FISCAL NOTE, 78TH LEGISLATIVE REGULAR SESSION

May 14, 2003

TO: Honorable Jane Nelson, Chair, Senate Committee on Health & Human Services

FROM: John Keel, Director, Legislative Budget Board

IN RE: SB806 by Zaffirini (Relating to abolishing the electronic imaging program of the Texas Department of Human Services.), **As Introduced**

Estimated Two-year Net Impact to General Revenue Related Funds for SB806, As Introduced: a positive impact of \$2,599,357 through the biennium ending August 31, 2005, if the effective date of the bill is May 1, 2003; or a positive impact of \$2,298,990 through the biennium ending August 31, 2005, if the effective date of the bill is September 1, 2003.

Fiscal Analysis

The bill would repeal Section 31.0325, Electronic Imaging Program, Human Resources Code, which authorized the Department of Human Services (DHS) to implement a finger imaging program for applicants and for recipients in conjunction with the electronic benefits program. The bill includes a provision allowing for the Act to have immediate effect, which is assumed to be May 1, 2003. Should the Act not have immediate effect the effective date would become September 1, 2003.

Methodology

The Department of Human Services (DHS) currently contracts for finger imaging services at the time of a client's application for services. The agency indicated that the contract contains a provision that the contract must be terminated if a required appropriation is not made. The abolishment of a particular program may not automatically cancel the State's financial obligations under existing contracts, despite the "funding-out" clause. DHS indicated that additional direction or specific prohibition in the General Appropriations Act to expend any funds for an electronic imaging program previously authorized by Sec. 31.0325, Texas Human Resources Code, other than for normal shut down costs would provide additional authority.

Savings are assumed to come primarily from elimination of payments to the contractor.

Local Government Impact

No fiscal implication to units of local government is anticipated.
