AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Competitive bid requirements are sometimes difficult for small businesses and historically underutilized businesses (HUBs) to meet. Strict competitive bids often have specific bonding requirements, require prior work experience with similar contracts, and include defined levels of insurance. Currently a city is required to competitively bid all purchases of goods or services over \$25,000, and contact at least two HUBs for all contracts between \$3,000 and \$25,000.

S.B. 1765 increases to \$50,000 the purchase price at which a city is required to contact at least two HUBs and includes an exemption for an expenditure for advertising, other than legal notices.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
