AUTHOR'S/SPONSOR'S STATEMENT OF INTENT

The Texas Tech-Prep Program was enacted in 1999 to allow high school students to begin a college technical major while still attending high school. Texas' Tech-Prep law emphasizes the important role played by Texas' business community, in partnership with secondary and post-secondary educational leaders, and provides for cost-effective statewide administration of the federally funded program through a statewide network of regional consortia.

S.B. 1809 clarifies the original intent of current state law regarding operation of tech-prep in Texas and provides for a statewide evaluation of tech-prep consortia.

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
