### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Research has demonstrated the effectiveness of work-study programs that involve peer mentoring and tutoring in improving the retention and graduation rates of college students involved in the programs. However, the limited number of job opportunities available has been a barrier to expanding such programs.

As proposed, S.B. 1050 requires the Texas Higher Education Coordinating Board to develop a work-study mentorship program under which eligible college students are authorized to mentor and counsel other students. The bill also provides for the funding of the program, authorizes students to serve as mentors in GO Centers and in high schools, and authorizes nonprofit organizations to partner with institutions of higher education to pursue the objectives of the program.

### **RULEMAKING AUTHORITY**

Rulemaking authority is expressly granted to the Texas Higher Education Coordinating Board in SECTION 2 of this bill.

(e) Sets forth the required and authorized actions of THECB with regard to funding the program.

(f) Requires THECB to partner with participating nonprofit organizations to establish additional GO Centers or similar high school-based recruiting centers designed to improve student access to higher education. (g) Requires THECB to ensure that each student employed under the program receives appropriate training and supervision and is paid at least the minimum wage required by law.

(h) Authorizes THECB to accept gifts, grants, and donations from public or private sources for the purposes of this section.
