(a) Except as provided by Subsection (b-1), (d), [~~(b)~~] or (e), a student may not be promoted to:

(1) the fourth grade program to which the student would otherwise be assigned if the student does not perform satisfactorily on the third grade reading assessment instrument under Section 39.023;

14 (b-1) The grade placement committee may decide to promote a
15 student who fails to perform satisfactorily on an assessment

19 Subsection (f), the student is likely to perform at grade level.
20 The standards adopted by the board of trustees may include:

21 (1) evidence of satisfactory student performance,

19 accelerated instruction as provided by Subsection (f), the student
20 is likely to perform at grade level.

21 (d-1) A student may not be retained on the basis of the grade

20 assessment instrument specified under Subsection (a) accelerated
21 instruction during the next school year as prescribed by an
22 educational plan developed for the student by the student's grade
23 placement committee established under Subsection (a-1) [(c)]. The
24 district shall provide that accelerated instruction regardless of
25 whether the student has been promoted or retained. The educational
26 plan must be designed to enable the student to perform at the
27 appropriate grade level by the conclusion of the school year.

1 During the school year, the student shall be monitored to ensure
2 that the student is progressing in accordance with the plan. The
