2010	\$388,020

All Funds, Five-Year Impact:

2006	\$440,000	(\$51,980)
2007	\$440,000	(\$51,980)
2008	\$440,000	(\$51,980)
2009	\$440,000	(\$51,980)
2010	\$440,000	(\$51,980)

Fiscal Analysis

The bill repeals Agriculture Code 161.081(d), which presently states that the Texas Animal Health Commission (TAHC) shall charge a fee of 25 cents per health certificate; the bill further requires the TAHC to set the fee for health certificates by Commission rule. If passed, these changes will become effective on September 1, 2005.

Methodology

Although the bill does not set a fee rate for the health certificates, the TAHC proposes increasing the fee from \$0.25 to \$4.00 per health certificate. Based on this rate and assuming 4,400 books containing 25 health certificates each (110,000 certificates) are issued each fiscal year at \$100 per book, the

agency anticipates collecting a total of \$440,000 a fiscal year.

The agency estimates the production, distribution, and collection expenses associated with the health certificates to be \$51,980 per fiscal year.

Technology

None.

Local Government Impact

No fiscal implication to units of local government is anticipated.
