AUTHOR'S/SPONSOR'S STATEMENT OF INTENT

The Act creating the Karnes County Hospital District (district) was passed by the 61st Legislature, Regular Session, 1969, was amended in 1973 and 1981, and has not been updated since that time. The district's enabling legislation requires updating to conform with current laws.

This legislation clarifies that the district has the authority to issue general obligation or revenue bonds for hospital system purposes and to differentiate between these two types of bonds. This legislation authorizes the creation of a nonprofit corporation, defines what constitutes the hospital system, and clarifies the district's taxing provisions.

Additionally, a few additional substantive provisions include changing the provisions regarding elections to follow the deadlines in the Election Code, removing requirement that administrator post \$5,000 bond, allowing the district's board to set the fiscal year, linking the construction contract bidding to the Local Government Code minimum, and adding a process for the dissolution of the district.

As proposed, S.B. 1846 amends the enabling legislation for Karnes County Hospital District by updating the legislation to conform to current laws and to clarify the district's authority.

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
