AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Current law requires the board of directors of the Rio Grande Regional Water Authority board (board) to include fifteen members consisting of six county appointed members from each member county and nine gubernatorial appointments, and prohibits a county from having more than three board members at a time. Since most irrigators are located in the lower half of the Rio Grande Valley, the governor has had difficulty appointing board members without violating the three members per county requirement.

As proposed, S.B. 707 creates an 18-member board for the Rio Grande Regional Water Authority board with 12 members appointed by the governor and removes the three members per county limit. This bill also requires the chair of the board to vote only to break ties and includes a watermaster as a non-voting member.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
