### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Texas has implemented many policies that further the state's mission to develop a strong, decisive, community-based constituency of parents, teachers, and community leaders who work to improve student achievement throughout the state. These policies recognize that parental involvement in a child's schooling is one of the most important factors in determining school success. Yet many parents, particularly low-income parents, may risk job loss or professional hardship if they take time off to attend a parent-teacher conference or other school function.

S.B. 1433 requires the State Board of Education to create the Employers for Education Excellence Award, to encourage businesses to implement policies that allow their employees to attend parent-teacher conferences, volunteer at schools, and participate in mentoring programs.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
