2009	(\$3,661,751)
2010	(\$3,661,751)

All Funds, Five-Year Impact:

Fiscal Year	Probable (Cost) from GENERAL REVENUE FUND 1
2006	(\$3,661,751)
2007	(\$3,661,751)
2008	(\$3,661,751)
2009	(\$3,661,751)
2010	(\$3,661,751)

Fiscal Analysis

The bill would authorize The University of Texas System to issue additional revenue bonds in an amount not to exceed \$42,000,000. The debt service payments would be \$7,323,502 in each year of the 2006-07 biennium. The board of regents of The University of Texas System would acquire, purchase, construct, improve, renovate, enlarge, or equip property, buildings, structures, or other facilities, including roads and related infrastructure for The University of Texas Southwestern Medical Center at Dallas, to be used primarily to conduct biomedical research and to be financed with the proceeds of the bonds authorized in the subchapter.

While the Act does not specify issuance of tuition revenue bonds, Tuition Revenue Bonds are assumed to be issued in accordance with The University of Texas System revenue financing program.

Although tuition income is pledged against the bonds, historically the Legislature has appropriated General Revenue to reimburse institutions for the tuition used to pay the debt service. This note assumes the Legislature would continue this policy.

Finally, this Act takes immediate effect if it receives a vote of two-thirds of all the members elected to both the House and the Senate as provided by Section 39, Article III, Texas Constitution. If the Act does not receive the vote necessary for immediate effect, the Act will take effect September 1, 2005.

Methodology

The cost to issue the bonds is based on an assumed 20-year, tax-exempt bond issue structured with level debt service with a 6% interest rate. The debt service payment for fiscal year 2006 would be \$3,661,751; fiscal year 2007 would be \$3,661,751; fiscal year 2008 would be \$3,661,751; fiscal year 2009 would be \$3,661,751; fiscal year 2010 would be \$3,661,751.

Local Government Impact

No fiscal implication to units of local government is anticipated.
