

**LEGISLATIVE BUDGET BOARD**  
**Austin, Texas**

**FISCAL NOTE, 79TH LEGISLATIVE REGULAR SESSION**

**May 10, 2005**

**TO:** Honorable Kenneth Armbrister, Chair, Senate Committee on Natural Resources

**FROM:** John S. O'Brien, Deputy Director, Legislative Budget Board

**IN RE: HB841** by Kolkhorst (Relating to the rates charged by a municipally owned utility to certain recreational vehicle parks for potable water or wastewater service.), **As Engrossed**

<p><b>No significant fiscal implication to the State is anticipated.</b></p>
--

The bill would require a municipally owned utility that provides nonsubmetered master metered utility service to a recreational vehicle park to determine the rates for that service on the same basis the utility uses to determine the rates for other commercial businesses that serve transient customers and receive nonsubmetered master metered utility service from the utility. The Texas Commission on Environmental Quality (TCEQ) would have jurisdiction to enforce provisions of the bill. The bill would take effect September 1, 2005 and would apply only to potable water or wastewater services provided on or after that date.

According to TCEQ, incorporating additional administrative responsibilities as a result of the provisions of the bill could be absorbed using current resources. Because the bill would apply only to services provided to commercial recreational vehicle parks, there would be no impact on the Texas Parks and Wildlife Department.

**Local Government Impact**

No significant fiscal implication to units of local government is anticipated.
