

Amend **HB 149** on third reading by adding a new Section 119.006 to read as follows:

Sec. 119.006. INDEMNIFICATION. The University of Texas System and the Permanent University Fund may enter into a lease with the commission, or an owner or operator of a clean coal project, for the use of lands owned or controlled by the system or fund for permanent storage of carbon dioxide captured by a clean coal project, provided that such lease adequately indemnifies the system and fund against liability for personal injury or property damage incurred by the system or fund as a result of the escape or migration of the carbon dioxide after it is injected into a zone or reservoir. This section does not affect the application of Chapter 101, Civil Practice and Remedies Code, to any activity carried out by a governmental unit, as defined by that chapter.
