AUTHOR'S/SPONSOR'S STATEMENT OF INTENT

In 1997, the 75th Texas Legislature amended the Texas Insurance Code to allow a non-life mutual insurance company to convert to a stock insurance company or to a mutual holding company. Under current law, a mutual life insurance company is authorized to convert to a stock insurance company, but there is no authorization to convert to a mutual holding company.

S.B. 449 allows a mutual life insurance company to convert to a mutual holding company, allowing it to issue stock and attract additional capital as necessary to ensure the financial viability of the company for its policyholders. This conversion occurs by the original mutual insurance company becoming a stock insurance company that is wholly owned by the mutual holding company.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
