## **Fiscal Analysis**

The bill would transfer regulation of companies providing for-profit legal service contracts from the Department of Insurance (TDI) to the Department of Licensing and Regulation (TDLR). It would exempt the transactions of certain for-profit prepaid legal service contracts from the Insurance Code and other laws of the state regarding the business of insurance. The bill would require TDI and TDLR to enter into a memorandum of understanding for a transition plan to transfer this registration program.

## **Methodology**

The Department of Insurance (TDI) indicates the transfer would reduce its number of licensees by 1,250. Because the agency contracts with an outside vendor for examination and processing of these licensees, with exam fees being paid directly to the vendor, the agency would not see a reduction in full time equivalent positions. However, the agency would see a reduction in the number of criminal background checks it is required to perform. This reduction would save TDI \$6,597 each fiscal year. The agency anticipates a \$271,680 loss to General Revenue Dedicated Fund 36 because of a reduction in fee revenue. It is assumed any revenue loss from fees collected that is not matched by a corresponding savings to TDI would be offset by an increase in the Insurance Maintenance Tax.

The Department of Licensing and Regulation (TDLR) would need 1.5 additional FTEs to administer the program. Of this, 0.75 FTE for an Administrative Technician III (\$25,932 annual salary) would be needed for application processing, and 0.25 FTE for an Administrative Technician III (\$25,932 annual salary) would be needed for customer service. Also, 0.5 Administrative Technician IV (\$29,232 annual salary) would be needed to review financial security requirements during the initial application process and at registration renewal, and to review registrants' business records to ensure compliance. TDLR's total cost associated with these FTEs would be \$63,188 in fiscal year 2004 and \$54,338 in each ensuing fiscal year.

It is assumed TDLR would adjust fees to offset any costs associated with implementing the provisions of the bill.

## **Technology**

The Department of Licensing and Regulation would require \$3,450 in fiscal year 2004 for computer equipment for new employees.

## **Local Government Impact**

No fiscal implication to units of local government is anticipated.
