

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 78TH LEGISLATIVE REGULAR SESSION

May 29, 2003

TO: Honorable Tom Craddick, Speaker of the House, House of Representatives

FROM: John Keel, Director, Legislative Budget Board

IN RE: **HB3325** by Keffer, Jim (Relating to the creation and administration of the community telecommunications alliance program.), **As Passed 2nd House**

No significant fiscal implication to the State is anticipated.

The bill would require the Office of Rural Community Affairs (ORCA) and the Telecommunications Infrastructure Board (Board) to adopt a memorandum of understanding establishing the new community telecommunications alliance program. This analysis assumes ORCA would be responsible for implementing the program. In addition, ORCA and the Board would have to submit a joint report to the Legislature detailing the grant activities of the program grant recipients. The Board estimates it would require two full-time equivalent positions that would include a Manager and a Research Specialist for ORCA to manage this new program. Based on the analysis of the Board and ORCA, duties and responsibilities associated with implementing the provisions of the bill could be accomplished by utilizing existing resources.

In addition to other qualified grant recipients and based on fiscal year 2003 funding levels, the Board has up to approximately \$22 million available in grants for this new program. The Board indicates the Telecommunications Infrastructure Fund will cease to exist after August 31, 2005, and a new funding source would need to be acquired if the program is to continue.

The bill takes effect September 1, 2003.

Local Government Impact

No fiscal implication to units of local government is anticipated.
