Sec. 3.____. EQUITY ADJUSTMENTS. (a) A state agency is authorized to adjust the salary rate of an employee whose position is classified under the position classification plan to any rate within the employee's salary group range as necessary to maintain desirable salary relationships:

- (1) between and among employees of the agency; or
- (2) between employees of the agency and employees who hold similar positions in the relevant labor market.

(b) In determining desirable salary relationships under Subsection (a), a state agency shall consider the education, skills, related work experience, length of service, and job performance of agency employees and similar employees in the relevant labor market.

(c) A state agency may award an equity adjustment to an employee under this section only if:

- (1) the employee has worked in the employee's current position for not less than six months while maintaining at least a satisfactory level of job performance; and

(2) the adjustment does not take effect during the same fiscal year as another equity adjustment made to the employee's salary under this section.

(d) A state agency shall adopt internal written rules relating to making equity adjustments under this section. The rules shall include procedures under which the agency will review and analyze the salary relationships between agency employees who receive salaries under the same job classification and perform the same type and level of work to determine if inequities exist.
