AUTHOR'S/SPONSOR'S STATEMENT OF INTENT

In August 2000, Texas launched its official e-government website for state and local government business, TexasOnline. Demand for TexasOnline's services has been great. However, questions have arisen concerning whether and how certain transactions can be conducted using TexasOnline. H.B. 2593 addresses these concerns.

Amends Section 2054.258, Government Code, to delete existing text requiring an authority member, not less than six months after the date on which the member is appointed, to complete training on the TexasOnline division (division) created by the Department of Information Resources (department). Makes conforming changes.

(b) Requires the authority to charge a state agency or local government a fee for all services provided to that entity.

(c) Provides that a fee set by the authority for using the project is in addition to any other statutory fees. Requires the revenue collected from the fees to be used to support the project, including the recovery of project costs.

Sec. 2054.2595. FEE EXEMPTIONS. Prohibits the authority from charging the State Board of Barber Examiners or the Texas Cosmetology Commission a fee to use the project for the issuance or renewal of an occupational license.
