**FROM:** John S. O'Brien, Deputy Director, Legislative Budget Board

**IN RE: SB1446** by Averitt (Relating to public school admission and enrollment.), **As Introduced**

**No significant fiscal implication to the State is anticipated.**

The bill would authorize school districts to accept tuition from students who are required, as a condition of obtaining or holding a visa, to reimburse the cost of public education.

**Local Government Impact**

No significant fiscal implication to units of local government is anticipated. The bill would authorize districts to charge tuition for this purpose; however, these students would not be included in ADA since they would be paying the full cost of education.
