SUBCHAPTER K. VIDEO LOTTERY

Sec. 466.501. LEGISLATIVE FINDINGS AND DECLARATIONS. The legislature finds and declares the following:

(1) This state's public policy prohibiting gambling is subject only to limited exceptions provided by the Texas Racing Act (Article 179e, Vernon's Texas Civil Statutes) or enumerated in the Texas Constitution and approved by the voters.

(2) Any game that is a lottery cannot lawfully be operated in this state unless the game is excepted from the constitutional prohibition against lotteries. In 1991, the electorate approved a constitutional amendment authorizing the state to operate lotteries. In 2005, the electorate approved a referendum allowing expansion of the existing state lottery through a state-controlled video lottery system allowing video lottery terminals connected to a state-controlled and determined video lottery central system to be placed at locations determined in accordance with law enacted by the legislature.

(3) The purpose and intent of this chapter is to carry out the intent of the voters as established by the approval of the referendum to expand the revenue-generating ability of the state lottery by authorizing this state to operate a video lottery system as part of the state lottery consistent with the public policy to strictly limit the expansion of gambling in this state. A state-controlled video lottery system constitutes a valid state-operated lottery and falls within the exception for state lotteries under Section 47(e), Article III, Texas Constitution, from the general prohibition of lotteries under Section 47(a), Article III, Texas Constitution.

(4) The people of this state intend to allow only state-controlled video lottery games to be conducted in this state and only in locations licensed by this state to operate video lottery terminals or at locations on Indian lands under an agreement between this state and the appropriate Indian tribe.

(5) This state has the authority and responsibility to control the proliferation of gambling by:

(A) limiting the total number of video lottery terminals permitted at authorized locations in this state;

(B) limiting video lottery to licensed establishments;

(C) extending strict and exclusive state oversight and supervision to all persons, locations, practices, and associations related to the operation of video lottery games; and

(D) providing comprehensive law enforcement supervision of video lottery game activities.

(6) This state's ability to monitor and control the operation of all video lottery terminals ensures the integrity of the system and provides for the most efficient oversight and supervision. Costs incurred for oversight and supervision of gambling will be significantly less than if video lottery terminals were not operated as part of the video lottery system. In addition, providing for the state-controlled and determined system will defend against criminal infiltration of gambling operations.

(7) The video lottery games operated at video lottery terminal establishments under this chapter are controlled and determined by this state in a manner that allows this state to continuously monitor all video lottery terminals and to disable any video lottery terminal for the protection of the public and this state.

(8) Through the video lottery system this state will monitor the network of video lottery terminals to ensure maximum security unique to state-operated gambling. Except as may otherwise be required by federal law governing Indian lands, each operating video lottery terminal in this state will be connected to a video lottery central system.

(9) By limiting the operation of video lottery terminals to those connected to the state-controlled and determined video lottery system and to certain lands and certain types of games, the legislature seeks to foster this state's legitimate sovereign interest in regulating the growth of gambling activities in this state. Limiting video lottery terminals to those

controlled by this state and located at licensed establishments is reasonably designed to defend against the criminal infiltration of gambling operations and adverse impacts on communities statewide. By restricting video lottery terminals to limited locations and video lottery terminals controlled by this state that may be disabled by this state if necessary to protect the public, this state furthers the state's purpose of ensuring that such gambling activities are free from criminal and undesirable elements.

(10) This chapter is game-specific and may not be construed to allow the operation of any other form of gambling unless specifically allowed by this chapter. This chapter does not allow the operation of slot machines, dice games, roulette wheels, house-banked games, including house-banked card games, or games in which winners are determined by the outcome of a sports contest that are prohibited under other state law.

(11) To effectuate the will of the voters, any video lottery games on lands of Indian tribes must be in strict compliance with state law, unless otherwise required by federal law, or in accordance with a gaming agreement negotiated with the governor and ratified by the legislature.

(12) This state has conferred a substantial economic benefit on federally recognized Indian tribes by allowing operation of video lottery terminals on lands held in trust by the Indian tribes and on Indian lands on which gaming is allowed under applicable federal law. Federally recognized Indian tribes have the exclusive right to operate video lottery terminals at locations on the Indian lands in this state without incurring the investment necessary to construct, maintain, and operate racetracks for live racing, and through revenue-sharing both the policy of self-governance for the tribes and this state's interests in generating additional revenue to fund governmental programs can be promoted.

(13) The public has an interest in video lottery game operations, and gaming operations conducted under this chapter represent an exception to the general policy of this state prohibiting wagering for private gain. Therefore, participation in a video lottery game by a holder of a license, registration, or

approval under this chapter is considered a privilege conditioned on the proper and continued qualification of the holder and on the discharge of the affirmative responsibility of each holder to provide to the commission or other regulatory and investigatory authorities established by this chapter any assistance and information necessary to assure that the policies declared by this chapter are achieved. Consistent with this policy, the legislature intends this chapter to:

(A) preclude the creation of any property right in any license, registration, or approval issued or granted by this state under this chapter, the accrual of any value to the privilege of participation in any video lottery game operation, or the transfer of a license or permit; and

(B) require that participation in video lottery game operations be solely conditioned on the individual qualifications of persons seeking this privilege.

(14) Only video lottery terminals lawfully operated in connection with a video lottery system authorized by this subchapter may be lawfully operated on Indian lands under the Johnson Act (15 U.S.C. Section 1175).

Sec. 466.502. CONSTRUCTION; APPLICABILITY OF OTHER LAWS.

(a) Nothing contained in this chapter may be construed to implicitly repeal or modify existing state laws with respect to gambling, except that the state lottery and video lottery terminals are not prohibited by another law if conducted as authorized under this subchapter.

(b) To the extent of any inconsistency between Chapter 2003 and this subchapter or a commission rule governing video lottery terminals, this subchapter or the commission rule controls in all matters related to video lottery terminals, including hearings before the State Office of Administrative Hearings.

(c) Video lottery equipment operated under commission authority and this chapter is exempt from 15 U.S.C. Section 1172.

Sec. 466.505. AUTHORITY TO OPERATE VIDEO LOTTERY SYSTEM.

(a) The commission may implement and operate a video lottery system and control the operation of video lottery terminals at video lottery terminal establishments in accordance with this chapter

and, for a video lottery terminal establishment at a racetrack, the Texas Racing Act (Article 179e, Vernon's Texas Civil Statutes). This chapter supersedes any conflicting or inconsistent provision of the Texas Racing Act.

(b) The commission may allow the operation of video lottery terminals pursuant to this chapter at locations on Indian lands in accordance with an effective gaming agreement or license and in compliance with applicable federal law.

Sec. 466.506. VIDEO LOTTERY GAMES; STATE OWNERSHIP AND PROPRIETARY INTEREST. (a) This state must own all video lottery games conducted through the video lottery system, regardless of ownership of the video lottery terminal on which the game is played. This state must possess a proprietary interest in:

(1) the main logic boards and any electronic storage medium used in video lottery equipment or games; and

(2) software consisting of computer programs, documentation, and other related materials necessary for the operation of the video lottery system.

(b) For purposes of this chapter, this state may acquire a proprietary interest in video lottery game software through:

(1) ownership of the software; or

(2) an exclusive product license agreement with a provider in which the provider retains copyrighted ownership of the software but the license granted to this state is nontransferable and authorizes this state to operate the software program, solely for the state's own use, on the video lottery central system and video lottery terminals connected to the video lottery central system.

Sec. 466.507. STATE CONTROL OF VIDEO LOTTERY SYSTEM. (a) The commission shall control and operate the video lottery system and the video lottery central system.

(b) The commission may disable a video lottery terminal if a video lottery retailer's or video lottery manager's license is revoked, surrendered, or summarily suspended under this subchapter.

Sec. 466.510. VIDEO LOTTERY CENTRAL SYSTEM. (a) The commission shall establish or cause to be established a video

lottery central system to link all video lottery terminals in the video lottery system through which the commission has the exclusive and unilateral ability to:

(1) control and determine the outcome of all video lottery games;

(2) monitor activity of video lottery terminals and remotely disable video lottery terminals for the public safety, health, and welfare or the preservation of the integrity of the lottery; and

(3) provide the auditing and other information required by the commission.

(b) The video lottery central system must be a central determinant system that provides lottery outcomes from a central determination computer that are transferred to video lottery terminals in a manner prescribed by the commission.

(c) The commission shall provide to a registered video lottery terminal provider or an applicant applying for registration as a video lottery terminal provider the protocol documentation data necessary to enable the provider's or applicant's video lottery terminals to communicate with the commission's video lottery central system for the transmission of auditing information and for activation and disabling of video lottery terminals.

(d) The video lottery central system may not limit or preclude potential providers from providing the video lottery terminals, other than providers that fail to meet specifications established by the commission.

(e) The video lottery central system provider may not sell or distribute video lottery terminals in this state.

(f) The commission may contract with a video lottery central system provider to establish the video lottery central system.

(g) The commission may not contract with a person to provide the video lottery central system if within the preceding five years that person owned any interest in a racetrack or pari-mutuel license in this state.

Sec. 466.511. VIDEO LOTTERY TERMINAL PROVIDER: REGISTRATION OR APPROVAL REQUIRED. (a) A person may not manufacture or distribute video lottery equipment for use or play

in this state unless the person is registered as a video lottery terminal provider or is otherwise approved by the commission to manufacture or distribute video lottery equipment in this state.

(b) A person who manufactures and distributes video lottery terminals must obtain a separate certificate of registration or approval for each of those activities.

(c) Unless suspended or revoked, the registration or approval expires on the date specified by the commission, which may not be later than the fifth anniversary of the date of the registration or approval. A person may renew an unexpired registration or approval by paying a renewal fee in the amount determined by the commission to cover the costs of administering the renewal application and complying with the requirements of this subchapter and commission rule.

(d) To be eligible for registration or commission approval as required by this section, an applicant must satisfy all applicable requirements under this subchapter.

Sec. 466.512. VIDEO LOTTERY TERMINAL PROVIDER: APPLICATION; CHANGE IN INFORMATION. (a) The commission shall adopt rules governing the registration or approval of video lottery terminal providers. The rules must require:

(1) the application and any other form or document submitted to the commission by or on behalf of the applicant to determine the applicant's qualification under this section to be sworn to or affirmed before an officer qualified to administer oaths; and

(2) the certificate of registration or approval to designate whether the provider is a manufacturer or distributor.

(b) An applicant seeking registration or approval as a video lottery terminal provider to manufacture and distribute video lottery terminals in this state may apply for both certificates of registration or approvals in a single application.

(a) Except as provided by a gaming agreement, a person may not own or operate a video lottery terminal if the person does not satisfy the requirements of this subchapter and is not licensed by the commission to act as a video lottery retailer or video lottery manager.

(b) A federally recognized Indian tribe may obtain a license as a video lottery retailer to conduct video lottery games on Indian lands as an alternative to operating those games under a gaming agreement under this subchapter. A retailer license issued by the commission to the tribe constitutes an agreement between the tribe and this state for purposes of the Indian Gaming Regulatory Act of 1988 (25 U.S.C. Sec. 2701 et seq.).

Sec. 466.521. VIDEO LOTTERY RETAILER OR VIDEO LOTTERY MANAGER: APPLICATION AND QUALIFICATION. lottery;

(3) if applying for a new license, provide fingerprints for a criminal records evaluation by the Texas Department of Public Safety or other law enforcement agency, including fingerprints for each person required to be named in an application, accompanied by a signed authorization for the release of information to the commission by the department of public safety and the Federal Bureau of Investigation;

(10) as part of its application, expressly waive any and all claims against the commission, this state, and a member, officer, employee, or authorized agent of the commission or this state for damages resulting from any background investigation,

disclosure, or publication relating to an application for a video lottery retailer or video lottery manager license.

(f) An application or disclosure form and any other document submitted to the commission by or on behalf of the applicant for purposes of determining qualification for a video lottery retailer or video lottery manager license must be sworn to or affirmed before an officer qualified to administer oaths.

(1) \$50,000 for a license holder operating a video lottery terminal establishment at a class 1 racetrack or a greyhound racetrack; or

(2) \$25,000 for a license holder operating a video lottery terminal establishment at a class 2 or class 3 racetrack.

(c) An application may not be processed until the applicant pays the application fee. (d) The commission shall set any additional application fee necessary to pay the costs of determining the applicant's eligibility, including costs to conduct all investigations necessary for processing the application. An investigation may not begin until the applicant has submitted all required fees to the commission. If additional fees are required by the commission during the course of the investigation or processing of the application and are not received by the commission by the 15th day after the date the commission notifies the applicant of the amount of the fees, the investigation and evaluation processes shall be suspended.

(e) The commission shall retain an application fee paid under this section to defray costs incurred in the administration and enforcement of this chapter relating to the operation of video lottery terminals.

Sec. 466.523. VIDEO LOTTERY RETAILER OR VIDEO LOTTERY MANAGER: EMPLOYEE INFORMATION. (a) A video lottery retailer or video lottery manager shall provide to the commission the name and address of each employee involved in the operation of video lottery games and the name and address of the providers of surety and insurance required by Section 466.587.

(b) Not later than the 10th day following the date of the change, a license holder must report to the commission any change in an officer, partner, director, key employee, substantial interest-holder, video lottery game operation employee, or owner

and any change in a surety or insurance provider.

Sec. 466.525. VIDEO LOTTERY TERMINAL ESTABLISHMENT: REQUIREMENTS; LOCATION. (a) A video lottery retailer or video lottery manager may not operate video lottery terminals at any place that is not licensed as a video lottery terminal establishment.

(b) The commission by rule shall establish standards for video lottery terminal establishments to ensure that establishments are accessible, safe, comfortable, durable, and of sufficiently high-quality construction to promote investments in establishments and related facilities that foster lasting economic development and continuity in producing state revenue, and that protect the health and welfare of employees, patrons, and all state residents. The standards must include or incorporate high-quality commercial building standards, including safety, air-conditioning, heating, and electrical standards.

(c) An applicant for a video lottery terminal establishment license must:

(1) consent to the application of state laws with exclusive venue in Travis County, Texas, related to any action arising out of the operation of video lottery terminals;

(2) provide office space for at least one commission employee as required by commission rule; and

(3) provide free and unrestricted access to the establishment by the commission.

(d) An applicant for a video lottery terminal establishment license must provide the maps, surveys, site plans, architectural plans, and financial statements required by the commission and update the information at least annually if required by the commission.

(e) Notwithstanding Section 466.155, the commission may not deny, suspend, or revoke a license under this subchapter based on the fact that a video lottery terminal establishment or a proposed video lottery terminal establishment is a location for which a person holds a wine and beer retailer's permit, mixed beverage permit, mixed beverage late hours permit, private club registration permit, or private club late hours permit, issued under Chapter 25,

28, 29, 32, or 33, Alcoholic Beverage Code.

Sec. 466.526. LICENSE HOLDER AS SALES AGENT. The holder of a video lottery retailer or video lottery manager license may operate as a sales agent for lottery tickets in accordance with this chapter.

Sec. 466.527. TERM OF LICENSE, REGISTRATION, OR APPROVAL; RENEWAL ELIGIBILITY. (a) Unless suspended or revoked, a license, certificate of registration, or approval issued under this subchapter expires:

(1) except as provided by Subdivision (2), on the date specified in the license, which may not be later than the fifth anniversary of the date of issuance; or

(2) for a video lottery retailer license held by a pari-mutuel license holder, on the date the person's pari-mutuel license expires.

(b) To be eligible for renewal of a license or certificate, an applicant must satisfy all applicable licensing, registration, or approval requirements under this subchapter, including payment of any renewal fee charged by the commission to cover costs of administering a renewal application.

Sec. 466.528. RULES FOR ADDITIONAL LICENSE QUALIFICATIONS. The commission by rule may establish other license qualifications the commission determines are in the public interest and consistent with the declared policy of this state.

Sec. 466.529. APPLICATION AS REQUEST FOR CHARACTER DETERMINATION. An application under this subchapter to receive or renew a license, registration, or approval or to be found suitable constitutes a request for a determination of the applicant's general character, integrity, and ability to participate or engage in or be associated with the operation of video lottery terminals.

Sec. 466.530. IMMUNITY FOR STATEMENT MADE IN PROCEEDING OR INVESTIGATION. Any written or oral statement made in the course of an official commission proceeding or investigative activities related to an application for commission licensing, registration, or other approval under this subchapter, by any member or agent or any witness testifying under oath that is relevant to the purpose of the proceeding is absolutely privileged and does not impose

liability for defamation or constitute a ground for recovery in any civil action.

Sec. 466.531. SUITABILITY FINDING. To promote the integrity and security of the lottery, the commission in its discretion may require a suitability finding for any person doing business with or in relation to the operation of video lottery terminals who is not otherwise required to obtain a license, registration, or approval from the commission for the person's video lottery-related operations.

Sec. 466.532. SUMMARY SUSPENSION OF VIDEO LOTTERY RETAILER OR VIDEO LOTTERY MANAGER LICENSE; TERMINAL DISABLED. (a) The commission may summarily suspend the license of a video lottery retailer or video lottery manager without notice or hearing if the commission finds the action is necessary to maintain the integrity, security, honesty, or fairness of the operation or administration of the lottery or to prevent financial loss to this state and:

(1) the license holder fails to deposit money received from video lottery terminal operations as required by this chapter or commission rule;

(2) an event occurs that would render the license holder ineligible for a license under this subchapter;

(3) the license holder refuses to allow the commission, the commission's agents, or the state auditor, or their designees, to examine the license holder's books, records, papers, or other objects under Section 466.017; or

(4) the executive director learns the license holder failed to disclose information that would, if disclosed, render the video lottery retailer or video lottery manager ineligible for a license under this subchapter.

(b) A summary suspension under this section must comply with the notice and procedure requirements provided by Section 466.160.

(c) The commission may disable a video lottery terminal operated by a license holder under this subchapter at the time:

(1) a proceeding to summarily suspend the license is initiated;

(2) the commission discovers the license holder failed to deposit money received from video lottery terminal operation as

required if the license is being summarily suspended under this section; or

(3) an act or omission occurs that, under commission rules, justifies the termination of video lottery terminal operations to:

(A) protect the integrity of the lottery or the public health, welfare, or safety; or

(B) prevent financial loss to this state.

(d) The commission shall immediately disable a video lottery terminal if necessary to protect the public health, welfare, or safety.

Sec. 466.533. LICENSING, REGISTRATION, SUITABILITY, AND REGULATORY APPROVAL AS REVOCABLE PERSONAL PRIVILEGES. (a) An applicant for a license, registration, suitability, or other affirmative regulatory approval under this subchapter does not have any right to the license, registration, suitability, or approval sought.

(b) Any license, registration, or suitability or other regulatory approval granted under this subchapter is a revocable privilege, and a holder of the privilege does not acquire any vested right in or under the privilege.

(c) The courts of this state do not have jurisdiction to review a decision to deny, limit, or condition the license, registration, suitability, or approval unless the judicial review is sought on the ground that the denial, limitation, or condition is based on a suspect classification, such as race, color, religion, sex, or national origin, in violation of the Equal Protection Clause of the Fourteenth Amendment to the United States Constitution. The state court must affirm the commission's action unless the violation is proven by clear and convincing evidence. If a state court has jurisdiction over a claim under this section, then this state's sovereign immunity is waived only to the extent expressly provided by Section 466.601.

(d) A license, registration, suitability, or regulatory approval granted or renewed under this subchapter may not be transferred or assigned to another person, and a license, registration, suitability, or approval may not be pledged as

collateral. The purchaser or successor of a person who has been granted a license, registration, suitability, or regulatory approval must independently qualify for a license, registration, suitability, or approval required by this subchapter.

(e) The following acts void the license, registration, suitability, or other regulatory approval of the holder unless approved in advance by the commission:

(1) the transfer, sale, or other disposition of an interest in the holder that results in a change in the identity of a substantial interest holder; or

(2) the sale of the assets of the holder, other than assets bought and sold in the ordinary course of business, or any interest in the assets, to any person not already determined to have met the applicable qualifications of this subchapter.

Sec. 466.535. CAPITAL INVESTMENTS AND IMPROVEMENT REQUIREMENTS FOR VIDEO LOTTERY TERMINAL ESTABLISHMENT. (a) A video lottery retailer or video lottery manager shall provide all necessary capital investments and required improvements at a video lottery terminal establishment operated by the retailer or manager.

(b) The commission may not issue a license for the operation of a video lottery terminal establishment at a class 2 racetrack that has not made at least \$20 million in capital investments or improvements to new or existing facilities at the racetrack.

Sec. 466.536. VIDEO LOTTERY TERMINAL: PROCUREMENT AND FEE. (a) The commission shall provide all video lottery retailers or video lottery managers with a list of registered video lottery terminal providers, video lottery games, and video lottery terminals authorized for operation under this subchapter.

(b) At the time and in the manner prescribed by commission rule, a video lottery retailer or video lottery manager shall pay to the commission a fee of \$5,000 for each video lottery terminal delivered to the video lottery terminal establishment operated by the retailer or manager. The commission by rule may allow a video lottery retailer or video lottery manager to replace a malfunctioning video lottery terminal without paying the fee required by this subsection.

Sec. 466.537. VIDEO LOTTERY TERMINAL: DISTRIBUTION AND

COMMISSION APPROVAL. (a) A video lottery terminal provider may not distribute a video lottery terminal or other video lottery equipment for placement at a video lottery terminal establishment in this state unless the video lottery terminal has been approved by the commission.

(b) Only a video lottery terminal provider registered with or approved by the commission may apply for approval of a video lottery terminal or other video lottery equipment.

(c) Not later than the 10th day before the date of shipment to a location in this state, a video lottery terminal provider shall file a report with the commission itemizing all video lottery terminals and other video lottery equipment to be provided to a video lottery retailer or video lottery manager in the shipment.

Sec. 466.538. VIDEO LOTTERY TERMINAL: TESTING; REPORT. (a) A video lottery terminal provider shall submit two copies of terminal illustrations, schematics, block diagrams, circuit analysis, technical and operation manuals, and any other information requested by the commission for the purpose of analyzing and testing the video lottery terminal or other video lottery equipment.

(b) The commission may require up to four working models of a video lottery terminal to be transported to a location designated by the commission for testing, examination, and analysis. The video lottery terminal provider shall pay all the costs of testing, examination, analysis, and transportation of the models. The testing, examination, and analysis of video lottery terminals may require dismantling of the terminal, and some tests may result in damage or destruction to one or more electronic components of the model. The commission may require a video lottery terminal provider to provide specialized equipment or pay for an independent technical expert or laboratory to test the terminal.

(c) The video lottery terminal provider shall pay the cost of transporting up to four video lottery terminals to the headquarters of the commission or a location designated by the commission. The commission shall conduct an acceptance test to determine terminal functions and compatibility with the video lottery central system. At the expense of the video lottery

terminal provider, the commission may contract with an independent technical expert or laboratory to determine compatibility and terminal functions. If the video lottery terminal fails the acceptance test conducted by the commission, the video lottery terminal provider shall make all modifications required by the commission before distribution in this state.

(d) After each test under this section has been completed, the commission shall provide the video lottery terminal provider with a report containing findings, conclusions, and pass or fail results. The report may contain recommendations for modifications to bring a video lottery terminal into compliance with this chapter and commission standards.

(e) Before approving a particular video lottery terminal model, the commission may require a field trial period not to exceed 60 days for a licensed video lottery terminal establishment to test the terminal. During the trial period, modifications may not be made to the video lottery terminal model unless approved by the commission.

Sec. 466.539. VIDEO LOTTERY TERMINAL: INSTALLATION; MODIFICATION REQUEST. (a) A video lottery terminal provider is responsible for the assembly and installation of all video lottery terminals and other video lottery equipment.

(b) A video lottery terminal provider or a video lottery retailer or video lottery manager may not change the assembly or operational functions of a video lottery terminal authorized by the commission for placement in this state unless a request for modification of an existing video lottery terminal prototype is approved by the commission. The request must contain:

- (1) a detailed description of the type of change;
- (2) a detailed description of the reasons for the change; and
- (3) technical documentation of the change.

(c) A video lottery terminal approved by the commission for placement at a video lottery terminal establishment must conform to the exact specifications of the video lottery terminal prototype tested and approved by the commission.

Sec. 466.540. VIDEO LOTTERY TERMINAL REMOVAL. (a) If any

video lottery terminal that has not been approved by the commission is distributed by a video lottery terminal provider or operated by a video lottery retailer or video lottery manager or if an approved video lottery terminal malfunctions, the commission shall require the terminal to be removed from use and play.

(b) The commission may order that an unapproved terminal be seized and destroyed and that a malfunctioning terminal not repaired and returned to play within 30 days or as otherwise prescribed by the commission be disposed of in compliance with Section 466.543(b).

(c) The commission may suspend or revoke the license of a video lottery retailer or video lottery manager or the registration of a video lottery terminal provider for the distribution, possession, or operation of an unauthorized video lottery terminal.

Sec. 466.541. VIDEO LOTTERY TERMINAL SPECIFICATIONS. (a) The commission shall adopt rules for approval of video lottery terminals, including requirements for video lottery game tickets, maximum and minimum payout, and maximum wagers.

(b) A commission-approved video lottery terminal must meet the following minimum specifications:

(1) the terminal must:

(A) operate through a player's insertion of a coin, currency, voucher, or token into the video lottery terminal that causes the video lottery terminal to display credits that entitle the player to select one or more symbols or numbers or cause the video lottery terminal to randomly select symbols or numbers;

(B) allow the player to win additional game play credits, coins, or tokens based on game rules that establish the random selection of winning combinations of symbols or numbers and the number of free play credits, coins, or tokens to be awarded for each winning combination; and

(C) allow the player at any time to clear all game play credits and receive a video lottery ticket entitling the player to receive the cash value of those credits;

(2) a surge protector must be installed on the electrical power supply line to each video lottery terminal, a battery or equivalent power backup for the electronic meters must

be capable of maintaining the accuracy of all accounting records and video lottery terminal status reports for a period of 180 days after power is disconnected from the video lottery terminal, and the power backup device must be in the compartment specified in Subdivision (4);

(3) the operation of each video lottery terminal may not be adversely affected by any static discharge or other electromagnetic interference;

(4) the main logic boards of all electronic storage mediums must be located in a separate compartment in the video lottery terminal that is locked and sealed by the commission;

(5) the instructions for play of each game must be displayed on the video lottery terminal face or screen, including a display detailing the credits awarded for the occurrence of each possible winning combination of numbers or symbols;

(6) communication equipment and devices must be installed to enable each video lottery terminal to communicate with the video lottery central system through the use of a communications protocol provided by the commission to each registered video lottery terminal provider, which must include information retrieval and programs to activate and disable the terminal; and

(7) a video lottery terminal may be operated only if connected to the video lottery central system, and play on the terminal may not be conducted unless the terminal is connected to the video lottery central system.

(c) The commission may reject any instructions for play required under Subsection (b)(5) that the commission determines to be incomplete, confusing, or misleading.

Sec. 466.542. VIDEO LOTTERY TERMINALS: HOURS OF OPERATION; COMMUNICATION; LOCATION. (a) The hours of operation for video lottery terminals are subject to restrictions or other conditions provided by commission rules.

(b) The commission by rule may prescribe restrictions or conditions on the hours of video lottery terminal operations for purposes determined by the commission, including accounting for and collecting revenue generated by video lottery terminal operations

and performing other operational services on the video lottery system.

(c) Communication between the video lottery central system and each video lottery terminal must be continuous and on a real-time basis as prescribed by the commission.

(d) Except as provided by a gaming agreement, placement or movement of video lottery terminals in a video lottery terminal establishment must be consistent with a commission-approved video lottery terminal establishment floor plan.

Sec. 466.543. VIDEO LOTTERY TERMINAL: TRANSPORT; DISPOSITION OF OBSOLETE TERMINAL. (a) The transportation and movement of video lottery terminals into or within this state is prohibited, except as permitted by this subchapter and approved by the commission.

(b) An obsolete video lottery terminal or a video lottery terminal that is no longer in operation must be promptly reported to the commission and, if taken out of use and play, must immediately be sold or otherwise transferred to a registered video lottery terminal provider or another person in a jurisdiction outside this state for use in that jurisdiction.

Sec. 466.544. VIDEO LOTTERY TERMINALS: MAXIMUM NUMBER. (a) The commission by rule shall establish the maximum number of video lottery terminals that may be operated at each video lottery terminal establishment operated by a video lottery retailer or video lottery manager based on factors prescribed by commission rule, including demographics, to ensure that the number of permits to operate video lottery terminals requested by the retailer or manager is not detrimental to the public health, safety, welfare, and economic development of this state and will result in the optimization of revenue to fund state governmental programs.

(b) The commission shall determine the number of video lottery terminals that may be operated by an Indian tribe in connection with the tribe's video lottery system in accordance with the applicable gaming agreement entered into pursuant to this chapter and the criteria prescribed by Subsection (a).

Sec. 466.5445. REGISTRATION OF VIDEO LOTTERY TERMINALS. (a) A video lottery retailer or video lottery manager may not operate or

display a video lottery terminal for play in this state unless the terminal is annually registered with the commission in accordance with this section and the registration certificate is affixed to the terminal.

(b) To obtain a registration certificate under this section, a person must:

(1) file with the commission a registration application on a form prescribed by the commission; and

(2) pay a \$1,000 registration fee to the commission for each video lottery terminal that is the subject of the application.

(c) Chapter 2153 does not apply to a video lottery terminal.

Sec. 466.545. LICENSE AND REGISTRATION INVESTIGATIVE TRUST FUND. (a) The investigative trust fund is created as a trust fund to pay all expenses incurred by the commission related to oversight investigations of applicants for a license, registration, or approval and of license, registration, or approval holders.

(b) The commission shall determine the amount initially deposited and the amount maintained in the fund by each applicant or license, registration, or approval holder and shall administer the money in the fund as a revolving fund available to the commission.

(c) If the commission does not receive the initial deposit required by Subsection (b) before the 30th day following the date the commission notifies the applicant or license, registration, or approval holder of the initial deposit amount, the commission may not issue or renew the license, registration, or approval. The investigative trust fund is in the state treasury and is held in trust with the comptroller's treasury operations division.

(d) Expenses may be advanced from the investigative fund, and expenditures may be made from the fund without regard to any other state law regarding travel expenses of state employees.

(e) The commission at least quarterly shall provide each applicant or license, registration, or approval holder a written accounting of the costs and charges incurred in oversight investigations for that applicant or holder. An applicant or a license, registration, or approval holder shall deposit money not later than the 10th day after receipt of the accounting to maintain

the fund balance required by the commission.

(f) If an applicant for a license, registration, or approval is not licensed, registered, or approved, or if a license, registration, or approval is not renewed, the commission shall refund to the applicant or holder any balance in the fund paid by the applicant or holder not offset by costs incurred in an investigation for that applicant or holder.

Sec. 466.546. CONSENT TO COMMISSION DETERMINATION. (a) An application for a license, registration, finding of suitability, or other approval under this chapter constitutes a request to the commission for a decision on the applicant's general suitability, character, integrity, and ability to participate or engage in or be associated with the lottery in the manner or position sought.

(b) By filing an application with the commission, the applicant specifically consents to the commission's decision at the commission's election when the application, after filing, becomes moot for any reason other than death.

Sec. 466.547. ABSOLUTE AUTHORITY OF COMMISSION. To protect the integrity of the lottery or the public health, welfare, or safety, or to prevent financial loss to this state, the commission has full and absolute power and authority to:

(1) deny any application or limit, condition, restrict, revoke, or suspend any license, registration, or finding of suitability or approval; and

(2) fine any person licensed, registered, found suitable, or approved for any cause deemed reasonable by the commission.

Sec. 466.548. WAIVER OF REQUIREMENTS. (a) The commission may waive, either selectively or by general rule, one or more of the requirements of Sections 466.512 and 466.521 if the commission makes a written finding that the waiver is consistent with the policy of this state, the public health, safety, and welfare, and the integrity of the lottery.

(b) The commission may waive any requirement under this chapter for a finding of suitability of an institutional investor that is a substantial interest holder with respect to the beneficial ownership of the voting securities of a publicly traded

corporation if the institutional investor holds the securities for investment purposes only and applies for a waiver in compliance with Section 466.549 and commission rules.

(c) An institutional investor is not eligible for the waiver, except as otherwise provided by Subsection (f), if the institutional investor beneficially owns, directly or indirectly, more than 15 percent of the voting securities and if any of the voting securities were acquired other than through a debt restructuring.

(d) Voting securities acquired before a debt restructuring and retained after a debt restructuring or as a result of an exchange, exercise, or conversion after a debt restructuring, or any securities issued to the institutional investor through a debt restructuring, are considered to have been acquired through a debt restructuring.

(e) A waiver granted under Subsection (b) is effective only as long as the institutional investor's direct or indirect beneficial ownership interest in the voting securities meets the limitations set forth in this section, and if the institutional investor's interest exceeds the limitation at any time, the investor is subject to the suitability findings required under this subchapter.

(f) An institutional investor that has been granted a waiver under Subsection (b) may beneficially own more than 15 percent, but not more than 19 percent, of the voting securities of a publicly traded corporation registered with or licensed by the commission only:

(1) if the additional ownership results from a stock repurchase program conducted by the publicly traded corporation; and

(2) on the conditions that:

(A) the institutional investor does not purchase or otherwise acquire any additional voting securities of the publicly traded corporation that would result in an increase in the institutional investor's ownership percentage; and

(B) the institutional investor reduces its ownership percentage of the publicly traded corporation to 15

percent or less before the first anniversary of the date the institutional investor receives constructive notice that it exceeded the 15 percent threshold, based on any public filing by the corporation with the United States Securities and Exchange Commission.

(g) The one-year time period under Subsection (f)(2)(B) may be extended for a reasonable time on commission approval.

(h) An institutional investor may not be considered to hold voting securities of a publicly traded corporation for investment purposes only unless the voting securities were acquired and are held in the ordinary course of business as an institutional investor and not for the purpose of causing, directly or indirectly, the election of a majority of the members of the board of directors, any change in the corporate charter, bylaws, management, policies, or operations of the corporation registered with or licensed by the commission or any of its gaming affiliates, or any other action which the commission finds to be inconsistent with investment purposes only. The following activities may not be considered to be inconsistent with holding voting securities for investment purposes only:

(1) voting, directly or indirectly through the delivery of a proxy furnished by the board of directors, on all matters voted on by the holders of the voting securities;

(2) serving as a member of any committee of creditors or security holders formed in connection with a debt restructuring;

(3) nominating any candidate for election or appointment to the board of directors in connection with a debt restructuring;

(4) accepting appointment or election as a member of the board of directors in connection with a debt restructuring and serving in that capacity until the conclusion of the member's term;

(5) making financial and other inquiries of management of the type normally made by securities analysts for information purposes and not to cause a change in management, policies, or operations; and

(6) any other activity the commission determines to be consistent with the investment intent.

(i) For purposes of this section, "debt restructuring" means:

(1) a proceeding under the United States Bankruptcy Code; or

(2) any out-of-court reorganization of a person that is insolvent or generally unable to pay the person's debts as they become due.

Sec. 466.549. WAIVER APPLICATION REQUIREMENTS. An application for a waiver under Section 466.548(b) must include:

(1) a description of the institutional investor's business and a statement as to why the institutional investor meets the definition of an institutional investor set forth in this chapter;

(2) a certification, made under oath and penalty of perjury, that:

(A) states that the voting securities were acquired and are held for investment purposes only in accordance with Section 466.548;

(B) provides that the applicant agrees to be bound by and comply with this chapter and the rules adopted under this chapter, to be subject to the jurisdiction of the courts of this state, and to consent to this state as the choice of forum in the event any dispute, question, or controversy arises regarding the application or any waiver granted under Section 466.548(b); and

(C) includes a statement by the signatory explaining the basis of the signatory's authority to sign the certification and bind the institutional investor to its terms;

(3) a description of all actions, if any, taken or expected to be taken by the institutional investor related to the activities described in Section 466.548(f);

(4) the names, addresses, telephone numbers, dates of birth, and social security numbers of:

(A) the officers and directors of the institutional investor or the officers' and directors' equivalents; and

(B) the persons that have direct control over the institutional investor's holdings of voting securities of the

publicly traded corporation registered with or licensed by the commission;

(5) the name, address, telephone number, date of birth, and social security number or federal tax identification number of each person who has the power to direct or control the institutional investor's exercise of its voting rights as a holder of voting securities of the publicly traded corporation registered with or licensed by the commission;

(6) the name of each person that beneficially owns more than five percent of the institutional investor's voting securities or other equivalent;

(7) a list of the institutional investor's affiliates;

(8) a list of all securities of the publicly traded corporation registered with or licensed by the commission that are or were beneficially owned by the institutional investor or its affiliates in the preceding year, including a description of the securities, the amount of the securities, and the date of acquisition or sale of the securities;

(9) a list of all regulatory agencies with which the institutional investor or any affiliate that beneficially owns voting securities of the publicly traded corporation registered with or licensed by the commission files periodic reports, and the name, address, and telephone number of the person, if known, to contact at each agency regarding the institutional investor;

(10) a disclosure of all criminal or regulatory sanctions imposed during the preceding 10 years and of any administrative or court proceedings filed by any regulatory agency during the preceding five years against the institutional investor, its affiliates, any current officer or director, or any former officer or director whose tenure ended within the preceding 12 months, except that for a former officer or director, the information need be provided only to the extent that it relates to actions arising out of or during the person's tenure with the institutional investor or its affiliates;

(11) a copy of the institutional investor's most recent Schedule 13D or 13G and any amendments to that schedule filed with the United States Securities and Exchange Commission

concerning any voting securities of the publicly traded corporation registered with or licensed by the commission;

(12) a copy of any filing made under the Securities Exchange Act of 1934 (15 U.S.C. Section 78a et seq.) with respect to the acquisition or proposed acquisition of voting securities of the publicly traded corporation registered with or licensed by the commission; and

(13) any additional information the commission may request.

Sec. 466.550. CHANGE IN INVESTMENT FOLLOWING WAIVER; NOTICE. (a) An institutional investor that has been granted a waiver of a finding of suitability under Section 466.548 and that subsequently intends not to hold the investor's voting securities of the publicly traded corporation for investment purposes only or that intends to take any action inconsistent with the investor's prior intent shall, not later than the second business day after the date of the decision, deliver notice to the commission in writing of the change in the investor's investment intent. The commission may then take any action the commission deems appropriate.

(b) If the commission finds that an institutional investor has failed to comply with this chapter or should be subject to a finding of suitability to protect the public interest, the commission may require the institutional investor to apply for a finding of suitability.

(c) Any publicly traded corporation registered with or licensed by the commission shall immediately notify the commission of any information about, fact concerning, or actions of an institutional investor holding any of its voting securities that may materially affect the institutional investor's eligibility to hold a waiver under Section 466.548.

Sec. 466.551. EFFECT OF DENIAL OF LICENSE OR REGISTRATION.

(a) A person whose application for a license or registration has been denied may not have any interest in or association with a video lottery retailer or video lottery manager or any other business conducted in connection with video lottery without prior approval of the commission.

(b) Any contract between a person holding a license or

registration and a person denied a license or registration must be terminated immediately. If the person denied a license or registration has previously been granted a temporary license or registration, the temporary license or registration expires immediately on denial of the permanent license or registration.

(c) Except as otherwise authorized by the commission, a person denied a license or registration may not reapply for any license or registration before the second anniversary of the date of the denial.

Sec. 466.553. PRACTICE BY VIDEO LOTTERY RETAILER OR VIDEO LOTTERY MANAGER. A video lottery retailer or video lottery manager must:

(1) be aware of patron conditions and prohibit play by visibly intoxicated patrons;

(2) comply with state alcoholic beverage control laws;

(3) at all times maintain sufficient change and cash in denominations accepted by video lottery terminals;

(4) promptly report all video lottery terminal malfunctions and down-time;

(5) install, post, and display prominently any material required by the commission;

(6) prohibit illegal gambling and any related paraphernalia;

(7) except as otherwise provided by this chapter, at all times prohibit money lending or other extensions of credit at the video lottery terminal establishment;

(8) supervise employees and activities to ensure compliance with all commission rules and this chapter;

(9) maintain continuous camera coverage of all aspects of video lottery game operations, including video lottery terminals; and

(10) maintain an entry log for each video lottery terminal on the premises of the video lottery terminal establishment and maintain and submit complete records on receipt of each video lottery terminal on the premises as determined by the commission.

Sec. 466.554. RACETRACK REQUIREMENTS. (a) Except as

provided by Section 466.520(b), other law, or this section, a video lottery retailer at all times must hold a valid pari-mutuel wagering license. The commission may allow a video lottery retailer whose pari-mutuel wagering license has lapsed or been revoked, suspended, or surrendered to reapply for a license in order to operate the video lottery terminal establishment or by rule may establish a period not to exceed two years during which time the video lottery terminal establishment may be operated pending acquisition by a person qualified and licensed under this chapter to operate video lottery terminals.

(b) If a video lottery retailer is not licensed as required by Subsection (a) before the second anniversary of the date a license lapses or is revoked, suspended, or surrendered or a new video lottery manager or video lottery retailer is not licensed and authorized to operate the facility before the second anniversary, the racetrack shall permanently lose eligibility under this chapter to operate video lottery terminals.

(c) Subject to the commission's discretion, a video lottery retailer may continue to operate the video lottery terminal establishment after the second anniversary of the date a license lapses or is revoked, suspended, or surrendered only to satisfy the establishment's existing outstanding debt attributable to video lottery operation.

Sec. 466.556. PRIZE RULES. The commission shall adopt rules governing:

(1) the amount a player may be charged to play each video lottery game; and

in an amount determined by the commission not to exceed \$250,000 for each violation. If the license holder fails to remedy the violation, including payment of any amounts assessed by or due to this state, within 10 days, the commission may disable the license holder's video lottery terminals or use any other means for collection as provided by the penalty chart established by the commission.

(j) A video lottery retailer or video lottery manager is solely responsible for resolving any income discrepancies between actual money collected and the net terminal income reported by the video lottery central system. Any accounting discrepancies which cannot otherwise be resolved shall be resolved in favor of the commission.

(k) A video lottery retailer and video lottery manager shall remit payment as directed by the commission if the electronic transfer of money is not operational or the commission notifies the license holder that other remittance is required. (c) If the video lottery retailer or video lottery manager is not an individual, each officer, director, or owner of the video lottery retailer or video lottery manager is personally liable to the commission for the full amount of the money held in trust, except that shareholders of a publicly held corporation shall be liable in an amount not to exceed the value of their equity investment.

Sec. 466.596. PRIZE PAYMENT AND REDEMPTION. (a) Payment of prizes is the sole and exclusive responsibility of the video lottery retailer or video lottery manager. A prize may not be paid by the commission or this state except as otherwise authorized.

Sec. 466.597. REVOCATION OF LICENSE, REGISTRATION, OR OTHER REGULATORY APPROVAL. (a) The commission shall revoke or suspend a license, registration, or other regulatory approval issued under this subchapter if the holder of the license, registration, or approval at any time fails to meet the eligibility requirements set forth in this subchapter.

(b) Failure to timely remit revenue generated by video lottery terminals to the commission or any tax or other fee owed to this state as demonstrated by report from the applicable taxing authority or to timely file any report or information required under this subchapter as a condition of any license, registration, or other approval issued under this subchapter may be grounds for suspension or revocation, or both, of a license, registration, or other approval issued under this subchapter.

Sec. 466.598. HEARING FOR REVOCATION OR SUSPENSION OF REGISTRATION OR LICENSE. (a) Before the commission revokes or suspends a video lottery terminal provider's registration or video lottery retailer's or video lottery manager's license, or imposes monetary penalties for a violation of this subchapter, the commission shall provide written notification to the license or

registration holder of the revocation, the period of suspension, or the monetary penalty. The notice shall include:

(2) each reason for the revocation, suspension, or penalty;

(3) an explanation of the evidence supporting the reasons;

(4) an opportunity to present the license or registration holder's position in response on or before the 15th day after the effective date of the revocation; and

(c) To obtain an administrative hearing on a suspension, revocation, or penalty under this section, a person must submit a written request for a hearing to the commission not later than the 20th day after the date notice is delivered personally or is mailed.

(d) If the commission receives a timely request under Subsection (c), the commission shall provide the person with an opportunity for a hearing as soon as practicable. If the commission does not receive a timely request under Subsection (c), the commission may impose the penalty, revoke or suspend a license or registration, or sustain the revocation or suspension without a hearing.

(e) Except as provided by Subsection (f) the hearing must be held not earlier than the 11th day after the date the written request is submitted to the commission.

(f) The commission may provide that a revocation or suspension takes effect on receipt of notice under Subsection (a) if the commission finds that the action is necessary to prevent or remedy a threat to public health, safety, or welfare. The commission by rule shall establish a nonexclusive list of violations that present a threat to the public health, safety, or

welfare.

(g) A hearing on a revocation or suspension that takes effect on receipt of notice must be held not later than the 14th day after the date the commission receives the request for hearing under this section. The revocation or suspension continues in effect until the hearing is completed. If the hearing is continued, the revocation or suspension shall continue in effect beyond the 14-day period at the request of the license or registration holder or on a finding of good cause by the commission or administrative law judge.

(h) To prevail in a post-deprivation administrative hearing under this section, the license or registration holder must demonstrate by clear and convincing evidence that the deprivation or imposition of a penalty was unwarranted or otherwise unlawful. The post-deprivation hearing may be conducted by the commission or referred to the State Office of Administrative Hearings.

(i) The administrative record created by the hearing conducted by the State Office of Administrative Hearings shall be provided to the commission for review and determination on the revocation or suspension.

(j) If an administrative law judge of the State Office of Administrative Hearings conducts a hearing under this section and the proposal for decision supports the commission's position, the administrative law judge shall include in the proposal a finding of the costs, fees, expenses, and reasonable and necessary attorney's fees this state incurred in bringing the proceeding.

(k) The commission may adopt the findings for costs, fees, and expenses and make the finding a part of the final order entered in the proceeding. Proceeds collected from a finding made under this section shall be paid to the commission.

Sec. 466.599. JUDICIAL REVIEW OF REVOCATION, SUSPENSION, OR PENALTY IMPOSITION. (a) A person aggrieved by a final decision of the commission to revoke or suspend a registration or license or to impose any monetary penalty may obtain judicial review before a district court in Travis County.

(b) The judicial review must be instituted by serving on the commission and filing a petition not later than the 20th day after

the effective date of the final decision and must identify the order appealed from and the grounds or reason why the petitioner contends the decision of the commission should be reversed or modified.

(c) The review must be conducted by the court sitting without jury, and must not be a trial de novo but is confined to the record on review. The reviewing court may only affirm the decision, remand the case for further proceedings, or reverse the decision if the substantial rights of the petitioner have been violated.

(d) If any court of competent jurisdiction concludes on judicial review limited to the administrative record before the commission and subject to the substantial evidence standard that the deprivation or penalty was unwarranted or otherwise unlawful, the sole remedy available is invalidation of the penalty or reinstatement of the license or registration and the continued distribution, manufacture, or operation of video lottery terminals.

(e) The commission, this state, or the members, officers, employees, and authorized agents of either are not under any circumstances subject to monetary damages, attorney's fees, or court costs resulting from the penalty or license or registration revocation.

Sec. 466.600. LICENSE OR REGISTRATION: AGREEMENT TO WAIVE ENFORCEABILITY. A license or registration holder by virtue of accepting the license or registration agrees that the privilege of holding a license or registration under this subchapter is conditioned on the holder's agreement to Sections 466.597-466.599 and waives any right to challenge or otherwise appeal the enforceability of those sections.

Sec. 466.601. LIMITED WAIVER OF SOVEREIGN IMMUNITY; NO LIABILITY OF STATE FOR ENFORCEMENT. (a) This state does not waive its sovereign immunity by negotiating gaming agreements with Indian tribes or other persons for the operation of video lottery terminals or other lottery games under this chapter. An actor or agent on behalf of this state does not have any authority to waive the state's sovereign immunity absent an express legislative grant of the authority. The only waiver of sovereign immunity relative to video lottery terminal operations is that expressly provided for in

this section.

(b) With regard to video lottery terminal operations on Indian lands, this state consents to the jurisdiction of the District Court of the United States with jurisdiction in the county where the Indian lands are located, or if the federal court lacks jurisdiction, to the jurisdiction of a district court in Travis County, solely for the purpose of resolving disputes arising from a gaming agreement authorized under this subchapter for declaratory or injunctive relief or contract damages of \$100,000 or more. Any disputes relating to damages or other awards valued at less than \$100,000 shall be arbitrated under the rules of the American Arbitration Association, provided, however, that application of the rules may not be construed as a waiver of sovereign immunity.

(c) All financial obligations of the commission are payable solely out of the income, revenues, and receipts of the commission and are subject to statutory restrictions and appropriations.

(d) This state and the commission are not liable if performance by the commission is compromised or terminated by acts or omissions of the legislature or the state or federal judiciary.

(e) This state and the commission are not liable related to any enforcement of this chapter.

Sec. 466.602. ABSOLUTE PRIVILEGE OF REQUIRED COMMUNICATIONS AND DOCUMENTS. (a) Any communication, document, or record of a video lottery central system provider, video lottery terminal provider, video lottery retailer, or video lottery manager, an applicant, or a license or registration holder or holder of a regulatory approval that is made or transmitted to the commission or any of its employees to comply with any law, including a rule of the commission, to comply with a subpoena issued by the commission, or to assist the commission or its designee in the performance of their respective duties is absolutely privileged, does not impose liability for defamation, and is not a ground for recovery in any civil action.

(b) If a communication, document, or record provided under Subsection (a) contains any information that is privileged under state law, that privilege is not waived or lost because the communication, document, or record is disclosed to the commission

or any of the commission's employees.

(c) The commission shall maintain all privileged information, communications, documents, and records in a secure place as determined in the commission's sole discretion that is accessible only to members of the commission and authorized commission employees.

Between the [Name of Tribe]
and the STATE OF TEXAS

This agreement is made and entered into by and between the [Name of Tribe], a federally recognized Indian Tribe ("Tribe"), and the State of Texas ("State"), with respect to the operation of video lottery terminals (as defined by Section 466.002, Texas Government Code) on the Tribe's Indian lands (as defined by Chapter 466, Texas Government Code).

SECTION 1.0. TITLE.

Sec. 1.1. This document shall be referred to as "The [Name of Tribe] and State of Texas gaming agreement."

SECTION 4.0. RECITALS.

Sec. 4.1. This agreement governs all operations of video lottery terminals as defined by Section 466.002, Texas Government Code, on the Tribe's Indian lands.

Sec. 4.2. A principal goal of Federal Indian policy is to promote tribal economic development and tribal self-sufficiency. The State and the Tribe find the goal to be consistent with applicable federal law, state public policy, and the public health, safety, and welfare to regulate video lottery terminals on Indian lands in accordance with this gaming agreement.

Sec. 4.3. The Tribe is a federally recognized Indian tribe possessing sovereign powers and rights of self-government. The Tribe's governing body has authorized the officials of the Tribe to enter into contracts and agreements of every description, including this gaming agreement, with the State.

Sec. 4.4. The Tribe exercises governmental authority within the [name of Reservation] (the "Reservation"), which for purposes of this gaming agreement means those lands within the current boundaries of the Reservation and any other Indian lands over which the Tribe exercises governmental authority.

Sec. 4.5. The State of Texas is a state of the United States of America possessing the sovereign powers and rights of a state. The State has a legitimate sovereign interest in regulating the growth of Class III gaming activities in Texas. Mindful of that interest, the State of Texas, pursuant to Chapter 466, Texas Government Code, authorized certain gaming agreements with Indian tribal governments in the State of Texas to permit the operation of video lottery terminals on Indian lands. It is the general policy

of the State to prohibit commercial gambling throughout the state. The exceptions to this prohibition are limited under Texas law to specified types of gaming and to limited locations that meet specific criteria. Any gaming not expressly authorized is prohibited.

Sec. 4.6. The parties recognize that this agreement provides the Tribe substantial benefits that create a unique opportunity for the Tribe to operate video lottery terminals in an economic environment of limited competition from gaming on non-Indian lands in Texas, with the operation of video lottery games on non-Indian lands restricted to licensed racetracks in existence in 2005 or racetracks for which a license application was filed on or before June 1, 2005, and to a limited number of licensed tourist destinations in locations that provide the Tribe with a substantial exclusive territory for its video lottery terminal operations. The parties are mindful that this unique environment is of economic value to the Tribe. In consideration for the substantial rights enjoyed by the Tribe, and in further consideration for the State's willingness to enter into this gaming agreement and allow the Tribe the opportunity to operate video lottery terminals connected to the State's video lottery system, the Tribe has agreed to provide to the State, on a sovereign-to-sovereign basis, a portion of revenue generated by video lottery terminals on Indian lands and to collect and remit to the comptroller State sales and use taxes and State taxes on motor fuels, alcoholic beverages, cigarettes and tobacco products, and hotel occupancy generated at a video lottery terminal establishment. The requirement to collect and remit these State taxes does not apply to an item sold to or used or consumed by a Tribe member.

Sec. 4.7. The Tribe desires to offer the play of video lottery terminals, as a means of generating revenue for the support of tribal governmental programs, such as health care, housing, sewer and water projects, police, corrections, fire, judicial services, highway and bridge construction, general assistance for tribal elders, day care for the children, economic development, educational opportunities, and other typical and valuable

governmental services and programs for tribal members.

Sec. 4.8. The State recognizes that the positive effects of this gaming agreement may extend beyond the Tribe's lands to the Tribe's neighbors and surrounding communities and will generally benefit all of Texas. These positive effects and benefits may include not only those described in Section 4.7, but also may include increased tourism and related economic development activities that, through the Tribe's revenue sharing with the State, will generate additional funds for state governmental programs.

Sec. 4.9. The Tribe and the State jointly wish to protect their citizens from any criminal involvement in the gaming operations regulated under this gaming agreement.

Sec. 4.10. Nothing in this agreement shall supplant the role or duties of the Texas Department of Public Safety under state law. The Texas Racing Commission and the Texas Comptroller of Public Accounts do not have any role in regulation or oversight of gaming activities conducted by a Tribe.

Sec. 4.11. The terms of this gaming agreement strictly define and limit the relationship of the parties. Nothing in this gaming agreement shall be construed to create or imply a joint venture, partnership, principal/agent, or any other relationship between the parties.

SECTION 5.0. CLASS III GAMING AUTHORIZED AND PERMITTED.

Sec. 5.1. The Tribe is hereby authorized and permitted to engage only in the Class III gaming activities expressly referred to in Section 6.0 and may not engage in Class III gaming that is not expressly authorized in that section. Nothing in this agreement shall be construed to allow Internet gaming.

SECTION 6.0. AUTHORIZATION OF VIDEO LOTTERY TERMINALS.

Sec. 6.1. Authorized and Permitted Class III Gaming. The Tribe is hereby authorized and permitted to operate the following Class III gaming under the terms and conditions set forth in this agreement.

Sec. 6.2. The Tribe and State agree that the Tribe is authorized to operate video lottery terminals only in accordance with this gaming agreement. However, nothing in this agreement

limits any right of the Kickapoo Traditional Tribe of Texas to operate any game that is a Class II game under IGRA, and Class II games are not subject to the exclusivity payments required under this gaming agreement.

Sec. 6.2.1. Operation of Video Lottery Terminals. Video lottery terminals must be operated in connection with the video lottery system and at all times be connected through communication technology or other video lottery equipment controlled by the State to a State controlled and operated video lottery central system. The Tribe may enter into a management gaming agreement for a third party video lottery manager, or the Tribe may act as its own video lottery manager.

(a) Third Party Video Lottery Manager. If the Tribe enters into a management gaming agreement for a third party video lottery manager, the manager must be licensed under Subchapter K, Chapter 466, Texas Government Code, and all video lottery operations shall be subject to and in strict compliance with that Subchapter. Any video lottery manager conducting business on Indian lands shall indemnify and hold harmless the State and the Texas regulatory commission and all officers and employees of both from any and all claims which may be asserted against a license holder, the commission, the State, and the members, officers, employees, and authorized agents of either, arising from the license holder's participation in the video lottery system authorized under the gaming agreement.

(b) Tribe as Video Lottery Manager. If the Tribe elects to manage video lottery terminal operations, then Sections 7.0 through 14.0 of this agreement govern the procurement and operation of the video lottery terminals on the Indian lands of the Tribe.

Sec. 6.3. In order to remain eligible to operate video lottery terminals under this gaming agreement, the Tribe must strictly comply with all requirements of the gaming agreement, timely file all reports required by this gaming agreement, and timely remit all payments to the State required under this gaming agreement or applicable state law, including the taxes collected as provided by Section 4.6.

Sec. 6.4. Regardless of ownership of video lottery

terminals, the State owns all video lottery games.

SECTION 7.0. PROCUREMENT OF VIDEO LOTTERY TERMINALS.

Sec. 7.1. All video lottery terminals shall be procured only from a video lottery terminal provider registered with the Texas regulatory commission under Subchapter K, Chapter 466, Texas Government Code. The Tribe may not enter into, or continue to make payments pursuant to, any contract or agreement for the provision of video lottery equipment with any person who is not registered by the commission as a video lottery terminal provider under Subchapter K, Chapter 466, Texas Government Code. Any agreement between the Tribe and a video lottery terminal provider shall be deemed to include a provision for the agreement's termination without further liability on the part of the Tribe, except for the bona fide repayment of all outstanding sums, exclusive of interest, owed as of, or payment for services or materials received up to, the date of termination, on revocation or non-renewal of the video lottery terminal provider's registration.

Sec. 7.2. The Texas regulatory commission shall provide the Tribe a list of registered video lottery terminal providers, commission approved video lottery games, and commission approved video lottery terminals. The Tribe may not operate a video lottery terminal that has not been authorized by the commission.

Sec. 7.3. The Tribe shall file with the Texas regulatory commission any order placed for video lottery terminals simultaneously with the submission of the order to a commission-approved video lottery terminal provider.

Sec. 7.4. The Tribe or the video lottery manager shall provide all necessary capital investments and required improvements at a video lottery terminal establishment.

SECTION 8.0. LICENSING.

Sec. 8.1. Gaming Ordinance and Regulations. All video lottery operations conducted under this agreement, at a minimum, shall comply with all terms and conditions of this gaming agreement, a Gaming Ordinance adopted by the Tribe and approved in accordance with this agreement and any applicable federal law, and with all rules, regulations, procedures, specifications, and standards adopted by the TCA. All licensing related to the

operation of video lottery terminals shall be conditioned on an agreement by the license holder to indemnify and hold harmless the State and the Texas regulatory commission and all officers and employees of both from any and all claims which may be asserted against a license holder, the commission, the State and the members, officers, employees, and authorized agents of either arising from the license or registration holder's participation in the video lottery system authorized under this agreement.

Sec. 8.2. Tribal Ownership and Regulation of Gaming Operation. Except as otherwise provided by this agreement, the Tribe shall have the sole proprietary interest in the video lottery terminal establishment and video lottery terminals. This provision may not be construed to prevent the Tribe from granting security interests or other financial accommodations to secured parties, lenders or others, or to prevent the Tribe from entering into leases or financing agreements or a gaming management agreement with a video lottery manager.

Sec. 8.3. Government-to-Government Cooperation. The parties intend that the licensing process provided for in this gaming agreement shall involve joint cooperation between the TCA and the Texas regulatory commission, as described in this agreement.

Sec. 8.4. Video Lottery Terminal Establishment. (a) A video lottery terminal establishment authorized by this agreement shall be operated by a licensed video lottery manager or the Tribe and licensed by the TCA in conformity with the requirements of this gaming agreement, the Tribal Gaming Ordinance, and any applicable federal law. The license shall be reviewed and renewed, if appropriate, every two years. The Tribe shall promptly certify in writing to the Texas regulatory commission each time the license is renewed. The certification must be posted in a conspicuous and public place in the video lottery terminal establishment at all times.

(b) In order to protect the health and safety of all video lottery terminal establishment patrons, guests, and employees, all video lottery terminal establishments of the Tribe constructed after the effective date of this gaming agreement, and all

expansions or modifications to a site facility for a video lottery terminal establishment in existence as of the effective date of this gaming agreement, shall meet or exceed the building and safety codes of the Tribe. As a condition for engaging in that construction, expansion, modification, or renovation, the Tribe shall amend the Tribe's existing building and safety codes if necessary, or enact such codes if there are none, so that the codes meet the standards of the building and safety codes of any county in which the video lottery terminal establishment is located, including all uniform fire, plumbing, electrical, mechanical, and related codes in effect on the date this agreement takes effect. Nothing in this agreement shall be deemed to confer jurisdiction on any county or the State with respect to any reference to such building and safety codes. Any construction, expansion, or modification must also comply with the federal Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12101 et seq.), as amended.

(c) The TCA shall issue a video lottery terminal establishment a certificate of occupancy prior to occupancy if it was not used for any lawful gaming prior to the effective date of this gaming agreement, or, if it was so used, within one year after the effective date. The certificate shall be reviewed for continuing compliance once every two years. Inspections by qualified building and safety experts shall be conducted under the direction of the TCA as the basis for issuing any certificate hereunder. The TCA shall determine and certify that, as to new construction or new use for gaming activities, the video lottery terminal establishment meets the Tribe's building and safety code, or, as to facilities or portions of facilities that were used for the Tribe's gaming before this gaming agreement, that the video lottery terminal establishment or portions of the establishment do not endanger the health or safety of occupants or the integrity of the video lottery system. The Tribe may not offer video lottery gaming in a video lottery terminal establishment that is constructed or maintained in a manner that endangers the health or safety of occupants or the integrity of the video lottery system.

(d) The State shall designate an agent or agents to be given reasonable notice of each inspection by the TCA's experts, and

State agents may participate in any such inspection. The Tribe agrees to correct any video lottery terminal establishment condition noted in an inspection that does not meet the standards set forth in Subsections (b) and (c). The TCA and the State's designated agent or agents shall exchange any reports of an inspection within 10 days after completion of the report, and the reports shall be separately and simultaneously forwarded by both agencies to the Tribal chairperson. On certification by the TCA's experts that a video lottery terminal establishment meets applicable standards, the TCA shall forward the experts' certification to the State within 10 days of issuance. If the State's agent objects to that certification, the Tribe shall make a good faith effort to address the State's concerns, but if the State does not withdraw its objection, the matter will be resolved in accordance with the dispute resolution provisions of this gaming agreement.

Sec. 8.5. Suitability Standard Regarding Tribal Gaming Licenses. In reviewing an application for a tribal gaming license, and in addition to any standards set forth in the Tribal gaming ordinance, the TCA shall consider whether issuance of the license is inimical to public health, safety, or welfare, and whether issuance of the license will undermine public trust that the Tribe's operation of video lottery terminals, or tribal government gaming generally, is free from criminal and dishonest elements and would be conducted honestly. A license may not be issued unless, based on all information and documents submitted, the TCA is satisfied that the applicant, in addition to any other criteria in any applicable federal law is all of the following:

- (a) a person of good character, honesty, and integrity;
- (b) a person whose prior activities, criminal record (if any), reputation, habits, and associations do not pose a threat to the security and integrity of the lottery or to the public interest of the State or to the effective operation and control of the lottery, or create or enhance the dangers of unsuitable, unfair, or illegal practices, methods, or activities in the conduct of the lottery, or in the carrying on of the business and financial arrangements incidental to the conduct of the lottery; and

(c) a person who in all other respects is qualified to be licensed as provided in this gaming agreement, any applicable federal law, the Tribal Gaming Ordinance, and any other criteria adopted by the TCA or the Tribe. An applicant may not be found unsuitable solely on the ground that the applicant was an employee of a tribal gaming operation in Texas that was conducted before the effective date of this gaming agreement. Employment in an unauthorized gaming operation in Texas subsequent to the effective date of this agreement, however, shall impose a presumption of unsuitability.

Sec. 8.6. Gaming Employees. (a) Every gaming employee shall obtain, and thereafter maintain current, a valid tribal gaming license, which shall be subject to biennial renewal, provided that in accordance with Section 8.8.2, a person may be employed on a temporary or conditional basis pending completion of the licensing process.

(b) Without the concurrence of the Texas regulatory commission, the Tribe may not employ or continue to employ any person whose application to the commission for a registration, license, determination of suitability, or other regulatory approval, or for a renewal of a registration, license, determination of suitability, or other regulatory approval, has been denied or has expired without renewal.

Sec. 8.7. Financial Sources. Any person providing financing, directly or indirectly, to the Tribe's video lottery terminal establishment or operation of video lottery terminals must be licensed by the TCA before receipt of that financing, provided that any person who is providing financing at the time of the execution of this gaming agreement must be licensed by the TCA within ninety (90) days of such execution. The TCA shall review licenses at least every two years for continuing compliance. In connection with the review, the TCA shall require the Financial Source to update all information provided in the previous application. Any agreement between the Tribe and a Financial Source is deemed to include a provision for its termination without further liability on the part of the Tribe, except for the bona fide repayment of all outstanding sums, exclusive of interest, owed as

of the date of termination, on revocation or non-renewal of the Financial Source's license by the TCA based on a determination of unsuitability by the Texas regulatory commission. The Tribe may not enter into, or continue to make payments pursuant to any contract or agreement for the provision of financing with any person whose application to the commission for a determination of suitability has been denied or has expired without renewal. A video lottery terminal provider who provides financing exclusively in connection with the sale or lease of video lottery equipment obtained from that video lottery terminal provider may be registered solely in accordance with the commission's registration procedures for video lottery terminal providers. The TCA may, in its discretion, exclude from the licensing requirements of this section, financing provided by:

(1) a federally regulated or state-regulated bank, savings and loan, or other federally regulated or state-regulated lending institution;

(2) any agency of the federal, state, or local government; or

(3) any investor who, alone or in conjunction with others, holds less than 10 percent of any outstanding indebtedness evidenced by bonds issued by the Tribe.

Sec. 8.8. Processing License Applications. Each applicant for a tribal gaming license shall submit the completed application on forms prescribed by the TCA and approved by the Texas regulatory commission, along with the required information and an application fee, to the TCA in accordance with the rules and regulations of that agency. The parties agree that for purposes of this agreement, the standards set forth under federal law with regard to information required for Tribal gaming operation applications shall govern. Accordingly, at a minimum, the TCA shall require submission and consideration of all information required under federal law, including 25 C.F.R. Section 556.4, for licensing primary management officials and key employees. For applicants who are business entities, the licensing provisions apply to the entity and:

(a) each officer and director;

(b) each principal management employee, including any chief

executive officer, chief financial officer, chief operating officer, and general manager;

(c) each owner or partner, if an unincorporated business;

(d) each shareholder who owns more than 10 percent of the shares of the corporation, if a corporation; and

(e) each person or entity, other than a financial institution the TCA has determined does not require a license under the preceding section, that, alone or in combination with others, has provided financing in connection with any video lottery equipment or video lottery terminal establishment under this gaming agreement, if that person or entity provided more than five percent of:

(1) the start-up capital;

(2) the operating capital over a 12-month period; or

(3) a combination thereof.

For purposes of this section, if any commonality of the characteristics identified in Subsections (a) to (e), inclusive, exist between any two or more entities, the entities may be deemed to be a single entity. Nothing herein precludes the Tribe or TCA from requiring more stringent licensing requirements.

Sec. 8.8.1. Background Investigations of Applicants. (a) The TCA shall conduct or cause to be conducted all necessary background investigations reasonably required to determine that the applicant is qualified for a tribal gaming license under the standards set forth in this gaming agreement, and to fulfill all requirements for licensing under any applicable federal law, the Tribal Gaming Ordinance, and this gaming agreement. The TCA may not issue any license other than a temporary license until a determination is made that the qualifications have been met.

(b) Instead of completing its own background investigation, and to the extent that doing so does not conflict with or violate any applicable federal law or the Tribal Gaming Ordinance, the TCA may contract with the Texas regulatory commission or an independent contractor approved by the commission for the conduct of background investigations. An applicant for a tribal gaming license must provide releases to the commission to make available to the TCA background information regarding the applicant. The commission

shall cooperate in furnishing to the TCA that information, unless doing so would violate any agreement the commission has with a source of the information other than the applicant, or would impair or impede a criminal investigation, or unless the TCA cannot provide sufficient safeguards to assure the commission that the information will remain confidential.

Sec. 8.8.2. Temporary Licensing of Employees.

Notwithstanding any contrary provision in this gaming agreement, the TCA may issue a temporary license and may impose specific conditions on the license pending completion of the applicant's background investigation as the TCA in its sole discretion shall determine, if:

(a) the applicant for a tribal gaming license has completed a license application in a manner satisfactory to the TCA; and

(b) the TCA has conducted a preliminary background investigation, and the investigation or other information held by the TCA does not indicate:

(1) that the applicant has a criminal history that could pose a threat to the security and integrity of the lottery or to the public interest of the State or the effective operation and control of the lottery, or create or enhance the dangers of unsuitable, unfair, or illegal practices, methods, or activities in the conduct of the lottery, or in the carrying on of the business and financial arrangements incidental thereto;

(2) other information in the applicant's background that would either disqualify the applicant from obtaining a license or cause a reasonable person to investigate further before issuing a license; or

(3) that the applicant is otherwise unsuitable for licensing.

(c) The TCA may require special fees to issue or maintain a temporary license.

(d) A temporary license shall remain in effect until suspended or revoked, or until a final determination is made on the application. At any time after issuance of a temporary license, the TCA may suspend or revoke the temporary license in accordance with Sections 8.9.1 or 8.9.5, and the Texas regulatory commission may

request suspension or revocation in accordance with Section 8.9.

(e) For purposes of this agreement, the parties agree that the standards set forth in 25 C.F.R. Part 558 govern licensing and investigations required under the provisions of this agreement. Nothing in this agreement shall be construed to relieve the Tribe of any obligation under this agreement to comply with the standards set forth in 25 C.F.R. Part 558.

Sec. 8.9. Tribal Gaming License Issuance. (a) On completion of the necessary background investigation, the TCA may issue a tribal gaming license on a conditional or unconditional basis. Nothing herein shall create a property or other right of an applicant in an opportunity to be licensed, or in a license itself, both of which shall be considered to be privileges granted to the applicant in the sole discretion of the TCA subject to oversight by the Texas regulatory commission as provided herein. Any license, registration, suitability, qualification issued, or other regulatory approval granted pursuant to or in compliance with this gaming agreement is a revocable privilege, and a holder does not acquire any vested right therein or thereunder.

(b) State and Tribal courts shall have no jurisdiction to review decisions to deny, limit, or condition a license, registration, suitability, qualification, or request for approval unless the judicial review is sought on the ground that such a denial, limitation, or condition is proven by clear and convincing evidence to be based on a suspect classification such as race, color, religion, gender, or national origin, protected under the Equal Protection Clause of the United States Constitution.

Sec. 8.9.1. Denial, Suspension, or Revocation of Licenses.

(a) The TCA may deny any application for a tribal gaming license and may revoke any license issued if the TCA determines the application is incomplete or deficient or if the applicant is determined to be unsuitable or otherwise unqualified for the gaming license. Pending consideration of revocation, the TCA may summarily suspend a license in accordance with Section 8.9.5. All rights to notice and hearing shall be governed by tribal law. The TCA shall notify the applicant in writing of the tribal law provisions and of the intent to suspend or revoke the license.

(b) On receipt of notice that the Texas regulatory commission has determined a person would be unsuitable for licensure in a video lottery terminal establishment or related to video lottery terminal operations subject to the jurisdiction of the commission, the TCA shall promptly revoke any license issued to the person.

Sec. 8.9.2. Renewal of Licenses; Extensions; Further Investigation. The term of a tribal gaming license may not exceed five years, and application for renewal of a license must be made before the license's expiration. An applicant for renewal of a license must provide updated material as requested, on the appropriate renewal forms, but, at the discretion of the TCA, may not be required to resubmit historical data previously submitted or that is otherwise available to the TCA. At the discretion of the TCA, an additional background investigation may be required at any time if the TCA determines the need for further information concerning the applicant's continuing suitability or eligibility for a license. Before renewing a license, the TCA shall deliver to the Texas regulatory commission copies of all information and documents received in connection with the application for renewal.

Sec. 8.9.3. Identification Cards. The TCA shall require all persons who are required to be licensed to wear, in plain view at all times while in the video lottery terminal establishment, identification badges issued by the TCA. Identification badges must include a photograph and an identification number that is adequate to enable TCA agents to readily identify the person and determine the validity and date of expiration of the license.

Sec. 8.9.4. Fees for Tribal Gaming License. The fees for all tribal gaming licenses shall be set by the TCA.

Sec. 8.9.5. Summary Suspension of Tribal Gaming License. The TCA may summarily suspend a tribal gaming license if the TCA determines that the continued licensing of the person or entity could constitute a threat to the public health or safety or may violate the TCA's licensing or other standards or any provision of applicable federal or state law or of this agreement. Any right to notice or hearing in regard to the suspension are governed by tribal law provided the law is not inconsistent with any provision of this

agreement.

Sec. 8.9.6. State Certification Process. (a) On receipt of a completed tribal gaming license application and a determination by the TCA that it intends to issue the earlier of a temporary or permanent license, the TCA shall transmit to the Texas regulatory commission a notice of intent to license the applicant, together with all of the following:

(i) a copy of all tribal license application materials and information received by the TCA from the applicant;

(ii) an original set of fingerprint cards;

(iii) a current photograph; and

(iv) except to the extent waived by the commission, the releases of information, waivers, and other completed and executed forms obtained by the TCA.

(b) Except for an applicant for licensing as a non-key gaming employee, the TCA shall require the applicant to file an application with the Texas regulatory commission, before issuance of a temporary or permanent tribal gaming license, for a determination of suitability for licensure under Subchapter K, Chapter 466, Texas Government Code. Investigation and disposition of that application is governed entirely by State law, and the commission shall determine whether the applicant would be found suitable for licensure in a video lottery terminal establishment or in relation to video lottery terminal operations at a video lottery terminal establishment subject to the commission's jurisdiction. Additional information may be required by the commission to assist in a background investigation, provided that the commission requirement is no greater than that which may be required of applicants for a video lottery retailer license in connection with video lottery operations at a video lottery terminal establishment under Subchapter K, Chapter 466, Texas Government Code. A determination of suitability is valid for the term of the tribal license held by the applicant, and the TCA shall require a license holder to apply for renewal of a determination of suitability at the time the license holder applies for renewal of a tribal gaming license. The commission and the TCA, together with tribal gaming

agencies under other gaming agreements, shall cooperate in developing standard licensing forms for tribal gaming license applicants, on a statewide basis, that reduce or eliminate duplicative or excessive paperwork, and the forms and procedures must take into account the Tribe's requirements under any applicable federal law and the expense thereof.

(c) Background Investigations of Applicants. On receipt of completed license application information from the TCA, the Texas regulatory commission may conduct a background investigation pursuant to state law to determine whether the applicant would be suitable to be licensed for association with a video lottery terminal establishment or operation subject to the jurisdiction of the commission. If further investigation is required to supplement the investigation conducted by the TCA, the applicant will be required to pay an application fee charged by the commission in an amount that reimburses the commission for actual costs incurred, provided that in requesting any deposit, the commission shall take into consideration reports of the background investigation already conducted by the TCA and the NIGC, if any. Failure to pay the application fee or deposit may be grounds for denial of the application by the commission. The commission and TCA shall cooperate in sharing as much background information as possible to maximize investigative efficiency and thoroughness and to minimize investigative costs. On completion of the necessary background investigation or other verification of suitability, the commission shall issue a notice to the TCA certifying the State has determined that the applicant would be suitable or that the applicant would be unsuitable for licensure in a video lottery terminal establishment subject to the jurisdiction of the commission and, if unsuitable, stating the reasons for unsuitability.

(d) The Tribe, on a monthly basis, shall provide the Texas regulatory commission with the name, badge identification number, and job descriptions of all non-key gaming employees.

(e) The Tribe shall, at all times, have a list of key employees on file with the Texas regulatory commission and shall advise the commission of any change to the list not later than the 10th day following the date of the change.

(f) Before denying an application for a determination of suitability, the Texas regulatory commission shall notify the TCA and afford the Tribe an opportunity to be heard. The courts of the State and the Tribe shall have no jurisdiction to review decisions to deny, limit, or condition a license, registration, suitability, qualification, or request for approval unless the denial, limitation, or condition is proven by clear and convincing evidence to be based on a suspect classification such as race, color, religion, sex, or national origin, protected under the Equal Protection Clause of the United States Constitution. Under these circumstances, any requirement for tribal court exhaustion is hereby waived by the Tribe.

Sec. 8.9.7. State Assessment for Costs of Oversight. (a) The State shall make annually an assessment sufficient to compensate the State for actual costs of oversight of the operation of video lottery terminals pursuant to this gaming agreement.

(b) On or before August 1, annually, beginning with the first such date following the implementation of video lottery operations under this gaming agreement, the State shall render to the TCA a statement of the total cost of oversight and any law enforcement for the preceding fiscal year ending July 31 together with proposed assessments for the forthcoming fiscal year based on the preceding fiscal year cost. In the first year of the effective date of this gaming agreement, however, the assessment must be prospective and based on a pro rata allocation of costs if this gaming agreement becomes operative in the course of a fiscal year and must be established following consultation with the TCA. On September 1, annually, the State, after receiving any objections to the proposed assessments and making such changes or adjustments as may be indicated, shall provide a written notice that assesses the Tribe for the costs of the oversight and any necessary law enforcement. Annually, the Tribe shall pay one-third of the assessment within 20 days of the receipt of the written notice and shall pay the remaining two-thirds of the assessment in two equal payments on January 1 and April 1. The payments must be deposited with the Texas regulatory commission in a video lottery account established solely for funds related to video lottery terminals

operated by the Tribe.

(c) In the event that the total assessment paid by the Tribe during any fiscal year of the State exceeds the actual costs of the oversight and any necessary law enforcement during that fiscal year, the State shall adjust the assessment for the succeeding fiscal year in the amount necessary to offset such excess assessment. If the Tribe is aggrieved because of any failure by the State to make such an adjustment, any claim for such an adjustment must be presented in the appeal of the assessment as provided in Section 8.9.8.

Sec. 8.9.8. Procedure for Appeal of Assessments or Payments Made to the State. If the Tribe is aggrieved because of any assessment levied or payment made to the State as required by this gaming agreement, the Tribe, not later than the 30th day following the date provided for the payment, may appeal an assessment or payment to the Texas regulatory commission. If the Tribe is aggrieved by the commission's decision, it may invoke the dispute resolution provisions of this agreement provided that the Tribe must prove by clear and convincing evidence that any collection or assessment of payment to the State was inappropriate.

Sec. 8.9.9. Collection and Distribution of Revenue. (a) The Tribe shall establish separate electronic funds transfer accounts for the purposes of depositing money from video lottery terminal operations, making payments to the Texas regulatory commission, and receiving payments from the commission.

(b) The State's share of net terminal income of the Tribe's video lottery terminal operations shall be transferred to the Texas regulatory commission through the electronic transfer of funds daily by the commission. The commission shall establish the procedures for depositing money from video lottery terminal operations into electronic funds transfer accounts and the procedures for the handling of money from video lottery terminal operations. The State's share of net terminal income from video lottery terminal operations shall be held in trust for the State.

(c) Unless directed otherwise by the Texas regulatory commission, the Tribe shall maintain in its account the State's share of the net terminal income from the operation of video lottery

terminals, to be electronically transferred by the commission. On the Tribe's failure to maintain this balance, the commission may disable all of the Tribe's video lottery terminals until full payment of all amounts due is made. Interest shall accrue on any unpaid balance at a rate consistent with the amount charged under Section 111.060, Texas Tax Code. The interest shall begin to accrue on the date payment is due to the commission. In the commission's sole discretion, rather than disable the Tribe's video lottery terminals, the commission may elect to impose contract penalties in an amount to be determined by the commission not to exceed \$250,000 for each violation. If the Tribe fails to remedy the violation, including payment of any amounts due to the State, within 10 days, the commission may disable the Tribe's video lottery terminals or use any other means for collection agreed to by the Tribe instead of disabling the Tribe's video lottery terminals.

(d) The Tribe is solely responsible for resolving any income discrepancies between actual money collected and the net terminal income reported by the video lottery central system. Unless an accounting discrepancy is resolved in favor of the Tribe, the Texas regulatory commission may not make any credit adjustments. Any accounting discrepancies which cannot be resolved shall be resolved in favor of the commission.

(e) Tribes shall remit payment as directed by the Texas regulatory commission if the electronic transfer of funds is not operational or the commission notifies the Tribe that remittance by this method is required. The Tribe shall report the State's share of net terminal income, and remit the amount as generated from its terminals during the reporting period.

(f) The Tribe agrees to furnish to the Texas regulatory commission all information and bank authorizations required to facilitate the timely transfer of money to the commission. The Tribe agrees to provide the commission 30 days' advance notice of any proposed account changes in order to assure the uninterrupted electronic transfer of funds. However, in no event shall the commission be responsible for any interruption or delays in transferring of funds. Rather, the Tribe shall be responsible for any interruption or delay in transferring of funds.

SECTION 9.0. RULES AND REGULATIONS; MINIMUM REQUIREMENTS FOR OPERATIONS.

Sec. 9.1. Regulations. The Tribe shall promulgate any rules and regulations necessary to implement this gaming agreement, which at a minimum shall expressly include or incorporate by reference all requirements of this gaming agreement. Nothing in this gaming agreement shall be construed to affect the Tribe's right to amend its rules and regulations, provided that any such amendment shall be in conformity with this gaming agreement. The Texas regulatory commission may propose additional rules and regulations related to implementation of this gaming agreement to the TCA at any time, and the TCA shall give good faith consideration to such suggestions and shall notify the commission of its response or action with respect thereto.

Sec. 9.2. Compliance; Internal Control Standards. All video lottery operations shall comply with, and all video lottery games approved under the procedures set forth in this gaming agreement shall be operated in accordance with the requirements set forth in this gaming agreement and applicable state law. The parties agree that for purposes of this agreement, the standards set forth in 25 C.F.R. Part 542 shall govern minimum requirements for tribal internal control standards. Accordingly, the Tribe agrees that all tribal video lottery operations shall comply with tribal internal control standards that provide a level of control equal to or exceeding that provided by the standards set forth in 25 C.F.R. Part 542.

Sec. 9.3. Records. (a) In addition to other records required to be maintained herein, the Tribe shall maintain in permanent written or electronic form the following records related to implementation of this gaming agreement:

(1) a log recording all surveillance activities of the video lottery terminal establishment, including surveillance records kept in the normal course of operations and in accordance with industry standards; provided, notwithstanding anything to the contrary herein, surveillance records may, at the discretion of the Tribe, be destroyed if no incident has been reported within one (1) year following the date the records were made;

(2) payout from the conduct of all video lottery games;

(3) maintenance logs for all video lottery gaming equipment used by the video lottery terminal establishment;

(4) security logs as kept in the normal course of conducting and maintaining security at the video lottery terminal establishment, which at a minimum must conform to industry practices for such reports;

(5) books and records on video lottery terminals, as described more particularly in Section 9.4, which shall be maintained in accordance with generally accepted accounting principles (GAAP) and the standards set forth in Section 9.4; and

(6) all documents generated in accordance with this gaming agreement.

(b) The Tribe shall make the records maintained under Subsection (a) of this section available for inspection by the Texas regulatory commission for not less than four years from the date the records are generated.

(c) The security logs required under Subsection (a) of this section must document any unusual or nonstandard activities, occurrences, or events at or related to the video lottery terminal establishment or in connection with the video lottery terminal operations. Each incident, without regard to materiality, shall be assigned a sequential number for each such report. At a minimum, the security logs shall consist of the following information, which shall be recorded in a reasonable fashion noting:

(1) the assigned number of the incident;

(2) the date of the incident;

(3) the time of the incident;

(4) the location of the incident;

(5) the nature of the incident;

(6) the identity, including identification information, of any persons involved in the incident and any known witnesses to the incident; and

(7) the Tribal compliance officer making the report and any other persons contributing to its preparation.

Sec. 9.4. ACCOUNTING.

Sec. 9.4.1. Accounting Records Required. The Tribe agrees with regard to any video lottery terminal operations, to keep accurate, complete, legible, and permanent records of all transactions pertaining to revenue for six years. If the Tribe keeps permanent records in a computerized or microfiche fashion, it shall provide the Texas regulatory commission, on request, with a detailed index to the microfiche or computer records that is indexed by date.

Sec. 9.4.2. Accounting Systems. The Tribe agrees with regard to all video lottery terminal operations, to keep general accounting records on a double entry system of accounting, maintaining detailed, supporting, and subsidiary records, including:

(a) detailed records that identify the revenues, expenses, assets, liabilities, and equity of the video lottery terminal establishment and operations;

(b) records required by the Tribe's Minimum Internal Control System;

(c) journal entries prepared by the Tribe and its independent accountant; and

(d) any other records that the TCA may require.

Sec. 9.4.3. Net Terminal Income and Expenses. The Tribe agrees with regard to all video lottery terminal operations, to create and maintain records sufficiently accurate to reflect the net terminal income and expenses of the video lottery terminal establishment and operation of video lottery terminals.

Sec. 9.4.4. Financial Statements. (a) The Tribe agrees to prepare financial statements covering all financial activities of the video lottery terminal establishment and operation of video lottery terminals for a business year. The statements required by this subsection must be presented on a comparative basis.

(b) If the Tribe changes its business year, it must prepare and submit audited or reviewed financial statements to the Texas regulatory commission covering the "stub" period from the end of the previous business year to the beginning of the new business year not later than 120 days after the end of the stub period or incorporate the financial results of the stub period in the

statements for the new business year.

Sec. 9.5. Audits. The parties agree that for purposes of this agreement, the standards set forth in 25 C.F.R. Section 571.12 govern audits required under this agreement. The TCA shall ensure that an annual independent financial audit of the Tribe's conduct of video lottery games subject to this gaming agreement and of the video lottery terminal establishment is secured. The audit shall, at a minimum, examine revenues and expenses in connection with the operation of video lottery terminals in accordance with generally accepted auditing standards and shall include those matters necessary to verify the determination of net terminal income and the basis of the payments made to the State pursuant to this gaming agreement.

(a) The auditor selected by the TCA shall be a firm of known and demonstrable experience, expertise, and stature in conducting audits of this kind and scope and shall be approved by the Texas regulatory commission.

(b) The audit shall be concluded within five months following the close of each calendar year, provided that extensions may be requested by the Tribe and may not be refused by the State if the circumstances justifying the extension request are beyond the Tribe's control. An extension, however, may not extend the conclusion of an audit required by this gaming agreement to more than 12 months following the close of the relevant calendar year.

(c) The audit of the operation of video lottery terminals may be conducted as part of or in conjunction with the audit of the video lottery terminal establishment, but if so conducted shall be separately stated for the reporting purposes required herein.

(d) The audit shall conform to generally accepted auditing standards. As part of the audit report, the auditor shall certify to the TCA that, in the course of the audit, the auditor did not discover any matters within the scope of the audit which were determined or believed to be in violation of any provision of this gaming agreement. If the auditor discovers matters determined or believed to be in violation of any provision of this gaming agreement, the auditor shall immediately notify the Texas regulatory commission of the alleged violation and the basis for

the auditor's conclusion.

(e) The Tribe shall assume all costs in connection with the audit.

(f) The audit report for the conduct of video lottery games shall be submitted to the Texas regulatory commission within thirty (30) days of completion. The auditor's work papers concerning video lottery games shall be made available to the commission on request.

(g) Representatives of the Texas regulatory commission may, on request, meet with the auditors to discuss the work papers, the audit, or any matters in connection therewith; provided such discussions are limited to video lottery information and pursue legitimate state video lottery interests.

Sec. 9.6. Security. (a) All video lottery terminals shall be continuously monitored through the use of a closed circuit television system that records all activity for a continuous 24-hour period. All video tapes or other media used to store video images shall be retained for a period of at least 30 days.

(b) Access to video lottery terminal locations shall be restricted to persons legally entitled by age under State law to play video lottery games.

(c) The Tribe must submit for approval by the Texas regulatory commission a security plan and a floor plan of the area or areas where video lottery terminals are to be operated showing video lottery terminal locations and security camera mount locations. This commission approved security plan shall be subject to review by the commission which may require revision of the plan on a biennial basis.

(d) Security personnel shall be present during all hours of operation at each video lottery terminal establishment. The Tribe shall employ at least the number of security personnel the Texas regulatory commission determines is necessary to provide for safe and approved operation of the video lottery terminal establishment and the safety and well-being of the players.

(e) The communication technology used in connection with video lottery operations must meet accepted industry standards for security sufficient to minimize the possibility of any third party

intercepting any data transmitted to or from the video lottery terminals.

Sec. 9.7. Exclusion of Persons. The Tribe's rules and regulations shall require at a minimum the exclusion of persons based on their prior conduct at the video lottery terminal establishment or who, because of their criminal history or association with criminal offenders, pose a threat to the integrity of the conduct of video lottery games or may be playing video lottery games compulsively.

(a) The TCA shall establish a list of the persons to be excluded from any video lottery terminal establishment under this provision.

(b) The Tribe shall employ its best efforts to exclude persons on such list from entry into its video lottery terminal establishment.

(c) Patrons who believe they may be playing video lottery games on a compulsive basis may request that their names be placed on the list. All gaming employees shall receive training on identifying players who have a problem with compulsive playing and shall be instructed to ask them to leave. Signs and other materials shall be readily available to direct such compulsive players to agencies where they may receive counseling. Notwithstanding any other provision of this agreement, the TCA's list of self-excluded persons shall not be open to public inspection.

(d) The Tribe or video lottery manager also may exclude any other person for any reason not related to that person's race, sex, national origin, physical disability, or religion.

Sec. 9.8. Sale of Alcoholic Beverages. The sale and service of alcoholic beverages in a video lottery terminal establishment shall be in compliance with state, federal, and tribal law in regard to the licensing and sale of such beverages.

Sec. 9.9. Age Restrictions. (a) No person under the age of 21 may be allowed to play video lottery games or be allowed to operate, or obtain a prize from or in connection with the operation of, any video lottery game, directly or indirectly. If during the term of this agreement, the State amends its law to allow play of video lottery terminals by persons under the age of 21, the Tribe

may amend tribal law to reduce the lawful gaming age under this agreement to correspond to the lawful gaming age under state law.

(b) No person under the age of 21 may be employed as a gaming employee unless the employment would be allowed under state law.

(c) No person under the age of 21 may be employed in the service of alcoholic beverages at any video lottery terminal establishment, unless such employment would be allowed under state law.

Sec. 9.10. Destruction of Records. Books, records, and other materials documenting the operation of video lottery terminals may be destroyed only in accordance with rules and regulations adopted by the TCA, which at a minimum shall provide as follows:

(a) material that might be utilized in connection with a prize claim, including incident reports, surveillance records, statements, and the like, shall be maintained at least 180 days beyond the time which a claim can be made under this gaming agreement or, if a prize claim is made, beyond the final disposition of such claim; and

(b) except as otherwise provided in Section 9.3(a)(1), all books and records with respect to the operation of video lottery terminals or the operation of the video lottery terminal establishment, including all interim and final financial and audit reports and materials related thereto which have been generated in the ordinary course of business, shall be maintained for the minimum period of four years.

Sec. 9.11. Location. The Tribe may establish facilities for and operate video lottery terminals only on its Indian lands defined by Chapter 466, Texas Government Code. The Tribe shall notify the Texas regulatory commission of any potential new video lottery terminal establishment following the effective date of this gaming agreement. Nothing herein shall be construed as expanding or otherwise altering the term "Indian lands," as that term is defined by Chapter 466, Texas Government Code.

Sec. 9.12. Placement and Movement of Video Lottery Terminals. Placement and movement of video lottery terminals within a video lottery terminal establishment must be consistent

with a video lottery terminal floor plan approved by the Texas regulatory commission.

Sec. 9.13. Monitoring of Operation of Video Lottery Terminals. All terminals connected to the video lottery system will be continuously monitored by the Texas regulatory commission and disabled, when, in the commission's discretion, a problem arises threatening the public health, safety or welfare, or financial loss to the State, or jeopardizing the integrity of the video lottery. Circumstances justifying termination include malfunction of a video lottery terminal or any game displayed on a video lottery terminal, misuse of any video lottery terminal or video lottery game, or a material breach by the Tribe in the operating requirements or a material provision of this agreement.

Sec. 9.14. Wager Limitations. The TCA shall set the maximum wager authorized for any single play of a video lottery terminal consistent with any maximum wager set by rule of the Texas regulatory commission. During the term of this agreement, the wager limitation set forth in this section shall be automatically increased without the need to amend this agreement on each two-year anniversary of the effective date to an amount equal to the wager limitation multiplied by the CPI adjustment rate, rounded up to the next whole dollar.

Sec. 9.15. Prizes. (a) Payment of prizes shall be the sole and exclusive responsibility of the Tribe or video lottery manager. No prizes shall be paid by the Texas regulatory commission or the State except as otherwise authorized. Video lottery tickets shall be redeemable only for a period of 180 days following the date of issuance. If a claim is not made for prize money on or before the 180th day after the date on which the video lottery ticket was issued, the prize money shall be treated as net terminal income. The Tribe agrees to enact rules consistent with this provision and authorized by the commission, governing use and redemption of prizes and credits recorded on electronic player account records, such as players' club cards and smart cards.

(b) Nothing herein shall limit the ability of the Tribe or video lottery manager to provide promotional prizes, including wide area progressive networks, in addition to prize payouts regulated

by the commission.

Sec. 9.16. Patron Disputes. (a) The State and the Texas regulatory commission shall not be liable for any video lottery terminal malfunction or error by the Tribe or video lottery manager that causes credit to be wrongfully awarded or denied to players. Any disputes arising between players and the Tribe or video lottery manager shall be resolved:

(1) if the fair market value of the prize is less than \$1,000, in accordance with commission approved written policies of the TCA with no relief available from the commission or the State;
or

(2) if the fair market value of the prize is \$1,000 or more, by the commission in its sole discretion pursuant to rules established by the commission.

(b) No court of this state or of the Tribe shall have jurisdiction to review the decision of the commission resolving a dispute between players and the Tribe or a video lottery manager.

Sec. 9.17. Transfer of Gaming Device Operating Rights. During the term of this agreement, the Tribe may enter into a transfer agreement with one or more federally recognized Indian tribes with Indian lands in this state to acquire or transfer video lottery terminal operating rights on Indian lands. The Tribe's acquisition or transfer of video lottery terminal operating rights is subject to the following conditions:

(a) Gaming Agreement. Each Indian tribe that is a party to a transfer agreement must have a valid and effective gaming agreement with the State that contains a provision substantially similar to the provision herein permitting transfers of the Indian tribe's video lottery terminal operating rights.

(b) Forbearance Agreement. If the Tribe enters into a transfer agreement to transfer some or all of its video lottery terminal operating rights, the Tribe also shall execute a forbearance agreement with the State. The forbearance agreement shall include a waiver of all rights of the Tribe to put into play or operate the number of video lottery terminal operating rights transferred during the term of the transfer agreement.

(c) The Tribe must be operating video lottery terminals at

least equal to its current video lottery terminal allocation before, or simultaneously with, the Tribe acquiring the right to operate additional video lottery terminals by a transfer agreement. The Tribe is not required to utilize any video lottery terminal operating rights it acquires, or to utilize them before acquiring additional video lottery terminal operating rights.

(d) The Tribe shall not at any time simultaneously acquire video lottery terminal operating rights and transfer video lottery terminal operating rights pursuant to transfer agreements.

Sec. 9.17.1. Transfer Agreements. The transfer of video lottery terminal operating rights may be made pursuant to a transfer agreement between two Indian tribes. A transfer agreement must include the following provisions:

(a) the number of video lottery terminal operating rights transferred and acquired;

(b) the duration of the transfer agreement;

(c) the consideration to be paid by the Indian tribe acquiring the video lottery terminal operating rights to the Indian tribe transferring the video lottery terminal operating rights and the method of payment;

(d) the dispute resolution and enforcement procedures, including a provision for the State to receive notice of any such proceedings; and

(e) a procedure to provide quarterly notice to the Texas regulatory commission of payments made and received, and to provide timely notice to the commission of disputes, revocation, amendment, and termination.

Sec. 9.17.2. Transfer Notice. At least 30 days before the execution of a transfer agreement the Tribe shall send to the Texas regulatory commission a transfer notice of intent to acquire or transfer video lottery terminal operating rights. The transfer notice shall include a copy of the proposed transfer agreement, the proposed forbearance agreement, and a copy of the tribal resolution authorizing the acquisition or transfer.

Sec. 9.17.3. Texas Regulatory Commission Denial of Transfer. (a) The Texas regulatory commission may deny a transfer as set forth in a transfer notice only if:

(1) the proposed transfer violates the conditions set forth in this agreement; or

(2) the proposed transfer agreement does not contain the minimum requirements listed in this agreement.

(b) The commission's denial of a proposed transfer must be in writing, must include the specific reasons for the denial (including copies of all documentation relied upon by the commission to the extent allowed by state law), and must be received by the Tribe within 60 days of the commission's receipt of the transfer notice. If the Tribe disputes the commission's denial of a proposed transfer, the Tribe shall have the right to have the dispute resolved pursuant to the dispute resolution process provided in Section 15.0 herein.

Sec. 9.17.4. Effective Date of Transfer. If the Tribe does not receive a notice of denial of the transfer from the Texas regulatory commission within the time period specified in Section 9.17.3, the proposed transfer agreement shall become effective on the later of the 61st day following the commission's receipt of the transfer notice or the date set forth in the transfer agreement.

Sec. 9.17.5. Use of Brokers. The Tribe shall not contract with any person to act as a broker in connection with a transfer agreement. No person shall be paid a percentage fee or a commission as a result of a transfer agreement, nor shall any person receive a share of any financial interest in the transfer agreement or the proceeds generated by the transfer agreement. Any person acting as a broker in connection with a transfer agreement is providing gaming services.

Sec. 9.17.6. Revenue from Transfer Agreements. The Tribe agrees that all proceeds received by the Tribe as a transferor under a transfer agreement shall be used for the governmental purposes permitted under this agreement for revenue generated by video lottery terminal operations. The Tribe shall include the proceeds in an annual audit and shall make available to the State that portion of the audit addressing proceeds from transfer agreements.

Sec. 9.17.7. Agreed Upon Procedures Report. The Tribe agrees to provide to the Texas regulatory commission, either separately or with the other party to the transfer agreement, an

agreed upon procedures report from an independent certified public accountant. The procedures to be examined and reported upon are whether payments made under the transfer agreement were made in the proper amount, made at the proper time, and deposited in an account of the Indian tribe transferring the video lottery terminal operating rights.

Sec. 9.17.8. State Payment. Proceeds received by the Tribe as a transferor under a transfer agreement from the transfer of video lottery terminal operating rights are not subject to any payment to the State under this agreement or otherwise.

Sec. 9.17.9. Access to Records Regarding Transfer Agreements. The Texas regulatory commission shall have access to all records of the Tribe directly relating to transfer agreements and forbearance agreements.

Sec. 9.18. Supervision of Patrons. The Tribe agrees to ensure that gaming employees, at all times, monitor video lottery terminals to prevent access to or play by persons who are under the age of 21 years or who are visibly intoxicated.

Sec. 9.19. Hours of Operation. The Tribe may establish by ordinance or regulation the permissible hours and days of operation of video lottery terminal operations; provided, however, that with respect to the sale of liquor, the Tribe agrees to adopt and comply with standards at least as restrictive as any applicable state liquor laws at all video lottery terminal establishments.

Sec. 9.20. Automatic Teller Machines. The Tribe agrees to adopt and comply with a Tribal ordinance establishing responsible restrictions on the provision of financial services at video lottery terminal establishments. At a minimum, the ordinance shall prohibit:

(a) locating an automatic teller machine ("ATM") adjacent to, or in proximity to, any video lottery terminal, however, an ATM may be installed in a video lottery terminal establishment, provided that the Tribe adopts and complies with an ordinance establishing standards no less restrictive than any state and federal law governing installation of ATMs within a gaming facility;

(b) locating in a video lottery terminal establishment an

ATM that accepts electronic benefit transfer cards issued pursuant to a state or federal program that is intended to provide for needy families or individuals; and

(c) accepting checks or other non-cash items issued pursuant to a state or federal program that is intended to provide for needy families or individuals.

Sec. 9.21. Advertising. Advertisements or promotions must comply with guidelines established by the TCA that are consistent with criteria established by the Texas regulatory commission.

Sec. 9.22. Remedies and Penalties for Unlawful Gaming. Operation or possession of any gaming devices not expressly authorized under this gaming agreement or Texas law (excluding any Class II gaming authorized under applicable federal law) shall be considered a material breach of the gaming agreement and justify termination of the agreement. Under those circumstances, the State may bring an action in state court and shall be entitled to an injunction prohibiting the continued operation of any unlawful gaming activity upon a showing by a preponderance of evidence that the breach has occurred. In any such proceeding, it is the finding of the legislature that irreparable injury and inadequate remedy at law shall be presumed once the State has demonstrated the violation has occurred. If the State does not seek an injunction for such a material breach of the gaming agreement, the Tribe agrees to pay a contract penalty of \$10,000 per day for every day the violation or breach continues. If the breach or violation is not cured within 30 days, the State shall bring an action to enjoin the unlawful conduct and may disable all video lottery terminals operated by the Tribe or operated by a video lottery manager on the Indian lands of the Tribe.

SECTION 10.0. ENFORCEMENT OF GAMING AGREEMENT PROVISIONS.

Sec. 10.1. The Tribe and TCA shall be responsible for regulating activities pursuant to this gaming agreement. As part of its responsibilities, the Tribe shall:

(a) take reasonable measures to assure the physical safety of video lottery terminal establishment patrons and personnel, prevent illegal activity at the video lottery terminal establishment, and protect any rights of patrons under the Indian

Civil Rights Act of 1968 (25 U.S.C. Sections 1301-1303);

(b) promptly notify appropriate law enforcement authorities of persons who may be involved in illegal acts in accordance with applicable tribal, federal, and state law;

(c) assure that the construction and maintenance of the video lottery terminal establishment meets or exceeds federal and Tribal standards for comparable buildings and minimum standards under this gaming agreement; and

(d) prepare adequate emergency access and preparedness plans to ensure the health and safety of all video lottery terminal establishment patrons. On finalization of the emergency access and preparedness plans, the TCA or the Tribe shall forward copies of the plans to the Texas regulatory commission.

Sec. 10.2. Members and employees of the TCA shall be licensed in accordance with the provisions of this agreement. All licenses for members and employees of the TCA shall be issued according to the same standards and terms applicable to video lottery terminal establishment employees. The TCA shall employ qualified compliance officers under the authority of the TCA. The compliance officers shall be independent of the video lottery terminal establishment, and shall be supervised by and accountable only to the TCA. A TCA compliance officer shall be available to the video lottery terminal establishment during all hours of operation on reasonable notice, and shall have immediate access to any and all areas of the video lottery terminal establishment for the purpose of ensuring compliance with the provisions of this gaming agreement. The TCA shall investigate any suspected or reported violation of this gaming agreement and shall require the correction of the violation. The TCA shall prepare and retain in its files a timely written report of each investigation and any action taken in response to the investigation, and shall forward copies of the report to the Texas regulatory commission within 15 days of the date of the filing. Any such violations shall be reported immediately to the TCA, and the TCA shall immediately forward the same to the commission. In addition, the TCA shall promptly report to the commission any such violations that it independently discovers.

Sec. 10.3. In order to develop and foster a positive and

effective relationship in the enforcement of the provisions of this gaming agreement, representatives of the TCA and the Texas regulatory commission shall meet at least annually to review past practices and examine methods to improve the regulatory scheme created by this gaming agreement. The meetings shall take place at a location mutually agreed to by the TCA and the commission. The commission, before or during such meetings, shall disclose to the TCA any concerns, suspected activities, or pending matters reasonably believed to possibly constitute violations of this gaming agreement by any person, organization, or entity, if such disclosure will not compromise the interest sought to be protected.

Sec. 10.4. Financial Obligations of the Texas Regulatory Commission. Any financial obligation of the Texas regulatory commission or of the State, under this gaming agreement or arising from the operation of the video lottery on the Tribe's Indian lands, shall be payable solely out of the income, revenues, and receipts of the commission resulting from the operation of video lottery terminals on Indian lands of the Tribe.

Sec. 10.5. Penalties and Remedies for Noncompliance. (a) Failure to timely remit revenue generated by video lottery terminals to the Texas regulatory commission or any sales tax or other fee owed to the State or to timely file any report or information required under this gaming agreement or by applicable federal or state law shall constitute a material breach of this gaming agreement. After receiving at least 24 hours written notice from the commission and an additional 48 hours for the opportunity to remedy the breach or otherwise correct the violation, the Tribe shall be subject to contract penalties in the amount of \$10,000 per day for the breach. If the breach is not cured within 30 days, the commission shall disable all video lottery terminals operated by the Tribe.

(b) If the Tribe is in material breach of this agreement and the Texas regulatory commission exercises its right to disable all video lottery terminals operated by the Tribe, the commission shall have the right to enter the premises of any video lottery terminal establishment on the Tribe's Indian lands and remove any video lottery games or other video lottery equipment owned by the State.

Sec. 10.6. No Liability of the State Related to Enforcement. The State and the Texas regulatory commission are not liable for any enforcement of the provisions of this gaming agreement.

SECTION 11.0. STATE MONITORING OF GAMING AGREEMENT.

Sec. 11.1. (a) The Texas regulatory commission shall, pursuant to the provisions of this gaming agreement, have the authority to monitor the conduct of video lottery games to ensure video lottery games are conducted in compliance with the provisions of this gaming agreement. In order to properly monitor the conduct of video lottery games, in addition to the State's operation and control of the central system and video lottery system, agents of the commission shall have reasonable access to all areas of the video lottery terminal establishment related to the conduct of video lottery games as provided herein:

(1) the commission shall have access to the video lottery terminal establishment only during the video lottery terminal establishment's normal operating hours; provided that to the extent such inspections are limited to areas of the video lottery terminal establishment where the public is normally allowed, commission agents may inspect the video lottery terminal establishment without giving prior notice to the Tribe;

(2) any suspected or claimed violations of this gaming agreement or of law shall be directed in writing to the TCA; commission agents may not interfere with the functioning of the video lottery terminal establishment unless the public safety, welfare, or financial loss to the State, or integrity of the state lottery so requires; and

(3) before entering any nonpublic area of the video lottery terminal establishment, commission agents must provide proper photographic identification to the TCA.

(b) A TCA agent shall accompany a commission agent in nonpublic areas of the video lottery terminal establishment. A one-hour notice by the commission to the TCA may be required to assure that a TCA officer is available to accompany commission agents at all times.

Sec. 11.2. Subject to the provisions herein, agents of the

Texas regulatory commission shall have the right to review and copy documents or other records related to the operation of video lottery terminals. The review and copying of those records shall be during normal business hours or hours otherwise at the Tribe's discretion. However, the commission may not copy those portions of any records related to the Tribe's operation of video lottery terminals that contain business or marketing strategies or other proprietary and confidential information, including customer lists, business plans, marketing studies, and customer demographics or profiles. No records of the Tribe related to its conduct of video lottery games or copies thereof shall be released to the public by the State. All such records shall be deemed confidential records owned by the Tribe and are not subject to public disclosure by the State.

Sec. 11.3. At the completion of any commission inspection or investigation, the Texas regulatory commission shall forward a written report thereof to the TCA. The TCA shall be apprised on a timely basis of all pertinent, nonconfidential information regarding any violation of federal, or state laws, rules or regulations, or this gaming agreement. Nothing herein prevents the commission from contacting Tribal or federal law enforcement authorities concerning suspected criminal wrongdoing involving the TCA. The TCA may interview commission agents and inspectors upon reasonable notice and examine work papers in the same fashion that commission agents and inspectors may examine auditors' notes and make auditor inquiry unless providing such information to the TCA will compromise the interests sought to be protected.

Sec. 11.4. Nothing in this gaming agreement shall be deemed to authorize the State to regulate the Tribe's government, including the TCA, or to interfere in any way with the Tribe's selection of its governmental officers, including members of the TCA. The Texas regulatory commission and the Tribe, however, on request of the Tribe, shall jointly employ, at the Tribe's expense, an independent firm to perform on behalf of the commission the duties set forth in Sections 11.2 and 11.3.

SECTION 12.0. JURISDICTION.

Sec. 12.1. Except as expressly provided herein, this gaming

agreement shall not alter tribal, federal, or state civil adjudicatory or criminal jurisdiction.

Sec. 12.2. The Tribe expressly consents to the State's jurisdiction to enforce the terms of this gaming agreement including any request for judicial injunctive relief to prohibit unlawful gaming activities.

SECTION 13.0. PUBLIC AND WORKPLACE HEALTH, SAFETY, AND LIABILITY.

Sec. 13.1. The Tribe will not conduct any gaming activity in a manner that endangers the public health, safety, or welfare.

Sec. 13.2. For the purposes of this gaming agreement, the Tribe agrees to:

(a) adopt and comply with standards at least as stringent as state public health standards for food and beverage handling at any video lottery terminal establishment. The Tribe will allow inspection of food and beverage services at any video lottery terminal establishment by state or county health inspectors, during normal hours of operation, to assess compliance with these standards, unless inspections are routinely made by an agency of the United States government to ensure compliance with equivalent standards of the United States Public Health Service. Nothing herein shall be construed as submission of the Tribe to the jurisdiction of those state or county health inspectors, but any alleged violations of the standards shall be treated as alleged violations of the gaming agreement;

(b) adopt and comply with standards at least as stringent as federal water quality and safe drinking water standards applicable in Texas at any video lottery terminal establishment. The Tribe will allow for inspection and testing of water quality at any video lottery terminal establishment by state or county health inspectors, as applicable, during normal hours of operation, to assess compliance with these standards, unless inspections and testing are made by an agency of the United States pursuant to, or by the Tribe under express authorization of, federal law, to ensure compliance with federal water quality and safe drinking water standards. Nothing herein shall be construed as submission of the Tribe to the jurisdiction of those state or county health

inspectors, but any alleged violations of the standards shall be treated as alleged violations of this gaming agreement;

(c) comply with the building and safety standards set forth in Section 8.4 of this agreement;

(d) carry not less than one million dollars (\$1,000,000) in public liability insurance for patron claims. The Tribe herein provides reasonable assurance that such claims will be promptly and fairly adjudicated, and that legitimate claims will be paid; provided that nothing herein requires the Tribe to agree to liability for punitive damages or attorneys' fees. On or before the effective date of this gaming agreement or not less than 30 days before the commencement of operation of video lottery terminals under this gaming agreement, whichever is later, the Tribe shall adopt and make available to patrons a tort liability ordinance setting forth the terms and conditions, if any, under which the Tribe waives immunity to suit for money damages resulting from intentional or negligent injuries to person or property at the video lottery terminal establishment or in connection with the Tribe's operation of video lottery terminals. The tort liability ordinance shall include procedures for processing any claims for such money damages. Nothing in this section shall require the Tribe to waive its immunity to suit except to the extent of the policy limits set out in this subsection. Any insurance policy provided in compliance with the terms of this subsection shall provide that the policy provider shall not raise the Tribe's sovereign immunity as a defense or otherwise to avoid payment of a claim under this subsection;

(e) adopt and comply with standards at least as stringent as federal workplace and occupational health and safety standards at any video lottery terminal establishment. The Tribe will allow for inspection of video lottery terminal establishment workplaces by state inspectors, during normal hours of operation, to assess compliance with these standards, unless inspections are regularly made by an agency of the United States government to ensure compliance with federal workplace and occupational health and safety standards. Nothing herein shall be construed as submission of the Tribe to the jurisdiction of those state inspectors, but any

alleged violations of the standards shall be treated as alleged violations of this gaming agreement;

(f) comply with tribal codes and any applicable federal law regarding public health and safety;

(g) adopt and comply with standards at least as stringent as federal laws and state laws forbidding employers generally from discriminating in the employment of persons to work for the Tribe in relation to its operation of video lottery terminals or in the video lottery terminal establishment on the basis of race, color, religion, national origin, gender, sexual orientation, age, or disability. However, nothing herein shall preclude the Tribe from giving a preference in employment to Indians, pursuant to a duly adopted tribal ordinance;

(h) adopt and comply with standards that are at least as stringent as state laws prohibiting a video lottery manager or any employee thereof from cashing any check drawn against a federal, state, county, or city fund, including social security, unemployment insurance, disability payments, or public assistance payments;

(i) adopt and comply with standards that are at least as stringent as state laws governing the extension of credit to, the cashing of checks for, and other financial transactions with patrons calculated to protect players from problem and pathological gambling; and

(j) adopt and comply with the provisions of the Bank Secrecy Act (31 U.S.C. Sections 5311-5314), as amended, and all reporting requirements of the Internal Revenue Service, insofar as such provisions and reporting requirements are applicable to gaming facilities.

Sec. 13.2.1. The Tribe agrees to adopt and, not later than 30 days after the effective date of this gaming agreement, make available on request the standards described in Subsections (a)-(c) and (e)-(j) of Section 13.2 to which the Tribe is held with regard to operation of video lottery terminals. In the absence of a promulgated tribal standard in respect to a matter identified in those subsections, or the express adoption of an applicable federal statute or regulation instead of a tribal standard in respect to any

such matter, an applicable state statute or regulation shall be deemed to have been adopted by the Tribe as the applicable standard.

Sec. 13.3. Participation in State Statutory Programs Related to Employment. (a) Instead of allowing the Tribe to participate in the state statutory workers' compensation system for employees of a video lottery terminal establishment or otherwise engaged in the operation of video lottery terminals, the Tribe may create and maintain a system that provides redress for employee work-related injuries through requiring insurance or self-insurance. The system must include a scope of coverage, availability of an independent medical examination, right to notice, hearings before an independent tribunal, a means of enforcement against the employer, and benefits comparable to those mandated for comparable employees under state law. Not later than the effective date of this gaming agreement, or 60 days before the commencement of video lottery terminal operations under this gaming agreement, the Tribe will advise the State of its election to participate in the statutory workers' compensation system or, alternatively, will forward to the State all relevant ordinances that have been adopted and all other documents establishing the system and demonstrating that the system is fully operational and compliant with the comparability standard set forth in this subsection. The parties agree that independent contractors doing business with the Tribe must comply with all state workers' compensation laws and obligations.

(b) The Tribe agrees to participate in the State's program for providing unemployment compensation benefits and unemployment compensation disability benefits with respect to employees of the video lottery terminal establishment, and the Tribe consents to the jurisdiction of the state agencies charged with the enforcement of that code and of the courts of the State for purposes of enforcement.

(c) As a matter of comity, with respect to persons employed at the video lottery terminal establishment in capacities otherwise related to the operation of video lottery terminals, other than members of the Tribe, the Tribe shall withhold all taxes due to the State as provided by Texas law, and shall forward the amounts as

provided by State law.

Sec. 13.4. Emergency Service Accessibility. The Tribe shall make reasonable provisions for adequate emergency fire, medical, and related relief and disaster services for patrons and employees of the video lottery terminal establishment.

Sec. 13.5. The Tribe agrees to prohibit the intentional, knowing, or reckless possession of a firearm, illegal knife, club, explosive weapon, machine gun, firearm silencer, knuckles, armor-piercing ammunition, a chemical dispensing device, or a zip gun, as those terms are defined in Section 46.01, Texas Penal Code, at all times in the video lottery terminal establishment. The defenses that apply to the prohibition of possession of those weapons on the premises of a racetrack under Section 46.03, Texas Penal Code, shall also apply to the prohibition of possession of the weapons in video lottery terminal establishments. In addition, Tribal security or Tribal law enforcement personnel, shall be allowed to possess firearms and clubs at a video lottery terminal establishment as authorized by Tribal law.

Sec. 13.6. Tribal Law Enforcement Plan. The Tribe agrees to implement a written tribal law enforcement services plan that provides a comprehensive and effective means to address criminal and undesirable activity at the video lottery terminal establishment. The plan shall provide that sufficient tribal law enforcement resources are available 24 hours a day, seven days per week to protect the public health, safety, and welfare at the video lottery terminal establishment. To accommodate investigations and intelligence sharing, the Tribe will provide that a police officer holding a current Texas police officer standards and training certification is employed by the Tribe and assigned to handle video lottery terminal related matters when they arise. Intelligence liaisons will be established at the tribal police department or TCA and also at the Texas regulatory commission. There will be federal, tribal, and state cooperation in task force investigations. The commission's intelligence unit will gather, coordinate, centralize, and disseminate accurate and current intelligence information pertaining to criminal and undesirable activity that may threaten patrons, employees, and assets of a video lottery

terminal establishment or the video lottery system. The State and the Tribe will coordinate the use of resources, authority, and personnel of the State and the Tribe for the shared goal of preventing and prosecuting criminal or undesirable activity by players, employees, or businesses in connection with tribal video lottery terminal operations.

Sec. 13.7. Annual Statement of Compliance Regarding Use of Revenue. The Tribe agrees to submit to the Texas regulatory commission an annual statement of compliance regarding the use of its share of revenue generated from video lottery terminal operations and a copy of a current tribal ordinance requiring that revenue generated from video lottery terminal operations be used exclusively for the establishment and improvement of governmental services and programs.

SECTION 14.0. EXCLUSIVITY AND FEES.

Sec. 14.1. The parties acknowledge and recognize that this gaming agreement provides the Tribe territorial exclusivity through the permitted operation of video lottery terminals without requiring construction or operation of a racetrack for live horse or dog racing. This territorial exclusivity and the additional benefits to the Tribe are of substantial benefit to the Tribe and, consistent with Federal Indian policy, provide special opportunities for tribal economic opportunity through gaming within the external boundaries of Texas. In consideration thereof, as long as the State does not after the effective date of this gaming agreement authorize a person to operate video lottery terminals or any additional form of gaming that would be considered a lottery or gift enterprise under Section 47(a), Article III, Texas Constitution, without the Tribe's written consent within the exclusive territory designated by this gaming agreement for the operation of video lottery games by the Tribe, the Tribe agrees to pay the fees described in this section.

(a) The Tribe covenants and agrees to pay to the State a fee derived from net terminal income calculated as set forth in Subsection (b) of this section. The fee shall be deducted from the daily deposit of funds into the State's account from the video lottery terminal operations prior to the State's transfer of funds

back to the Tribe for such operations.

(b) The fee shall be eight percent of all net terminal income received by the Tribe in a calendar year.

Sec. 14.2. Start-Up Assessment. On the effective date of this gaming agreement, the Tribe shall deposit with the Texas regulatory commission the sum of \$10,000 ("Start-Up Assessment"). The purpose of the Start-Up Assessment shall be to assist the State in initiating its administrative and oversight responsibilities hereunder, and shall be a one-time payment to the State for such purposes.

Sec. 14.3. Nothing in this gaming agreement shall be deemed to authorize the State to impose any tax, fee, charge, or assessment on the Tribe or the video lottery terminal establishment except as expressly authorized pursuant to this gaming agreement under Sections 4.6 and 13.3(c). To the extent that the Tribe is required under federal law to report prizes awarded, the Tribe agrees to copy such reports to the Texas regulatory commission. Any state sales tax on the sale of goods and services to non-Indians at video lottery terminal establishments shall be conclusively presumed to be a direct tax on the retail consumer, pre-collected for the purpose of convenience and facility.

Sec. 14.4. In consideration for the covenants and agreements contained herein, the State agrees that it will not, during the term of this gaming agreement, allow the nontribal operation of any video lottery games or other gaming that would be considered a lottery or gift enterprise under Section 47(a), Article III, Texas Constitution, without the Tribe's written consent within _____ [limitation on state video lottery or other new lottery gaming in exclusive Indian video lottery territory]. The state recognizes the importance of this provision to the Tribe and agrees, in the event of a breach of this provision by the State, to require any nontribal entity that operates any such games within the prohibited territory to remit to the State not less than 50 percent of any revenue from those games. The State further agrees to remit that revenue at least quarterly to Eligible Tribes, as liquidated damages. For purposes of this part, "Eligible Tribes" shall mean those tribes that have entered into a gaming agreement

with the State under Section 466.604, Texas Government Code, and are operating gaming pursuant to the gaming agreement within _____ [description of exclusive territory for tribal video lottery]. Such liquidated damages shall be allocated pro rata to the Eligible Tribes based on the number of video lottery terminals operated by each Eligible Tribe in the time period when those revenues were generated.

SECTION 15.0. DISPUTE RESOLUTION.

Sec. 15.1. Voluntary Resolution; Reference to Other Means of Resolution. In recognition of the government-to-government relationship of the Tribe and the State, the parties shall make their best efforts to resolve disputes that occur under this gaming agreement by good faith negotiations whenever possible. Therefore, without prejudice to the right of either party to seek injunctive relief or specific relief provided in this agreement against the other when circumstances are deemed to require immediate relief, the parties hereby establish a threshold requirement that disputes between the Tribe and the State first be subjected to a process of meeting and conferring in good faith in order to foster a spirit of cooperation and efficiency in the administration and monitoring of performance and compliance by each other with the terms, provisions, and conditions of this gaming agreement, as follows:

(a) either party shall give the other, as soon as possible after the event giving rise to the concern, a written notice setting forth, with specificity, the issues to be resolved;

(b) the parties shall meet and confer in a good faith attempt to resolve the dispute through negotiation not later than 10 days after receipt of the notice, unless both parties agree in writing to an extension of time;

(c) if the dispute is not resolved to the satisfaction of the parties within 30 calendar days after the first meeting, then either party may seek to have the dispute resolved by an arbitrator in accordance with this section; and

(d) disagreements that are not otherwise resolved by arbitration or other mutually acceptable means as provided herein may be resolved in the United States District Court with jurisdiction over the location or planned location of the Tribe's

video lottery terminal establishment or, if the federal courts lack jurisdiction, in a state district court in Travis County. The disputes to be submitted to court action are limited to claims of breach or violation of this gaming agreement or failure to negotiate in good faith as required by the terms of this gaming agreement. The parties agree that, except in the case of imminent threat to the public health, safety, or welfare or the integrity of the lottery, reasonable efforts will be made to explore alternative dispute resolution avenues prior to resorting to judicial process.

Sec. 15.2. Arbitration Rules. Arbitration shall be conducted in accordance with the policies and procedures of the Commercial Arbitration Rules of the American Arbitration Association, provided that application of these rules shall not be construed to waive the State's sovereign immunity to an extent greater than otherwise authorized herein. Arbitration shall be held at such location as the parties may agree. Each side shall bear its own costs, attorneys' fees, and one-half the costs and expenses of the American Arbitration Association and the arbitrator, unless the arbitrator rules otherwise. Only one neutral arbitrator may be named, unless the Tribe or the State objects, in which case a panel of three arbitrators (one of whom is selected by each party) will be named. The decision of the arbitrator(s) shall be in writing, shall give reasons for the decision, and shall be binding. Judgment on the award may be entered in any federal or state court having jurisdiction thereof.

Sec. 15.3. Limited Waiver of Sovereign Immunity. (a) In the event that a dispute is to be resolved in federal court or a state court of competent jurisdiction as provided in this section, the State and the Tribe expressly consent to be sued therein and waive any immunity therefrom that they may have provided that:

(1) the dispute is limited solely to issues arising under this gaming agreement;

(2) neither side makes any claim for monetary damages (that is, only injunctive, specific performance, including enforcement of a provision of this gaming agreement requiring payment of money to one or another of the parties, or declaratory relief is sought); and

(3) no person or entity other than the Tribe and the State is party to the action, unless failure to join a third party would deprive the court of jurisdiction, provided that nothing herein shall be construed to constitute a waiver of the sovereign immunity of either the Tribe or the State in respect to any such third party.

(b) In the event of intervention by any additional party into any such action without the consent of the Tribe and the State, the waivers of either the Tribe or the State provided for herein may be revoked, unless joinder is required to preserve the court's jurisdiction, provided that nothing herein shall be construed to constitute a waiver of the sovereign immunity of either the Tribe or the State in respect to any such third party.

(c) The waivers and consents provided for under this section shall extend to civil actions authorized by this gaming agreement, such as actions to compel arbitration, any arbitration proceeding herein, any action to confirm or enforce any judgment or arbitration award as provided herein, and any appellate proceedings emanating from a matter in which an immunity waiver has been granted. Except as stated herein or elsewhere in this gaming agreement, no other waivers or consents to be sued, either express or implied, are granted by either party.

(d) The State only waives sovereign immunity to the extent authorized by Section 466.601, Texas Government Code.

SECTION 16.0. CONSTRUCTION OF GAMING AGREEMENT; FEDERAL APPROVAL.

Sec. 16.1. Each provision, section, and subsection of this gaming agreement shall stand separate and independent of every other provision, section, or subsection. In the event that a federal district court or a state court of competent jurisdiction as provided in this agreement shall find any provision, section, or subsection of this gaming agreement to be invalid, the remaining provisions, sections, and subsections of this gaming agreement shall remain in full force and effect, unless the invalidated provision, section, or subsection is material. It is a material provision of this gaming agreement that Class III gaming be limited to that expressly authorized under this gaming agreement, and

Subchapter K, Chapter 466, Texas Government Code. If any final and nonappealable judicial determination authorizes or requires the State to authorize that any Class III gaming be operated by the Tribe other than video lottery terminals connected to the video lottery system or to a government operated video lottery system structured identically to that expressly authorized under Subchapter K, Chapter 466, Texas Government Code, if so required by federal law, then this gaming agreement shall be null and void for all purposes.

Sec. 16.2. Each party hereto agrees to defend the validity of this gaming agreement and the legislation in which it is embodied.

Sec. 16.3. The parties shall cooperate in seeking approval of this gaming agreement from an appropriate federal agency if so required by federal law.

SECTION 17.0. NOTICES.

SECTION 18.0. DURATION, NEGOTIATION, AND TERMINATION.

Sec. 18.1. This gaming agreement shall become effective on the last date of the satisfaction of the following requirements:

(a) due execution on behalf of the Tribe, including obtaining all tribal resolutions and completing other tribal procedures as may be necessary to render the Tribe's execution effective including a final and nonappealable decision of a tribal court of competent jurisdiction that the Tribe's execution of this gaming agreement is effective and that all parts and provisions of the gaming agreement are enforceable by and against the Tribe as set

forth herein;

(b) any federal regulatory approval required under federal law and, if so required, publication in the Federal Register or satisfaction of any other requirement of federal law; and

(c) payment of the Start-up Assessment provided for in Section 14.2 of this gaming agreement.

Sec. 18.2. This gaming agreement shall have an initial term of 10 years from the effective date, renewable for an additional 10 years; provided that the Tribe and the State, acting through its Governor, may renegotiate the terms of this gaming agreement after the initial term. The Tribe's noncompliance with any operational, reporting, or other requirements under this gaming agreement shall justify termination of operation of video lottery terminals on the Tribe's Indian lands. The Tribe shall be entitled to notice and a hearing on the compliance issue as set forth under Chapter 466, Texas Government Code, and accompanying rules of the Texas regulatory commission. If the Tribe does not remedy the noncompliance issue within 180 days of the termination or 60 days after a final decision of the commission that the Tribe is out of compliance, then this gaming agreement shall terminate without penalty against the commission or the State.

Sec. 18.3. This gaming agreement shall remain in full force and effect until the sooner of expiration of the term, termination as provided herein, or termination by mutual consent of the parties. In addition to the remedies set forth above, either party may bring an action in federal court, after providing a 60-day written notice of an opportunity to cure any alleged breach of this gaming agreement, for a declaration that the other party has materially breached this gaming agreement. On issuance of such a declaration, the complaining party may unilaterally terminate this gaming agreement on service of written notice on the other party. In the event a federal court determines that it lacks jurisdiction over such an action, the action may be brought in the district court for the county in which the Tribe's video lottery terminal establishment is located. The parties expressly waive their immunity to suit for purposes of an action under this subsection, subject to the qualifications stated herein. Nothing in this

provision shall be construed to limit other remedies available to and contract penalties enforceable by the Texas regulatory commission, as expressly provided herein, in the event of the Tribe's material breach. The Tribe and the State recognize and agree that the narrow and enumerated provisions for such immediate remedies and enforcement by the State are necessary to protect the public health, safety, and welfare and the integrity of the video lottery.

SECTION 19.0. AMENDMENTS; RENEGOTIATIONS.

Sec. 19.1. The terms and conditions of this gaming agreement may be amended at any time by the mutual and written agreement of both parties.

Sec. 19.2. This gaming agreement is subject to renegotiation in the event the Tribe wishes to engage in forms of Class III gaming other than those games authorized herein and requests renegotiation for that purpose, provided that no such renegotiation may be sought for 24 months following the effective date of this gaming agreement.

SECTION 20.0. AUTHORITY TO EXECUTE.

This gaming agreement, as an enactment of the State Legislature, is deemed approved by the State. On valid execution by the Tribe and the Governor of the State, no further action by the State or any state official is necessary for this gaming agreement to take effect on any necessary approval by any federal agency as required by applicable federal law, including publication in the Federal Register, if required. The undersigned tribal official(s) represents that he or she is duly authorized and has the authority to execute this gaming agreement on behalf of the Tribe for whom he or she is signing.

Sec. 466.605. NEGOTIATION FOR DIFFERENT GAMING AGREEMENT

TERMS. (a) Nothing in this subchapter may be construed to limit the ability of a federally recognized Indian tribe to request that a gaming agreement be negotiated with this state on terms that are different from those set forth in the gaming agreement under Section 466.604, or the ability of this state to engage in negotiations and to reach agreement under any applicable federal law.

(b) In offering to enter into a gaming agreement with Indian tribes in this state under Section 466.604(b), and, except for assessments by this state as provided in that section of the amounts necessary to defray state costs of regulating activities as provided under the gaming agreement, nothing in this chapter may be construed to mean that:

(1) this state is imposing any tax, fee, charge, or other assessment on an Indian tribe or on any other person or entity authorized by an Indian tribe as a condition to engaging in a Class III activity; or

(2) this state is refusing to enter into gaming agreement negotiations based on the lack of authority of this state or a political subdivision of this state to impose the tax, fee, charge, or other assessment.

(c) If any federally recognized tribe with jurisdiction over Indian lands in this state requests that the governor enter into negotiations for a gaming agreement under federal law applicable to the tribe, including the Indian Gaming Regulatory Act (18 U.S.C. Section 1166 and 25 U.S.C. Section 2701 et seq.), on terms different than those prescribed in the gaming agreement in Section 466.604(b), the governor shall enter into those negotiations under the federal law applicable to the tribe and without preconditions and is authorized to reach agreement and execute the agreement on behalf of this state, provided that the gaming agreement does not expand the scope of gaming expressly authorized under this chapter and entitles the tribe only to operate video lottery terminals in strict compliance with state law, unless otherwise required by applicable federal law, and provided that the gaming agreement includes the following provisions:

(1) a provision prescribing that the tribe is authorized and allowed to engage only in the Class III gaming activities expressly referred to in the gaming agreement or authorized under Texas law and may not engage in Class III gaming that is not expressly authorized in the agreement or under Texas law;

(2) a provision prescribing that any operation or possession by the tribe of any gaming devices not expressly authorized under the gaming agreement or other Texas law, excluding any Class II gaming authorized under applicable federal law, shall be considered a material breach of the gaming agreement and justify termination of the agreement and this state may bring an action in federal court or, in the event the federal court declines jurisdiction, in state court and shall be entitled to an injunction prohibiting the continued operation of any unlawful gaming activity on the tribal lands on a showing by a preponderance of evidence that the breach has occurred;

(3) a provision waiving state and tribal sovereign immunity for purposes of operation of video lottery terminals and enforcement of the gaming agreement, provided that this state may not waive sovereign immunity except to the extent expressly permitted under Section 466.601;

(4) a provision establishing minimum internal control standards at least as restrictive as those provided under this subchapter and any standards set forth under applicable federal law;

(5) a provision requiring any video lottery manager doing business on Indian lands to indemnify and hold harmless the commission, this state, and the members, officers, employees, and authorized agents of the commission and this state from any and all claims which may be asserted against a license or registration holder, the commission, this state, or the employees arising from the license or registration holder's participation in the video lottery system authorized under the gaming agreement;

(6) a provision requiring the tribe to pay all regulatory costs incurred by this state in relation to the operation of video lottery terminals on the Indian lands of the

tribe to assure compliance with all federal and state law and all provisions of the agreement;

(7) a provision recognizing the substantial benefit of the exclusivity or other substantial benefits afforded to the Tribe under the agreement and providing for the sharing of net terminal revenue between the tribe and this state as payment for the exclusivity or other substantial benefit;

(8) a provision establishing investigative and licensing standards at least as restrictive as those provided under this subchapter and under any applicable federal law;

(9) a provision requiring video lottery terminals and facilities operating the video lottery terminals authorized under the gaming agreement to be owned by the tribe;

(10) a provision requiring the video lottery authorized by the gaming agreement to be licensed by the tribe in conformity with the requirements of the agreement, the Tribal Gaming Ordinance, and any applicable federal law, every five years and the tribe shall review and renew the license, if appropriate, and the tribe shall provide to the commission verification that this requirement has been satisfied;

(11) a provision requiring the licensing of all video lottery employees and any person extending financing, directly or indirectly, to the tribe's video lottery operation before extending that financing, provided that any person who is extending financing at the time of the execution of the agreement must be licensed by the tribe not later than the 90th day after the date of execution, and the provision may allow the tribe, in its discretion, to exclude from the licensing requirements of this section financing provided by:

(A) a federally regulated or state-regulated bank, savings and loan, or other federally or state-regulated lending institution;

(B) any federal, state, or local government agency; or

(C) any investor who, alone or in conjunction with others, holds less than 10 percent of any outstanding indebtedness evidenced by bonds issued by the tribe;

(12) a provision allowing the commission, under the provisions of the agreement, to monitor the conduct of video lottery games to ensure that the video lottery games are conducted in compliance with the provisions of the agreement, and granting the Department of Public Safety and agents of the commission reasonable access to all areas of the facility related to the conduct of video lottery games in order to properly monitor the conduct of video lottery games;

(13) a provision specifying jurisdiction of tribal, state, and federal courts with regard to matters arising from the agreement or the operation of video lottery terminals, or both, as authorized by the agreement and consistent with Section 466.601;

(14) a provision requiring the tribe to adopt and comply with standards at least as stringent as state public health standards for food and beverage handling at any facilities where video lottery terminals are operated;

(d) A greyhound racetrack that is a video lottery terminal establishment under Subchapter K, Chapter 466, Government Code, shall offer for pari-mutuel wagering not less than 420 live greyhound racing performances in each calendar year, unless otherwise agreed to in writing by the racetrack and the official state greyhound breed registry. For purposes of this subsection, "greyhound racing performance" means the consecutive running of not fewer than 12 greyhound races.

SECTION __.41. Section 16.18, Texas Racing Act (Article 179e, Vernon's Texas Civil Statutes), is amended by adding Subsection (d) to read as follows:

(d) This section does not apply to a county in which is located a racetrack that is authorized to operate video lottery terminals under Subchapter K, Chapter 466, Government Code.

SECTION __.42. The Legislature finds and declares the following:

(1) This state is facing a crisis in providing funding for state governmental programs. A state-controlled video lottery system constitutes a valid state-operated lottery and falls within the exception for state lotteries under Section 47(e), Article III, Texas Constitution, from the general prohibition of lotteries under Section 47(a), Article III, Texas Constitution.

(2) In light of the financial emergency faced by the state and the need to fund state governmental programs, in the event

the voters approve this limited state-controlled and state-operated video lottery system, the Texas Lottery Commission must be authorized to commence operation of the video lottery system in accordance with this article at the earliest possible date, consistent with the intent of the voters and legislative directive.

(3) The implementation of the video lottery system will require significant time for application investigations and determinations and for video lottery terminal and video lottery central system providers and manufacturers of video lottery games to develop prototypes for testing for the video lottery central system and video lottery terminals and games.

(4) The state's budget crisis constitutes an imminent peril to the public welfare, requiring the adoption of rules and authorization for the Texas Lottery Commission to conduct certain limited pre-implementation activities related to the establishment of the video lottery system to promote and ensure the integrity, security, honesty, and fairness of the operation and administration of the video lottery system.

(5) In order to commence operation of the video lottery system at the earliest possible date and to maintain the integrity of state-controlled and state-operated video lottery established by this article, the Texas Lottery Commission may conduct limited pre-implementation acts before the referendum to authorize the state video lottery system proposed by the 79th Legislature, 1st Called Session, 2005, is submitted to the voters for approval.

SECTION __.43. (a) At an election to be held on November 8, 2005, the voters of this state shall be permitted to vote in a referendum on the question of whether to authorize the operation of video lottery games as part of the state lottery at licensed pari-mutuel horse and greyhound racetracks and on certain Indian lands.

(b) The ballot shall be printed to permit voting for or against the proposition: "Authorizing the state of Texas to operate video lottery games as part of the state lottery at licensed pari-mutuel horse and greyhound racetracks and on certain Indian

lands to provide additional revenue to reduce school district property taxes."

(c) The proposition shall be printed on the ballot beneath the heading: "Statewide Referendum on Video Lottery."

(d) Notice of the election shall be given by inclusion of the proposition in the proclamation by the governor ordering the election and in the election notice given by each county judge.

(e) Returns of the votes cast on the proposition shall be prepared and canvassed in the manner provided by the Election Code.

(f) Immediately after the results of the election are certified by the governor, the secretary of state shall transmit a copy of the certification to the lieutenant governor and the speaker of the house of representatives.

(g) The proposition is approved if a majority of the voters voting in the election vote for the proposition. If the proposition is not approved in that manner, the proposition is considered not approved.

SECTION __.44. (a) As soon as practicable after the referendum to authorize the state video lottery system proposed by the 79th Legislature, 1st Called Session, 2005, is approved by the voters, the Texas Lottery Commission shall adopt the rules necessary to implement video lottery in accordance with Subchapter K, Chapter 466, Government Code, as added by this Act.

(b) Before the proposed referendum is submitted to the voters, the Texas Lottery Commission may expend money from the commission's appropriation for the 2006-2007 biennium for purposes of conducting pre-implementation activities to establish the state video lottery system in accordance with Subchapter K, Chapter 466, Government Code, as added by this Act. Notwithstanding Section 466.355, Government Code, the money authorized to be expended under this section may be withdrawn from the state lottery account to fund the establishment of the state video lottery system.

(c) Before the proposed referendum is submitted to the voters, the Texas Lottery Commission may develop and approve forms for applications for licensing and registration required under Subchapter K, Chapter 466, Government Code, as added by this Act.

(d) Before the proposed referendum is submitted to the

voters, the Texas Lottery Commission may accept pre-implementation applications for video lottery retailers and video lottery managers under Subchapter K, Chapter 466, Government Code, as added by this Act. On receipt of a complete application, completion of all investigations, and submittal of the nonrefundable investigatory fees the commission requires consistent with Subchapter K, Chapter 466, Government Code, as added by this Act, the commission may make preliminary findings of suitability for an applicant and location of a video lottery terminal establishment. If the commission determines that all the requirements under Subchapter K, Chapter 466, Government Code, have been satisfied, the commission may issue a letter advising the applicant of the status of approval of the application pending approval by the voters of the proposed referendum to authorize the state video lottery system. If the commission determines that any requirements under Subchapter K, Chapter 466, Government Code, have not been satisfied, the commission may request additional information or conduct further investigations the commission considers necessary and may issue a letter advising the applicant of the status of the application.

(e) Before the proposed referendum is submitted to the voters, the Texas Lottery Commission may request and receive information related to applications for licensing and registration under Subchapter K, Chapter 466, Government Code, as added by this Act. An applicant's failure to comply with any requests made by the Texas Lottery Commission under this subsection may be considered grounds for denial of an application.

(f) The Texas Lottery Commission may not issue any license, registration, or temporary license related to the state video lottery system under Subchapter K, Chapter 466, Government Code, as added by this Act, unless and until the referendum authorizing the state video lottery system is approved by the voters.

(g) Before the proposed referendum is submitted to the voters, the Texas Lottery Commission may conduct investigations and collect investigative fees related to information requested and received for pre-implementation applications under this section and necessary for the commission's evaluation and determination of an application for any licensing, registration, or commission

approval required under Subchapter K, Chapter 466, Government Code, as added by this Act.

(h) Before the proposed referendum is submitted to the voters, the Texas Lottery Commission may conduct preregistration of potential video lottery terminal providers. To qualify for preregistration under this subsection, an applicant must satisfy the minimum application requirements under Section 466.512, Government Code, as added by this Act, except that the application fee required under Section 466.513(a), Government Code, as added by this Act, is not due until the applicant files an application for registration under Subchapter K, Chapter 466, Government Code, as added by this Act. A preregistration application must be accompanied by a nonrefundable deposit to the Texas Lottery Commission in the amount of \$25,000. A preregistration applicant shall submit additional money not later than the 10th day after the date the applicant receives notice from the commission that it has incurred actual costs for the preregistration investigation in excess of the initial deposit required under this subsection. If the commission does not receive the additional money from the applicant on or before the 15th day after the date the applicant receives the commission's notice, the commission shall suspend the application until the money is received by the commission. Any deposit or other nonrefundable money provided under this subsection shall be credited toward an application fee required under Section 466.513(a), Government Code, as added by this Act.

(i) The Texas Lottery Commission may not register any video lottery terminal providers unless and until the referendum authorizing the state video lottery system is approved by the voters.

(j) Notwithstanding Section 466.513, Government Code, as added by this Act, a video lottery terminal provider that has been preregistered by the Texas Lottery Commission in accordance with this section, a video lottery central system provider, or a manufacturer of video lottery games, under a contract with the commission, may manufacture and test prototypes of or existing video lottery equipment for a video lottery central system, video lottery terminals, and video lottery games for the commission's

consideration.

(k) Before the proposed referendum is submitted to the voters, the Texas Lottery Commission may negotiate contracts with preregistered video lottery terminal providers. The commission may enter into contracts with preregistered video lottery terminal providers, video lottery central system providers, and manufacturers of video lottery games as required for the creation and testing of a video lottery central system, video lottery terminals, and video lottery games for the commission's consideration.

(l) Before the proposed referendum is submitted to the voters, the Texas Lottery Commission may negotiate and enter contracts as necessary to establish the video lottery system.

(m) Before the proposed referendum is submitted to the voters, the Texas Lottery Commission may employ additional full-time equivalent employees to administer this Act and establish the video lottery system.

SECTION __.45. Sections __.01 through __.41 of this article take effect on the date the proposition at the referendum conducted under Section __.43 of this article is certified to have been approved by the voters. If that proposition is not approved, Sections __.01 through __.41 of this article have no effect. Sections __.42, __.43, and __.44 of this article and this section take effect immediately if this Act receives a vote of two-thirds of all the members elected to each house, as provided by Section 39, Article III, Texas Constitution. If this Act does not receive the vote necessary for immediate effect, Sections __.42, __.43, and __.44 of this article and this section take effect on the 91st day after the last day of the legislative session. Sections __.43 and __.44(m) of this article expire March 1, 2006.
