2004	\$0
2005	\$0
2006	\$0
2007	\$0

**All Funds, Five-Year Impact:**

Fiscal Year	Probable Revenue (Loss) from <i>GENERAL REVENUE FUND</i> 1	Probable Revenue Gain from <i>GENERAL REVENUE FUND</i> 1
2004	(\$205,452)	\$205,452
2005	(\$205,452)	\$205,452
2006	(\$205,452)	\$205,452
2007	(\$205,452)	\$205,452
2008	(\$205,452)	\$205,452

**Fiscal Analysis**

The bill would amend the Alcoholic Beverage Code as it relates to alternatives to suspension of alcoholic beverage licenses and permits. The bill would preclude the use of economic impact in assessing civil penalties.

**Methodology**

The Alcoholic Beverage Commission (TABC) estimates it would collect \$205,452 less per year in civil penalties (fines). This figure is based on an annual average of 36 Wholesale/Manufacturer Tier cases with an average costs of \$5,707. TABC is required by current statute to collect fees, surcharges, and fines to cover its appropriation; as a result there would be no net cost to General Revenue. The agency would be required to either reduce its expenditures or increase other fees, surcharges, and fines to compensate for the decrease in fines.

## **Local Government Impact**

No significant fiscal implication to units of local government is anticipated.
