FISCAL NOTE, 78TH LEGISLATIVE REGULAR SESSION

April 25, 2003

TO: Honorable Robert Talton, Chair, House Committee on Urban Affairs

FROM: John Keel, Director, Legislative Budget Board

IN RE: HB1859 by Bohac (Relating to the construction or operation of chemical dependency treatment facilities near certain residential and community properties.), **Committee Report 1st House, Substituted**

No fiscal implication to the State is anticipated.

The bill would limit the location where certain treatment facilities may be constructed or operated. The governing body of the municipality in which a facility is proposed would be required to hold a hearing to determine if the facility would be within the boundary limit of 1,000 feet from an affected property and must issue a resolution of consent before the facility may be established at the proposed location. The bill would take effect September 1, 2003 and would apply only to construction or operation of a treatment facility that begins on or after December 1, 2003.
