#### SUBCHAPTER K. VIDEO LOTTERY

Sec. 466.501. LEGISLATIVE FINDINGS AND DECLARATIONS. The legislature finds and declares the following:

(1) The purpose and intent of this chapter is to carry out the intent of the voters as established by the approval of

Section 47(f), Article III, Texas Constitution, to expand the revenue-generating ability of the state lottery by authorizing this state to operate a video lottery system consistent with public policy strictly limiting the expansion of gambling in this state.

(2) Except for the operation of video lottery terminals on certain Indian lands as defined by the Texas Constitution, the people of this state intend to allow only state-controlled video lottery games to be conducted in this state and only in locations at which pari-mutuel wagering is conducted at racetracks.

(3) This state has the authority and responsibility to control the proliferation of gambling by:

(A) limiting the total number of video lottery terminals permitted at authorized locations in this state;

(B) limiting video lottery licensing to specific licensed racetracks;

(C) extending strict and exclusive state oversight and supervision to all persons, locations, practices, and associations related to the operation of video lottery games; and

(D) providing comprehensive law enforcement supervision of video lottery game activities.

(4) This state's ability to monitor and control the operation of all video lottery terminals ensures the integrity of the system and provides for the most efficient oversight and supervision. Costs incurred for oversight and supervision of gambling will be significantly less than if video lottery terminals were not operated as part of the video lottery system. In addition, providing for the state-controlled system will defend against criminal infiltration of gambling operations.

(5) The video lottery games operated at racetracks under this chapter are controlled by this state in a manner that allows this state to continuously monitor all video lottery terminals and to disable any video lottery terminal for the protection of the public and this state.

(6) Through the video lottery system this state will monitor the network of video lottery terminals to ensure maximum security unique to state-operated gambling. Except as may

otherwise be required by federal law governing Indian lands, each operating video lottery terminal in this state will be connected to a video lottery central system.

(7) The authorization for state-controlled video lottery terminals to fund governmental programs is consistent with this state's public policy prohibiting gambling provided the gambling is not, in any way, expanded beyond that directly controlled by this state. Expanded gambling beyond this limited form of state-controlled gambling would compromise the public safety, law, and long-standing policy against gambling in this state. In addition, such expanded gambling could impose prohibitive cost on this state's regulatory system and, therefore, defeat the effort to raise revenue for state governmental programs through authorized video lottery terminals. For these reasons, any interpretation that allows for casino gaming of the type operating in Nevada and New Jersey in 2005 to be conducted in this state at racetracks or on Indian lands as a result of the authorization of video lottery terminals would have severe adverse consequences on this state's efforts to raise revenue to fund governmental programs through the operation of video lottery terminals and would violate the public policy against gambling in such a way that would clearly outweigh any potential positive economic consequences.

(8) In authorizing only a state-controlled and state-operated video lottery system and state-controlled video lottery terminals in limited locations and continuing the general prohibition on gambling in this state as a matter of public policy, this state is protecting the state's legitimate interests by restricting such vice activity. By limiting the operation of video lottery terminals to those connected to the state-controlled video lottery system and to certain lands and certain types of games, the legislature seeks to foster this state's legitimate sovereign interest in regulating the growth of gambling activities in this state. Historically, this state has banned commercial gambling altogether and, therefore, it is in this state's best interest to limit the placement of commercial gambling operations to certain locations. Limiting video lottery terminals to those controlled by this state and located on racetracks where regulated gambling

occurs is reasonably designed to defend against the criminal infiltration of gambling operations and adverse impacts on communities statewide. By restricting gambling such as video lottery terminals to carefully limited locations and video lottery terminals controlled by this state that may be disabled by this state if necessary to protect the public, this state furthers the state's purpose of ensuring that such gambling activities are free from criminal and undesirable elements.

(9) This chapter is game-specific and may not be construed to allow the operation of any other form of gambling unless specifically allowed by this chapter. This chapter does not allow the operation of slot machines, dice games, roulette wheels, house-banked games, including house-banked card games, or games in which winners are determined by the outcome of a sports contest that are expressly prohibited under other state law.

(10) In considering limitations on expanded gambling in this state, it is a critical factor to effectuate the will of the voters that any gaming on lands of the Ysleta del Sur Pueblo and Alabama-Coushatta Indian tribes must be in strict compliance with state law. The Kickapoo Traditional Tribe of Texas is only entitled to operate video lottery terminals in strict compliance with state law, unless otherwise required by federal law, and in accordance with a gaming agreement negotiated with the governor and ratified by the legislature. A tribe may not under any circumstances operate Class III gaming as defined by federal law other than video lottery terminals connected to a video lottery central system controlled and operated by this state.

(11) The voters have conferred a substantial economic benefit on federally recognized Indian tribes by allowing operation of video lottery terminals on lands held in trust by the Ysleta del Sur Pueblo and Alabama-Coushatta Indian tribes at the time of the ratification and approval of Section 47(f), Article III, Texas Constitution, and on Indian lands of the Kickapoo Traditional Tribe of Texas on which gaming is allowed under applicable federal law. These tribes have the exclusive right to operate video lottery terminals at locations on the Indian lands in this state without incurring the investment necessary to construct, maintain, and

operate racetracks for live racing, and through revenue-sharing both the policy of self-governance for the tribes and this state's interests in generating additional revenue to fund governmental programs can be promoted.

(12) The public has an interest in video lottery game operations, and lottery operations conducted under Section 47(f), Article III, Texas Constitution, and this chapter represent an exception to the general policy of this state prohibiting wagering for private gain. Therefore, participation in a video lottery game by a holder of a license, registration, or approval under this chapter is considered a privilege conditioned on the proper and continued qualification of the holder and on the discharge of the affirmative responsibility of each holder to provide to the commission or other regulatory and investigatory authorities established by this chapter any assistance and information necessary to assure that the policies declared by this chapter are achieved. Consistent with this policy, the legislature intends this chapter to:

(A) preclude the creation of any property right in any license, registration, or approval issued or granted by this state under this chapter, the accrual of any value to the privilege of participation in any video lottery game operation, or the transfer of a license or permit; and

(B) require that participation in video lottery game operations be solely conditioned on the individual qualifications of persons seeking this privilege.

(13) Only video lottery terminals lawfully operated in connection with a video lottery system authorized by this subchapter may be lawfully operated on Indian lands under the Johnson Act (15 U.S.C. Section 1175).

Sec. 466.502. CONSTRUCTION; APPLICABILITY OF OTHER LAWS. (a) This subchapter applies uniformly throughout this state and all political subdivisions of this state.

(b) To the extent of any inconsistency between Chapter 2003 and this subchapter or a commission rule governing video lottery terminals, this subchapter or the commission rule controls in all matters related to video lottery terminals, including hearings

before the State Office of Administrative Hearings.

(c) Video lottery equipment operated under commission authority and this chapter is exempt from 15 U.S.C. Section 1172.

Sec. 466.505. AUTHORITY TO OPERATE VIDEO LOTTERY SYSTEM.

(a) The commission may implement and operate a video lottery system and regulate the operation of video lottery terminals at racetracks in accordance with this chapter and the Texas Racing Act (Article 179e, Vernon's Texas Civil Statutes). This chapter supersedes any conflicting or inconsistent provision of the Texas Racing Act (Article 179e, Vernon's Texas Civil Statutes) or other state law.

(b) The commission may allow the operation of video lottery terminals pursuant to this chapter at locations on Indian lands in accordance with an effective gaming agreement and in compliance with applicable federal law.

Sec. 466.506. VIDEO LOTTERY GAMES; STATE OWNERSHIP AND PROPRIETARY INTEREST. (a) This state owns all video lottery games, regardless of ownership of the video lottery terminal. This state possesses a proprietary interest in:

(1) the main logic boards and any electronic storage medium used in video lottery equipment or games; and

(2) software consisting of computer programs, documentation, and other related materials necessary for the operation of the video lottery system.

(b) For purposes of this chapter, this state may acquire a proprietary interest in video lottery game software through:

(1) ownership of the software; or

(2) an exclusive product license agreement with a provider in which the provider retains copyrighted ownership of the software but the license granted to this state is nontransferable and authorizes this state to operate the software program, solely for the state's own use, on the video lottery central system and video lottery terminals connected to the video lottery central system.

Sec. 466.507. STATE CONTROL OF VIDEO LOTTERY SYSTEM. (a) In accordance with Section 47(f), Article III, Texas Constitution, the commission shall control and regulate the video lottery system and the video lottery central system through which this state has

the exclusive and unilateral ability to monitor activity of video lottery terminals and remotely disable video lottery terminals for the public safety, health, and welfare or the preservation of the integrity of the lottery and to prevent any financial loss to this state.

(b) This section does not affect or restrict the ability of a video lottery manager or video lottery retailer to monitor activity of video lottery terminals and to disable video lottery terminals in accordance with commission rules.

(c) The commission may disable a video lottery terminal if a video lottery retailer's or video lottery manager's license is revoked, surrendered, or summarily suspended under this subchapter and to prevent any financial loss to this state.

Sec. 466.510. VIDEO LOTTERY CENTRAL SYSTEM. (a) The commission shall establish or cause to be established a video lottery central system to link all video lottery terminals in the video lottery system. The video lottery central system must provide the auditing and other information required by the commission.

(b) The commission shall provide to a registered video lottery terminal provider or an applicant applying for registration as a video lottery terminal provider the protocol documentation data necessary to enable the provider's or applicant's video lottery terminals to communicate with the commission's video lottery central system for transmission of auditing program information and for activation and disabling of video lottery terminals.

(c) The video lottery central system may not limit or preclude potential providers from providing the video lottery terminals, except providers that fail to meet specifications established by the commission.

(d) The commission shall determine whether a video lottery central system provider may sell or distribute video lottery terminals in this state as the commission considers appropriate to ensure the efficiency, integrity, and security of the video lottery system.

(e) The commission may contract with a video lottery central

system provider to establish the video lottery central system.

Sec. 466.511. VIDEO LOTTERY TERMINAL PROVIDER: REGISTRATION OR APPROVAL REQUIRED. in or be associated with the operation of video lottery terminals.

Sec. 466.530. IMMUNITY FOR STATEMENT MADE IN PROCEEDING OR INVESTIGATION. Any written or oral statement made in the course of an official commission proceeding or investigative activities related to an application for commission licensing, registration, or other approval under this subchapter, by any member or agent or any witness testifying under oath that is relevant to the purpose of the proceeding is absolutely privileged and does not impose liability for defamation or constitute a ground for recovery in any civil action.

Sec. 466.531. SUITABILITY FINDING. To promote the integrity and security of the lottery, the commission in its discretion may require a suitability finding for any person doing business with or in relation to the operation of video lottery terminals who is not otherwise required to obtain a license, registration, or approval from the commission for the person's video lottery-related operations.

Sec. 466.532. SUMMARY SUSPENSION OF VIDEO LOTTERY RETAILER OR VIDEO LOTTERY MANAGER LICENSE; TERMINAL DISABLED. (a) The commission may summarily suspend the license of a video lottery retailer or video lottery manager without notice or hearing if the commission finds the action is necessary to maintain the integrity, security, honesty, or fairness of the operation or administration of the lottery or to prevent financial loss to this state and:

(1) the license holder fails to deposit money received from video lottery terminal operations as required by this chapter or commission rule;

(2) an event occurs that would render the license holder ineligible for a license under this subchapter;

(3) the license holder refuses to allow the commission, the commission's agents, or the state auditor, or their designees, to examine the license holder's books, records, papers, or other objects under Section 466.017; or

(4) the executive director learns the license holder failed to disclose information that would, if disclosed, render the video lottery retailer or video lottery manager ineligible for a license under this subchapter.

(b) A summary suspension under this section must comply with the notice and procedure requirements provided by Section 466.160.

(c) The commission may disable a video lottery terminal operated by a license holder under this subchapter at the time:

(1) a proceeding to summarily suspend the license is initiated;

(2) the commission discovers the license holder failed to deposit money received from video lottery terminal operation as required if the license is being summarily suspended under this section; or

(3) an act or omission occurs that, under commission rules, justifies the termination of video lottery terminal operations to:

(A) protect the integrity of the lottery or the public health, welfare, or safety; or

(B) prevent financial loss to this state.

(d) The commission shall immediately disable a video lottery terminal if necessary to protect the public health, welfare, or safety.

Sec. 466.5321. TRANSFER RESTRICTIONS. (a) A video lottery retailer or video lottery manager license is not transferable.

(b) A pari-mutuel license holder that sells, transfers, assigns, or otherwise conveys any interest or control in the pari-mutuel license or the racetrack owned or managed by the license holder before video lottery operations begin at the racetrack or before the third anniversary of the commencement of video lottery operations shall remit to this state a transfer fee equal to 75 percent of the sales, transfer, assignment, or other conveyance price or other consideration received by the pari-mutuel license holder. A transfer or conveyance of an interest or control under this subsection is subject to Section 6.21, Texas Racing Act (Article 179e, Vernon's Texas Civil Statutes).

(c) A sale, transfer, assignment, or conveyance of interest or control to which Subsection (b) applies may not be approved by the commission until this state receives the transfer fee.

(d) This section does not apply to a transfer or assignment the commission determines is necessary to secure financing for the

construction or operation of the racetrack. The commission may adopt rules to implement this section.

Sec. 466.533. LICENSING, REGISTRATION, SUITABILITY, AND REGULATORY APPROVAL AS REVOCABLE PERSONAL PRIVILEGES. (a) An applicant for a license, registration, suitability, or other affirmative regulatory approval under this subchapter does not have any right to the license, registration, suitability, or approval sought.

(b) Any license, registration, or suitability or other regulatory approval granted under this subchapter is a revocable privilege, and a holder of the privilege does not acquire any vested right in or under the privilege.

(c) The courts of this state do not have jurisdiction to review a decision to deny, limit, or condition the license, registration, suitability, or approval unless the judicial review is sought on the ground that the denial, limitation, or condition is based on a suspect classification, such as race, color, religion, sex, or national origin, in violation of the Equal Protection Clause of the Fourteenth Amendment to the United States Constitution. If a state court has jurisdiction over a claim under this section, then this state's sovereign immunity is waived only to the extent expressly provided by Section 466.601.

(d) A license, registration, suitability, or regulatory approval granted or renewed under this subchapter may not be transferred or assigned to another person, and a license, registration, suitability, or approval may not be pledged as collateral. The purchaser or successor of a person who has been granted a license, registration, suitability, or regulatory approval must independently qualify for a license, registration, suitability, or approval required by this subchapter.

(e) The following acts void the license, registration, suitability, or other regulatory approval of the holder unless approved in advance by the commission:

(1) the transfer, sale, or other disposition of an interest in the holder that results in a change in the identity of a substantial interest holder; or

(2) the sale of the assets of the holder, other than

assets bought and sold in the ordinary course of business, or any interest in the assets, to any person not already determined to have met the applicable qualifications of this subchapter.

Sec. 466.535. CAPITAL INVESTMENTS AND IMPROVEMENT REQUIREMENTS FOR VIDEO LOTTERY TERMINAL ESTABLISHMENT. A video lottery retailer or video lottery manager shall provide all necessary capital investments and required improvements at a video lottery terminal establishment operated by the retailer or manager.

Sec. 466.536. VIDEO LOTTERY TERMINAL. The commission shall provide all video lottery retailers or video lottery managers with a list of registered video lottery terminal providers, video lottery games, and video lottery terminals authorized for operation under this subchapter.

Sec. 466.537. VIDEO LOTTERY TERMINAL: DISTRIBUTION AND COMMISSION APPROVAL. (a) A video lottery terminal provider may not distribute a video lottery terminal or other video lottery equipment for placement at a video lottery terminal establishment in this state unless the video lottery terminal has been approved by the commission.

(b) Only a video lottery terminal provider registered with or approved by the commission may apply for approval of a video lottery terminal or other video lottery equipment.

(c) Not later than the 10th day before the date of shipment to a location in this state, a video lottery terminal provider shall file a report with the commission itemizing all video lottery terminals and other video lottery equipment to be provided to a video lottery retailer or video lottery manager in the shipment.

Sec. 466.538. VIDEO LOTTERY TERMINAL: TESTING; REPORT. (a) A video lottery terminal provider shall submit two copies of terminal illustrations, schematics, block diagrams, circuit analysis, technical and operation manuals, and any other information requested by the commission for the purpose of analyzing and testing the video lottery terminal or other video lottery equipment.

(b) The commission may require a working model of a video lottery terminal to be provided to the commission unless the video lottery terminal provider provides a certification from an

independent, commission-approved testing laboratory that the video lottery terminal is compatible with the state's video lottery system and functions as required by the commission.

Sec. 466.539. VIDEO LOTTERY TERMINAL: INSTALLATION; MODIFICATION REQUEST. (a) A video lottery terminal provider is responsible for the assembly and installation of all video lottery terminals and other video lottery equipment.

(b) A video lottery terminal provider or a video lottery retailer or video lottery manager may not change the assembly or operational functions of a video lottery terminal authorized by the commission for placement in this state unless a request for modification of an existing video lottery terminal prototype is approved by the commission. The request must contain:

- (1) a detailed description of the type of change;
- (2) a detailed description of the reasons for the change; and
- (3) technical documentation of the change.

(c) A video lottery terminal approved by the commission for placement at a video lottery terminal establishment must conform to the specifications of the video lottery terminal prototype tested or approved by the commission.

Sec. 466.540. VIDEO LOTTERY TERMINAL REMOVAL. (a) If any video lottery terminal that has not been approved by the commission is distributed by a video lottery terminal provider or operated by a video lottery retailer or video lottery manager or if an approved video lottery terminal malfunctions, the commission shall require the terminal to be removed from use and play.

(b) The commission may order that an unapproved terminal be seized and destroyed.

(c) The commission may suspend or revoke the license of a video lottery retailer or video lottery manager or the registration of a video lottery terminal provider for the distribution, possession, or operation of an unauthorized video lottery terminal.

(d) A video lottery retailer or video lottery manager may retain on the premises of a video lottery establishment a number of machines that the retailer or manager determines is necessary for spare parts or repair purposes or as replacements. The retailer or

manager must provide to the commission each month a list of the terminals retained under this subsection.

Sec. 466.541. VIDEO LOTTERY TERMINAL SPECIFICATIONS. (a) The commission shall adopt rules for approval of video lottery terminals, including requirements for video lottery game tickets, maximum and minimum payout, and maximum wagers.

(b) A commission-approved video lottery terminal must meet the following minimum specifications:

(1) the terminal must:

(A) operate through a player's insertion of a coin, currency, voucher, or token into the video lottery terminal that causes the video lottery terminal to display credits that entitle the player to select one or more symbols or numbers or cause the video lottery terminal to randomly select symbols or numbers;

(B) allow the player to win additional game play credits, coins, or tokens based on game rules that establish the random selection of winning combinations of symbols or numbers and the number of free play credits, coins, or tokens to be awarded for each winning combination; and

(C) allow the player at any time to clear all game play credits and receive a video lottery ticket entitling the player to receive the cash value of those credits;

(2) a surge protector must be installed on the electrical power supply line to each video lottery terminal, a battery or equivalent power backup for the electronic meters must be capable of maintaining the accuracy of all accounting records and video lottery terminal status reports for a period of 180 days after power is disconnected from the video lottery terminal, and the power backup device must be in the compartment specified in Subdivision (4);

(3) the operation of each video lottery terminal may not be adversely affected by any static discharge or other electromagnetic interference;

(4) the main logic boards of all electronic storage mediums must be located in a separate compartment in the video lottery terminal that is locked and sealed by the commission;

(5) the instructions for play of each game must be

displayed on the video lottery terminal face or screen, including a display detailing the credits awarded for the occurrence of each possible winning combination of numbers or symbols;

(6) communication equipment and devices must be installed to enable each video lottery terminal to communicate with the video lottery central system through the use of a communications protocol provided by the commission to each registered video lottery terminal provider, which must include information retrieval and programs to activate and disable the terminal; and

(7) a video lottery terminal may be operated only if connected to the video lottery central system, and play on the terminal may not be conducted unless the terminal is connected to the video lottery central system.

(c) The commission may reject any instructions for play required under Subsection (b)(5) that the commission determines to be incomplete, confusing, or misleading.

Sec. 466.542. VIDEO LOTTERY TERMINALS: HOURS OF OPERATION; COMMUNICATION; LOCATION. (a) Except as otherwise provided by the commission, the hours of operation for video lottery terminals are subject to restrictions only as provided by commission rules.

(b) The commission by rule may prescribe restrictions on the hours of video lottery terminal operations for purposes determined by the commission, including accounting for and collecting revenue generated by video lottery terminal operations and performing other operational services on the video lottery system.

(c) Communication between the video lottery central system and each video lottery terminal must be continuous and on a real-time basis as prescribed by the commission.

(d) Except as provided by a gaming agreement or commission rule, placement or movement of video lottery terminals in a video lottery terminal establishment must be consistent with a video lottery terminal establishment floor plan filed with the commission.

Sec. 466.543. VIDEO LOTTERY TERMINAL: TRANSPORT; DISPOSITION OF OBSOLETE TERMINAL. (a) The transportation and movement of video lottery terminals into or within this state is

prohibited, except as permitted by this subchapter and approved by the commission.

(b) An obsolete video lottery terminal or a video lottery terminal that is no longer in operation must be promptly reported to the commission.

Sec. 466.5455. TRAVEL AND INVESTIGATION COSTS. The commission shall pay the travel and investigative expenses incurred under this chapter from money appropriated to the commission.

Sec. 466.546. CONSENT TO COMMISSION DETERMINATION. (a) An application for a license, registration, finding of suitability, or other approval under this chapter constitutes a request to the commission for a decision on the applicant's general suitability, character, integrity, and ability to participate or engage in or be associated with the lottery in the manner or position sought.

(b) By filing an application with the commission, the applicant specifically consents to the commission's decision at the commission's election when the application, after filing, becomes moot for any reason other than death.

Sec. 466.547. ABSOLUTE AUTHORITY OF COMMISSION. To protect the integrity of the lottery or the public health, welfare, or safety, or to prevent financial loss to this state, the commission has full and absolute power and authority to:

(1) deny any application or limit, condition, restrict, revoke, or suspend any license, registration, or finding of suitability or approval; and

(2) fine any person licensed, registered, found suitable, or approved for any cause deemed reasonable by the commission.

Sec. 466.548. WAIVER OF REQUIREMENTS. (a) The commission may waive, either selectively or by general rule, one or more of the requirements of Sections 466.512 and 466.521 if the commission makes a written finding that the waiver is consistent with the policy of this state, the public health, safety, and welfare, and the integrity of the lottery.

(b) The commission may waive any requirement under this chapter for a finding of suitability of an institutional investor that is a substantial interest holder with respect to the

beneficial ownership of the voting securities of a publicly traded corporation if the institutional investor holds the securities for investment purposes only and applies for a waiver in compliance with Section 466.549 and commission rules.

(c) An institutional investor is not eligible for the waiver, except as otherwise provided by Subsection (f), if the institutional investor beneficially owns, directly or indirectly, more than 15 percent of the voting securities and if any of the voting securities were acquired other than through a debt restructuring.

(d) Voting securities acquired before a debt restructuring and retained after a debt restructuring or as a result of an exchange, exercise, or conversion after a debt restructuring, or any securities issued to the institutional investor through a debt restructuring, are considered to have been acquired through a debt restructuring.

(e) A waiver granted under Subsection (b) is effective only as long as the institutional investor's direct or indirect beneficial ownership interest in the voting securities meets the limitations set forth in this section, and if the institutional investor's interest exceeds the limitation at any time, the investor is subject to the suitability findings required under this subchapter.

(f) An institutional investor that has been granted a waiver under Subsection (b) may beneficially own more than 15 percent, but not more than 19 percent, of the voting securities of a publicly traded corporation registered with or licensed by the commission only:

(1) if the additional ownership results from a stock repurchase program conducted by the publicly traded corporation; and

(2) on the conditions that:

(A) the institutional investor does not purchase or otherwise acquire any additional voting securities of the publicly traded corporation that would result in an increase in the institutional investor's ownership percentage; and

(B) the institutional investor reduces its

ownership percentage of the publicly traded corporation to 15 percent or less before the first anniversary of the date the institutional investor receives constructive notice that it exceeded the 15 percent threshold, based on any public filing by the corporation with the United States Securities and Exchange Commission.

(g) The one-year time period under Subsection (f)(2)(B) may be extended for a reasonable time on commission approval.

(h) An institutional investor may not be considered to hold voting securities of a publicly traded corporation for investment purposes only unless the voting securities were acquired and are held in the ordinary course of business as an institutional investor and not for the purpose of causing, directly or indirectly, the election of a majority of the members of the board of directors, any change in the corporate charter, bylaws, management, policies, or operations of the corporation registered with or licensed by the commission or any of its gaming affiliates, or any other action which the commission finds to be inconsistent with investment purposes only. The following activities may not be considered to be inconsistent with holding voting securities for investment purposes only:

(1) voting, directly or indirectly through the delivery of a proxy furnished by the board of directors, on all matters voted on by the holders of the voting securities;

(2) serving as a member of any committee of creditors or security holders formed in connection with a debt restructuring;

(3) nominating any candidate for election or appointment to the board of directors in connection with a debt restructuring;

(4) accepting appointment or election as a member of the board of directors in connection with a debt restructuring and serving in that capacity until the conclusion of the member's term;

(5) making financial and other inquiries of management of the type normally made by securities analysts for information purposes and not to cause a change in management, policies, or operations; and

(6) any other activity the commission determines to be

consistent with the investment intent.

(i) For purposes of this section, "debt restructuring" means:

(1) a proceeding under the United States Bankruptcy Code; or

(2) any out-of-court reorganization of a person that is insolvent or generally unable to pay the person's debts as they become due.

Sec. 466.549. WAIVER APPLICATION REQUIREMENTS. An application for a waiver under Section 466.548(b) must include:

(1) a description of the institutional investor's business and a statement as to why the institutional investor meets the definition of an institutional investor set forth in this chapter;

(2) a certification, made under oath and penalty of perjury, that:

(A) states that the voting securities were acquired and are held for investment purposes only in accordance with Section 466.548;

(B) provides that the applicant agrees to be bound by and comply with this chapter and the rules adopted under this chapter, to be subject to the jurisdiction of the courts of this state, and to consent to this state as the choice of forum in the event any dispute, question, or controversy arises regarding the application or any waiver granted under Section 466.548(b); and

(C) includes a statement by the signatory explaining the basis of the signatory's authority to sign the certification and bind the institutional investor to its terms;

(3) a description of all actions, if any, taken or expected to be taken by the institutional investor related to the activities described in Section 466.548(f);

(4) the names, addresses, telephone numbers, dates of birth, and social security numbers of:

(A) the officers and directors of the institutional investor or the officers' and directors' equivalents; and

(B) the persons that have direct control over the

institutional investor's holdings of voting securities of the publicly traded corporation registered with or licensed by the commission;

(5) the name, address, telephone number, date of birth, and social security number or federal tax identification number of each person who has the power to direct or control the institutional investor's exercise of its voting rights as a holder of voting securities of the publicly traded corporation registered with or licensed by the commission;

(6) the name of each person that beneficially owns more than five percent of the institutional investor's voting securities or other equivalent;

(7) a list of the institutional investor's affiliates;

(8) a list of all securities of the publicly traded corporation registered with or licensed by the commission that are or were beneficially owned by the institutional investor or its affiliates in the preceding year, including a description of the securities, the amount of the securities, and the date of acquisition or sale of the securities;

(9) a list of all regulatory agencies with which the institutional investor or any affiliate that beneficially owns voting securities of the publicly traded corporation registered with or licensed by the commission files periodic reports, and the name, address, and telephone number of the person, if known, to contact at each agency regarding the institutional investor;

(10) a disclosure of all criminal or regulatory sanctions imposed during the preceding 10 years and of any administrative or court proceedings filed by any regulatory agency during the preceding five years against the institutional investor, its affiliates, any current officer or director, or any former officer or director whose tenure ended within the preceding 12 months, except that for a former officer or director, the information need be provided only to the extent that it relates to actions arising out of or during the person's tenure with the institutional investor or its affiliates;

(11) a copy of the institutional investor's most recent Schedule 13D or 13G and any amendments to that schedule filed

with the United States Securities and Exchange Commission concerning any voting securities of the publicly traded corporation registered with or licensed by the commission;

(12) a copy of any filing made under the Securities Exchange Act of 1934 (15 U.S.C. Section 78a et seq.) with respect to the acquisition or proposed acquisition of voting securities of the publicly traded corporation registered with or licensed by the commission; and

(13) any additional information the commission may request.

Sec. 466.550. CHANGE IN INVESTMENT FOLLOWING WAIVER; NOTICE. (a) An institutional investor that has been granted a waiver of a finding of suitability under Section 466.548 and that subsequently intends not to hold the investor's voting securities of the publicly traded corporation for investment purposes only or that intends to take any action inconsistent with the investor's prior intent shall, not later than the second business day after the date of the decision, deliver notice to the commission in writing of the change in the investor's investment intent. The commission may then take any action the commission deems appropriate.

(b) If the commission finds that an institutional investor has failed to comply with this chapter or should be subject to a finding of suitability to protect the public interest, the commission may require the institutional investor to apply for a finding of suitability.

(c) Any publicly traded corporation registered with or licensed by the commission shall immediately notify the commission of any information about, fact concerning, or actions of an institutional investor holding any of its voting securities that may materially affect the institutional investor's eligibility to hold a waiver under Section 466.548.

Sec. 466.551. EFFECT OF DENIAL OF LICENSE OR REGISTRATION. (a) A person whose application for a license or registration has been denied may not have any interest in or association with a video lottery retailer or video lottery manager or any other business conducted in connection with video lottery without prior approval of the commission.

(b) Any contract between a person holding a license or registration and a person denied a license or registration must be terminated immediately on receipt of notice from the commission. If the person denied a license or registration has previously been granted a temporary license or registration, the temporary license or registration expires immediately on denial of the permanent license or registration.

(c) Except as otherwise authorized by the commission, a person denied a license or registration may not reapply for any license or registration before the second anniversary of the date of the denial.

commission.

Sec. 466.554. RACETRACK REQUIREMENTS. (a) A video lottery retailer at all times must hold a valid pari-mutuel wagering license, except that the commission may allow a video lottery retailer whose pari-mutuel wagering license has lapsed or been revoked, suspended, or surrendered to reapply for a license in order to operate the video lottery terminal establishment or by rule may establish a period not to exceed two years during which time the video lottery terminal establishment may be operated pending acquisition by a person qualified and licensed under this chapter to operate video lottery terminals.

(b) If a video lottery retailer is not licensed as required by Subsection (a) before the second anniversary of the date a license lapses or is revoked, suspended, or surrendered or a new video lottery manager or video lottery retailer is not licensed and authorized to operate the facility before the second anniversary, the pari-mutuel license holder shall permanently lose eligibility under this subchapter to operate video lottery terminals.

(c) Subject to the commission's discretion, a video lottery retailer may continue to operate the video lottery terminal establishment after the second anniversary of the date a license lapses or is revoked, suspended, or surrendered only to satisfy the establishment's existing outstanding debt attributable to video lottery operation.

Sec. 466.556. PRIZE RULES. The commission shall adopt rules governing:

(c) In addition to other requirements under this chapter relating to video lottery, a video lottery retailer or a video lottery manager at all times shall:

(b) A video lottery retailer or video lottery manager shall employ the retailer's or manager's best efforts to exclude such persons from entry into the establishment.

(c) A video lottery retailer or video lottery manager may exclude a person for any reason not related to the person's race, sex, national origin, physical disability, or religion.

(d) A person who believes the person may be playing video lottery games on a compulsive basis may request that the person's name be placed on the list compiled by the commission under Subsection (a).

(8) been convicted of any felony or any crime involving moral turpitude.

(e) The commission may prohibit an employee from performing any act relating to video lottery terminals based on a revocation or suspension of any gaming or wagering license, permit, or approval or for any other reason the commission finds appropriate, including a refusal by a regulatory authority to issue a license, permit, or other approval for the employee to engage in or be involved with the lottery or with regulated gaming or pari-mutuel wagering in any

jurisdiction.

(f) In this section, "employee" includes any person connected directly with or compensated by an applicant or license holder as an agent, personal representative, consultant, or independent contractor for activities directly related to video lottery operations.

Sec. 466.568. REPORT OF VIOLATIONS. A person who holds a license or registration under this subchapter shall immediately report a violation or suspected violation of this chapter or a rule adopted under this chapter by any license or registration holder, by an employee of a license or registration holder, or by any person on the premises of a video lottery terminal establishment, whether or not associated with the license or registration holder.

Sec. 466.569. SECURITY. (a) In addition to the security provisions applicable under Section 466.020, a video lottery retailer or video lottery manager shall comply with the following security procedures:

(1) all video lottery terminals must be continuously monitored through the use of a closed-circuit television system that records activity for a continuous 24-hour period and all video tapes or other media used to store video images shall be retained for at least 30 days and made available to the commission on request;

(2) access to video lottery terminal areas shall be restricted to persons who are at least 21 years of age;

(3) the video lottery retailer or video lottery manager must submit for commission approval a security plan that includes a floor plan of the area where video lottery terminals are to be operated showing video lottery terminal locations and security camera mount locations; and

(4) each license holder shall employ at least the minimum number of private security personnel the commission determines is necessary to provide for safe and approved operation of the video lottery terminal establishment and the safety and well-being of the players.

(b) Private security personnel must be present during all hours of operation at each video lottery terminal establishment.

(c) An agent or employee of the commission or the Department of Public Safety or other law enforcement personnel may be present at a video lottery terminal establishment at any time.

(d) The commission may adopt rules to impose additional surveillance and security requirements related to video lottery terminal establishments and the operation of video lottery terminals.

Sec. 466.570. VIDEO LOTTERY TERMINAL ESTABLISHMENT: COMMISSION RIGHT TO ENTER. The commission, the commission's representative, the Texas Racing Commission, or a representative of the Texas Racing Commission, after displaying appropriate identification and credentials, has the free and unrestricted right to enter the premises of a video lottery terminal establishment and to enter any other locations involved in operation or support of video lottery at all times to examine the systems and to inspect and copy the records of a video lottery retailer or video lottery manager pertaining to the operation of video lottery.

Sec. 466.587. INDEMNIFICATION, INSURANCE, AND BONDING REQUIREMENTS. (a) A license or registration holder shall indemnify and hold harmless this state, the commission, and all officers and employees of this state and the commission from any and all claims which may be asserted against a license or registration holder, the commission, this state, and the members, officers, employees, and authorized agents of this state or the commission arising from the license or registration holder's participation in the video lottery system authorized under this subchapter.

(b) Surety and insurance required under this subchapter shall be issued by companies or financial institutions financially rated "A" or better as rated by A.M. Best Company or other rating organization designated by the commission and duly licensed, admitted, and authorized to conduct business in this state, or by other surety approved by the commission.

(c) The commission shall be named as the obligee in each required surety and as an additional insured in each required insurance contract.

(d) A video lottery retailer or video lottery manager may not be self-insured with regard to video lottery terminal

operations under this section.

(e) The commission by rule shall establish minimum insurance coverage requirements for a video lottery retailer, video lottery manager, or video lottery terminal provider.

Sec. 466.588. LIABILITY FOR CREDIT AWARDED OR DENIED; PLAYER DISPUTE. (a) This state and the commission are not liable for any video lottery terminal malfunction or error by a video lottery retailer, video lottery manager, or video lottery terminal provider that causes credit to be wrongfully awarded or denied to players.

(b) Any dispute arising between a player and a video lottery retailer or video lottery manager shall be resolved by the commission as follows:

(1) if the fair market value of the prize is less than \$1,000, the dispute shall be resolved in accordance with the commission-approved written policies of the video lottery retailer or video lottery manager and without any relief available from the commission or this state; or

(2) if the fair market value of the prize is \$1,000 or more, the dispute shall be resolved by the commission in the commission's sole discretion in accordance with commission rules.

(c) A court of this state does not have jurisdiction to review the decision of the commission resolving a dispute between a player and a video lottery retailer, video lottery manager, or video lottery terminal provider.

Sec. 466.589. STATE VIDEO LOTTERY ACCOUNT. (a) The commission shall deposit funds received under this subchapter to the state video lottery account. The state video lottery account is a special account in the general revenue fund. The account consists of all revenue received by this state from the operation of video lottery terminals.

(a-1) Except as provided by Subsection (b), all revenue received by this state from the operation of the video lottery system shall be distributed solely to reimburse the commission until the \$5 million authorized under this subsection is repaid to the state lottery account. From funds previously appropriated to the commission for the state fiscal biennium ending August 31,

2007, and notwithstanding Section 466.355(b), the commission is authorized to expend an amount not to exceed \$5 million from the state lottery account during that biennium to establish the video lottery system in accordance with this chapter. From revenue deposited in the state video lottery account during that biennium, the commission is hereby appropriated the amount necessary to reimburse the state lottery account for the total amount of funds expended to establish the video lottery system from the appropriation to the state lottery account, and the commission shall deposit that amount to the state lottery account. This subsection expires January 1, 2009.

(b) Two percent of the net terminal income received by this state under Section 466.590 shall be allocated to the commission to defray expenses incurred in administering this chapter related to video lottery, including expenses incurred to operate the video lottery central system. All money allocated to the commission under this subsection may be retained by the commission to defray expenses of administering this chapter related to video lottery and shall be deposited in the state video lottery account.

Sec. 466.590. ALLOCATION OF NET TERMINAL INCOME; TRANSFER OF MONEY. (a) Net terminal income derived from the operation of video lottery games in this state is allocated as follows:

(1) a portion of the net terminal income generated in each calendar year shall be remitted to this state by the video lottery retailer or video lottery manager in an amount equal to 30 percent of the net terminal income for that year; and

(2) the remainder shall be retained by the video lottery retailer or video lottery manager.

(b) Net terminal income derived from the operation of video lottery terminals on Indian lands under a gaming agreement authorized under this subchapter shall be distributed as set forth in the gaming agreement, provided that the agreement must provide that this state shall receive no more than 25 percent of the net terminal income.

(c) One-quarter of one percent of the net terminal income received by this state under Subsections (a) and (b) shall be transferred to the Texas Commission on Alcohol and Drug Abuse for

use in the compulsive gambling program under Section 461.018, Health and Safety Code, if that program is in operation.

(d) One-quarter of one percent of the net terminal income received by this state under Subsections (a) and (b) shall be transferred to the Equine Research Program at the College of Veterinary Medicine at Texas A&M University for use in equine research under Subchapter F, Chapter 88, Education Code.

(e) The commission shall require a video lottery retailer or video lottery manager to establish a separate electronic funds transfer account for depositing money from video lottery terminal operations, making payments to the commission or its designee, and receiving payments from the commission or its designee.

(f) A video lottery retailer or video lottery manager may not make payments to the commission in cash. As authorized by the commission, a video lottery retailer or video lottery manager may make payments to the commission by cashier's check.

(g) The commission at least weekly shall transfer this state's share of net terminal income of a video lottery retailer or video lottery manager to the commission through the electronic transfer of the money.

(h) The commission by rule shall establish the procedures for:

(1) depositing money from video lottery terminal operations into electronic funds transfer accounts; and

(2) handling money from video lottery terminal operations.

(i) Unless otherwise directed by the commission, a video lottery retailer or a video lottery manager shall maintain in its account this state's share of the net terminal income from the operation of video lottery terminals, to be electronically transferred by the commission on dates established by the commission. On a license holder's failure to maintain this balance, the commission may disable all of a license holder's video lottery terminals until full payment of all amounts due is made. Interest shall accrue on any unpaid balance at a rate consistent with the amount charged under Section 111.060, Tax Code. The interest shall begin to accrue on the date payment is due to the

commission.

(j) In the commission's sole discretion, rather than disable a license holder's video lottery terminals under Subsection (i), the commission may elect to impose a fine on a license holder in an amount determined by the commission not to exceed \$250,000 for each violation. If the license holder fails to remedy the violation, including payment of any amounts assessed by or due to this state, within 10 days, the commission may disable the license holder's video lottery terminals or use any other means for collection as provided by the penalty chart established by the commission.

(k) A video lottery retailer or video lottery manager is solely responsible for resolving any income discrepancies between actual money collected and the net terminal income reported by the video lottery central system. Unless an accounting discrepancy is resolved in favor of the video lottery retailer or video lottery manager, the commission may not make any credit adjustments. Any accounting discrepancies which cannot otherwise be resolved shall be resolved in favor of the commission.

(l) A video lottery retailer and video lottery manager shall remit payment as directed by the commission if the electronic transfer of money is not operational or the commission notifies the license holder that other remittance is required. The license holder shall report this state's share of net terminal income, and remit the amount generated from the terminals during the reporting period.

Sec. 466.591. COMMISSION EXAMINATION OF FINANCIAL RECORDS. The commission may examine all accounts, bank accounts, financial statements, and records in the possession or control of a person licensed under this subchapter or in which the license holder has an interest. The license holder must authorize and direct all third parties in possession or in control of the accounts or records to allow examination of any of those accounts or records by the commission.

Sec. 466.592. FINANCIAL INFORMATION REQUIRED. (a) A video lottery retailer or video lottery manager shall furnish to the commission all information and bank authorizations required to

facilitate the timely transfer of money to the commission.

(b) A video lottery retailer or video lottery manager must provide the commission advance notice of any proposed account changes in information and bank authorizations to assure the uninterrupted electronic transfer of money.

(c) The commission is not responsible for any interruption or delays in the transfer of money. The video lottery retailer or video lottery manager is responsible for any interruption or delay in the transfer of money.

Sec. 466.593. DEDUCTIONS FROM VIDEO LOTTERY PROCEEDS AT RACETRACKS. (a) Unless otherwise agreed to under Subsection (c) by the pari-mutuel license holder that owns or operates a horse racetrack at which video lottery games are conducted under this subchapter and the officially recognized horsemen's organization representing the horsemen at the racetrack, the license holder shall allocate 6.5 percent of the net terminal income generated from the operation of video lottery terminals at the racetrack to purses.

(b) Unless otherwise agreed to under Subsection (c) by the pari-mutuel license holder that owns or operates a greyhound racetrack at which video lottery games are conducted under this subchapter and the state breed registry representing the greyhound breeders at the racetrack, the license holder shall allocate 6.5 percent of the net terminal income generated from the operation of video lottery terminals at the racetrack to purses.

(c) The pari-mutuel license holder that owns or operates a racetrack at which video lottery games are conducted under this subchapter and the officially recognized horsemen's organization representing the horsemen at the racetrack or the state breed registry representing the greyhound breeders at the racetrack may enter into a written agreement to allocate a different percentage of net terminal income to be used for purses at that racetrack.

(d) A state breed registry may use a portion, not to exceed 10 percent, of the amount allocated for purses under this section for administration as determined reasonable by the commission.

(e) The commission shall adopt rules to administer this section. A matter considered by the commission under this section

is a contested case under Chapter 2001, Government Code, and requires a public hearing.

Sec. 466.595. LIABILITY OF VIDEO LOTTERY RETAILER AND VIDEO LOTTERY MANAGER. (a) A video lottery retailer, video lottery manager, or both, are jointly and severally liable to the commission for the state's share of net terminal income reported by the video lottery central system.

(b) Net terminal income received by the video lottery retailer or video lottery manager is held in trust for the benefit of this state before delivery of the state's share to the commission or electronic transfer to the state treasury, and the video lottery retailer or video lottery manager, or both, are jointly and severally liable to the commission for the full amount of the money held in trust.

(c) If the video lottery retailer or video lottery manager is not an individual, each officer, director, or owner of the video lottery retailer or video lottery manager is personally liable to the commission for the full amount of the money held in trust, except that shareholders of a publicly held corporation shall be liable in an amount not to exceed the value of their equity investment.

Sec. 466.596. PRIZE PAYMENT AND REDEMPTION. (a) Payment of prizes is the sole and exclusive responsibility of the video lottery retailer or video lottery manager. A prize may not be paid by the commission or this state except as otherwise authorized.

(b) Nothing in this subchapter limits the ability of a video lottery retailer or video lottery manager to provide promotional prizes in addition to prize payouts regulated by the commission.

(c) A video lottery ticket must be redeemed not later than the 180th day following the date of issuance. If a claim is not made for prize money on or before the 180th day after the date on which the video lottery ticket was issued, the prize money becomes the property of the video lottery terminal establishment.

(d) The commission shall enact rules consistent with this section governing the use and redemption of prizes and credits recorded on electronic player account records, such as players' club cards and smart cards.

Sec. 466.597. REVOCATION OF LICENSE, REGISTRATION, OR OTHER REGULATORY APPROVAL. (a) The commission shall revoke or suspend a license, registration, or other regulatory approval issued under this subchapter if the holder of the license, registration, or approval at any time fails to meet the eligibility requirements set forth in this subchapter.

(b) Failure to timely remit revenue generated by video lottery terminals to the commission or any tax or other fee owed to this state as demonstrated by report from the applicable taxing authority or to timely file any report or information required under this subchapter as a condition of any license, registration, or other approval issued under this subchapter may be grounds for suspension or revocation, or both, of a license, registration, or other approval issued under this subchapter.

Sec. 466.598. HEARING FOR REVOCATION OR SUSPENSION OF REGISTRATION OR LICENSE. (a) Before the commission revokes or suspends a video lottery terminal provider's registration or video lottery retailer's or video lottery manager's license, or imposes monetary penalties for a violation of this subchapter, the commission shall provide written notification to the license or registration holder of the revocation, the period of suspension, or the monetary penalty. The notice shall include:

(1) the effective date of the revocation or the period of suspension or the amount of the monetary penalty, as applicable;

(2) each reason for the revocation, suspension, or penalty;

(3) an explanation of the evidence supporting the reasons;

(4) an opportunity to present the license or registration holder's position in response on or before the 15th day after the effective date of the revocation; and

(5) a statement explaining the person's right to an administrative hearing to determine whether the revocation, suspension, or penalty is warranted.

(b) The notice required under Subsection (a) must be made by personal delivery or by mail to the person's mailing address as it appears on the commission's records.

(c) To obtain an administrative hearing on a suspension, revocation, or penalty under this section, a person must submit a written request for a hearing to the commission not later than the 20th day after the date notice is delivered personally or is mailed.

(d) If the commission receives a timely request under Subsection (c), the commission shall provide the person with an opportunity for a hearing as soon as practicable. If the commission does not receive a timely request under Subsection (c), the commission may impose the penalty, revoke or suspend a license or registration, or sustain the revocation or suspension without a hearing.

(e) Except as provided by Subsection (g), the hearing must be held not earlier than the 11th day after the date the written request is submitted to the commission.

(f) The commission may provide that a revocation or suspension takes effect on receipt of notice under Subsection (a) if the commission finds that the action is necessary to prevent or remedy a threat to public health, safety, or welfare. The commission by rule shall establish a nonexclusive list of violations that present a threat to the public health, safety, or welfare.

(g) A hearing on a revocation or suspension that takes effect on receipt of notice must be held not later than the 14th day after the date the commission receives the request for hearing under this section. The revocation or suspension continues in effect until the hearing is completed. If the hearing is continued, the revocation or suspension shall continue in effect beyond the 14-day period at the request of the license or registration holder or on a finding of good cause by the commission or administrative law judge.

(h) To prevail in a post-deprivation administrative hearing under this section, the license or registration holder must demonstrate by clear and convincing evidence that the deprivation or imposition of a penalty was unwarranted or otherwise unlawful. The post-deprivation hearing may be conducted by the commission or referred to the State Office of Administrative Hearings.

(i) The administrative record created by the hearing

conducted by the State Office of Administrative Hearings shall be provided to the commission for review and determination on the revocation or suspension.

(j) If an administrative law judge of the State Office of Administrative Hearings conducts a hearing under this section and the proposal for decision supports the commission's position, the administrative law judge shall include in the proposal a finding of the costs, fees, expenses, and reasonable and necessary attorney's fees this state incurred in bringing the proceeding.

(k) The commission may adopt the findings for costs, fees, and expenses and make the finding a part of the final order entered in the proceeding. Proceeds collected from a finding made under this section shall be paid to the commission.

Sec. 466.599. JUDICIAL REVIEW OF REVOCATION, SUSPENSION, OR PENALTY IMPOSITION. (a) A person aggrieved by a final decision of the commission to revoke or suspend a registration or license or to impose any monetary penalty may obtain judicial review before a district court in Travis County.

(b) The judicial review must be instituted by serving on the commission and filing a petition not later than the 20th day after the effective date of the final decision and must identify the order appealed from and the grounds or reason why the petitioner contends the decision of the commission should be reversed or modified.

(c) The review must be conducted by the court sitting without jury, and must not be a trial de novo but is confined to the record on review. The reviewing court may only affirm the decision, remand the case for further proceedings, or reverse the decision if the substantial rights of the petitioner have been violated.

Sec. 466.600. LICENSE OR REGISTRATION: AGREEMENT TO WAIVE ENFORCEABILITY. A license or registration holder by virtue of accepting the license or registration agrees that the privilege of holding a license or registration under this subchapter is conditioned on the holder's agreement to Sections 466.597-466.599 and waives any right to challenge or otherwise appeal the enforceability of those sections.

Sec. 466.601. LIMITED WAIVER OF SOVEREIGN IMMUNITY; NO LIABILITY OF STATE FOR ENFORCEMENT. (a) This state does not waive

its sovereign immunity by negotiating gaming agreements with Indian tribes or other persons for the operation of video lottery terminals or other lottery games under this chapter. An actor or agent on behalf of this state does not have any authority to waive the state's sovereign immunity absent an express legislative grant of the authority. The only waiver of sovereign immunity relative to video lottery terminal operations is that expressly provided for in this section.

(b) With regard to video lottery terminal operations on Indian lands, this state consents to the jurisdiction of the District Court of the United States with jurisdiction in the county where the Indian lands are located, or if the federal court lacks jurisdiction, to the jurisdiction of a district court in Travis County, solely for the purpose of resolving disputes arising from a gaming agreement authorized under this subchapter for declaratory or injunctive relief or contract damages of \$100,000 or more. Any disputes relating to damages or other awards valued at less than \$100,000 shall be arbitrated under the rules of the American Arbitration Association, provided, however, that application of the rules may not be construed as a waiver of sovereign immunity.

(c) All financial obligations of the commission are payable solely out of the income, revenues, and receipts of the commission and are subject to statutory restrictions and appropriations.

(d) This state and the commission are not liable if performance by the commission is compromised or terminated by acts or omissions of the legislature or the state or federal judiciary.

(e) This state and the commission are not liable related to any enforcement of this chapter.

Sec. 466.602. ABSOLUTE PRIVILEGE OF REQUIRED COMMUNICATIONS AND DOCUMENTS. (a) Any communication, document, or record of a video lottery central system provider, video lottery terminal provider, video lottery retailer, or video lottery manager, an applicant, or a license or registration holder or holder of a regulatory approval that is made or transmitted to the commission or any of its employees to comply with any law, including a rule of the commission, to comply with a subpoena issued by the commission, or to assist the commission or its designee in the

performance of their respective duties is absolutely privileged, does not impose liability for defamation, and is not a ground for recovery in any civil action.

(b) If a communication, document, or record provided under Subsection (a) contains any information that is privileged under state law, that privilege is not waived or lost because the communication, document, or record is disclosed to the commission or any of the commission's employees.

(c) The commission shall maintain all privileged information, communications, documents, and records in a secure place as determined in the commission's sole discretion that is accessible only to members of the commission and authorized commission employees.

Sec. 466.603. INTELLECTUAL PROPERTY RIGHTS OF COMMISSION.  
The legislature finds and declares that the commission has the right to establish ownership of intellectual property rights for all lottery products, including video lottery terminals and related video lottery equipment.

Sec. 466.604. MODEL GAMING AGREEMENT. (a) The governor shall execute, at the governor's discretion as chief executive officer of this state and on behalf of this state, a gaming agreement with the Ysleta del Sur Pueblo Indian tribe, the Alabama-Coushatta Indian tribe, or the Kickapoo Traditional Tribe of Texas containing the terms set forth in Subsection (b), as a ministerial act, without preconditions, not later than the 30th day after the date the governor receives a request from the tribe, accompanied by or in the form of a duly enacted resolution of the tribe's governing body, to enter into the gaming agreement.

(b) A gaming agreement executed under Subsection (a) must contain substantially the terms set forth in a model gaming agreement adopted by the attorney general and filed with the secretary of state. The attorney general shall adopt a model gaming agreement for purposes of this section, consistent with the applicable provisions of this chapter, and shall file the agreement with the secretary of state.

(c) An Indian tribe may operate video lottery games and video lottery terminals in accordance with a gaming agreement

entered into under this section.

(d) The governor may not amend, alter, or otherwise modify an agreement under this section until after the 10th anniversary of the date the governor signed the original agreement.

Sec. 466.605. VIDEO LOTTERY GAMES BY INDIAN TRIBES AUTHORIZED. (a) Notwithstanding any other law, an Indian tribe may operate video lottery games and video lottery terminals as authorized by this subchapter pursuant to a compact with the governor.

(b) To operate video lottery games under this section, an Indian tribe must be an Indian tribe as listed by the United States secretary of the interior under 25 U.S.C. Section 479a-1 on or before January 1, 1998, and must, on or before January 1, 1998, have had Indian lands within the boundaries of this state. At any time there may not be more than three Indian tribes operating video lottery games on Indian lands in this state.

(c) An Indian tribe may operate video lottery games under this section only on or immediately adjacent to Indian lands placed into trust by the United States for the benefit of the Indian tribe on or before January 1, 1998, that were held and occupied by the Indian tribe on or before January 1, 1998.

(d) A compact or agreement entered into under this section must contain provisions for the monitoring and auditing of the operation of video lottery games and any other gaming activity. The compact must:

(1) provide that the commissioner may inspect all public and nonpublic areas of the premises where the Indian tribe operates video lottery games or other gaming activity;

(2) require the conduct of an annual audit by the commission or an auditor selected by the commission of the Indian tribe's video lottery game operations; and

(3) provide that the commission may examine and review all financial records of the Indian tribe's video lottery game operations at any reasonable time.

(e) An agreement entered into under this section with a federally recognized Indian tribe, or an affiliated entity, to allow the tribe or entity to operate video lottery games must

provide that the tribe agrees to collect and remit to the comptroller all state sales and use taxes for all taxable goods and services sold on the tribe's Indian lands in this state and all state taxes on motor fuels, alcoholic beverages, cigarettes and tobacco products, and hotel occupancy sold on the tribe's Indian lands. In the case of a federally recognized Indian tribe, the requirement to collect and remit these state taxes does not apply to taxes on the sale, use, or consumption of an item by a member of the tribe. The agreement shall provide a method to secure payment of these taxes to this state.

(f) The comptroller may adopt rules to ensure that the exemption from the collection and remission of state taxes under Subsection (e) applies only to members of the tribe owning that tribal land.

(2) In light of the financial emergency faced by the state, in the event the voters approve this limited state-controlled and state-operated video lottery system, the Texas Lottery Commission must be authorized to commence operation of the video lottery system in accordance with this article at the earliest possible date, consistent with the intent of the voters and legislative directive.

(3) The implementation of the video lottery system will require significant time for application investigations and determinations and for video lottery terminal and video lottery central system providers and manufacturers of video lottery games to develop prototypes for testing for the video lottery central system and video lottery terminals and games.

(4) The state's budget crisis constitutes an imminent peril to the public welfare, requiring the adoption of rules and authorization for the Texas Lottery Commission to conduct certain

If the commission determines that all the requirements under Subchapter K, Chapter 466, Government Code, have been satisfied, the commission may issue a letter advising the applicant of the status of approval of the application pending approval by the voters of the proposed constitutional amendment. If the commission determines that any requirements under Subchapter K, Chapter 466, Government Code, have not been satisfied, the commission may request additional information or conduct further investigations the commission considers necessary and may issue a letter advising the applicant of the status of the application.

(e) Before the proposed constitutional amendment is submitted to the voters, the Texas Lottery Commission may request and receive information related to applications for licensing and registration under Subchapter K, Chapter 466, Government Code, as added by this article. An applicant's failure to comply with any requests made by the Texas Lottery Commission under this subsection may be considered grounds for denial of an application.

(f) The Texas Lottery Commission may not issue any license, registration, or temporary license related to the state video lottery system under Subchapter K, Chapter 466, Government Code, as added by this article, unless and until the constitutional amendment is approved by the voters and becomes effective.

(g) Before the proposed constitutional amendment is submitted to the voters, the Texas Lottery Commission may conduct investigations and collect investigative fees related to information requested and received for pre-implementation applications under this section and necessary for the commission's evaluation and determination of an application for any licensing, registration, or commission approval required under Subchapter K, Chapter 466, Government Code, as added by this article.

(h) Before the proposed constitutional amendment is submitted to the voters, the Texas Lottery Commission may conduct preregistration of potential video lottery terminal providers. To qualify for preregistration under this subsection, an applicant must satisfy the minimum application requirements under Section 466.512, Government Code, as added by this article, except that the application fee required under Section 466.513(a), Government Code, as added by this article, is not due until the applicant files an application for registration under Subchapter K, Chapter 466, Government Code, as added by this article. A preregistration applicant shall submit additional money not later than the 10th day after the date the applicant receives notice from the commission that it has incurred actual costs for the preregistration investigation in excess of the initial deposit required under this subsection. If the commission does not receive the additional money from the applicant on or before the 15th day after the date the applicant receives the commission's notice, the commission shall suspend the application until the money is received by the commission. Any deposit or other nonrefundable money provided under this subsection shall be credited toward an application fee required under Section 466.513(a), Government Code, as added by this article.

(i) The Texas Lottery Commission may not register any video lottery terminal providers unless and until the constitutional amendment is approved by the voters and becomes effective.

(j) Notwithstanding Section 466.513, Government Code, as added by this article, a video lottery terminal provider that has

(k) Before the proposed constitutional amendment is submitted to the voters, the Texas Lottery Commission may negotiate contracts with preregistered video lottery terminal providers. The commission may enter into contracts with preregistered video lottery terminal providers, video lottery central system providers, and manufacturers of video lottery games as required for the creation and testing of a video lottery central system, video lottery terminals, and video lottery games for the commission's consideration.

(l) Before the proposed constitutional amendment is submitted to the voters, the Texas Lottery Commission may negotiate and enter contracts as necessary to establish the video lottery system. The commission is exempt from the procurement procedures prescribed under Subtitle D, Title 10, Government Code; Section 466.101, Government Code; Chapter 2161, Government Code; and any and all bidding requirements or contract requirements provided by any other law or by rules of the commission for the acquisition or provision of facilities, supplies, equipment, materials, or services related to the implementation of video lottery under this section.
