

1 AN ACT

2 relating to the security of computer networks in state government.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

4 SECTION 1. Subtitle B, Title 10, Government Code, is
5 amended by adding Chapter 2059 to read as follows:

6 CHAPTER 2059. TEXAS COMPUTER NETWORK SECURITY SYSTEM

7 SUBCHAPTER A. GENERAL PROVISIONS

8 Sec. 2059.001. DEFINITIONS. In this chapter:

9 (1) "Center" means the network security center
10 established under this chapter.

11 (2) "Department" means the Department of Information
12 Resources.

13 (3) "Network security" means the protection of
14 computer systems and technology assets from unauthorized external
15 intervention or improper use. The term includes detecting,
16 identifying, and countering malicious network activity to prevent
17 the acquisition of information or disruption of information
18 technology operations.

19 (4) "State agency" has the meaning assigned by Section
20 2151.002.

21 [Sections 2059.002-2059.050 reserved for expansion]

22 SUBCHAPTER B. GENERAL POWERS AND DUTIES

23 Sec. 2059.051. DEPARTMENT RESPONSIBLE FOR PROVIDING
24 COMPUTER NETWORK SECURITY SERVICES. The department shall provide

1 network security services to:

2 (1) state agencies; and

3 (2) other entities by agreement as provided by Section
4 2059.058.

5 Sec. 2059.052. SERVICES PROVIDED TO INSTITUTIONS OF HIGHER
6 EDUCATION. The department may provide network security services to
7 an institution of higher education, and may include an institution
8 of higher education in a center, only if and to the extent approved
9 by the Information Technology Council for Higher Education.

10 Sec. 2059.053. RULES. The department may adopt rules
11 necessary to implement this chapter.

12 Sec. 2059.054. OWNERSHIP OR LEASE OF NECESSARY EQUIPMENT.
13 The department may purchase in accordance with Chapters 2155, 2156,
14 2157, and 2158 any facilities or equipment necessary to provide
15 network security services to state agencies.

16 Sec. 2059.055. RESTRICTED INFORMATION. (a) Confidential
17 network security information may be released only to officials
18 responsible for the network, law enforcement, the state auditor's
19 office, and agency or elected officials designated by the
20 department.

21 (b) Network security information is confidential under this
22 section if the information is:

23 (1) related to passwords, personal identification
24 numbers, access codes, encryption, or other components of the
25 security system of a state agency;

26 (2) collected, assembled, or maintained by or for a
27 governmental entity to prevent, detect, or investigate criminal

1 activity; or

2 (3) related to an assessment, made by or for a
3 governmental entity or maintained by a governmental entity, of the
4 vulnerability of a network to criminal activity.

5 Sec. 2059.056. RESPONSIBILITY FOR EXTERNAL AND INTERNAL
6 SECURITY THREATS. If the department provides network security
7 services for a state agency or other entity under this chapter, the
8 department is responsible for network security from external
9 threats for that agency or entity. Network security management for
10 that state agency or entity regarding internal threats remains the
11 responsibility of that state agency or entity.

12 Sec. 2059.057. BIENNIAL REPORT. (a) The department shall
13 biennially prepare a report on:

14 (1) the department's accomplishment of service
15 objectives and other performance measures under this chapter; and

16 (2) the status, including the financial performance,
17 of the consolidated network security system provided through the
18 center.

19 (b) The department shall submit the report to:

20 (1) the governor;

21 (2) the lieutenant governor;

22 (3) the speaker of the house of representatives; and

23 (4) the state auditor's office.

24 Sec. 2059.058. AGREEMENT TO PROVIDE NETWORK SECURITY
25 SERVICES TO ENTITIES OTHER THAN STATE AGENCIES. (a) In this
26 section, a "special district" means:

27 (1) a school district;

1 (2) a hospital district;
2 (3) a water district; or
3 (4) a district or special water authority, as defined
4 by Section 49.001, Water Code.

5 (b) In addition to the department's duty to provide network
6 security services to state agencies under this chapter, the
7 department by agreement may provide network security to:

8 (1) each house of the legislature;
9 (2) an agency that is not a state agency, including a
10 legislative agency;
11 (3) a political subdivision of this state, including a
12 county, municipality, or special district; and
13 (4) an independent organization, as defined by Section
14 39.151, Utilities Code.

15 Sec. 2059.059. TRANSITION TO THE CENTER. (a) The
16 department shall provide network security services for a state
17 agency if the department makes that state agency's network a part of
18 the consolidated state network through the center.

19 (b) Before the construction and operation of the center, the
20 department may provide network security services through
21 agreements with entities that provide those services using existing
22 network security centers or operations.

23 (c) If the state agency or entity pays its proportional
24 share of the network security services costs under this chapter,
25 the department shall provide network security services to that
26 state agency or other entity before the department makes the state
27 agency's network a part of the consolidated state network.

1 (d) This section expires September 1, 2011.

2 [Sections 2059.060-2059.100 reserved for expansion]

3 SUBCHAPTER C. NETWORK SECURITY CENTER

4 Sec. 2059.101. NETWORK SECURITY CENTER. The department
5 shall establish a network security center to provide network
6 security services to state agencies.

7 Sec. 2059.102. MANAGEMENT AND USE OF NETWORK SECURITY
8 SYSTEM. (a) The department shall manage the operation of network
9 security system services for all state agencies at the center.

10 (b) The department shall fulfill the network security
11 requirements of each state agency to the extent practicable.
12 However, the department shall protect criminal justice and homeland
13 security networks of this state to the fullest extent possible in
14 accordance with federal criminal justice and homeland security
15 network standards.

16 (c) All state agencies shall use the network security
17 services provided through the center to the fullest extent
18 possible.

19 (d) A state agency may not purchase network security
20 services unless the department determines that the agency's
21 requirement for network security services cannot be met at a
22 comparable cost through the center. The department shall develop
23 an efficient process for this determination.

24 Sec. 2059.103. CENTER LOCATION AND PHYSICAL SECURITY. (a)
25 The department shall locate the center at a location that has an
26 existing secure and restricted facility, cyber-security
27 infrastructure, available trained workforce, and supportive

1 educational capabilities.

2 (b) The department shall control and monitor all entrances
3 and critical areas to prevent unauthorized entry. The department
4 shall limit access to authorized individuals.

5 (c) Local law enforcement or security agencies shall
6 monitor security alarms at the center according to service
7 availability.

8 (d) The department shall restrict operational information
9 to personnel at the center, except as provided by Chapter 321.

10 Sec. 2059.104. CENTER SERVICES AND SUPPORT. (a) The
11 department shall provide the following managed security services
12 through the center:

13 (1) real-time network security monitoring to detect
14 and respond to network security events that may jeopardize this
15 state and the residents of this state, including vulnerability
16 assessment services consisting of a comprehensive security posture
17 assessment, external and internal threat analysis, and penetration
18 testing;

19 (2) continuous, 24-hour alerts and guidance for
20 defeating network security threats, including firewall
21 preconfiguration, installation, management and monitoring,
22 intelligence gathering, protocol analysis, and user
23 authentication;

24 (3) immediate incident response to counter network
25 security activity that exposes this state and the residents of this
26 state to risk, including complete intrusion detection systems
27 installation, management, and monitoring and a network operations

1 call center;

2 (4) development, coordination, and execution of
3 statewide cyber-security operations to isolate, contain, and
4 mitigate the impact of network security incidents at state
5 agencies;

6 (5) operation of a central authority for all statewide
7 information assurance programs; and

8 (6) the provision of educational services regarding
9 network security.

10 (b) The department may provide:

11 (1) implementation of best-of-breed information
12 security architecture engineering services, including public key
13 infrastructure development, design, engineering, custom software
14 development, and secure web design; or

15 (2) certification and accreditation to ensure
16 compliance with the applicable regulatory requirements for
17 cyber-security and information technology risk management,
18 including the use of proprietary tools to automate the assessment
19 and enforcement of compliance.

20 Sec. 2059.105. NETWORK SECURITY GUIDELINES AND STANDARD
21 OPERATING PROCEDURES. (a) The department shall adopt and provide
22 to all state agencies appropriate network security guidelines and
23 standard operating procedures to ensure efficient operation of the
24 center with a maximum return on investment for the state.

25 (b) The department shall revise the standard operating
26 procedures as necessary to confirm network security.

27 (c) Each state agency shall comply with the network security

1 policies, guidelines, and standard operating procedures.

2 Sec. 2059.106. PRIVATE VENDOR. The department may contract
3 with a private vendor to build and operate the center and act as an
4 authorized agent to acquire, install, integrate, maintain,
5 configure, and monitor the network security services and security
6 infrastructure elements.

7 [Sections 2059.107-2059.150 reserved for expansion]

8 SUBCHAPTER D. FINANCIAL PROVISIONS

9 Sec. 2059.151. PAYMENT FOR SERVICES. The department shall
10 develop a system of billings and charges for services provided in
11 operating and administering the network security system that
12 allocates the total state cost to each state agency or other entity
13 served by the system based on proportionate usage.

14 Sec. 2059.152. REVOLVING FUND ACCOUNT. (a) The
15 comptroller shall establish in the state treasury a revolving fund
16 account for the administration of this chapter. The account must be
17 used as a depository for money received from state agencies and
18 other entities served under this chapter. Receipts attributable to
19 the centralized network security system must be deposited into the
20 account and separately identified within the account.

21 (b) The legislature may appropriate money for operating the
22 system directly to the department, in which case the revolving fund
23 account must be used to receive money due from local governmental
24 entities and other agencies to the extent that their money is not
25 subject to legislative appropriation.

26 (c) The department shall maintain in the revolving fund
27 account sufficient amounts to pay the liabilities of the center and

1 related network security services.

2 Sec. 2059.153. GRANTS. The department may apply for and use
3 for purposes of this chapter the proceeds from grants offered by any
4 federal agency or other source.

5 SECTION 2. (a) In this section, "department" means the
6 Department of Information Resources.

7 (b) The department shall study the interoperability of the
8 network security features for user-specific access as provided by
9 this Act. As part of the study, the department shall determine the
10 potential for interoperability of user access technology and
11 identify resulting cost savings and security benefits to Texas.
12 The department shall convene the necessary project staff from
13 affected state agencies, as well as appropriate independent
14 technology experts to determine feasibility, cost savings,
15 scalability, and other relevant factors regarding integration of
16 user-specific access features to state computer network systems
17 that will enhance information security.

18 (c) The department shall report on the results of the study
19 and include recommendations in the report regarding integration and
20 user-specific access features that will enhance computer network
21 and information security.

22 (d) Not later than December 31, 2006, the department shall
23 file the report with:

- 24 (1) the lieutenant governor;
- 25 (2) the speaker of the house of representatives; and
- 26 (3) the chairs of the house and senate committees with
27 primary oversight over the department.

1 SECTION 3. This Act takes effect September 1, 2005.

President of the Senate

Speaker of the House

I certify that H.B. No. 3112 was passed by the House on May 13, 2005, by a non-record vote; and that the House concurred in Senate amendments to H.B. No. 3112 on May 27, 2005, by a non-record vote.

Chief Clerk of the House

I certify that H.B. No. 3112 was passed by the Senate, with amendments, on May 25, 2005, by the following vote: Yeas 31, Nays 0.

Secretary of the Senate
