

Amend **CSSB 1188** (House committee printing) in SECTION 8 of the bill in Subsection (e) (page 25, line 22) following the last sentence, by inserting the following:

In conducting the study, the commission shall solicit stakeholder input and consider information from any other optimization-related projects currently being operated, including the Consolidated Waiver Project authorized by 531.0219, Government Code, former projects including the Mental Retardation Local Authority program, and related information from projects in other states.
