A BILL TO BE ENTITLED

AN ACT

relating to the creation of the North Fort Bend Water Authority; providing authority to issue bonds; granting the power of eminent domain; providing an administrative penalty.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. AMENDMENT. Subtitle H, Title 6, Special District Local Laws Code, is amended by adding Chapter 8813 to read as follows:

CHAPTER 8813. NORTH FORT BEND WATER AUTHORITY

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 8813.001. DEFINITIONS. In this chapter:

(1) "Authority" means the North Fort Bend Water Authority.

(2) "Board" means the board of directors of the authority.

(3) "Commission" means the Texas Commission on Environmental Quality or its successor.

(4) "Director" means a member of the board.

(5) "District" means any district created under Sections 52(b)(1) and (2), Article III, or Section 59, Article XVI, Texas Constitution, regardless of the manner of creation, other than:

(A) a navigation district or port authority;

(B) a district governed by Chapter 36, Water

1 Code; or

2 (C) a district that does not have the legal
3 authority to supply water.

4 (6) "Groundwater reduction plan" means a plan adopted
5 or implemented to supply water, reduce reliance on groundwater,
6 regulate groundwater pumping and usage, or require and allocate
7 water usage among persons in order to comply with or exceed
8 requirements imposed by the Fort Bend Subsidence District or the
9 Harris-Galveston Coastal Subsidence District, as applicable,
10 including any applicable groundwater reduction requirements.

11 (7) "Local government" means a municipality, county,
12 district, or other political subdivision of this state or a
13 combination of two or more of those entities.

14 (8) "Person" includes an individual, corporation,
15 organization, government or governmental subdivision or agency,
16 district, local government, business trust, estate, trust,
17 partnership, association, and any other legal entity.

18 (9) "Subsidence" means the lowering in elevation of
19 the surface of land by the withdrawal of groundwater.

20 (10) "System" means a network of pipelines, conduits,
21 valves, canals, pumping stations, force mains, treatment plants,
22 and any other construction, device, or related appurtenance used to
23 treat or transport water.

24 (11) "Water" includes:

25 (A) groundwater, percolating or otherwise;

26 (B) any surface water, natural or artificial,
27 navigable or nonnavigable; and

1 (C) industrial and municipal wastewater.

2 (12) "Well" includes a facility, device, or method
3 used to withdraw groundwater from a groundwater source within the
4 boundaries of the authority.

5 Sec. 8813.002. NATURE OF AUTHORITY. The authority is a
6 regional water authority in Fort Bend and Harris Counties created
7 under and essential to accomplish the purposes of Section 59,
8 Article XVI, Texas Constitution, including the acquisition and
9 provision of surface water and groundwater for residential,
10 commercial, industrial, agricultural, and other uses, the
11 reduction of groundwater withdrawals, the conservation,
12 preservation, protection, and recharge of groundwater and of
13 groundwater reservoirs or their subdivisions, the prevention of
14 waste of groundwater, the control of subsidence caused by the
15 withdrawal of water from groundwater reservoirs or their
16 subdivisions, and other public purposes stated in this chapter.
17 The authority is a political subdivision of this state.

18 Sec. 8813.003. CONFIRMATION ELECTION NOT REQUIRED. An
19 election to confirm the creation of the authority is not required.

20 Sec. 8813.004. INITIAL AUTHORITY TERRITORY. (a) The
21 authority is initially composed of the territory described by
22 Section 2 of the Act creating this chapter.

23 (b) The boundaries and field notes contained in Section 2 of
24 the Act creating this chapter form a closure. A mistake made in the
25 field notes or in copying the field notes in the legislative process
26 does not affect:

27 (1) the organization, existence, or validity of the

1 authority;

2 (2) the right of the authority to issue any type of
3 bond or note for the purposes for which the authority is created or
4 to pay the principal of and interest on a bond or note;

5 (3) the right of the authority to impose or collect a
6 fee, user fee, rate, charge, or special assessment; or

7 (4) the legality or operation of the authority.

8 (c) All of the territory of a local government created after
9 the effective date of the Act creating this chapter that
10 encompasses any territory within the boundaries of the authority,
11 immediately on the creation and without any action required of the
12 authority, is subject to all of the rights, powers, privileges, and
13 rules of the authority to the same extent as the territory was
14 before the local government was created.

15 Sec. 8813.005. EXCLUSION OF CERTAIN TERRITORY. (a) A
16 district or municipality that, on the effective date of the Act
17 creating this chapter, is located, wholly or partly, within the
18 territory described by Section 2(a) or (b) of the Act creating this
19 chapter may petition for exclusion of all of its territory from the
20 authority's boundaries by a petition signed by a majority of the
21 members of the governing body of the district or municipality.

22 (b) The board shall:

23 (1) not later than the 120th day after the effective
24 date of the Act creating this chapter, grant the petition and order
25 the territory excluded if the petition:

26 (A) includes an accurate legal description of the
27 boundaries of the territory to be excluded; and

1 (B) is filed with the authority not later than
2 the 60th day after the effective date of the Act creating this
3 chapter; and

4 (2) if the board grants the petition, file for
5 recording in the office of the county clerk for the applicable
6 county or counties a copy of the order and a description of the
7 authority's boundaries as they exist after the exclusion of the
8 territory.

9 (c) If a district or municipality is excluded from the
10 authority's boundaries under this section, the authority is not
11 required to:

12 (1) provide water or any other service to the district
13 or municipality; or

14 (2) include the district or municipality in any
15 groundwater reduction plan adopted or implemented by the authority.

16 (d) If, not later than the 60th day after the effective date
17 of the Act creating this chapter, a district or municipality files a
18 petition for exclusion under this section, the authority may not
19 impose fees, user fees, rates, charges, or special assessments on
20 the district or municipality after the petition is filed with the
21 authority unless the district or municipality is annexed by the
22 authority under Section 8813.006.

23 (e) If a district or municipality excluded from the
24 authority's boundaries under this section petitions the authority
25 to be annexed under Section 8813.006, the authority may annex the
26 district or municipality. The authority may, as a condition of
27 annexation, require terms and conditions the board considers

1 appropriate. The authority may require the district or
2 municipality to pay the authority the fees, user fees, charges, and
3 special assessments, with interest, that, as determined by the
4 authority, the district or municipality would have been charged by
5 the authority if the district or municipality had not been excluded
6 from the authority under this section.

7 Sec. 8813.006. ANNEXATION. (a) Except to the extent the
8 authority agrees in writing, a municipality's annexation of
9 territory within the authority does not affect:

10 (1) the authority's powers inside or outside the
11 annexed territory;

12 (2) the authority's boundaries or contracts; or

13 (3) the authority's ability to assess fees, user fees,
14 rates, charges, or special assessments inside or outside the
15 territory annexed by the municipality.

16 (b) Territory may be annexed to the authority, regardless of
17 whether the territory is contiguous to the authority, as provided
18 by Chapter 49, Water Code.

19 (c) In addition to the authority granted by Subsection (b),
20 regardless of whether the territory is contiguous to the authority,
21 the authority may annex some or all of the territory located within
22 a district or municipality if the district or municipality files
23 with the authority a petition requesting the annexation signed by a
24 majority of the members of the governing body of the district or
25 municipality. The petition must include an accurate legal
26 description of the boundaries of the territory to be included. If
27 the authority has bonds, notes, or other obligations outstanding,

1 the authority shall require the petitioning district or
2 municipality to be obligated to pay its share of the principal of
3 and interest on the outstanding bonds, notes, or other obligations,
4 and related costs. The board may grant the petition and order the
5 territory described by the petition annexed to the authority if it
6 is feasible, practicable, and to the advantage of the authority.

7 (d) Any territory that a district located within the
8 authority annexes becomes territory of the authority on the
9 effective date of the annexation without any action required of the
10 authority. The authority by rule may require all districts located
11 within the authority to send to the authority written notice of the
12 effective date of an annexation and require the districts to send to
13 the authority copies of any necessary documents describing the
14 annexed land and describing the districts' boundaries as they exist
15 after inclusion of the annexed land.

16 (e) The annexation to the authority of territory under this
17 section does not affect the validity of the authority's bonds
18 issued before or after the annexation.

19 (f) A municipality that annexes territory of the authority
20 for limited purposes under Subchapter F, Chapter 43, Local
21 Government Code, does not have the right to:

22 (1) receive notices from the authority under Section
23 8813.103(c);

24 (2) participate in the appointment of directors under
25 Subchapter B; or

26 (3) receive information about or have the opportunity
27 to fund its share of capital costs in the manner provided by the

1 authority under Section 8813.104.

2 Sec. 8813.007. APPLICABILITY OF OTHER LAW. (a) Except as
3 otherwise provided by this chapter, Chapter 49, Water Code, applies
4 to the authority.

5 (b) This chapter does not prevail over or preempt a
6 provision of Chapter 36, Water Code, Chapter 8801 of this code, or
7 Chapter 1045, Acts of the 71st Legislature, Regular Session, 1989,
8 that is being implemented by the Harris-Galveston Coastal
9 Subsidence District or Fort Bend Subsidence District, as
10 applicable.

11 Sec. 8813.008. FINDING OF BENEFIT. All the land, property,
12 and persons included within the boundaries of the authority will be
13 directly benefited by the works, projects, improvements, and
14 services to be provided by the authority under powers conferred by
15 Section 59, Article XVI, Texas Constitution, and this chapter. The
16 authority is created to serve a public use and benefit. The
17 creation of the authority will serve to promote the health, safety,
18 and general welfare of persons within the authority and the general
19 public. Any fees, user fees, rates, charges, or special
20 assessments imposed by the authority under this chapter are
21 necessary to pay for the costs of accomplishing the purposes of the
22 authority as set forth in Section 59, Article XVI, Texas
23 Constitution, and this chapter, including:

- 24 (1) the reduction of groundwater withdrawals;
25 (2) the facilitation of compliance with the
26 requirements of the Fort Bend Subsidence District or the
27 Harris-Galveston Coastal Subsidence District, as applicable; and

1 Sec. 8813.052. ELIGIBILITY TO SERVE AS DIRECTOR. (a) To be
2 eligible to serve as a director of the authority or to be listed on a
3 ballot as a candidate for director of the authority representing a
4 director precinct, an individual must:

5 (1) be at least 18 years of age;

6 (2) be a resident of the authority; and

7 (3) have served as a director of one or more districts
8 for a total of at least four years.

9 (b) Notwithstanding Subsection (a), to serve as a director
10 representing, or to be listed on a ballot as a candidate for
11 director representing, a director precinct that includes any part
12 of the City of Fulshear, an individual must:

13 (1) meet the qualifications provided by Subsections
14 (a)(1) and (2); and

15 (2) have served as:

16 (A) the mayor or a member of the city council of
17 the City of Fulshear for any period; or

18 (B) a director of one or more districts for a
19 total of at least four years.

20 Sec. 8813.053. DISQUALIFICATION OF DIRECTORS. The common
21 law doctrine of incompatibility does not disqualify an official or
22 employee of a public entity from serving as a director of the
23 authority. A director who is also an officer or employee of a
24 public entity may not participate in the discussion of or vote on a
25 matter regarding a contract with that public entity.

26 Sec. 8813.054. CONFLICTS OF INTEREST. Chapter 171, Local
27 Government Code, governs conflicts of interest of board members.

1 Sec. 8813.055. SINGLE-MEMBER DIRECTOR PRECINCTS. (a) The
2 authority is divided into seven single-member director precincts,
3 as described by Section 3 of the Act creating this chapter.

4 (b) The board may redraw the single-member director
5 precincts in a manner that is reasonable and equitable:

6 (1) after any change in the boundaries of the
7 authority; or

8 (2) by a resolution redrawing the director precincts
9 adopted by a two-thirds majority of the board based on changed
10 circumstances.

11 Sec. 8813.056. METHOD OF APPOINTMENT OF DIRECTORS. (a) The
12 governing bodies of the districts and municipalities located within
13 each director precinct jointly shall appoint one director to
14 represent the precinct by a vote conducted as provided by this
15 section.

16 (b) If a district or municipality is located within two or
17 more director precincts, the district or municipality is
18 considered, for purposes of this section, to be located only within
19 the director precinct in which the greatest amount of territory of
20 the district or municipality is located.

21 (c) For the appointment of a director for a director
22 precinct, the board shall determine the number of votes each
23 district or municipality may cast. The number of votes for a
24 governing body of a district or municipality within the precinct is
25 equal to the number computed by dividing the total number of units
26 of water, as determined by the board, used within the precinct by
27 the district or municipality during the calendar year preceding the

1 year in which the director is selected by the total number of units
2 of water used within the precinct by all districts and
3 municipalities in the precinct, multiplying that quotient by 100,
4 and rounding that result to the nearest one-tenth. The board shall
5 provide the presiding officer of each governing body of a district
6 or municipality within each director precinct written notice of the
7 number of votes computed for that governing body to cast.

8 (d) For purposes of Subsection (c), the board shall
9 determine the amount of water usage of all districts and
10 municipalities within each director precinct.

11 (e) In the appropriate even-numbered year, the governing
12 body of each district or municipality in a director precinct by
13 resolution may nominate one candidate for the position of director
14 for that director precinct. Each district or municipality shall
15 submit the name of its candidate, if any, to the presiding officer
16 of the authority by February 15 of that year. If by February 15 of
17 that year only one candidate's name is submitted for the position of
18 director for a director precinct, the board may declare the
19 unopposed candidate elected and may cancel the director appointment
20 procedures generally required by this section for that position.
21 If more than one candidate's name is submitted for the position of
22 director for a director precinct, before March 15 of that year the
23 board shall prepare, for the director precinct or precincts from
24 which a director is being appointed, a ballot listing all of the
25 candidates for that director precinct and shall provide a copy of
26 the appropriate ballot to the presiding officer of the governing
27 body of each district or municipality located within the director

1 precinct from which a director is being appointed.

2 (f) An individual may not be listed as a candidate on the
3 ballot for more than one director position. If a candidate is
4 nominated for more than one director position, the candidate must
5 choose to be on the ballot for only one director position.

6 (g) The governing body of each district or municipality
7 shall determine its votes for director by resolution and submit
8 them to the presiding officer of the authority before May 1 of the
9 appropriate even-numbered year. In casting its votes for director,
10 the governing body of each district or municipality may vote for
11 only one candidate on the ballot for the director precinct in which
12 the district or municipality is located. For each director
13 precinct from which a director is being appointed, the board shall
14 count the votes, declare elected the candidate who received the
15 greatest number of votes from districts and municipalities located
16 within that director precinct, and submit the results before May 15
17 of that year to the governing body of each district or municipality
18 within that director precinct.

19 (h) The board may adopt rules regarding:

20 (1) the manner and timing of determinations and
21 calculations required by this section;

22 (2) the reporting of water usage to the authority by
23 districts and municipalities; and

24 (3) the conduct and process of the appointment of
25 directors.

26 Sec. 8813.057. VACANCY IN OFFICE OF DIRECTOR. A vacancy in
27 the office of director shall be filled by appointment by the

1 governing bodies of the districts and municipalities that are
2 located within the director precinct for which the vacancy
3 occurred. The appointment process shall follow the procedures of
4 Section 8813.056. The board may establish dates different from
5 those specified by Sections 8813.056(e) and (g), but the date for
6 the board's submission of the voting results to each district and
7 municipality may not be later than the 120th day after the date the
8 vacancy occurs.

9 Sec. 8813.058. MEETINGS AND ACTIONS OF BOARD. (a) The
10 board may meet as many times each year as the board considers
11 appropriate.

12 (b) Directors of the authority are public officials and are
13 entitled to governmental immunity for their actions in their
14 capacity as directors and officers of the authority.

15 Sec. 8813.059. GENERAL MANAGER. (a) The board may employ a
16 general manager of the authority or contract with a person to
17 perform the duties of a general manager. The board may delegate to
18 the general manager full authority to manage and operate the
19 affairs of the authority subject only to orders of the board.

20 (b) The board may delegate to the general manager the
21 authority to employ all persons necessary for the proper handling
22 of the business and operation of the authority and to determine the
23 compensation to be paid to all employees, other than the general
24 manager.

25 [Sections 8813.060-8813.100 reserved for expansion]

26 SUBCHAPTER C. POWERS AND DUTIES

27 Sec. 8813.101. GENERAL POWERS AND DUTIES. (a) The

1 authority may:

2 (1) provide for the conservation, preservation,
3 protection, recharge, and prevention of waste of groundwater, and
4 for the reduction of groundwater withdrawals as necessary to
5 develop, implement, or enforce a groundwater reduction plan, in a
6 manner consistent with the purposes of Section 59, Article XVI,
7 Texas Constitution, and facilitate compliance with Fort Bend
8 Subsidence District or Harris-Galveston Coastal Subsidence
9 District, as applicable, rules, orders, regulations, or
10 requirements;

11 (2) acquire or develop surface water and groundwater
12 supplies from sources inside or outside the boundaries of the
13 authority, conserve, store, transport, treat, purify, distribute,
14 sell, and deliver water to or among persons inside and outside the
15 boundaries of the authority, and allocate water among persons
16 participating in the authority's groundwater reduction plan
17 whether they are located inside or outside the authority's
18 boundaries;

19 (3) enter into contracts with persons inside or
20 outside the authority on terms and conditions the board considers
21 desirable, fair, and advantageous for the performance of its
22 rights, powers, and authority under this chapter;

23 (4) coordinate water services provided inside,
24 outside, or into the authority;

25 (5) provide wholesale and retail water services to any
26 users or customers within the authority's boundaries without being
27 required to execute contracts with those users or customers;

1 (6) adopt policies establishing whether, when, and the
2 manner in which the authority uses requests for proposals in
3 obtaining services, including professional services;

4 (7) determine whether to adopt administrative
5 policies in addition to those required by Section 49.199, Water
6 Code; and

7 (8) administer and enforce this chapter.

8 (b) Sections 49.451-49.455, Water Code, do not apply to the
9 authority.

10 (c) Notwithstanding Subsection (a)(5), the authority may
11 not provide retail water service to a retail user within the
12 authority's boundaries that is located within the boundaries of a
13 district or municipality on the date the authority awards a
14 contract for the construction or executes a contract for the
15 acquisition of water facilities to serve that retail user, unless:

16 (1) the district or municipality consents in writing
17 to the authority's provision of retail water service; or

18 (2) the retail user owns or operates a well.

19 (d) If a retail user that does not own or operate a well is
20 added to the boundaries of a district or municipality after the date
21 the authority awards a contract for the construction or executes a
22 contract for the acquisition of water facilities to serve that
23 retail user, the authority may provide retail service to that
24 retail user without the written consent of the district or
25 municipality.

26 Sec. 8813.102. AUTHORITY RULES. The authority may adopt
27 and enforce rules reasonably required to implement this chapter,

1 including rules governing procedures before the board and rules
2 regarding implementation, enforcement, and any other matters
3 related to the authority's water supply or groundwater reduction
4 plan.

5 Sec. 8813.103. FEES, USER FEES, RATES, AND CHARGES. (a)
6 The authority may establish fees, user fees, rates, and charges and
7 classifications of payers of fees and rates as necessary to enable
8 the authority to fulfill the authority's purposes and regulatory
9 functions provided by this chapter. The authority may impose fees,
10 user fees, rates, and charges on any person within the authority.

11 (b) The authority may charge the owner of a well located
12 within the authority's boundaries a fee or user fee according to the
13 amount of water pumped from the well. If ownership of a well
14 changes, both the prior and subsequent well owners are liable to the
15 authority, jointly and severally, for all fees and user fees
16 imposed by the authority under this subsection, and any related
17 penalties and interest, for water pumped from that well before the
18 change in well ownership.

19 (c) The board shall make reasonable efforts to send
20 districts and municipalities written notice of the date, time, and
21 location of the meeting at which the board intends to adopt a
22 proposed charge under Subsection (b) and the amount of the proposed
23 charge. The board's failure to comply with this subsection does not
24 invalidate a charge adopted by the board under Subsection (b).

25 (d) For wells located in Harris County or Fort Bend County,
26 the board shall exempt from the charge under Subsection (b) classes
27 of wells that are not subject to any groundwater reduction

1 requirement imposed by the Harris-Galveston Coastal Subsidence
2 District or the Fort Bend Subsidence District, as applicable. If
3 any of those classes of wells become subject to a groundwater
4 reduction requirement imposed by the applicable subsidence
5 district, the authority may impose the charge under Subsection (b)
6 on those classes. The board by rule may exempt any other classes of
7 wells from the charge under Subsection (b). The board may not apply
8 the charge under Subsection (b) to a well:

9 (1) with a casing diameter of less than five inches
10 that serves only a single-family dwelling; or

11 (2) regulated under Chapter 27, Water Code.

12 (e) For purposes of Subsection (d), a well is subject to a
13 groundwater reduction requirement if the applicable subsidence
14 district has adopted or adopts a requirement or rule that
15 groundwater withdrawals from the well, or from the well and other
16 wells collectively, be reduced, including a groundwater reduction
17 that is not required until a future date.

18 (f) The authority may establish fees, user fees, rates, and
19 charges that are sufficient to:

20 (1) achieve water conservation;

21 (2) prevent waste of water;

22 (3) serve as a disincentive to pumping groundwater;

23 (4) develop, implement, or enforce a groundwater
24 reduction plan;

25 (5) accomplish the purposes of this chapter, including
26 making available alternative water supplies;

27 (6) enable the authority to meet operation and

1 maintenance expenses;

2 (7) pay the principal of and interest on notes, bonds,
3 and other obligations issued in connection with the exercise of the
4 authority's general powers and duties; and

5 (8) satisfy all rate covenants relating to the
6 issuance of notes, bonds, and other obligations.

7 (g) The authority may charge rates established by the
8 authority for water purchased from the authority.

9 (h) The authority may impose fees, user fees, or charges for
10 the importation of water into the authority's boundaries from a
11 source located outside the authority's boundaries.

12 Sec. 8813.104. PURCHASE OF WATER FROM ANOTHER ENTITY. (a)
13 If the authority purchases water from another entity for resale to
14 local governments, the authority shall use its best efforts in
15 negotiating with the entity to determine the amount of capital
16 costs included in any rates or charges paid by the authority. The
17 authority shall determine the amount of expected capital costs of
18 its own system.

19 (b) The authority shall provide each district or
20 municipality within its boundaries information regarding the share
21 of the capital costs to be paid by the district or municipality, as
22 determined by the authority, and shall provide each district or
23 municipality the opportunity, in a manner and by a procedure
24 determined by the authority, to fund its share of the capital costs
25 with proceeds from the sale of bonds or fees and charges collected
26 by the districts or municipalities. A district or municipality may
27 use any lawful source of revenue, including bond funds, to pay any

1 sums due to the authority.

2 (c) The authority may adopt a procedure by which a district
3 or municipality may receive a credit from the authority. The board
4 may adopt any other procedure necessary to accomplish the goals of
5 this section.

6 (d) In complying with this section, the authority may use
7 any reasonable basis to calculate from time to time the share of the
8 capital costs of a district or municipality. The authority may
9 calculate the shares of the capital costs based on the amount of
10 water used within the authority by the district or municipality
11 during the calendar year preceding the year in which the
12 calculation is made.

13 (e) This section or any failure to comply with this section
14 does not limit or impede the authority's ability to issue bonds or
15 notes or invalidate any fees, user fees, charges, rates, or special
16 assessments imposed by the authority.

17 Sec. 8813.105. ASSESSMENTS. (a) The board may undertake
18 improvement projects and services that confer a special benefit on
19 all or a definable part of the authority. The board may impose
20 special assessments on property in that area, including property of
21 a local government, based on the benefit conferred by the
22 improvement project or services, to pay all or part of the cost of
23 the project and services. The board may provide improvements and
24 services to an area outside the boundaries of the authority if the
25 board determines that there is a benefit to the authority. The
26 authority may finance with special assessments any improvement
27 project or service authorized by this chapter or any other

1 applicable law.

2 (b) Services or improvement projects may be financed with
3 special assessments under this chapter only after the board holds a
4 public hearing on the advisability of the improvements and services
5 and the proposed assessments.

6 (c) The board shall publish notice of the hearing in a
7 newspaper or newspapers with general circulation in Harris and Fort
8 Bend Counties. The publication must be made not later than the 30th
9 day before the date of the hearing.

10 (d) Notice provided under this section must include:

11 (1) the time and place of the hearing;

12 (2) the general nature of the proposed improvement
13 project or services;

14 (3) the estimated cost of the improvement, including
15 interest during construction and associated financing costs; and

16 (4) the proposed method of assessment.

17 (e) Written notice containing the information required by
18 Subsection (d) shall be mailed by certified mail, return receipt
19 requested, not later than the 30th day before the date of the
20 hearing. The notice shall be mailed to each person within the
21 authority who holds a permit for a well issued by the
22 Harris-Galveston Coastal Subsidence District or Fort Bend
23 Subsidence District, as applicable, and whose well is subject to a
24 groundwater reduction requirement imposed by that district. The
25 Harris-Galveston Coastal Subsidence District and Fort Bend
26 Subsidence District shall provide to the authority a list of
27 persons who hold such a permit.

1 (f) The board may establish rules regarding procedures for a
2 hearing. A hearing on the services or improvement project, whether
3 conducted by the board or a hearings examiner, may be adjourned from
4 time to time. At the conclusion of a hearing conducted by the
5 board, the board shall make written findings and conclusions
6 relating to the advisability of the improvement project or
7 services, the nature of the improvement project or services, the
8 estimated cost, and the area benefited. If the board appoints a
9 hearings examiner to conduct the hearing, after conclusion of the
10 hearing, the hearings examiner shall file with the board a written
11 report of the examiner's findings and conclusions.

12 (g) At a hearing on proposed assessments, on adjournment of
13 the hearing, or after consideration of the hearings examiner's
14 report, the board shall hear and rule on all objections to each
15 proposed assessment. The board may amend proposed assessments for
16 any property. After the board hears and takes action on those
17 objections, the board, by order:

18 (1) shall impose the assessments as special
19 assessments on the property;

20 (2) shall specify the method of payment of the
21 assessments; and

22 (3) may provide that those assessments, including
23 interest, be paid in periodic installments.

24 (h) Periodic installments must be in amounts sufficient to
25 meet annual costs for services and improvements as provided by
26 Subsection (j) and continue for the number of years required to
27 retire the indebtedness or pay for the services to be rendered. The

1 board may provide interest charges or penalties for failure to make
2 timely payment and may impose an amount to cover delinquencies and
3 expenses of collection.

4 (i) If assessments are imposed for more than one service or
5 improvement project, the board may provide that assessments
6 collected for one service or improvement project may be borrowed to
7 be used for another service or improvement project. The board shall
8 establish a procedure for the distribution or use of any
9 assessments in excess of those necessary to finance the services or
10 improvement project for which those assessments were collected.

11 (j) The board shall apportion the cost of an improvement
12 project or services to be assessed against the property in the
13 authority according to the special benefits that accrue to the
14 property because of the improvement project or services. The board
15 may assess the cost only according to the number of gallons of
16 groundwater pumped from wells within the authority that are subject
17 to a groundwater reduction requirement imposed by the
18 Harris-Galveston Coastal Subsidence District or Fort Bend
19 Subsidence District, as applicable. The board may not assess the
20 cost according to groundwater pumped from:

21 (1) a well with a casing diameter of less than five
22 inches that serves only a single-family dwelling; or

23 (2) a well that is regulated by Chapter 27, Water Code.

24 (k) The area of the authority to be assessed according to
25 the findings of the board may be the entire authority or any part of
26 the authority and may be less than the area proposed in the notice
27 of the hearing.

1 (l) The area to be assessed may not include property that is
2 not within the authority boundaries at the time of the hearing
3 unless there is an additional hearing, following the required
4 notice.

5 (m) Notwithstanding Subsection (l), the owner of land
6 annexed to the authority after the authority has imposed
7 assessments may waive the right to notice and an assessment hearing
8 and may agree to the imposition and payment of assessments at an
9 agreed rate for land annexed to the authority. A district or
10 municipality may waive the right to notice and an assessment
11 hearing for land within its boundaries annexed to the authority and
12 may agree to the imposition and payment of assessments at an agreed
13 rate for the annexed land.

14 (n) The board shall have prepared an assessment roll showing
15 the assessments against each property and the board's basis for the
16 assessment. The assessment roll shall be:

17 (1) filed with the secretary of the board or other
18 officer who performs the function of secretary; and

19 (2) open for public inspection.

20 (o) After notice and hearing in the manner required for an
21 original assessment, the board may make supplemental assessments to
22 correct omissions or mistakes in the assessment:

23 (1) relating to the total cost of the improvement
24 project or services; or

25 (2) covering delinquencies or costs of collection.

26 Sec. 8813.106. INTEREST AND PENALTIES. The board may
27 require the payment of interest on any late or unpaid fees, user

1 fees, rates, charges, and special assessments due the authority,
2 but the interest rate may not exceed the interest rate permitted by
3 Section 2251.025, Government Code. The board may also impose
4 penalties for the failure to make a complete or timely payment to
5 the authority. In addition, the board may exclude a person, or any
6 territory or well owned or controlled by a person, from the
7 authority's groundwater reduction plan for failure to make a
8 complete or timely payment to the authority.

9 Sec. 8813.107. ATTORNEY'S FEES AND COLLECTION EXPENSES.

10 (a) The authority is entitled to reasonable attorney's fees
11 incurred by the authority in enforcing its rules.

12 (b) The authority is entitled to collection expenses and
13 reasonable attorney's fees incurred by the authority in collecting
14 any delinquent fees, user fees, rates, and charges and any related
15 penalties and interest.

16 Sec. 8813.108. LIEN. (a) Fees and user fees imposed by the
17 authority under Section 8813.103(b), any related penalties and
18 interest, and collection expenses and reasonable attorney's fees
19 incurred by the authority:

20 (1) are a first and prior lien against the well to
21 which the fees or user fees apply;

22 (2) are superior to any other lien or claim other than
23 a lien or claim for county, school district, or municipal ad valorem
24 taxes; and

25 (3) are the personal liability of and a charge against
26 the owner of the well.

27 (b) A lien under this section is effective from the date of

1 the resolution or order of the board imposing the fee or user fee
2 until the fee or user fee is paid.

3 (c) The board may enforce the lien in the same manner that a
4 municipal utility district operating under Chapter 54, Water Code,
5 may enforce an ad valorem tax lien against real property.

6 Sec. 8813.109. ADMINISTRATIVE PENALTY; INJUNCTION. (a) A
7 person who violates a rule or order of the authority is subject to
8 an administrative penalty of not more than \$5,000, as determined by
9 the board, for each violation or each day of a continuing violation.
10 The person shall pay the penalty to the authority.

11 (b) The authority may bring an action to recover the penalty
12 in a district court in the county where the violation occurred.

13 (c) The authority may bring an action for injunctive relief
14 in a district court in the county where a violation of an authority
15 rule or order occurs or is threatened to occur. The court may grant
16 to the authority, without bond or other undertaking, a prohibitory
17 or mandatory injunction that the facts warrant, including a
18 temporary restraining order, temporary injunction, or permanent
19 injunction.

20 (d) The authority may bring an action for an administrative
21 penalty and injunctive relief in the same proceeding.

22 Sec. 8813.110. WATER SUPPLY OR DROUGHT CONTINGENCY PLANS.
23 The authority by rule may develop, prepare, revise, adopt,
24 implement, enforce, and manage comprehensive water supply or
25 drought contingency plans for the authority, or any portion of the
26 authority.

27 Sec. 8813.111. GROUNDWATER REDUCTION PLAN. (a) The

1 authority may wholly or partly develop, prepare, revise, adopt,
2 implement, enforce, manage, or participate in a groundwater
3 reduction plan that is applicable only to the authority and one or
4 more persons outside the authority. The authority may require that
5 any groundwater reduction plan that the authority wholly or partly
6 develops, prepares, revises, adopts, implements, enforces, or
7 manages or in which the authority participates be the exclusive
8 groundwater reduction plan that is binding and mandatory on some or
9 all of the territory, persons, or wells located within the
10 authority. A groundwater reduction plan may:

11 (1) specify the measures to be taken to reduce
12 groundwater withdrawals;

13 (2) identify alternative sources of water, including
14 water from the authority, to be provided to those affected;

15 (3) identify the rates, terms, and conditions under
16 which alternative sources of water will be provided, which may be
17 changed from time to time as considered necessary by the authority;

18 (4) specify the dates and extent to which persons or
19 districts within the authority's boundaries shall reduce or cease
20 reliance on groundwater and accept water from alternative sources,
21 including water from the authority;

22 (5) include other terms and measures that are
23 consistent with the powers and duties of the authority;

24 (6) exceed the minimum requirements imposed by the
25 Harris-Galveston Coastal Subsidence District or Fort Bend
26 Subsidence District, as applicable, including any applicable
27 groundwater reduction requirements; and

1 (7) be amended from time to time at the discretion of
2 the authority.

3 (b) Fees, user fees, rates, charges, and special
4 assessments of the authority may be imposed under this chapter for a
5 person's participation in and benefit derived from the authority's
6 groundwater reduction plan or a groundwater reduction plan in which
7 the authority participates.

8 Sec. 8813.112. ACQUISITION, CONSTRUCTION, AND OPERATION OF
9 SYSTEMS. (a) The authority may:

10 (1) acquire by purchase, gift, lease, contract, or any
11 other legal means a water treatment or supply system, or any other
12 works, plants, improvements, or facilities necessary or convenient
13 to accomplish the purposes of the authority, or any interest of the
14 authority, inside or outside the authority's boundaries;

15 (2) design, finance, operate, maintain, or construct a
16 water treatment or supply system or any other works, plants,
17 improvements, or facilities necessary or convenient to accomplish
18 the purposes of the authority and provide water services inside or
19 outside the authority's boundaries;

20 (3) lease or sell a water treatment or supply system or
21 any other works, plants, improvements, or facilities necessary or
22 convenient to accomplish the purposes of the authority that the
23 authority constructs or acquires inside or outside the authority's
24 boundaries;

25 (4) contract with any person to operate or maintain a
26 water treatment or supply system the person owns; or

27 (5) acquire water rights under any law or permit.

1 (b) The authority may contract, according to terms and
2 conditions the board considers desirable, fair, and advantageous,
3 with a person outside the authority's boundaries:

4 (1) to allow the person, or the person's well, to be
5 included in a groundwater reduction plan adopted or implemented
6 wholly or partly by the authority or in a groundwater reduction plan
7 in which the authority participates;

8 (2) to sell water to the person; or

9 (3) to sell the person available excess capacity or
10 additional capacity of the authority's water treatment or supply
11 system.

12 (c) The authority by rule may require that the plans and
13 specifications of water lines to be constructed within the
14 authority that are designed or intended to serve more than one
15 district or more than one person owning or holding a well permit
16 issued by the Harris-Galveston Coastal Subsidence District or Fort
17 Bend Subsidence District, as applicable, be approved by the
18 authority before the commencement of construction of the water
19 lines.

20 Sec. 8813.113. SALE OR REUSE OF WATER OR BY-PRODUCT. The
21 authority may store, sell, or reuse:

22 (1) water; or

23 (2) any by-product from the authority's operations.

24 Sec. 8813.114. CONTRACTS. (a) The authority may enter into
25 a contract with a person for the performance of a purpose or
26 function of the authority, including a contract to design,
27 construct, finance, lease, own, manage, operate, or maintain works,

1 improvements, facilities, plants, equipment, or appliances
2 necessary to accomplish a purpose or function of the authority. A
3 contract may be of unlimited duration.

4 (b) The authority may purchase, acquire, finance, or lease
5 an interest in a project used for a purpose or function of the
6 authority.

7 (c) The authority may contract for:

8 (1) the purchase, sale, or lease of water or water
9 rights;

10 (2) the performance of activities within the powers of
11 the authority through the purchase, construction, or installation
12 of works, improvements, facilities, plants, equipment, or
13 appliances; or

14 (3) the design, construction, ownership, management,
15 maintenance, or operation of any works, improvements, facilities,
16 plants, equipment, or appliances of the authority or another
17 person.

18 (d) The authority may purchase surplus property from this
19 state, the United States, or another public entity through a
20 negotiated contract without bids.

21 Sec. 8813.115. COOPERATION WITH AND ASSISTANCE OF OTHER
22 GOVERNMENTAL ENTITIES. (a) In implementing this chapter, the
23 board may cooperate with and request the assistance of the Texas
24 Water Development Board, the commission, the United States
25 Geological Survey, the Fort Bend Subsidence District, other local
26 governments, and other agencies of the United States and this
27 state.

1 (b) The Fort Bend Subsidence District may enter into an
2 interlocal contract with the authority to carry out the authority's
3 purposes and may carry out the governmental functions and services
4 specified in the interlocal contract.

5 (c) In an attempt to minimize costs associated with
6 preparing a groundwater reduction plan, the board may consider the
7 usefulness of water supply studies and plans prepared by or on
8 behalf of the North Harris County Regional Water Authority, the
9 West Harris County Regional Water Authority, the City of Houston,
10 or other governmental entities to the extent those studies or plans
11 are available and applicable to the authority.

12 Sec. 8813.116. GIFTS AND GRANTS. The authority may accept a
13 gift or grant from money collected by the Fort Bend Subsidence
14 District to fund the construction, maintenance, or operation of a
15 water treatment or supply system.

16 Sec. 8813.117. EXPENDITURES. (a) The authority's money
17 may be disbursed only by check, draft, order, federal reserve wire
18 system, or other instrument or authorization.

19 (b) Disbursements of the authority must be signed by at
20 least a majority of the directors. The board by resolution may
21 allow the general manager, treasurer, bookkeeper, or other employee
22 of the authority to sign disbursements, except as limited by
23 Subsection (c).

24 (c) The board by resolution may allow disbursements to be
25 transferred by federal reserve wire system to accounts in the name
26 of the authority without the necessity of any directors signing the
27 disbursement. Disbursements of the authority's money by federal

1 reserve wire system to any accounts not in the name of the authority
2 must be signed by at least a majority of the directors.

3 Sec. 8813.118. AD VALOREM TAXATION. The authority may not
4 impose an ad valorem tax.

5 Sec. 8813.119. EMINENT DOMAIN. (a) The authority may
6 acquire by condemnation any land, easements, or other property
7 inside the authority's boundaries to further authorized purposes,
8 powers, or duties of the authority. The authority may acquire by
9 condemnation any land, easements, or other property outside the
10 authority's boundaries for the purposes of pumping, storing,
11 treating, or transporting water. When exercising the power of
12 eminent domain granted by this section, the authority may elect to
13 condemn either the fee simple title or a lesser property interest.

14 (b) The authority shall exercise the right of eminent domain
15 in the manner provided by Chapter 21, Property Code. The authority
16 is not required to give bond for appeal or bond for costs in a
17 condemnation suit or other suit to which it is a party. The
18 authority is not required to deposit more than the amount of an
19 award in a suit.

20 (c) The authority may not use the power of eminent domain
21 for the condemnation of land for the purpose of acquiring rights to
22 groundwater or for the purpose of acquiring water or water rights.

23 [Sections 8813.120-8813.150 reserved for expansion]

24 SUBCHAPTER D. BONDS AND NOTES

25 Sec. 8813.151. REVENUE BONDS AND NOTES. (a) The authority
26 may issue bonds or notes payable solely from revenue from any
27 source, including:

1 (1) tolls, charges, rates, fees, user fees, and
2 special assessments the authority imposes or collects;

3 (2) the sale of water, water services, water rights or
4 capacity, water transmission rights or services, water pumping, or
5 any other service or product of the authority provided inside or
6 outside the boundaries of the authority;

7 (3) grants or gifts;

8 (4) the ownership or operation of all or a designated
9 part of the authority's works, improvements, facilities, plants, or
10 equipment; and

11 (5) contracts between the authority and any person.

12 (b) Notes issued by the authority may be first or
13 subordinate lien notes at the board's discretion.

14 (c) In connection with any bonds or notes of the authority,
15 the authority may exercise any power of an issuer under Chapter
16 1371, Government Code.

17 (d) The authority may conduct a public, private, or
18 negotiated sale of the bonds or notes.

19 (e) The authority may enter into one or more indentures of
20 trust to further secure its bonds or notes.

21 (f) The authority may issue bonds or notes in more than one
22 series as necessary to carry out the purposes of this chapter. In
23 issuing bonds or notes secured by revenue of the authority, the
24 authority may reserve the right to issue additional bonds or notes
25 secured by the authority's revenue that are on a parity with or are
26 senior or subordinate to the bonds or notes issued earlier.

27 (g) A resolution of the board authorizing the bonds or notes

1 or a trust indenture securing the bonds or notes may specify
2 additional provisions that constitute a contract between the
3 authority and its bondholders or noteholders.

4 (h) Bonds and notes may be additionally secured by deed of
5 trust or mortgage on any or all of the authority's facilities.

6 (i) The authority may issue refunding bonds or notes to
7 refund any of its bonds or notes in any manner provided by law.

8 (j) Sections 49.153, 49.154, and 49.181, Water Code, do not
9 apply to bonds or notes issued by the authority. Commission rules
10 regarding bonds or notes do not apply to bonds or notes issued by
11 the authority.

12 SECTION 2. INITIAL AUTHORITY TERRITORY. (a) The North Fort
13 Bend Water Authority initially includes the territory that is
14 contained in the following area, regardless of whether the
15 territory contains noncontiguous parcels of land or whether the
16 territory is located within the boundaries of any other
17 governmental entity or political subdivision of the state:

18 BEGINNING at a point marking the Northwest corner and Point of
19 Beginning of Regulatory Area A as defined in the Fort Bend
20 Subsidence District 2003 Regulatory Plan, said point being near the
