(2) a statewide impact analysis of the project's effect on the state's common information resources infrastructure, including the possibility of reusing code or other resources.

(b) The agency shall file the documents with the department, Legislative Budget Board, and state auditor's office when the agency files its legislative appropriations request.

(c) The department shall use the analysis to ensure that the proposed project does not unnecessarily duplicate existing statewide information resources technology.

Sec. 2054.304. PROJECT PLANS. (a) A state agency shall develop a project plan for each major information resources project.

(b) Except as provided by Subsection (c), the state agency must file the project plan with the quality assurance team and the Texas Building and Procurement Commission before the agency:

3-2 (b) The state agency's executive director must approve a
3-3 proposed contract amendment or change order for a major information
3-4 resources project if the amendment or change order:

3-5 (1) changes the monetary value of the contract by more
3-6 than 10 percent; or

3-7 (2) significantly changes the completion date of the
3-8 contract.

3-9 SECTION 1.07. Chapter 2054, Government Code, is amended by
3-10 adding Subchapter L to read as follows:

3-23 department may not establish or expand a statewide technology
3-24 center that includes participation by an institution of higher

3-26 Education agrees to the establishment or expansion.

3-27 Sec. 2054.378. SCOPE OF OPERATION OF CENTERS. (a) The
3-28 department may operate statewide technology centers to provide two
3-29 or more state agencies, on a cost-sharing basis, services relating
3-30 to:

3-31 (1) information resources and information resources
3-32 technology; and

3-33 (2) the deployment and development of statewide
3-34 applications.

3-35 (b) The department may operate a statewide technology
3-36 center directly or contract with another person to operate the
3-37 center.

3-38 Sec. 2054.379. RULES. The department shall adopt rules and
3-39 guidelines to implement this subchapter.

3-40 Sec. 2054.380. FEES. The department shall set and charge a
3-41 fee to each state agency that receives a service from a statewide
3-42 technology center in an amount sufficient to cover the direct and
3-43 indirect cost of providing the service.

3-44 Sec. 2054.381. CONTRACTING; HISTORICALLY UNDERUTILIZED
3-45 BUSINESSES. (a) In any procurement related to the establishment
3-46 of a statewide technology center, the department shall maximize
3-47 vendor competition and, to the extent feasible and cost-effective,
3-48 interoperability.

3-49 (b) In contracting under this subchapter, the department
3-50 shall follow the requirements of Chapter 2161 and related rules
3-51 regarding historically underutilized businesses.

3-52 (c) The department shall provide to all qualified
3-53 businesses the opportunity to compete for department contracts
3-54 under this subchapter.

3-55 Sec. 2054.382. STATEWIDE TECHNOLOGY CENTERS FOR DATA OR
3-56 DISASTER RECOVERY SERVICES; USE REQUIRED. (a) The department
3-57 shall manage the operations of statewide technology centers that
3-58 provide data center services or disaster recovery services for two
3-59 or more state agencies, including management of the operations of
3-60 the center on the campus of Angelo State University.

3-61 (b) The department by rule shall describe the data services
3-62 provided by statewide technology centers.

3-63 (c) A state agency may not spend appropriated money to
3-64 contract or issue purchase orders for data center services or
3-65 disaster recovery services, including maintenance of those
3-66 services, unless the executive director approves the expense. The
3-67 department may establish appropriate thresholds and procedures for
3-68 securing approval under this subsection.

3-69 (d) The Legislative Budget Board may not grant prior

4-1 approval under Section 2054.386 in relation to services provided
 4-2 under this section.

4-3 Sec. 2054.383. ESTABLISHMENT OF ADDITIONAL STATEWIDE
 4-4 TECHNOLOGY CENTERS. (a) The department may establish additional
 4-5 statewide technology centers as provided by this section.

4-6 (b) The department may not establish a center under this
 4-7 section unless:

4-8 (1) the governor approves the establishment;

4-9 (2) the Legislative Budget Board approves the
 4-10 expenditures necessary for the establishment; and

4-11 (3) the executive director determines in writing that
 4-12 consolidating operations or services of selected state agencies
 4-13 will promote efficiency and effectiveness and provide the best
 4-14 value for the state.

4-15 (c) In the written determination under Subsection (b)(3),
 4-16 the executive director shall identify the selected state agencies
 4-17 that will be required to participate in the new center.

4-18 Sec. 2054.384. COST AND REQUIREMENTS ANALYSIS. (a) The
 4-19 department shall conduct a cost and requirements analysis for each
 4-20 state agency that the department intends to select for
 4-21 participation in a statewide technology center.

4-22 (b) A selected state agency shall identify its particular
 4-23 requirements, operations costs, and requested service levels for
 4-24 the department. The department may require a state agency to
 4-25 validate or resubmit data related to these factors. The department
 4-26 shall fulfill the requirements and service levels of each state
 4-27 agency to the extent possible.

4-28 Sec. 2054.385. NOTICE OF SELECTION. After completion of
 4-29 the cost and requirements analysis for each state agency under
 4-30 Section 2054.384, the department shall provide notice to each state
 4-31 agency selected to receive services or operations through the
 4-32 statewide technology center. The notice must include:

4-33 (1) the state agency operations selected for
 4-34 consolidation at a statewide technology center;

4-35 (2) the scope of services to be provided to the agency;

4-36 (3) a schedule of anticipated costs for the agency;

4-37 and

4-38 (4) the implementation schedule for that agency.

4-39 Sec. 2054.386. INTERAGENCY CONTRACT; PRIOR APPROVAL OF
 4-40 EXPENDITURES. (a) A state agency that is selected under Section
 4-41 2054.385 to receive services or to have operations performed
 4-42 through a statewide technology center may not, except as provided
 4-43 by Subsection (b), spend appropriated money for the identified
 4-44 operations and services without the prior approval of the
 4-45 Legislative Budget Board.

4-46 (b) Unless the Legislative Budget Board grants prior
 4-47 approval for the selected state agency to spend appropriated money
 4-48 for the identified operations or services in another specified
 4-49 manner, the selected agency shall enter into an interagency
 4-50 contract with the department to receive the identified services and
 4-51 have the identified operations performed through the statewide
 4-52 technology center. Amounts charged to the selected agency under
 4-53 the interagency contract must be based on the fees set by the
 4-54 department under Section 2054.380 but may not exceed the amounts
 4-55 expected to be necessary to cover the direct and indirect costs of
 4-56 performing operations and providing services under the contract.
 4-57 Before executing an interagency contract or alternatively
 4-58 receiving prior approval from the Legislative Budget Board under
 4-59 this section, the state agency may only spend appropriated money
 4-60 for the selected service or operation if the executive director
 4-61 approves the expense.

4-62 (c) Not later than the 30th business day after the date the
 4-63 selected state agency is notified of its selection under Section
 4-64 2054.385, the agency may request the Legislative Budget Board to
 4-65 grant its prior approval for the agency to spend appropriated money
 4-66 for the identified operations or services in a manner other than
 4-67 through an interagency contract with the department under
 4-68 Subsection (b).

4-69 (d) The request to the Legislative Budget Board must:

5-1 (1) be in writing;
 5-2 (2) include a copy of the selection notice made by the
 5-3 executive director; and

5-4 (3) demonstrate that the decision of the executive
 5-5 director to select the agency will probably:

5-6 (A) fail to achieve meaningful cost savings for
 5-7 the state; or

5-8 (B) result in an unacceptable loss of
 5-9 effectiveness or operational efficiency.

5-10 (e) If the Legislative Budget Board determines that an
 5-11 interagency contract between the department and the selected state
 5-12 agency under Subsection (b) will fail to achieve meaningful cost
 5-13 savings for the state or result in an unacceptable loss of
 5-14 effectiveness or operational efficiency at the selected agency, the
 5-15 Legislative Budget Board may grant its prior approval for the
 5-16 selected agency to spend appropriated money for the identified
 5-17 operations or services in another specified manner, in which event
 5-18 the selected agency is not required to enter into an interagency
 5-19 contract under Subsection (b).

5-20 (f) The Legislative Budget Board shall notify the state
 5-21 agency, the executive director, and the comptroller of its
 5-22 decision.

5-23 Sec. 2054.387. INTERAGENCY CONTRACT; COMPLIANCE WITH
 5-24 SERVICE LEVELS. The department shall ensure compliance with
 5-25 service levels agreed to in an interagency contract executed under
 5-26 this subchapter.

5-27 Sec. 2054.388. TRANSFER OF OWNERSHIP. (a) The
 5-28 department, subject to the governor's approval, may require a state
 5-29 agency that enters into an interagency contract under Section
 5-30 2054.386 to transfer to the department ownership, custody, or
 5-31 control of resources that the department, in consultation with the
 5-32 agency, determines are used to support the operations or services
 5-33 selected under Section 2054.385. These resources may include:

5-34 (1) information resources;
 5-35 (2) information resources technologies;
 5-36 (3) full-time equivalent positions; and
 5-37 (4) any other resources determined necessary by the
 5-38 department to support the selected operations or services.

5-39 (b) The department shall advise the governor, lieutenant
 5-40 governor, speaker of the house of representatives, Legislative
 5-41 Budget Board, and state auditor's office regarding the expected
 5-42 savings to be received for each state agency from which ownership,
 5-43 custody, or control is transferred under this section.

5-44 (c) The department and the state agency shall work to
 5-45 reconcile any federal funding issues that arise out of a transfer
 5-46 under this section. The department, subject to the governor's
 5-47 approval, shall exclude applicable resources from the transfer if
 5-48 the federal funding issues cannot be reconciled.

5-49 (d) Chapter 2175 does not apply to information resources or
 5-50 information resources technologies transferred under this section.

5-51 Sec. 2054.389. TRANSITION SCHEDULES. The department shall
 5-52 establish transition schedules for the transfer of state agency
 5-53 operations and services to statewide technology centers under this
 5-54 subchapter.

5-55 Sec. 2054.390. MIGRATION OF SERVICES. (a) The department
 5-56 shall prioritize the migration of services to the statewide
 5-57 technology center system established under this subchapter based on
 5-58 the size of the current technology center operational environment
 5-59 at a state agency, with the largest 25 technology center
 5-60 environments ranking highest in priority.

5-61 (b) Unless the executive director determines that a
 5-62 migration under this section is not cost-effective, the department
 5-63 shall ensure the migration of at least three technology center
 5-64 environments to the statewide technology center system each fiscal
 5-65 year. This subsection expires September 1, 2013.

5-66 (c) A state agency shall comply with the department's
 5-67 request to migrate under this section.

5-68 (d) Any consolidation plan adopted by the department to
 5-69 execute this section must prioritize and fully use the existing

6-1 capacity of the State Data Center located on the campus of Angelo
 6-2 State University.

6-3 Sec. 2054.391. USE OF STATEWIDE TECHNOLOGY CENTERS
 6-4 REQUIRED. (a) A state agency may not transfer services from a
 6-5 statewide technology center unless the executive director and the
 6-6 governor approve the transfer.

6-7 (b) If the department becomes aware that a state agency is
 6-8 not using a statewide technology center for operations or services
 6-9 in accordance with the interagency contract entered into under
 6-10 Section 2054.386 and as directed by the department, the department
 6-11 shall notify the comptroller, the Legislative Budget Board, the
 6-12 state auditor's office, and the affected state agency of the
 6-13 violation.

6-14 (c) After notification under Subsection (b), the state
 6-15 agency may not spend appropriated money for operations or services
 6-16 the agency was selected to receive through a statewide technology
 6-17 center without the prior approval of the executive director.

6-18 SECTION 1.08. Section 2157.068, Government Code, is amended
 6-19 to read as follows:

6-20 Sec. 2157.068. PURCHASE OF COMMODITY [~~SOFTWARE~~] ITEMS.

6-21 (a) In this section, "commodity[~~+~~
 6-22 [~~(1) "Commodity software~~] items" means commercial
 6-23 software, hardware, or technology services [~~for personal~~
 6-24 ~~computers~~] that are [~~is~~] generally available to businesses or the
 6-25 public and for which the department determines that a reasonable
 6-26 demand exists in two or more state agencies. The term includes seat
 6-27 management, through which a state agency transfers its personal
 6-28 computer equipment and service responsibilities to a private vendor
 6-29 to manage the personal computing needs for each desktop in the state
 6-30 agency, including all necessary hardware, software, and support
 6-31 services.

6-32 [~~(2) "Department" means the Department of Information~~
 6-33 Resources.]

6-34 (b) The department shall negotiate with catalog information
 6-35 systems vendors to attempt to obtain a favorable price for all of
 6-36 state government on licenses for commodity [~~software~~] items, based
 6-37 on the aggregate volume of purchases expected to be made by the
 6-38 state. The terms and conditions of a license agreement between a
 6-39 vendor and the department under this section may not be less
 6-40 favorable to the state than the terms of similar license agreements
 6-41 between the vendor and retail distributors.

6-42 (c) In contracting for commodity items under this section,
 6-43 the department shall make good faith efforts to provide contracting
 6-44 opportunities for, and to increase contract awards to, historically
 6-45 underutilized businesses.

6-46 (d) The department may charge a reasonable administrative
 6-47 fee to a state agency, [~~or~~] political subdivision of this state, or
 6-48 governmental entity of another state that purchases commodity
 6-49 [~~software~~] items through the department in an amount that is
 6-50 sufficient to recover costs associated with the administration of
 6-51 this section.

6-52 (e) [~~(d)~~] The department shall compile and maintain a list
 6-53 of commodity [~~software~~] items available for purchase through the
 6-54 department that have a lower price than the prices for commodity
 6-55 [~~software~~] items otherwise available to state agencies under this
 6-56 chapter. The department shall make the list available on the world
 6-57 wide web or on a suitable successor to the world wide web if the
 6-58 technological developments involving the Internet make it
 6-59 advisable to do so.

6-60 (f) [~~(e)~~] The department may adopt rules regulating a
 6-61 purchase by a state agency of a commodity [~~software~~] item under this
 6-62 section, including a requirement that, notwithstanding other
 6-63 provisions of this chapter, the agency must make the purchase in
 6-64 accordance with a contract developed by the department unless the
 6-65 agency obtains:

6-66 (1) an exemption [~~a waiver~~] from the department; or

6-67 (2) express prior approval from the Legislative Budget
 6-68 Board for the expenditure necessary for the purchase.

6-69 (g) The Legislative Budget Board's approval of a biennial

operating plan under Section 2054.102 is not an express prior approval for purposes of Subsection (f)(2). A state agency must request an exemption from the department under Subsection (f)(1) before seeking prior approval from the Legislative Budget Board under Subsection (f)(2).

(h) The department shall, in cooperation with state agencies, establish guidelines for the classification of commodity items under this section. The department may determine when a statewide vendor solicitation for a commodity item will reduce purchase prices for a state agency.

SECTION 1.09. Subsections (c) and (d), Section 2170.051, Government Code, are amended to read as follows:

(c) A state agency shall use the consolidated telecommunications system to the fullest extent possible. A state agency may not acquire telecommunications services unless the department's executive director [~~telecommunications planning and oversight council~~] determines that the agency's requirement for telecommunications services cannot be met at a comparable cost by the consolidated telecommunications system.

(d) A state agency may not enter into or renew a contract with a carrier or other provider of telecommunications services without obtaining a waiver from the department's executive director [~~telecommunications planning and oversight council~~] certifying that the requested telecommunications services cannot be provided at a comparable cost on the consolidated telecommunications system. The executive director [~~telecommunications planning and oversight council~~] shall evaluate requests for waivers based on cost-effectiveness to the state government as a whole. A waiver may be granted only for a specific period and will automatically expire on the stated expiration date unless an extension is approved [~~by the telecommunications planning and oversight council~~]. A contract for telecommunications services obtained under waiver may not extend beyond the expiration date of the waiver. If the executive director [~~telecommunications planning and oversight council~~] becomes aware of any state agency receiving telecommunications services without a waiver, the executive director [~~telecommunications planning and oversight council~~] shall notify the agency and the comptroller. The state agency shall have 60 days after notification by the executive director [~~telecommunications planning and oversight council~~] in which to submit a waiver request [~~to the telecommunications planning and oversight council~~] documenting the agency's reasons for bypassing the consolidated telecommunications system and otherwise providing all information required by the waiver application form.

8-9 AUTOMATED INFORMATION SYSTEMS. "Best value" for purposes of this
8-10 chapter means the lowest overall cost of an automated information
8-11 system. In determining the lowest overall cost for a purchase or
8-12 lease of an automated information system under this chapter, the
8-13 commission or a state agency shall consider factors including:

8-14 (1) the purchase price;

8-15 (2) the compatibility to facilitate the exchange of
8-16 existing data;
