurance companies, fiduciaries, trustees, and  
2 guardians and for the sinking funds of municipalities, counties,  
3 school districts, or other political corporations or subdivisions  
4 of the state. Bonds and notes of a district are eligible to secure  
5 the deposit of any and all public funds of the state and any and all  
6 public funds of municipalities, counties, school districts, or  
7 other political corporations or subdivisions of the state. Bonds  
8 and notes of the district are lawful and sufficient security for the  
9 deposits to the extent of their value.

10 SECTION 5.06. TAXATION. (a) Except for land owned by the  
11 permanent school fund, a board may levy and collect ad valorem taxes  
12 on land within the district for maintenance, improvements, and  
13 administration relating to the district in amounts approved by the  
14 qualified voters of the district in an election held for that  
15 purpose.

16 (b) A maintenance tax or an administration tax shall not  
17 exceed the maximum approved rate and an approved rate shall remain  
18 in effect unless a different rate is approved by the qualified  
19 voters in a subsequent election.

20 SECTION 5.07. PROPERTY: RENDITION; VALUATION; LEVY. (a)  
21 Except as provided by this section, the rendition and assessment of  
22 property for taxation, the equalization of values, and the  
23 collection of taxes for the benefit of a district shall be conducted  
24 in accordance with the law applicable to counties to the extent  
25 possible.

26 (b) The tax assessor-collector of the county shall act as  
27 the tax assessor-collector for a district for district property

1 located in the county. The tax assessor-collector in the county  
2 shall place on the county tax rolls a column or columns as necessary  
3 to show the taxes, including the amount of taxes, levied by the  
4 district, based on the value of the property as approved and  
5 equalized. The fee charged by the county tax assessor-collector  
6 for assessing and collecting taxes is one percent of the taxes  
7 collected and shall be paid and disbursed by the district in the  
8 same manner as other fees of office.

9 (c) The mechanisms available to enforce the collection of  
10 state and county taxes may be used by a district to enforce the  
11 collection of taxes levied by the district. The district is  
12 entitled to require the officers of the county to enforce and  
13 collect the taxes due to the district in the county as provided for  
14 the enforcement of state and county taxes.

15 (d) Taxes assessed and levied for the benefit of a district  
16 shall be payable and shall become delinquent at the same time, in  
17 the same manner, and subject to the same discount for advance  
18 payment as taxes levied by and for the benefit of the county in  
19 which the property is taxable. The fee for collecting delinquent  
20 taxes through prosecution of suit is 15 percent of the taxes  
21 collected by the suit, to be paid and disbursed by the district in  
22 the same manner as other fees of office.

23 (e) At the same time that the commissioners court levies  
24 county taxes, the board shall levy a tax on all taxable property in  
25 the district that is subject to taxation. The board shall  
26 immediately certify the tax rate to the tax assessor-collector of  
27 the county.

ARTICLE 6. ADDITION OF LAND TO DISTRICT

SECTION 6.01. ANNEXATION. Notwithstanding any other law, additional territory may be added to a district as provided by this article.

SECTION 6.02. PETITION. (a) An owner or owners of land, whether or not contiguous to the territory of a district, may file with the board a petition requesting that the land described in the petition by metes and bounds or by lot and block number, if there is a recorded plat of the area, be included in the district.

(b) A petition under Subsection (a) of this section shall be signed and executed in the manner provided by law for the conveyance of real estate.

(c) The board shall hear and consider a petition received under Subsection (a) of this section and may add to the district the land described in the petition if:

(1) the board determines that adding the land to the district is advantageous to the district; and

(2) the water system and other improvements of the district are sufficient or will be sufficient to provide service to the land added to the district without injuring the land in the district before the petition is granted.

SECTION 6.03. NOTICE AND HEARING. (a) A petition requesting that a district annex a defined area shall be filed with the secretary of the board and shall be signed by:

(1) a majority in value of the owners of land in the defined area, as shown by the tax rolls of the county or counties in which the defined area is located, if the number of landowners in

1 the defined area is 50 or less; or

2 (2) 50 landowners if the number of landowners in the  
3 defined area is more than 50.

4 (b) The board shall issue an order setting a time and place  
5 to hear a petition filed under Subsection (a) of this section. The  
6 hearing shall be held not earlier than the 15th day after the date  
7 on which the board issues the order.

8 (c) The secretary shall issue a notice providing the time  
9 and place of the hearing set under Subsection (b) of this section  
10 and describing the area proposed to be annexed. Notice of the  
11 hearing shall be given by:

12 (1) posting copies of the notice in three public  
13 places in the district and in one public place in the area proposed  
14 to be annexed for at least seven days before the date of the  
15 hearing; and

16 (2) publishing a copy of the notice in a newspaper of  
17 general circulation in the county or counties in which the area  
18 proposed to be annexed is located at least seven days before the  
19 date of the hearing.

20 (d) If the board finds that the proposed annexation is  
21 feasible and practicable and would benefit the district and the  
22 area proposed to be added to the district, the board may by order  
23 receive all or a part of the proposed area as an addition to and part  
24 of the district. An order issued by the board under this subsection  
25 shall describe the area added to the district and be entered in the  
26 minutes.

27 SECTION 6.04. ANNEXATION ORDER. (a) A copy of the order

1 adding land to a district shall be signed by a majority of the  
2 members of the board, attested to by the secretary of the board, and  
3 filed and recorded in the deed records of the county or counties in  
4 which the district is located.

5 (b) On the date that the order is recorded as required by  
6 Subsection (a) of this section, the area described in the order is  
7 included in the territory of the district.

8 ARTICLE 7. EXCLUSION OF LAND FROM DISTRICT

9 SECTION 7.01. PETITION. (a) Notwithstanding any other  
10 law, a board may, if there is no outstanding board order relating to  
11 an election for the authorization of bonds payable in whole or in  
12 part from taxes and the district does not have outstanding  
13 indebtedness secured by taxes or net revenues of the district,  
14 order a hearing to be held to exclude land from the district on  
15 petition of a landowner or on motion of the board.

16 (b) A petition to exclude land from a district must  
17 specifically describe the land to be excluded by metes and bounds or  
18 by reference to a plat recorded in the plat records of the county or  
19 counties in which the land is located. The petition must be signed  
20 by at least 10 percent of the owners of land in the area to be  
21 excluded or, if the number of owners of land is more than 50, by at  
22 least five of the owners of land. The petition must be filed with  
23 the district before the seventh day preceding the date the hearing  
24 is held to consider the petition. The petition must clearly state  
25 the grounds supporting the exclusion of the land from the district.  
26 The board may consider only the grounds stated in the petition.

27 SECTION 7.02. NOTICE AND HEARING. (a) A board shall hold a

1 hearing on petition of a landowner to exclude land from the  
2 district.

3 (b) Notice of hearing under this section shall be published  
4 by the board once a week for two consecutive weeks in one or more  
5 newspapers of general circulation in the district. The first  
6 notice shall be published not earlier than the 40th day or later  
7 than the 14th day preceding the date of the hearing.

8 (c) The board may not exclude land from the district unless  
9 the board determines that:

10 (1) the district has no obligations that will be  
11 impaired by the exclusion of the land;

12 (2) the district will incur no obligations as a result  
13 of the exclusion; and

14 (3) the exclusion is in the best interests of the  
15 district.

16 (d) The board, after considering all engineering data and  
17 other evidence presented at the hearing and making the  
18 determinations required by Subsection (c) of this section, shall  
19 enter an order excluding the land from the district and redefining  
20 the boundaries of the district as appropriate. If land proposed to  
21 be excluded contains water or wastewater customers of the district,  
22 the customers remain customers of the district. Owners of lots  
23 within the land proposed to be excluded in which water and  
24 wastewater facilities have been extended retain the right to  
25 connect to the district's water and wastewater system and become  
26 district customers.

27 SECTION 7.03. EFFECTIVE DATE OF ORDER EXCLUDING LAND. (a)

1 Except as provided by Subsection (c) of this section, an order of a  
2 board excluding land from the district on petition signed by the  
3 owner or owners of land that is proposed to be excluded takes effect  
4 on the date on which the board enters the order.

5 (b) Except as provided by Subsection (c) of this section, an  
6 order excluding land from a district on petition signed by less than  
7 all the owners of land that is proposed to be excluded takes effect:

8 (1) on the day immediately following the date on which  
9 a petition under Section 7.04 of this Act must be received by the  
10 board if the district does not receive a petition under that  
11 section; or

12 (2) on the day immediately following the date on which  
13 the election returns are canvassed if the exclusion is ratified at  
14 an election under Section 7.04 of this Act.

15 (c) An order excluding land from the district under this  
16 section may not take effect unless all taxes levied and assessed by  
17 the district within the land that is proposed to be excluded are  
18 paid in full.

19 SECTION 7.04. PETITION FOR RATIFICATION ELECTION. (a) If a  
20 board issues an order excluding land on petition signed by less than  
21 all the owners of land in the area proposed to be excluded, the  
22 board shall publish a notice that describes the excluded land and  
23 states that the exclusion will become final unless the board  
24 receives, not later than the 25th day after the date on which the  
25 board issues the order, a petition requesting a ratification  
26 election. A petition under this subsection must be signed by at  
27 least 10 percent of the qualified voters residing in the area that

1 is proposed to be excluded from the district.

2 (b) If the board receives a petition under Subsection (a) of  
3 this section, the order excluding land from the district is not  
4 effective unless the exclusion is approved by a majority vote of the  
5 residents of the district at a ratification election held for that

11 SECTION 8.01. CONDITIONS OF DIVISION. (a) A board may, if  
12 the district does not have outstanding indebtedness secured by  
13 taxes or net revenues, divide the territory of the district into two  
14 or more districts. The board may not divide the territory of the  
15 district if the division results in a district with territory of  
16 less than 100 acres. On petition of a landowner or on motion of the  
17 board, the board may consider a proposal to divide the original  
18 district or any district subsequently created by division.

19 (b) A board may not divide territory of the district if the  
20 division results in numerous utility providers within the original  
21 territory of the district. The board may divide territory of the  
22 district for purposes of encouraging and promoting orderly  
23 development within the original territory of the district and  
24 facilitating dependable and efficient utility service at  
25 affordable rates to customers of the district.

26 SECTION 8.02. PROVISIONS RELATING TO NEW DISTRICTS. (a)  
27 Before a board may divide territory of the district or any district

3 plan to pay and perform the outstanding obligations of the  
4 district; and

5 (2) prepare a metes and bounds description of the  
6 proposed division.

7 (b) Except as provided by Section 8.03 of this Act, if a  
8 board divides territory under this article, the board shall be  
9 divided in an appropriate manner consistent with the division of  
10 the district.

11 (c) Districts resulting from a division under this article  
12 shall be designated in an appropriate manner.

13 (d) A district resulting from a division under this article  
14 shall obtain authorization for the issuance of bonds payable wholly  
15 or partially from ad valorem taxes by a majority vote of the  
16 qualified voters of the district voting in an election called and  
17 held for that purpose.

18 (e) A district resulting from a division under this article  
19 shall be required to obtain authorization for a maintenance tax by a

21 election called and held for that purpose.

22 SECTION 8.03. APPOINTMENT AND ELECTION OF DIRECTORS. (a) A  
23 district resulting from a division under this article is a separate  
24 district and shall be governed as a separate district.

25 (b) The board shall continue to act on behalf of the  
26 district for 90 days after the date on which a division under this  
27 article is approved for purposes of closing the district's affairs.

1           (c) The board shall appoint two initial directors for a  
2 district resulting from a division under this article to serve  
3 terms expiring on the first June 1 of an even-numbered year after  
4 creation of the district, and three initial directors to serve  
5 terms expiring on the second June 1 of an even-numbered year after  
6 creation of the district. A member of the board may be appointed as  
7 a director of a district resulting from a division under this  
8 article.

9           (d) If a vacancy occurs on the board of directors of a  
10 district resulting from a division under this article, the board of  
11 directors of that district shall appoint a successor to serve for  
12 the remainder of the unexpired term.

13           (e) A successor to the board of directors of a district  
14 resulting from a division under this article shall be elected as  
15 provided by Section 2.04 of this Act.

16           SECTION 8.04. PAYMENT OF DISTRICT DEBTS. A division of  
17 territory of a district under this article may not impair the  
18 current obligations or bond authorizations of the district. The  
19 debts of the district may be paid by taxes, revenues, or assessments  
20 levied on land in the district or by contributions from the district  
21 resulting from a division under this article on terms stated in the  
22 division proposed by the board under Section 8.02 of this Act.

23           SECTION 8.05. AUTHORITY OF DISTRICTS RESULTING FROM A  
24 DIVISION. A district resulting from a division under this article  
25 shall have the power to incur and pay debts created by that  
26 district, the power and authority granted to a district created  
27 under this Act, and the authority to enter into contracts with other

1 districts resulting from a division under this article for purposes  
2 of providing water and wastewater services or another appropriate  
3 purpose.

4 SECTION 8.06. ASSUMPTION OF OBLIGATIONS. A district  
5 resulting from a division under this article shall assume the  
6 obligations of the divided district under an agreement or  
7 resolution consenting to the creation of the district unless the  
8 agreement or resolution imposes obligations that limit the powers  
9 and authority of the district to issue bonds for a purpose  
10 authorized by this Act. The remaining obligations of the divided  
11 district shall be divided on a pro rata basis among the new  
12 districts resulting from a division under this article based on the  
13 number of acres in a district or on terms agreed to by the districts  
14 resulting from a division under this article.

15 SECTION 8.07. NOTICE TO TEXAS COMMISSION ON ENVIRONMENTAL  
16 QUALITY. A district shall provide written notice of a plan to  
17 divide the district under this article to the Texas Commission on  
18 Environmental Quality not later than the 30th day after the date on  
19 which the board of the district decides to divide the district.

20 ARTICLE 9. ANNEXATION AND DISSOLUTION OF DISTRICT

21 SECTION 9.01. ANNEXATION. (a) Notwithstanding any other  
22 law, a municipality may annex a district, including a district  
23 resulting from a division under Article 8 of this Act, only if the  
24 municipality:

26 district;

27 (2) dissolves the district not later than six months

6 located within the district before the dissolution of the district;

17 law on property previously located within the district, except for  
18 property that has received a utility service allocation by the  
19 district or property in which site development has been authorized  
20 or commenced.

21 (c) A district shall transfer all assets of the district to  
22 a municipality that annexes and dissolves the district, as provided

25 SECTION 10.01. AFFORDABLE HOUSING. (a) It is in the best  
26 interest of the state to encourage the development of affordable  
27 housing for the citizens of the state. To the extent that territory

The affordable housing shall be located throughout the territory that includes all of the districts to the extent possible and may not be concentrated in one district that consists primarily of affordable housing units.

(b) On the sale of permanent school fund land in the districts that may be used for residential purposes, the School Land Board shall, through the imposition of restrictive covenants or by deed restriction, restrict property use in a manner that requires construction of affordable housing in a percentage sufficient to satisfy the requirements of this section.

(c) In this section, "affordable housing" means housing initially constructed to qualify for residents having low or very low income levels, as determined periodically by the United States Department of Housing and Urban Development, based on the El Paso Standard Metropolitan Statistical Area.

13 jurisdiction in this state, the remainder of the Act and the  
14 application of that word, phrase, clause, sentence, paragraph,
