S.B. No. 868

## A BILL TO BE ENTITLED

1	AN ACT
2	relating to the purpose, powers, and duties of Harris County
3	Improvement District No. 1; authorizing the issuance of bonds.
4	BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:
5	SECTION 1. The legislature finds that:
6	(1) the area within the boundaries of Harris County
7	Improvement District No. 1 is one of the state's most dynamic
8	activity centers and is the location of numerous commercial,
9	office, retail, and residential buildings;
10	(2) the area within the district is served with an
11	inadequate public transportation system and has an inadequate
12	system of streets and public parking facilities;
13	(3) residents, workers, visitors, customers, and
14	other persons accessing the area within the district must primarily
15	use motor vehicles, and such use places an undue burden on the
16	street system in the district and results in severe congestion that
17	retards mobility of persons and property and impairs the use of the
18	district area as one of the state's primary economic and business
19	centers;
20	(4) the absence of an adequate system of parking
21	facilities, including park and ride facilities, discourages the use
22	of public transportation and further aggravates vehicular
23	congestion within the area;
24	(5) motor vehicles are generally powered by internal

1 combustion engines that emit pollutants into the air, which results
2 in dangers to the public health and welfare;

3 (6) the proliferation of the use of motor vehicles for 4 passenger transportation within the district is caused in substantial by the absence of an adequate 5 part public 6 transportation system and an adequate system or network of public 7 parking facilities;

8 (7) provision of an adequate system of public parking 9 facilities and public transit and transportation facilities will 10 accomplish the public purposes of Section 52-a, Article III, Texas 11 Constitution, by stimulating transportation and commerce within 12 the area of the district and in the state and will serve the further 13 public purpose of reducing the pollutants discharged into the air 14 thus reducing the threat to the public health and welfare; and

(8) in order for the area within the district to have an adequate public transit system and an adequate system of public parking, it will be necessary for the district to be able to take advantage of all public and private funds and opportunities available and be empowered to contract with other public agencies and with private entities to jointly provide such facilities.

21 SECTION 2. Chapter 1026, Acts of the 70th Legislature, 22 Regular Session, 1987, is amended by adding Section 5A to read as 23 follows:

24 <u>Sec. 5A. PUBLIC TRANSIT SYSTEM AND PARKING FACILITIES.</u> 25 <u>(A) The district shall have the power to acquire, lease as lessor</u> 26 <u>or lessee, construct, develop, own, operate, and maintain a public</u> 27 <u>transit system to serve the area within the boundaries of the</u>

district. Before the district may acquire, construct, or develop a 1 2 mass transit improvement or facility pursuant to this subsection, 3 there must be filed with the district a petition requesting the improvement or facility executed by owners representing either a 4 majority in value or a majority in square footage of the real 5 6 property in the district abutting the right-of-way in which the 7 improvement or facility is proposed to be located. The calculation of the property owners signing the petition, whether based on value 8 9 or square footage, shall be based on the landowners along the entire right-of-way of the transit project and shall not be calculated on a 10 11 block by block basis.

(B) The district shall have the power to acquire, lease as 12 13 lessor or lessee, construct, develop, own, operate, and maintain parking facilities or a system of parking facilities. Parking 14 facilities include lots, garages, parking terminals, or other 15 16 structures or accommodations for the parking of motor vehicles off the streets and include equipment, entrances, exits, fencing, and 17 18 other accessories necessary for safety and convenience in the parking of vehicles. All parking facilities of the district will 19 20 either be leased to or operated for the district by a private entity or an entity other than the district. The district's parking 21 22 facilities will serve the public purposes expressed in Section 1 of this Act and be owned, used, and held for public purposes even if 23 leased or operated by a private entity for a term of years, and the 24 25 district's public parking facilities and any lease to a private entity will be exempt from the payment of ad valorem taxes and state 26

27 and local sales and use taxes.

(C) The district may use any of its resources, including 1 revenues, assessments, taxes, and grant or contract proceeds, to 2 3 pay the cost of acquiring and operating a public transit system or a system of public parking facilities. The district may adopt rules 4 5 and regulations covering its public transit system and its public parking system provided, however, that any rules relating to or 6 7 affecting the use of the public right-of-way or requirements for 8 off-street parking shall be subject to all applicable municipal charter, code, and ordinance requirements. The district may set 9 and determine and the district may charge, impose, levy, and 10 collect fees, charges, and tolls for the use of the public transit 11 system or the public parking facilities and may issue bonds or notes 12 to finance the cost of these facilities. If the district pays for 13 or finances the cost of acquiring and operating a public transit 14 system or a system of public parking facilities with resources 15 16 other than assessments, then no petition of property owners or 17 public hearing thereon is required, just as no petition of property 18 owners and public hearing thereon is required for the provision of all other district services and improvements not paid for or 19 financed with assessments. Notwithstanding this subsection, a 20 petition is required as provided in Subsection (A) of this section 21 22 before the district may construct transit improvements.

23 (D) The district is authorized to make contracts, leases, 24 and agreements with, and accept grants and loans from, the United 25 States of America, the state, municipalities, other political 26 subdivisions, and private persons or entities to carry out the 27 purposes of this Act upon such terms and conditions and for such

period of time as the governing body of the district may determine. 1 2 (E) If the district's acquisition of property for a parking 3 facility which is leased to or operated by a private entity results in the removal from a taxing unit's tax rolls of real property 4 otherwise subject to ad valorem taxation, the district shall pay to 5 the taxing unit in which the property is located, on or before 6 7 January 1 of each year, as a payment in lieu of taxes, an amount equal to the ad valorem taxes that otherwise would have been levied 8 9 for the preceding tax year on that real property by the taxing unit, 10 without including the value of any improvements constructed on the 11 property.

SECTION 3. (a) The legislature validates and confirms all governmental acts and proceedings of Harris County Improvement District No. 1 and the district's board of directors that occurred before the effective date of this Act.

16 (b) This section does not apply to any matter that on the 17 effective date of this Act:

(1) is involved in litigation, if the litigation ultimately results in the matter being held invalid by a final judgment of a court of competent jurisdiction; or

(2) has been held invalid by a court of competentjurisdiction.

23 SECTION 4. This Act takes effect immediately if it receives 24 a vote of two-thirds of all the members elected to each house, as 25 provided by Section 39, Article III, Texas Constitution. If this 26 Act does not receive the vote necessary for immediate effect, this 27 Act takes effect September 1, 2003.
